(2) Notwithstanding anything to the contrary contained in these rules, the Board may, on prior written application, condone non-compliance with these rules and give special dispensations with regard to anything contained in these rules in the manner and under the conditions determined by the Board.

1.030 Construction

2. Any article or property, which constitutes a cheating device, shall not be returned to a claimant. All cheating devices shall become the property of the Board upon their seizure and may periodically be disposed of by the Board. When disposing of a cheating device, the Board shall document the date and manner of its disposal.

1. No applicant, licensee or certificate holder shall neglect or refuse to produce records or evidence or to give information upon proper and lawful demand by the Board or its authorised agent, or shall otherwise interfere, or attempt to interfere, with any proper and lawful efforts by the Board or any authorised employee to produce such information.
