Dear Mr. M. Qwase

APPROVAL OF THE HEALTH TARIFFS FOR THE 2021/22 FINANCIAL YEAR

1. Your submission dated 19 July 2021 with regard to a request for an increase of patient fees tariffs for the 2021/22 financial year refers.
2. The detailed submission proposes the patient fees tariffs increase of an average of 4.1 per cent for externally funded patients, which is in line with the Uniform Patient Fee Schedule (UPFS) tariffs. The increase is in accordance with the projected average inflation rate of 4.2 per cent published by National Treasury over 2021/22 MTEF. This increase translates to affordable health care services provided by the public health institutions. The UPFS is determined at a national level and is the competence of the National Department of Health for the uniform implementation of the patient fees across all provinces.
3. In terms of the Treasury Regulation (TR) 7.3.1 of the PFMA, the Provincial Treasury (PT) hereby approves the tariffs increase of 4.1 per cent with effect from 01 August 2021 for patient fees as outlined in the UPFS. The department must ensure that the approved increase in tariffs is gazetted. Furthermore, communities and other relevant stakeholders must be informed timeously of the increase in patient fees tariffs.

Dear Mr. Majeke

Adjustment of Eastern Cape Department of Health tariffs: 2021/2022

1. **PURPOSE**

The purpose of this submission is to obtain Treasury Approval in terms of Treasury Regulations 7.3.1 for the adjustment of tariffs for the Eastern Cape Department of Health.

2. **BACKGROUND**

The department generates its revenue from patient fees charged to patients who present themselves for treatment at the public health institutions.

3. **METHOD OF CHARGING FEES**

Patient Fees

(i) These fees are charged according to the

- Ability of patients to pay for healthcare services rendered – means test.
- Level of public health service delivery
- Level of the health practitioner rendering the health care service
- Type of health care service rendered
- Bed type/ ward if the patient is admitted
- Emergency and rescue services: charges are calculated on the basis of stages of kilometres travelled and on the level of care rendered to the patient.

This means that patient fees will differ accordingly as above. Services rendered to indigent patients, however, are all inclusive and do not differentiate on bed / ward type and level of health care practitioner.

SF 1

4. CLASSIFICATION OF PATIENTS ACCORDING TO MEANS TEST AND EXPLANATION OF TARIFFS

Patients are thus classified as follows;

Table 1 – Patient Classification

Category	Description	Applicable tariff
H0	No income Social pensioners	Services are free except where specified
H1	Individual: Income less than R70 000 per annum Household: Income less than R100 000 per annum	Minimum tariff applies and services are all inclusive. Maximum tariffs apply where specified
H2	Individual: Income less than R250 000 per annum Household : Income less than R350 000 per annum	A tariff above minimum is charged. Differentiation and itemized billing applies
H3 Self Funded	Earnings above R250 000 per annum single and R350 000 per annum household	85% of full UPFS tariff
Externally funded	Patients covered by a Health Insurance, and treated in a 'public ward'	Full UPFS rates apply
	Insured patients whose funds are exhausted /benefits are not covered by the Scheme	Assessment will be done according to income
Hospital Staff and Government Employees	Hospital staff and civil servants treated or receiving healthcare services and medication in the institution	To health insurance members, full UPFS rates apply. Non-medical aid scheme members are charged according to means test.
Interdepartmental patients	E.g. Claimants from the Road Accident Fund/ Persons on awaiting trial e.t.c.	Full UPFS rates apply
Department of Justice	Psychiatric observations	Full UPFS high care rates apply
Private patients	Patients who prefer to be treated by their own doctors in a public hospital, including pregnant and lactating women and children under 6 years	Full UPFS Facility rates apply
Private patients	Patients treated in differentiated amenities	NHRPL equivalent or tariffs agreed to with Medical Aid Schemes.
Request for medical records	Requests for medical records must be done in writing and signed for by the patients.	PAIA rates apply
Completion of medical reports	Requests for completion of medical reports are done by hospital doctor.	Full UPFS rates apply

(ii) **Free Services**

There exist certain circumstances under which patients will receive services free of charge. Such services include, but are not limited to Primary health care services. These services are illustrated in Table 2.

(iii) **By Pass Fee**

A by pass fee of R50.00 will be charged to all users who come to public health hospitals without a referral letter

2

management should however take into account the issue of the availability of primary health care facilities in the vicinity where the users come from.

IMPLEMENTATION OF TARIFFS

Patient fees will increase by 4.1% from the 2020/21 financial year and the increase applies to externally funded patients only. This is a Uniform Patient Fee Schedule (UPFS) tariff that is applicable throughout the Republic of South Africa. There is no increase of tariffs for the subsidized patients (H patients)

5. CONSULTATION

On approval of the tariff reviews by Provincial Treasury, the relevant stakeholders will be informed, and the tariffs will be gazetted.

6. FINANCIAL IMPLICATIONS

The adjustment of tariffs will increase revenue collection from the insured population.

7. RECOMMENDATION

It is hereby recommended that Eastern Cape Provincial Treasury approves the adjustment of tariffs with effect from 1 August 2021.

Yours in quality health

Mr. M. Qwase
Acting Head of Department
