1. **Definitions**

For the purpose of these by-laws any word or expression to which a meaning has been assigned in the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004) shall bear the same meaning in these by-laws and unless the context indicates otherwise-

- 1.1 “**Act**” means the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004);
- 1.2 “**Municipality**” means the Moqhaka Local Municipality;
- 1.3 “**Privately owned towns serviced by the owner**” means single properties, situated in an area not ordinarily being serviced by the municipality, divided through sub division or township establishment into (ten or more) full title stands and/ or sectional units and where all services inclusive of water, electricity, sewerage and refuse removal and roads development are installed at the full cost of the developer and maintained and rendered by the residents of such estate.
- 1.4 “**Residential property**” means improved property that:
  - (a) is used predominantly for residential purposes including any adjoining property registered in the name of the same owner and used together with such residential property as if it were one property. Any such grouping shall be regarded as one residential property for rate rebate or valuation reduction purposes.
  - (b) is a unit registered in terms of the Sectional Title Act and used predominantly for residential purposes.
  - (c) Is owned by a share-block company and used solely for residential purposes.
  - (d) Is a residence used for residential purposes situated on property used for or related to educational purposes.  
And specifically exclude vacant land irrespective of its zoning or intended use.
- 1.5 In this by-law, words used in the masculine gender include the feminine, the singular includes the plural and vice versa.

2. **Principles**

- 2.1 Rates will be levied in accordance with the Act as an amount in the rand based on the market value of all rateable property contained in the municipality’s valuation roll and supplementary valuation roll.
- 2.2 The municipality will differentiate between various categories of property and categories of owners of property as contemplated in clause 5 and 6 of this by-law.

- 2.3 Some categories of property and categories of owners will be granted relief from rates.
- 2.4 The municipality will not grant relief in respect of payments for rates to any category of owners or properties, or to owners of properties on an individual basis.
- 2.5 There will be no phasing in of rates based on the new valuation roll, except as prescribed by legislation and in accordance with clause 14 of this by-law.
- 2.6 The municipality's rates policy will be based on the following principles:
- (a) Equity  
The municipality will treat all ratepayers with similar properties the same.
- (b) Affordability  
The ability of a person to pay rates will be taken into account by the municipality. In dealing with the poor/indigent ratepayers the municipality will provide relief measures through exemptions, reductions or rebates.
- (c) Sustainability  
Rating of property will be implemented in a way that:
- i. it supports sustainable local government by providing a stable and buoyant revenue source within the discretionary control of the municipality; and
- ii. Supports local social economic development.
- (d) Cost efficiency  
Rates will be based on the value of all rateable property and will be used to fund community and subsidised services after taking into account surpluses generated on trading (water, electricity) and economic (refuse removal, sewerage removal) services and the amounts required to finance exemptions, rebates, reductions and phasing-in of rates as approved by the municipality from time to time.

### 3. Application of By-law

- 3.1 Where this by-law contradicts national legislation, such legislation has preference over this by-law. The Municipal Manager shall bring such conflicts immediately to the attention of the municipality once he becomes aware of such conflicts and will propose changes to the municipality's by-laws to eliminate such conflicts.
- 3.2 If there is any conflict between this by-law and the Property Rates policy of the municipality, this by-law will prevail.
- 3.3 In imposing the rate in the rand for each annual operating budget component, the municipality shall grant exemptions, rebates and reductions to the categories of properties and categories of owners.

### 4. Principles applicable to financing services

- 4.1 The municipal manager or his/her nominee must, subject to the guidelines provided by the National Treasury and Executive Committee of the municipality, make provision for the following classification of services:-
- (a) Trading services
- i. Water
- ii. Electricity
- (b) Economic services
- i. Refuse removal.
- ii. Sewerage disposal.
- (c) Community and subsidised services  
These include all those services ordinarily being rendered by the municipality excluding those mentioned in 4.1 (a) and (b).
- 4.2 Trading and economic services as referred to in clauses (a) and (b) must be ring fenced and financed from service charges while community and subsidised services referred to in clause (c) will be financed from surpluses on trading and economic services, regulatory fees, rates and rates related income.

### 5. Categories of property

- 5.1 Different rates may be levied in respect of the categories of rateable properties as determined by the municipality's rates policy.
- 5.2 Such rates will be determined on an annual basis during the compilation of the municipality's budget.

- The formal zoning of the property;
- Township establishment approvals;
- The use of the property;
- Permitted use of the property; and

5.4 In order to create certainty and to ensure consistency the criteria mentioned in 5.3 shall be applied as indicated below in order of priority and no deviation is permissible:

5.4.1 Properties shall first of all be categorised in accordance with their formal zoning. Town planning schemes, town establishment schemes and town planning regulations may be used to determine the formal zoning.

5.4.2 If, for whatever reason, the status or zoning of a property cannot be determined in terms of 5.4.1 the actual use shall then be determined in order to appropriately categorise such property. All relevant information, including circumstantial evidence, may be taken into consideration in an attempt to determine for what purpose the property is being used. A physical inspection may be done to acquire the necessary information.

5.4.3 The geographical area in which a property is situated may be used to assist in the categorisation of a property when the provisions of 5.4.1 can not be applied. However, the geographical area as a criterion should not be used in isolation.

5.5 Properties used for multiple purposes shall be categorised and rated as provided for in section 9 of the Act and as more fully described in clause 7 of this by-law.
