[NO. 35 OF 2008]

Provincial Consolidated Municipal Report 2005-2006

1. Introduction

This serves as a consolidated provincial report on the performance of municipalities in the Free State province for the year 2005-2006.

Accordingly, the report is broadly organized around the general key performance areas set by the Ministry of Provincial and Local Government in 2001. The areas of reporting include:

- ◆ Institutional Capacity and Municipal Transformation;
- ◆ Basic Services Delivery and Infrastructure;
- ◆ Local Economic Development (LED);
- ◆ Financial Viability; and
- ◆ Good Governance and Accountability.

The report is based on the information received from municipal annual reports, audited financial reports, departmental reports, Izimbizo reports, and departmental site engagements with municipalities.

2. Background

The White Paper on Local Government introduced the concept of developmental local government. This meant that municipalities would increasingly assume a developmental role working together with communities to improve socio-economic conditions of the inhabitants.

The Free State province consists of 20 local municipalities and 5 district municipalities.

Fezile Dabi District Municipality

- ◆ Mafube Local Municipality;
- ◆ Metsimaholo Local Municipality;
- ◆ Ngwathe Local Municipality;
- ◆ Moqhaka Local Municipality.

Only two locals and the district submitted their annual performance reports

Lejweleputswa District Municipality

- ◆ Matjhabeng Local Municipality;
- ◆ Tswelopele Local Municipality;
- ◆ Masilonyana Local Municipality;
- ◆ Nala Local Municipality;
- ◆ Tokologo Local Municipality

Only three locals and the district submitted their annual performance reports

Thabo Mofutsanyana District Municipality

- ◆ Setsoto Local Municipality;
- ◆ Phumelela Local Municipality;
- ◆ Maluti-A-Phofung Local Municipality;
- ◆ Nketoana Local Municipality;
- ◆ Dihlabeng Local Municipality.

Only one local submitted its annual performance report)

Motheo District Municipality

- ◆ Mantsopa Local Municipality;
- ◆ Mangaung Local Municipality;
- ◆ Naledi Local Municipality.

Only three locals submitted their annual performance reports

Khariep District Municipality

- ◆ Letsemeng Local Municipality;
- ◆ Kopanong Local Municipality;
- ◆ Mohokare Local Municipality.

Only the locals submitted their annual performance reports

3. Institutional Capacity and Municipal Transformation

- ◆ 11 out of 25 Municipal Managers have signed performance agreements;
- ◆ 4 female municipal managers out of 25 appointed;
- ◆ 34 vacancies out of 140 posts in 25 municipalities' section 57 managers exists;
- ◆ 41 out of 140 Sec 57 managers signed performance agreements ;
- ◆ 14 females appointed in Sec 57 positions;
- ◆ 16 out of 25 municipalities (64%) have adopted credible IDPs.

3.1 Departmental Support

- ◆ The Department of Local Government and Housing provided direct technical support to municipalities in dealing with establishment issues. These included assistance with the rationalization of by - laws, review and or development of Performance Management Systems (PMS).
- ◆ A Provincial Action plan for 12 Project Consolidate municipalities was developed and implemented
- ◆ In partnership with *DBSA and SITA*, Master Systems Plans (MSPs) by six Project Consolidate municipalities (*Moqhaka, Naledi, Phumelela, Nala, Tswelopele and Tokologo*) were developed;
- ◆ 14 municipalities were supported in the development of Performance Management System frameworks;
- ◆ The Department deployed water and sanitation technicians and an engineer at Phumelela, Naledi and Kopanong Local municipalities. The Deployment of an engineer at Kopanong has been done in partnership with the Department of Water Affairs and Forestry;
- ◆ A task team comprising officials from the Department of Provincial Local Government and Housing Treasury has been established to deal with financial problems affecting Xhariep District Municipality;
- ◆ Ministerial Localized Project Consolidate launches were successfully held at Kopanong, Phumelela, Naledi, Matjhabeng, Mohokare, and Moqhaka local municipalities;
- ◆ A Memorandum of Understanding on the establishment of Provincial Project Consolidate Programme Management Unit was signed between the Department of Local Government and Housing, and the Independent Development Trust (IDT). The unit was established to support municipalities in completing Municipal Action Plans and developing Presidential Izimbizo reports;
- ◆ Municipalities were supported in developing draft IDPs by the end of February 2006. 25 municipalities managed successfully to compile their IDPs;
- ◆ Provincial IDP Hearings and IDP Summit were convened to assess the quality of reviewed IDPs and ensure alignment with the Free State Provincial Growth and Development Strategy;
- ◆ Municipalities were trained to conduct land use management schemes (LUMS);
- ◆ Municipalities have been assisted in aligning their IDPs with the Free State Provincial Growth and Development Strategy;
- ◆ IDP officials assisted the Department of Water Affairs in aligning their Water Service Development Plan with municipal IDPs.

4.2 Departmental support to municipalities

In partnership with PriceWaterCoopers, the district Provincial Management Units (PMUs) and municipalities were provided with technical and financial support to ensure effective implementation of MIG.

4.3 Analysis and recommendations

- All municipalities made significant strides to provide free basic water, electricity and sanitation services;
- All municipalities are providing free 6 kl water across the board to all residents;
- The provision of free electricity has been rolled out in all municipalities. Municipalities have embarked on different strategies to achieve free basic electricity. Just to mention some of the successful strategies; Metsimaholo and Nala were the exceptions, with the first municipality crediting consumers' accounts with an amount to the equivalent of 50kWh monthly while the latter purchased coupons over the counter and distributed them to registered indigents monthly;
- Free Refuse Removal and Sewerage services are provided to indigents by some municipalities, e.g. Mafube Local Municipality;
- All municipalities have housing sector plans in place although others have some challenges; and
- Strides have been made in implementing infrastructure projects;
- Inability to expend resources allocated for infrastructure;
- Eradication of huge service delivery backlogs, bulk water supply (ensuring quality water supply), upgrading of water and sewer purification plants to supply the growing demand for water, installation of water meters, provision of Ventilated Improved Pit-Latrines (VIP) toilets in rural areas for farm workers;
- There is no proper management of water services (infrastructure and utilities) and buying of bulk water from Sedibeng Water is expensive;
- Though water shortages do not affect all municipalities, however it worth mentioning that Tokologo and the whole of Xhariep DM and some municipalities at Thabo Mofutsanyana are experiencing serious bulk water challenges;
- In general technical departments are understaffed and or inappropriately skilled, with some technical managers not having supervisory staff for manning service delivery infrastructure, monitoring projects and doing contract management;

- Leveraging funds for development and upgrading the electrical, sanitation and water networks in the districts is critical because Lejweleputswa district has the highest bucket eradication backlog in the Province. Lack of yellow fleet equipment is critical hence, it is imperative that an audit of fleet utilities is done to centralise it for district wide utilisation;
- Ageing service delivery infrastructure and utilities exert pressure on resources, as these have to be maintained. Furthermore, this affects service delivery as yellow fleet is inadequate in providing services and maintenance to the whole municipal district;
- Capacity building and skills development in critical departments and staffing thereof is crucial for enhancing service delivery;
- Considerable shortage of funds for maintenance purposes mainly on the roads and storm water side and electricity;
- Delays in receiving prompt response on the applications for the establishment of Township Registers deprive municipalities the opportunity for housing subsidies;
- Ensuring availability of land;
- Number of local municipalities have incomplete houses and henceforth the endeavor and commitment by the MEC of the Department of Local Government and Housing to complete these houses needs to be fast tracked;
- Lengthy Registration process with the Deeds Offices;
- Availability of pegged and serviced sites;
- Slow processing of beneficiary application forms by partnering municipalities;
- Lengthy beneficiary deregistration process; and
- Effective monitoring of the housing delivery processes.

5.1 Departmental support to Municipalities

The department in 2005/2006 assisted municipalities to develop strategies and guidelines for Local Economic Development and to also monitor and support 25 municipalities on economic development.

Constant monitoring and support was given to the following projects;

- Maluti Dairy Project (Phutaditjhaba);
- Meqheleng Peach Project (Ficksburg);
- Dipelaneng Piggery Project (Hobhouse);
- Hydro Weavers Project (Hobhouse);
- Agriculture projects in Wesselsbron, Botshabelo and Philippolis.

Capacity training workshops on LED were arranged in partnership with Trade and Industry on the following issues,

- Small Enterprise Development;
- Integrated Infrastructure for business development.

Some municipalities have provided dedicated resources and initiated economic development projects. The following are few examples of these initiatives,

- Matjhabeng has established a marketing and investment entity that will be used for promoting and creating the appropriate environment for attracting investments and growing the local economy,
- District of Lejweleputswa (Nala and Tswelopele municipalities) produce 40% of maize country hence the district has the potential to provide the first bio-ethanol energy in the country and processes are at an advanced stage to start with the work,

- Maluti-A-Phofung municipality hosted the local economic summit in early December 2005. The Provincial department of Economic Affairs and Tourism has invested in the Transfrontier Park in partnership with Lesotho. There are several sand stone mining activities in Thabo Mofutsanyana and Motheo districts and straddles from MAP to Setsoto and Mantsopa municipalities;
- Harrismith has been declared a logistics hub and projects have been approved with economic spin-offs that would benefit the entire district and province;
- Phumelela municipality allocated land for people who want to start projects and with the allocated two LED learnerships then will assist the community with LED projects;
- In Setsoto municipality there is an organic peach project functioning well and creating employment to local residents while the annual Cherry festival creates both business and employment opportunities for the area of Ficksburg,
- Bethlehem in Dihlabeng municipality is growing at an alarming rate and the apple projects provide lot of employment to local residents as these apples are exported to various countries,
- Hot air balloon championships is an annual event and affords Dihlabeng an opportunity to market itself locally and internationally.

5.2 Analysis and Recommendations

Though there are disparities in LED skills and development in the province some municipalities are able to grow their localities.

The following interventions are required:

- Mainstreaming of LED functions in municipalities and ensuring that there are dedicated resources for this function;
- Facilitating collaboration across municipalities to deal with economic challenges such as growing unemployment rate wrought by mines that are shedding jobs, secondary industries and the farming sector are in decline;
- The farming sector is one of the main alternative economic sectors to drive economic development in the province. There is greater need for synergy of resources and efforts to ensure implementation of the proposals to build an ethanol and groundnut factories in Tswelopele and bio-fuel plant in Nala municipalities;
- There is economic development opportunities ranging from farming (using of land belonging to the municipalities) that should be exploited;
- Lack of skills in LED department and honing of skills of community to improve their standing is crucial;
- Levering resources for commissioning of economic regeneration study to devise strategies to optimally exploit all opportunities in the province; and
- Maximize efforts to benefit the entire province from transport hub and all other untapped initiatives.

6.1 Departmental support to municipalities

23 financial management support programmes were implemented at all municipalities with the exception of Mangaung Local and Fezile Dabi District municipalities. These municipalities were enabled to:

- Compile annual budgets;
- Implement cost-effective economic tariffs;
- Design and implement revenue collection and expenditure control measures;
- Update financial administrations;
- Compile annual financial statements; and
- Address deficiencies highlighted by the Office of the Auditor-General on their audit reports.

6.2 Analysis and recommendations

- Some municipalities are no longer making use of overdraft facilities;
- Investment to cover statutory obligations;
- Some municipalities have been receiving unqualified audit reports for some years;
- The evaluation roll and the indigent register are being updated by most of municipalities;
- Maluti-A-Phofung, Mangaung, Kopanong are some of the municipalities that has written off arrears and through applying stringent credit control Maluti-A-Phofung municipality has managed to collect R77 million, with some municipalities experiencing payment rate as high as 78% and it worth mentioning that Setsoto municipality has a salary bill of 28%;
- Municipalities have managed to integrate previously separate billing systems and purchased new billing software to improve service delivery;
- Most of the municipalities bill consumers monthly;
- The municipalities have indigent policies that ensure that Free Basis Services are provided to poor communities in the municipalities, albeit the effective of implementation should be improved;
- Financial interns have been trained and absorbed in some municipalities to boost their treasury units, e.g. Matjhabeng and Phumelela.

7.1 Departmental support to municipalities

- 95 Community Development Worker (CDW) learners have completed learnership training through the Further Education and Training (FET) Colleges and were deployed at 19 local municipalities;
- These learners were further trained on Housing, sector department programmes and African Peer Review mechanisms and played a critical role in disseminating government information to communities on different government programmes;
- Additional 198 CDW were recruited and only 189 of these recruits begun their learnership in November 2005;

- In partnership with South African Local Government Association Free State (SALGA FS), Thabo Mofutsanyana District Municipality and the Department, 70 ward committee members were identified from Phumelela Local Municipality and they were trained in November 2005 on various local government matters;
- Bi-monthly Intergovernmental Forum between MEC for Local Government and Mayors from Local Municipalities (MECLOGA) meetings were held to ensure integrated planning and the implementation of Breaking New Ground (BNG) Housing Strategy;
- Support was given to municipalities in preparing for the Presidential Izimbizo and EXCO Meets the People Campaign, and the implementation of new system of local government- traditional leadership, planning, Performance Management System, housing, financial management, Spatial Development Framework and disaster management.

7.2 Analysis and recommendations

- Communication with the community is very good in most of the municipalities though we have seen civic protests in Matjhabeng, Maluti-A-Phofung and Phumelela;
- The Lejweleputswa district is the only district municipality that determined their effectiveness and performance awards to determine their effectiveness and functionality. Ward 26 in Matjhabeng snatched the first prize in 2005;
- Community development workers (CDW) work closely with councilors therefore their relationship with councilors is good. The only challenge with the CDW program is that mostly they don't have mentors and some municipalities have provided office accommodation to some CDW's;
- Ward committees have been established in all municipalities though their functionality needs to be strengthened;
- Community development workers worked alongside ward committees during the recent African Peer Review Mechanism (APRM);
- Through Municipal Systems Improvement Grant (MSIG) resources, municipalities have budgeted for public participation;
- Ensure development of Memorandum of Understanding between municipalities and Department;
- Improve relations between both elected and administrative leaders;
- Strengthening capacity of ward committees is essential in the entire province;
- Relations between districts and locals are based on allocation of money and in order to maximize the potential of the local municipalities particularly on LED there is a need to fortify working relationship between the district and the local municipalities;
- Achievement of employment equity and ensuring sufficient representations of women in upper echelon of the municipalities.

8. Project Consolidate

Through Project Consolidate 12 municipalities in the province were identified as institutions requiring dedicated support because they experienced or undergoing distress. Hence, National and Provincial Departments of Local Government collaborated in mobilising resources and assisted these municipalities.

8.1 Support from Sector Departments and other stakeholders

- A provincial steering committee comprising representatives from all sectoral departments and critical stakeholders (SALGA, DWAF, SITA, LGSETA, CUT, UOVS, Banks, ESKOM, DMEA, Labour) have been established;
- Service Delivery Facilitators were deployed to some municipalities in the province (Matjhabeng, Kopanong and Phumelela);
- Assistance to some municipalities in repairing their service delivery vehicles and resulted in improving service delivery at these municipalities; and
- Assistance to municipalities in developing Municipal Action Plans enabling monitoring of municipal performance against these plans.

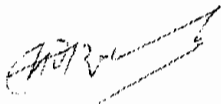

8.2 Analysis and recommendations

- Notwithstanding the highlighted achievements the following challenges need to be dealt with going forward through the revised Provincial and Municipal Action Plan.
- Engaging municipalities to resolve the suspension of municipal managers and section 57 managers at Matjhabeng, Phumelela and Tswelopele Local Municipalities;
- Mobilise the involvement and support of other sectoral departments to support in implementing infrastructure projects and dealing with institutional development challenges; and
- Strengthen technical capacities in municipalities;
- Mobilise the involvement and support of other sectoral departments to support in implementing infrastructure projects and dealing with institutional development challenges;
- Strengthen technical capacities in municipalities;
- High vacancy rate in critical departments (treasury, technical, LED and legal) and positions below management.

8. Summary Analysis and recommendations

- Lack of requisite skills in critical and understaffed departments e.g. engineering(technical, project and contract management, treasury and LED Departments);
- Tension between elected and administrative leadership emanating from Municipal Finance Management Act (MFMA) implementation;
- Role clarification especially the districts' non-participation of councilors during procurement processes and inconsistency implementation of supply chain management;
- Appropriate and or inappropriate deployment of section 57 employees and the ensuing tension with the municipal managers;
- Lack of appropriate skills in critical areas especially in planning, construction and implementing infrastructural projects and contract management;
- Low income base in most of the municipalities in the province require integrated strategies to assist these municipalities from financial distress;
- Free Basic Services are provided by all municipalities;
- An ever increasing amount of debt with six of the municipalities accounting for approximately 72% of that amount;
- The Department's effort to strengthen district Municipal Infrastructure Grant (MIG) Programme Management Unit (PMU) to enhance requisite capacity and skills in relation to project management and contract management;
- Ensure that a partnership is developed between Department, SALGA and Treasury to implement strategies to stabilise municipal administrations. This would also require the unfolding of robust political engagement to arrive at solutions for bettering relations between municipal councils and administration;
- Use intergovernmental structures to assist municipalities during this process;
- Within the ambit of Project Consolidate forge strategic partnership to ensure that capacity is availed to all municipalities whose critical departments are understaffed;
- Develop a common vision plan that would enhance relations between the main role-player i.e. Department, South African Local Government Association (SALGA) and municipalities;
- Ensure that economic development processes and projects unfolding at provincial level should be in line with local economic development initiatives as contained in their IDPs;
- Strengthening political Championship's support and oversight;
- Improving capacity and capability of the department to support municipalities and facilitate provincial capacity building;
- Encourage the rest of municipalities to enter into funding agreement with Eskom;
- Encourage and expedite expedition on rollout of Regional Electricity Distributors (REDS);
- Rigorous implementation of revenue collection mechanism and credit control; and
- Speedy resolution of the implemented section 139-intervention mechanism in Phumelela Local Municipality.
