 - (g) that all of the information required by the Registrar in terms of that section has been provided and this information has been verified in the manner prescribed.

7. If a primary association fails to comply with the requirements set out in Regulation 6, it may be registered conditionally if it meets the requirements set out in section 5(3) of the Act, namely that-
 - (a) it has been in existence for the minimum period prescribed by Regulation 8;
 - (b) the number of members of the association meets the minimum prescribed by Regulation 9, and
