Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

LOCAL AUTHORITY NOTICE 145 OF 2020

NOTICE OF APPROVED ANNUAL BUDGET AND INTEGRATED DEVELOPMENT PLAN FOR 2020/21

Notice is here-by given that the Dr Beyers Naude Municipal Council has in terms of section 24 of the Municipal Finance Management Act, No 56 of 2003, approved its Integrated Development Plan (IDP) **on 29th of June 2020** and Annual Operational and Capital Budget **on the 13th of July 2020**. As required in terms of section 17 of the Municipal Finance Management Act, the Budget, Integrated Development Plan and Supporting Documents were tabled and advertised for representations / submissions by the local community, Provincial and National Treasury **on the 27th of May 2020**. Copies of the approved 2020/ 2021 Annual Budget, Detailed tariff listing, Integrated Development Plan and supporting documents are available at the administrative units and public libraries in Graaff Reinet, Aberdeen, Nieu-Bethesda, Willowmore, Steytleville, Rietbron, Jansenville and Klipplaat, as well as the municipal website at www.bnlim.gov.za

In view of the aforementioned, the following table represents an overview of the proposed 2020/21 Medium-term Revenue and Expenditure Framework:

	Current Year	2020/21 Medium Term Revenue and Expenditure			
	Adjusted Budget 2019/20 R'000	Budget Year 2020/21 R'000	Budget Year 2021/22 R'000	Year +1 Budget Year +2 2022/23 R'000	
Total Revenue	454 265	501 067	561 737	606 383	
Total Expenditure	402 318	436 710	468 769	508 934	
Surplus/(Deficit)	(51 947)	(64 357)	(92 968)	(97 449)	
Capital Expenditure	78 387	59 820	83 416	99 712	

Total operating revenue has increased by 10.3% or R46.8 million for the 2020/21 financial year, compared to the 2019/20 Adjustments Budget.

The increase is a result of tariff increases and continued implementation of cost reflective tariffs. The municipality completed investigations into cost of supply and a baseline tariff was established for each service in 2019. Thorough investigations were also concluded on electricity tariffs, the effect of the wheeling agreement with Eskom and management has completed physical verification of bulk consumer meters. The intention of the physical verification was to ensure that all possible tampering is identified for these users, correct meters are installed and are functional and to ensure that each user is linked to the correct tariff.

For the two outer years, operational revenue increases by 12.1% and 7.9% respectively.

Total operating expenditure for the 2020/21 financial year amounts to R436.7 million, resulting in a budgeted surplus of R64.3 million. Compared to the 2019/20 Adjustments Budget, operational expenditure increased by 8.5% in the 2020/21 Budget. The municipality is currently struggling financially and cost containment measures are implemented. Cost containment measures include a monthly curb on overtime, acting allowances and travel expenses. It also includes the stopping of non-essential procurement.

For the two outer years, operational expenditure increases by 7.3% and 8.6% respectively. The 2021/22 and 2022/23 budgets reflect operating surpluses of R92.9 million and R97.4 million respectively.

The major operating expenditure items for 2020/21 are employee related costs (38%), bulk electricity purchases (25%), depreciation (11%), Repairs and Maintenance (6%) and other expenditure (20%).

Funding for the 2020/21 Operating Budget is obtained from various sources, the major sources being service charges such as electricity, water, sanitation and refuse collection (50%), property rates (10%), grants and subsidies received from National and Provincial Governments (33%).

In order to fund the 2020/21 Operating Budget, the following increases in property rates and service charges will be affected with effect from 1 July 2020:

Property rates:	Increase with 6%
Water:	Increase with 6%
Refuse:	Increase with 6%
Sewerage:	Increase with 6%
Sanitation:	Increase with 6%
Electricity:	Electricity tariff will increase with 9%. Please note NERSA approval not obtained as yet.

The municipality has conducted a cost of supply study on all tariffs. The study revealed that almost all the services are currently being rendered at below cost which puts enormous strain on the cash flow of the municipality. It is therefore imperative that these tariffs be changed to include the new baseline tariff.

The municipality has introduced a debt incentive scheme to assist with the plague of COVID-19.

The indigent support is also available to assist indigent households that have limited financial ability to pay for municipal services. Please visit our municipal offices for applications.
