NORTHERN CAPE NATURE CONSERVATION BILL, 2008

BILL

To provide for the sustainable utilisation of wild animals, aquatic biota and plants; to provide for the implementation of the Convention on International Trade in Endangered Species of Wild Fauna and Flora; to provide for offences and penalties for contravention of the Act; to provide for the appointment of nature conservators to implement the provisions of the Act; to provide for the issuing of permits and other authorisations; and to provide for matters connected therewith.

BE IT ENACTED by the Northern Cape Provincial Legislature, as follows:-

ARRANGEMENT OF SECTIONS

Section		5
	CHAPTER 1	
	INTERPRETATION AND DEFINITIONS	
1.	Interpretation	10
	CHAPTER 2	
	SUSTAINABLE UTILISATION OF WILD ANIMALS	
2.	Interpretation of certain words for the purposes of Chapter 2	15
3.	Restricted activities involving specially protected animals	
4.	Restricted activities involving protected animals	
5.	Hunting of protected animals	
6.	Hunting seasons	
7.	Hunting licences	20
8.	Hunting of wild animals in excess of daily bag limit	
9.	Prohibited hunting methods or instruments	
10.	Hunting with certain minimum-caliber firearms	
11.	Hunting from a public road	
12.	Hunting, receipt, possession, acquisition or handling of a wild animal	25
13.	Presence of landowners, observers and assistants	
14.	Written permission by the landowner	
15.	Document pertaining to donation, sale and removal	
16.	Transfer of hunting and other rights	
17.	Keeping of wild animals in captivity	30
18.	Release of certain wild animals	
19.	Manipulation of boundary fences	
20.	Placing of poison	
21.	Entering land with weapons and conveyance of firearms	
22.	Prohibitions regarding carcasses of wild animals	35
23.	Auctioning of certain wild animals	

- 24. Game farm permit
- 25. Rights of holder of game farm permit and certain other persons
- 26. Prohibitions regarding wild animals

CHAPTER 3
WILDLIFE OPERATORS

5

- 27. Wildlife operators and facilities

CHAPTER 4
DAMAGE-CAUSING ANIMALS

10

- 28. Damage-causing animals
- 29. Poisoning of damage-causing animals
- 30. Prohibited acts relating to damage-causing animals
- 31. Destruction of vagrant dogs

15

CHAPTER 5
AQUATIC BIOTA

20

- 32. Restricted activities involving specially protected fish
- 33. Restricted activities involving protected fish
- 34. Catching of protected fish
- 35. Angling seasons
- 36. Angling licences
- 37. Retaining of fish in excess of daily bag limit
- 38. Prohibited ways of catching fish
- 39. Application of certain provisions
- 40. Written permission by the landowner
- 41. Releasing of fish in aquatic systems
- 42. Entering land with fishing tackle
- 43. Prohibited acts pertaining to live fish
- 44. Trade in certain species of fish
- 45. Removal of bait caught in inland waters
- 46. Obstruction of fish in aquatic systems
- 47. Pollution of aquatic systems
- 48. Noxious aquatic growths

25

30

35

CHAPTER 6
SUSTAINABLE UTILISATION OF PLANTS

40

- 49. Restricted activities involving specially protected plants
- 50. Restricted activities involving protected plants
- 51. Picking, receipt, possession, acquisition or handling of indigenous plants
- 52. Nursery permit
- 53. Application of certain provisions
- 54. Written permission by the landowner

45

CHAPTER 7
INVASIVE SPECIES

- | | | |
|-----|------------------|---|
| 55. | Invasive species | 5 |
|-----|------------------|---|

CHAPTER 8
CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA (CITES)

- | | | |
|-----|---|----|
| 56. | Prohibited acts regarding CITES species | 10 |
|-----|---|----|

CHAPTER 9
IMPLEMENTATION OF THE ACT

- | | | |
|-----|---|----|
| 57. | Regulations | 15 |
| 58. | Delegation | |
| 59. | Destruction of evidence | |
| 60. | Offences | |
| 61. | Penalties | |
| 62. | Cancellation of permits, certificates and forfeiture of certain articles | 20 |
| 63. | Disposal of licence fees, fines and proceeds of sale of articles declared forfeited | |
| 64. | Liability for loss, damage or deterioration of items in custody | |

CHAPTER 10
NATURE CONSERVATORS

- | | | |
|-----|--|----|
| 65. | Appointment of nature conservators | |
| 66. | General powers and functions of nature conservators | |
| 67. | Powers of nature conservators regarding inspections and compliance with this Act | 30 |

CHAPTER 11
PERMITS AND OTHER AUTHORISATIONS

- | | | |
|-----|---|----|
| 68. | Issuing of permits, licences, certificates and written authorisations | 35 |
| 69. | Application for permits | |

CHAPTER 12
GENERAL PROVISIONS

- | | | |
|-----|---|----|
| | | 40 |
| 70. | Retention of documents | |
| 71. | Time of importation of animals and plants | |
| 72. | Exemption from provisions for scientific and other purposes | |
| 73. | Presumptions | |
| 74. | Repeal of laws and savings | 45 |
| 75. | Short title and commencement | |

CHAPTER 1 INTERPRETATION AND DEFINITIONS

Interpretation

- 5
1. (1) In this Act, unless the context otherwise indicates -
- “adequately enclosed”, in relation to land, means enclosed by -
- (a) any fence, wall or obstruction of any kind whatsoever forming an enclosure from which any wild animal of a species specified in a permit issued in terms of section 24 is unable to escape without breaking it; 10
- (b) any natural boundary through or over which any wild animal of a species so specified will not pass under normal circumstances; or 15
- (c) any combination of fences, walls, obstructions or boundaries referred to in paragraphs (a) and (b) so that any wild animal of a species so specified cannot escape from such land and “sufficiently enclosed” has a similar meaning; 20
- “agricultural land” means land falling outside the boundaries of a township; 25
- “angle” means the catching of fish in an aquatic system by means of a line and hook, whether or not any rod, bait or lure is used, or by means of a set line, and includes any such attempt or assistance, but does not include the catching of fish in such waters by jigging or snatching it; 30
- “animal” includes the whole animal, as well as the ova or sperm thereof and any other propagule thereof or any part of the animal, whether dead or alive, and “fauna” has a corresponding meaning; 30
- “aquatic growth” means any vegetation which grows or is able to grow in an aquatic system; 35
- “aquatic system” -
- (a) means any area associated with rivers, streams, vleis, sponges, creeks, lakes, pans or any other natural or man-made water impoundment; and 40
- (b) includes any such area whether wet or dry; 45
- (c) means all waters which do not permanently or at any time during the year form part of the sea and includes any tidal river;

“artificial lure” means a device which by its simulation of life or by its appearance or colour is designed or likely to delude, entice or attract a fish into seizing such device;

“breed”, in relation to wild animals, means where individuals of a specific species are permanently kept in captivity for the sole purpose of producing offspring; 5

“buy” includes barter or exchange; 10

“cage” means any place (including a pool of water), structure or other thing that has been closed or fenced in in any manner for the purpose of keeping an animal in captivity, whether it is -

(a) closed or fenced in over the top or not; or 15

(b) moveable or immovable;

“captivity” in relation to any animal means the keeping within an enclosure by means of any fence, wall or obstruction of any kind whatsoever in such a way that such animal is unable – 20

(a) to maintain itself by natural means; or

(b) to escape; 25

“capture” in relation to any animal means by any means whatsoever to capture, to catch or to take alive without killing the animal and include such attempt or pursuit with the intent to capture, to catch or to take the animal alive; 30

“carcass”, in relation to any animal, means the whole or any part of the meat (whether dried, smoked, salted, cured or treated in any manner), the head, ear, tooth, horns, shell, scale, tusks, bones, feathers, tail, claw, paw, nail, hoof, skin, hide, hair, viscera or any part whatsoever of the carcass, and includes the egg; 35

“cast net” means a net (also known as an umbrella-net or throw-net) with or without weights on the perimeter thereof which is cast on water so that it opens and sinks in the water; 40

“catch”, in relation to fish, includes any means or method of taking (whether alive or dead), injuring, immobilising or killing or attempting to take, injure, immobilise or kill, or to pursue or wilfully disturb or poison;

- “**CITES**” means the Convention on International Trade in Endangered Species of Wild Fauna and Flora, Washington, 1973;
- “**Constitution**” means the Constitution of the Republic of South Africa, 1996; 5
- “**common indigenous animal**” means any species of indigenous wild animal listed in Schedule 3;
- “**common indigenous fish**” means any species of indigenous fish listed in Schedule 3; 10
- “**common indigenous plant**” means any species of indigenous plant listed Schedule 3; 15
- “**controlled environment**” means an enclosure on a piece of land designed to hold a specimen of a wild animal species in a way that –
- (a) prevents it from escaping; and 20
- (b) facilitates human intervention in the form of the provision of –
- (i) food or water;
- (ii) artificial housing; or
- (iii) health care, 25
- but excludes a fenced piece of land on which self-sustaining wildlife populations of that species are managed in an extensive wildlife system;
- “**cull**” – 30
- (a) means an operation executed by a nature conservator or other person designated by the landowner to kill a specific number of specimens of a wild animal species within the area in order to manage that species in the area; or 35
- (b) in relation to a specimen of a wild animal species which has escaped from a protected area and has become a damage-causing animal, means an operation executed by a nature conservator or other person designated by the Director to kill the animal as a matter of last resort; 40
- “**crab net**” means a net (also known as a ring-net) made of wire or any other material of which the opening is attached to a frame, whether or not any bait or lure is placed in such net, but does not include a landing-net; 45

“cultivate” means the artificial reproduction of plants in any manner whatsoever;

“daily bag limit” means the number of any species which may be hunted or caught by angling as determined by this Act;

5

“damage-causing animal” means any animal declared to be a damage-causing animal listed in Schedule 4;

“day” means the period commencing half an hour before sunrise and ending half an hour after sunset on the same day;

10

“Department” means the Department responsible for nature conservation in the Province;

15

“derivative”, in relation to a wild animal, plant or other organism, means any part, tissue or extract of an animal, plant or other organism, whether fresh, preserved or processed;

“dip-and-ship” means the chemical treatment, dipping or packing of any skin, horn or similar derivative of a wild animal for the purpose of exporting;

20

“Director” means the head of the unit responsible for nature conservation within the Department;

25

“domestic animal” means any pet or stock, but not a wild animal;

“ecosystem” means a dynamic complex of animal, plant or micro-organism communities and their non-living environment interacting as a functional unit;

30

“educational facility” means the use of any species for the purpose of creating conservation awareness;

35

“Executive Council” means the Executive Council of the Province, contemplated in section 132 of the Constitution;

“exotic” means a species that has not historically occurred naturally in a free state in nature within the borders of the Republic and includes a species that has been introduced in the Republic as a result of human activity;

40

- “export”**, in relation to any wild animal or plant, means any form of shipment, parcel or package consigned from or taken out of the Province or any attempt to consign or take any wild animal or plant, carcass, part or derivative thereof from any position or place inside the borders of the Province to any position or place outside the borders of the Province in any manner whatsoever, including re-export; 5
- “extensive wildlife system”** means a system that is large enough, and suitable for the management of self-sustaining wildlife populations in a natural environment which requires minimal human intervention in the form of – 10
- (a) the provision of water;
 - (b) the supplementation of food, except in times of drought; 15
 - (c) the control of parasites; or
 - (d) the provision of health care; 20
- “feral animal”** means any domestic animal or species of such animal which has gone wild and includes any vagrant animal of such species;
- “firearm”** means a firearm as defined in section 1 of the Firearms Control Act, 2000 (Act No. 60 of 2000) and includes an airgun and a muzzle-loader; 25
- “fish”** means any aquatic fauna, whether indigenous or exotic and whether alive or dead, as well as the ova or sperm thereof, excluding amphibians, reptiles, insects, molluscs, crustaceans, mammals and birds; 30
- “full-time employee”** means an employee who is employed full-time on a monthly basis and receives a salary or wage which is in accordance with the kind of work done by him or her; 35
- “fyke-net”** means a device made of rings or hoops over which a net, wire or any other material has been spread or which is made of wire only and which has one or more funnel-shaped openings and includes anything which, whether attached to such device or not, is used to guide fish to any funnel-shaped opening in such device; 40
- “game farm permit”** means a permit issued in terms of section 24;

“game capturer or translocator” means a person that captures or conveys a wild animal or a specimen of a terrestrial vertebrate species for commercial purposes on behalf of another person and may include trading, buying, selling or temporary possession of such specimen;

5

“gin-trap” means a leg-hold or foot-hold trap made up of two tightly closing jaws, a spring-and-trigger mechanism, without an off-set jaw or padded jaw that reduces the chance of injury to an animal;

“hunt”, in relation to any wild animal, means by any means, method or device whatsoever to cull, to hunt, to kill, to capture, to collect, to disturb, to follow, to pursue, to search, to drive, to stampede, to shoot at, to discharge a missile at, to injure, to poison, to lay poison, to set a trap, to lie in wait for, to lure and to wilfully disturb and include any such attempt to assist, guide or escort another person to do any of the aforementioned;

10

15

“hunting contractor” means a person who assists with, offers or presents to or organises the hunting of a wild animal for some other person who is not a South African citizen;

20

“hunting rights” means the right of a landowner to hunt or to allow the hunting of a wild animal in terms of the provisions of this Act, on land of which he or she is the owner;

25

“import”, in relation to any wild animal or plant, means any form of shipment, parcel or package consigned to or brought into the Province or any attempt to consign or bring any wild animal or plant, carcass, part or derivative thereof from any position or place outside the borders of the Province to any position or place inside the borders of the Province in any manner whatsoever, including re-import;

30

“indigenous” means a species that occurs, or has historically occurred, naturally in a free state in nature within the borders of the Republic, but excludes a species that has been introduced in the Republic as a result of human activity;

35

“indigenous fish” means any fish of which the natural distribution range is the aquatic systems within the boundaries of the Province;

40

“introduce”, in relation to a species, means the introduction by humans, whether deliberately or accidentally, of a species to a place outside the natural range or natural dispersal potential of that species;

“invasive species” means a species listed as such in Schedule 5;

45

“**jig**” means the catching of fish by the jerking of a hook in water with the intention of impaling fish;

“**keep**”, in relation to any wild animal, means to keep alive, to keep in captivity, to exercise control over or to supervise;

5

“**landing net**” means a net attached to a frame in such manner as to leave an opening not exceeding 610 mm measured in a straight line between any two points on the perimeter of the frame and which is used only for lifting fish caught by angling out of the water;

10

“**landowner**” means -

(a) in relation to land -

15

(i) the person registered as the owner thereof in a deeds registry;

(ii) where the legal title thereto is vested in an association of persons, whether corporate or non-corporate, the person designated in writing as the owner thereof by such association;

20

(iii) the bona fide purchaser thereof prior to the registration of the deed of transfer in his name, but after the contract of sale has been concluded, to the exclusion of the person contemplated in paragraph (i);

25

(iv) in the case of land under the control or management of a municipality, the municipality concerned;

30

(v) in the case of State land not under the control or management of a municipality, the National Minister or Member of the Executive Council of the Province, having control or management thereof or any officer designated for the purpose by such Minister or Member of the Executive Council;

35

(vi) in the case of land not occupied by the owner as contemplated in subparagraph (i), the person who is in actual occupation of the land, who exercises general control over such land and who has been authorised in writing by the owner as contemplated in the said subparagraph to exercise the rights conferred on a landowner by this Act;

40

45

- (vii) where the owner as contemplated in subparagraph (i), (ii) or (v) is dead or insolvent or has assigned his or her estate for the benefit of his or her creditors or has been placed under curatorship by order of court or is a company being wound up or under judicial management, the person in whom the administration of such land is vested as executor, responsible Member, trustee, assignee, curator, lawful heir, liquidator or judicial manager, as the case may be; 5
- (viii) that is tribal land, the tribal head; and 10
- (b) in relation to waters on privately owned land, the owner as contemplated by paragraph (a) of the land on which the waters concerned are situated or which abuts on such waters; 15
- “licence”** means a licence issued under this Act;
- “lure”** means to entice any wild animal by offering something tempting by using any device, sound or smell that attracts its attention; 20
- “municipality”** means a municipality established in terms of section 155(6) of the Constitution;
- “nature conservator”** means a nature conservator appointed in terms of section 65; 25
- “net”** means a fyke-net, cast-net, crab-net, landing-net, staked net or trek-net; 30
- “night”** means the period commencing half an hour after sunset on any day and ending half an hour before sunrise on the following day;
- “noxious aquatic growth”** means any species of aquatic growth listed as such in Schedule 5 and includes species as defined in the applicable Schedules of the Conservation of Agricultural Resources Act, 1983 (Act No. 43 of 1983); 35
- “permit”** means a permit issued under this Act; 40
- “pet”** means a pet listed as such in Schedule 6;
- “pick”** includes to collect, to cut, to chop off, to take, to gather, to pluck, to uproot, to break, to damage or to destroy;

“**plant**” includes the whole plant, flower, seed cone, fruit, bulb, tuber, stem, root or any other propagule thereof or any part of the plant, whether dead or dried, and “**flora**” has a corresponding meaning;

“**poison**” means any poison, preparation or chemical substance used to catch, immobilise, sterilise, kill or physically harm a wild animal or plant; 5

“**poison collar**” means a collar with one or more sealed compartments filled with fluoroacetic acid (mono), the salts and derivatives of which in an aqueous solution contains no more than one per cent of the substance in question, for the control of damage-causing animals; 10

“**poison-firing apparatus**” means a device that propels a projectile or chemical when triggered and is able to kill, injure or immobilise a wild animal; 15

“**possess**”, in relation to any animal or the carcass thereof or any plant, means to know of the presence of and to have physical control over any such animal or carcass thereof or any such plant, or to have the power and intention to exercise physical control over any such animal or carcass thereof or any such plant; 20

“**premises**” includes land, any building, structure or dwelling, whether movable, temporary or otherwise, or any vehicle, conveyance, vessel or aircraft; 25

“**prescribed**” means prescribed by regulation;

“**private use**” means use other than trade; 30

“**professional hunter**” means a person who assists, conducts a hunt, acts as a guide to, or offers or agrees to escort or accompany any person who is not a South African citizen, in order to enable such person to hunt a wild animal; 35

“**protected animal**” means any species of wild animal listed as such in Schedule 2;

“**protected plant**” means any species of plant listed as such in Schedule 2; 40

“**Province**” means the Northern Cape Province as referred to in section 103 of the Constitution;

“**public road**” means a public road as defined in section 1 of the National Road Traffic Act, 1996 (Act No. 93 of 1996); 45

- “rehabilitate”**, in relation to any wild animal, means an individual of a specific species temporarily being kept in captivity for the sole purpose of rehabilitating (prepare, condition, train and restore) an orphaned, injured or ailing animal back to its original condition for release in its natural habitat; 5
- “relative”**, in relation to the owner of any land, means the spouse, parent, step-parent, adoptive parent, son-in-law, daughter-in-law, child, stepchild, adopted child, brother, sister or grandchild of such owner; 10
- “responsible Member”** means the Member of the Executive Council responsible for nature conservation in the Province; 10
- “sell”** includes to hawk, to peddle, to barter or to exchange or to offer, to advertise, to expose, to exhibit, to display, or to have in possession for the purpose of sale, hawking, peddling, bartering or exchanging; 15
- “set line”** means a line and hook with or without any bait or lure which, when used for catching fish, is fastened to anything or is not manipulated directly or indirectly by any person, but does not include a line and hook attached to a reel and rod lying loose on or fixed into the ground; 20
- “set gun”** means any man-made device that automatically fires off any form of firearm by setting off a trigger mechanism not manipulated directly or indirectly by any person; 25
- “snare”** means a noose of string or wire or any other material which can be used for capturing any animal;
- “specially protected animal”** means any animal listed as such in Schedule 1; 30
- “specially protected plant”** means any plant listed as such in Schedule 1; 35
- “species”** means a kind of animal, plant or other organism and includes any sub-species, cultivar, variety, strain or hybrid thereof;
- “specimen”** means - 40
- (a) any living or dead animal, plant or other organism;
 - (b) a seed, sperm, ovum, egg, gamete or propagule or part of an animal, plant or other organism capable of propagation or reproduction of or transferring genetic traits in any way; 45
 - (c) any derivative of any animal, plant or other organism; or

- (d) any goods which -
- (i) contain a derivative of an animal, plant or other organism;
or 5
 - (ii) from an accompanying document, from the packaging or
mark or label, or from any other indications, appear to be
or to contain a derivative of an animal, plant or other
organism; 10
- “**staked net**” means a net (also known as a set net, gill-net or drift-net),
with or without weights or floats, which is set upright in water with the
intention of causing fish to become caught or entangled therein, whether
or not such net drifts or is attached to anything; 15
- “**stock**” means a horse, mule, ass, bull, cow, ox, heifer, calf, sheep, goat,
pig, domesticated ostrich or poultry; 15
- “**sustainable**”, in relation to the use of a biological resource, means the
use of such resource in a way and at a rate that - 20
- (a) would not lead to its long-term decline;
 - (b) would not disrupt the ecological integrity of the ecosystem in
which it occurs; and 25
 - (c) would ensure its continued use to meet the needs and aspirations
of present and future generations of people;
- “**taxidermist**” means a person that prepares or mounts a skin, horn or
other derivative of a wild animal and includes a dip-and-ship agent; 30
- “**trade**” means to buy or to sell, to receive, to give, to accept as a gift or
to donate, or to acquire or dispose of in any way by any means or method
whatsoever; 35
- “**this Act**” includes any regulation or notice made or issued thereunder;
- “**township**” means a township as defined in section 1 of the Land Survey
Act, 1997 (Act No. 8 of 1997); 40
- “**transport**” means to convey, to move or otherwise to translocate by any
means or method whatsoever;
- “**trap**” means any trap, spring trap, gin-trap, cage, net, pitfall, capture
boma, holding pen or birdlime and any other device, means or method
whatsoever which can be used or adapted for the capture of wild animals; 45

“trap cage” means a cage with a trap door or doors and mechanism –

- (a) which is used to catch animals; and
- (b) which complies with the provisions of any provincial legislation; 5

“trek-net” means a net (also known as a seine, bait seine, drag-net or bait trek-net), with or without weights or floats, which is moved through water in an upright position with the intention of catching fish; 10

“uproot”, in relation to any plant, means to remove an entire plant from its natural substrate or natural growth medium, but does not include a cultivated plant;

“vagrant dog” means any dog which trespasses on any land and, while thus trespassing, is not under the supervision of its owner or a person authorised by such owner; 15

“vermin hunter” is a person who commercially markets his or her services to hunt damage-causing animals, whether or not for commercial gain; 20

“vessel” includes any canoe, lighter, floating platform, decked boat, carrier vessel, vessel equipped with an inboard or outboard motor or any other water-borne craft or boat, whether self-propelled or not; 25

“waters” includes any river, stream, creek, lake, vlei, pan, lagoon, dam, reservoir, furrow or pond, whether the water therein is fresh or saline, and includes the foreshore and bank thereof and any part of such waters; 30

“waters on privately owned land” means any dam, reservoir, vlei or other inland waters completely surrounded by land owned by one owner;

“weapon” includes any instrument which is capable of killing, injuring or immobilising a wild animal and includes a firearm, ammunition, snare, trap, trap cage, gin-trap, net, birdlime, spear, assegai, bow-and-arrow, axe, bush knife, knife, catapult or similar object and any poison or narcotic whatsoever; 35

“wild animal” means any live vertebrate or invertebrate animal, whether indigenous or exotic, and the egg or spawn of such animal and includes any such animal which is kept or has been born and hatched in captivity, with the exclusion of a domestic animal; 40

“wildlife capturer or translocator” means a person who provides a service by capturing wild animals or moving wild animals from one place to another; and

“zoological facility” means a facility where individuals not limited to any group of species is kept in captivity for either the survival of a rare or endangered species, breeding, rehabilitation or for structured professional educational programmes and registered research projects with the primary role of increasing public conservation awareness, affection and knowledge about wild animals. 5
10

- (2) In this Act, words or expressions derived from words or expressions defined in subsection (1), have corresponding meanings, unless the context indicates that another meaning is intended. 15

CHAPTER 2 SUSTAINABLE UTILISATION OF WILD ANIMALS

Interpretation of certain words for the purposes of Chapter 2

2. For the purposes of this Chapter, the term **“animal”** or **“wild animal”** does not include fish. 20

Restricted activities involving specially protected animals

3. No person may, without a permit – 25

- (a) hunt;
- (b) import;
- (c) export; 30
- (d) transport;
- (e) keep;
- (f) possess;
- (g) breed; or
- (h) trade in, 35

a specimen of a specially protected animal.

Restricted activities involving protected animals

4. Subject to the provisions of sections 5, 6, 7 and 8, no person may, without a permit – 40
- (a) hunt;
 - (b) import; 45
 - (c) export;

- (d) transport;
 - (e) keep;
 - (f) possess;
 - (g) breed; or
 - (h) trade in,
- 5

a specimen of a protected animal.

Hunting of protected animals

5. (1) No person may, without a permit, hunt any protected animal, but – 10

- (a) during a hunting season a landowner may hunt a protected animal without a hunting licence on the land of which he or she is the owner; 15

- (b) a relative or full-time employee of a landowner contemplated in paragraph (a) may –

- (i) with the written permission contemplated in section 14; 20
 - and

- (ii) during a hunting season,
 - hunt a protected animal on land of the landowner without a hunting licence; 25

- (c) with the written permission contemplated in section 14, any other person who is the holder of a valid hunting licence for the Province may hunt a protected animal on the land of the landowner during a hunting season. 30

- (2) During a hunting season or a period other than a hunting season and upon the written application of the landowner, a permit may be issued - 35

- (a) to the landowner;

- (b) to any other person indicated by the landowner in the application,
- which authorises the holder of the permit to hunt the number, sex and species of a protected animal referred to in the permit on the land of the landowner. 40

Hunting seasons

6. (1) No person may hunt a protected animal, except during a hunting season declared in terms of subsection (2) and subject to the provisions of the notice declaring the hunting season. 45

- (2) The responsible Member may, for the Province, by notice in the *Provincial Gazette*, declare hunting seasons for the hunting of wild animals.
- (3) The notice contemplated in subsection (2) must provide for – 5
- (a) the period in any year during which wild animals may be hunted;
 - (b) the categories of person that may hunt wild animals; 10
 - (c) the number, species and sex of wild animals that may be hunted; and
 - (d) the areas in which those wild animals may be hunted. 15
- (4) The prohibition set out in subsection (1) does not apply to –
- (a) a person hunting on land in respect of which a game farm permit has been issued; 20
 - (b) the holder of a permit to hunt the protected animal.

Hunting licences

7. (1) Except where otherwise provided in this Act, no person may hunt a protected animal if he or she does not hold a valid hunting licence for the Province. 25
- (2) The prohibition set out in subsection (1) does not apply to – 30
- (a) a person hunting on land in respect of which a game farm permit has been issued; or
 - (b) the holder of a permit to hunt the protected animal. 35

Hunting of wild animals in excess of daily bag limit

8. No person may, unless he or she is the holder of a permit, at any time hunt a greater number of any species of wild animal than the daily bag limit determined by the notice contemplated in section 6(2). 40

Prohibited hunting methods or instruments

9. (1) Without limiting the meaning of the word “hunt”, no person may, unless he or she is the holder of a permit and subject to the conditions set out in the permit, hunt any wild animal – 45
- (a) by means of fire;

- | | | |
|-----|---|----|
| (b) | by means of poison; | |
| (c) | by means of a vehicle or aircraft; | |
| (d) | during the night; | 5 |
| (e) | with the aid of an artificial light, floodlight or spotlight; | |
| (f) | by means of any trap or pitfall; | 10 |
| (g) | by means of a wire or rope snare or similar device; | |
| (h) | by means of a spear, kierrie, stick or any similar device; | |
| (i) | by means of a blowpipe, catapult or similar device; | 15 |
| (j) | by means of an airgun; | |
| (k) | by means of a firearm which discharges a rim-fire cartridge of a 5.56 mm (.22 inch) caliber or smaller caliber; | 20 |
| (l) | by means of a firearm which discharges more than two shots without being manually reloaded; | |
| (m) | by means of a shotgun, except for the hunting of birds; | 25 |
| (n) | by means of a bow-and-arrow, crossbow, speargun or similar device discharging an arrow or dart; | |
| (o) | by means of a set gun, poison-firing apparatus or any similar device; | 30 |
| (p) | by means of darting or any device which injects an intoxicating or a narcotic agent or poison into such animal; | 35 |
| (q) | which is kept in captivity, confined to a cage, in an enclosure or trapped against a fence where it does not have a fair chance of evading the hunter; | |
| (r) | which is under the influence of any tranquilising or narcotic immobilising or similar agent; | 40 |
| (s) | by the use of a dog, except for the hunting, flushing, pointing or retrieving of birds, or for the purpose of searching or following the animal which has been wounded; | 45 |
| (t) | in the case of a bird, in or upon any aquatic systems, by the use of a boat for the purpose of chasing or killing the bird; | |

- (u) by means of setting a set trap or snare within 10 meters from a common boundary;
- (v) by luring or by means of a simulation or recording of the natural sound made by an animal or by means of bait or scent or any other induced luring method; 5
- (w) in an area smaller than the set standard of 400 hectares;
- (x) by any other device of which the use could result in injuring or killing an animal in a way which is not an acceptable humane hunting method; 10
- (y) by means of any other animal or bird of prey for the sport of falconry; 15
- (z) by means of a firearm fitted with a silencer or similar noise-reduction device;
- (aa) by means of a hand-gun; or 20
- (bb) by means of a trap cage,
but – 25
 - (i) in respect of a rodent, excluding a porcupine and springhare, the provisions of paragraphs (b), (d), (e), (f), (m), (q), (w) and (bb) do not apply;
 - (ii) in respect of any wild animal hunted by a registered veterinary surgeon in the practice of his or her profession, the provisions of paragraph (p), (q) (r) and (w) do not apply; 30
 - (iii) in respect of a common indigenous animal that is a bird, the provisions of paragraph (j) do not apply; or 35
 - (iv) in respect of a damage-causing animal contemplated in section 28, the provisions of paragraph (b), subject to section 20 or 29, and paragraphs (d), (e), (p), (q), (r), (v) and (bb) do not apply. 40
- (2) The provisions of subsection (1)(s) do not exempt the owner of the dog or the person in control of a dog, from liability for damage caused by such dog in respect of non-targeted animals on someone else's land. 45

- (3) The provisions of subsection (1)(c) do not preclude, in accordance with the provisions of this Act, the use of a motor vehicle for the hunting of a wild animal by the owner of the land or any other person who is a holder of the written permission contemplated in section 14. 5
- (4) The responsible Member may, if he or she is convinced that it is in the public interest, set aside, by notice in the *Provincial Gazette*, any of the prohibitions referred to in subsection (1) –
- (a) for a species of wild animal; 10
- (b) for a period; or
- (c) in the area, 15
- mentioned in the notice.

Hunting with certain minimum-caliber firearms

10. (1) No person may, unless he or she is the holder of a permit – 20
- (a) use a firearm having a barrel with a caliber of less than 6.85 mm (.270 of an inch) to hunt eland, kudu, blue wildebeest, black wildebeest, gemsbok, red hartebeest, roan antelope, sable antelope, Burchell's zebra, Cape mountain zebra, Hartmann's mountain zebra, nyala, or water buck; or 25
- (b) use a firearm having a barrel with a caliber of less than 9.52 mm (.375 of an inch) to hunt buffalo, elephant, lion, leopard, rhinoceros, giraffe or hippopotamus. 30
- (2) When any person has wounded or has presumably wounded an animal mentioned in subsection 1(b), without successfully killing or retrieving the animal, he or she shall report it within 24 hours at the police station or the office of the nature conservator nearest to the place where such animal was wounded or was presumably wounded. 35
- (3) No person may hunt –
- (a) an elephant; 40
- (b) a rhinoceros;
- (c) a hippopotamus;
- (d) a crocodile;
- (e) a lion;
- (f) a leopard; or 45
- (g) a hyena,
- by means of a bow-and-arrow or similar device.

Hunting from a public road

11. No person may, without a permit, hunt any wild animal on or from a public road.

Hunting, receipt, possession, acquisition or handling of a wild animal 5

12. (1) No person may, on land of which he or she is not the owner, hunt any wild animal or pick up or remove the animal or the carcass of the animal from the land without the written permission contemplated in section 14. 10
- (2) No person may pick up or remove a wild animal not hunted, captured or caught lawfully, unless he or she has obtained the prior written permission of the owner of the land on which such animal was found.
- (3) No person may – 15
- (a) receive a dead wild animal knowing that it was not hunted or acquired lawfully;
- (b) possess a dead wild animal in respect of which there is a reasonable suspicion that it was not hunted or acquired lawfully and be unable to give a satisfactory account of such possession; or 20
- (c) acquire or receive into his or her possession or handle a dead wild animal without having reasonable cause for believing, at the time of such acquisition, receipt or handling, that the wild animal was hunted or acquired lawfully. 25

Presence of landowners, observers and assistants

13. (1) A person hunting in the presence of the landowner on whose land the hunt takes place, may hunt without the written permission contemplated in section 14. 30
- (2) The provisions of section 12 do not apply to any person not in possession of a weapon and who does not actively assist or participate with the hunt and – 35
- (a) in the presence of the landowner, is an observer where a wild animal is legally being hunted by the landowner or any other person; 40
- (b) in the absence of the landowner, is an observer, assistant or beater where a wild animal is legally being hunted by any other person with the written permission contemplated in section 14; or 45
- (c) a nature conservator in the performance of his or her functions in terms of this Act or any other law.

Written permission by the landowner

14. (1) A landowner may hunt or give permission to any other person to hunt, in accordance with the provisions of this Act, any wild animal or feral animal on the land of the landowner and to remove the hunted animal or the carcass of the animal from the land. 5
- (2) No permission granted in terms of subsection (1) is valid unless it is given beforehand, reduced to writing and reflects - 10
- (a) the full name and residential address of the landowner;
- (b) the full name and residential address of the person to whom it is granted; 15
- (c) the number, sex and species of the wild animal;
- (d) the date or period in respect of which it is granted;
- (e) the farm name, farm number and magisterial district in respect of which it is granted; 20
- (f) the signature and date on which the document was signed by the landowner; 25
- (g) the signature and date on which the document was signed by the person to whom the written permission was granted; and
- (h) the permit number, if applicable. 30
- (3) The holder of a written permission contemplated in subsection (1), must carry the document on his or her person at all times, while hunting, removing or being in possession of such animal.
- (4) A landowner may not allow the hunting of an animal on his or her land without the written permission contemplated in subsection (1). 35
- (5) The written permission referred to in subsection (1) may be combined with the document referred to in section 15. 40

Document pertaining to donation, sale and removal

15. (1) No person may donate, sell, remove or allow to be removed any wild animal or the carcass of any such animal to any other person unless, when he or she delivers the animal or carcass of the animal to the other person, he or she furnishes that person with a written document signed by him or her, reflecting - 45

- (a) the full name and residential address of the owner;
- (b) the full name and residential address of the person to whom it is granted; 5
- (c) the number, sex and species of the wild animal;
- (d) the date or period in respect of which it is granted;
- (e) the farm name, farm number and magisterial district in respect of which it is granted; 10
- (f) a statement by the owner that he or she has donated or sold the animal or carcass to such other person; 15
- (g) the signature and date on which the document was signed by the owner;
- (h) the signature and date on which the document was signed by the person to whom the document is granted; and 20
- (i) the permit number, if applicable.
- (2) In so far as this section relates to the selling or donation of any wild animal or the carcass of any wild animal originating from any hunt, the number of the hunting licence or permit, if applicable, the date of the hunt and the full particulars of the hunter as contemplated in section 14(2)(b), must also be reflected on the document. 25
- (3) The document referred to in subsection (1) may be combined with the document referred to in section 14, only if it reflects the contents as set out in subsections (1) and (2). 30

Transfer of hunting and other rights

16. (1) The Director may authorise – 35

(a) a landowner who holds a game farm permit issued in terms of section 24; or

(b) any other landowner, 40

in writing and subject to the conditions that he or she may determine, to transfer, temporarily or permanently, in part or in total –

(i) in the case of a landowner contemplated in paragraph (a), the rights set out in section 25; and 45

- (ii) in the case of a landowner contemplated in paragraph (b), the rights vested in a landowner in accordance with the provisions of this Act.

- (2) In the application of the provisions of this Act, any person to whom any right contemplated in subsection (1) has been transferred is deemed to be the landowner in question as from the date of such transfer and, in the case of a temporary transfer, for the duration of the period concerned, for the purpose of this Act. 5

10

Keeping of wild animals in captivity

17. No person may, unless he or she is the holder of a permit –

- (a) keep any wild animal in captivity; 15
- (b) restrain any wild animal by means of a rope, cord, chain or any similar device.

Release of certain wild animals 20

18. (1) No person may, without a permit, import, transport or release any exotic wild animal in the Province.
- (2) No person may release a damage-causing animal without the written permission of the landowner on whose property the animal is to be released. 25
- (3) For the purpose of interpretation of the words “**written permission**” in subsection (2), the provisions of section 14 apply, read with the changes required by the context. 30

Manipulation of boundary fences

19. No person may – 35
- (a) erect, alter, remove or partly remove or cause to be erected, altered, removed or partly removed, any fence, whether on a common boundary or on such person’s own property, in such a manner that any wild animal which as a result thereof gains access or may gain access to the property or a camp on the property, can not escape or is likely not to be able to escape therefrom; 40

- (b) heap up or cause to be heaped up soil or any other material on one side of any fence, whether on a common boundary or on such person's own property, or remove or cause to be removed soil or any other material on one side of a fence in a manner that such heaping up or such removal has the effect of reducing or increasing the height, as the case may be, of the fence on one side, to the effect that any wild animal which as a result thereof gains access or may gain access to the property or a camp on such property, can not escape or is likely not to be able to escape therefrom; or 5
- (c) entice a wild animal to enter any premises or facilitate easy access to such premises and then discourage or prevent the animal by means of any device or method to leave the premises. 10

Placing of poison

- 20. (1) Subject to the provisions of subsection (2), read with section 29, no person may place or cause or allow poison to be placed in a manner or in a place where it is likely to be assimilated or ingested by an animal. 15
- (2) The provisions of subsection (1) do not preclude any person from placing poison for the purpose of exterminating rodents, with due observance of the provisions of any law governing the use of the applicable poison. 20
- (3) No person may use poison for a purpose or in a manner other than as specified on the original container thereof or on the original label on the original container thereof. 25

Entering land with weapons and conveyance of firearms

- 21. (1) No person may enter land or be on land where wild animals are found or are likely to be found, while he or she is in the possession of a weapon, unless such person has a lawful reason to do so or has beforehand obtained the written permission from the landowner of the land concerned. 30
- (2) No person may convey a firearm on a public road traversing land on which wild animals are found or are likely to be found, but – 35
 - (a) the landowner or any person who is authorised in terms of this Act to hunt or capture a wild animal may convey a firearm on the land of the landowner; 40
 - (b) any person may on such road –
 - (i) convey a handgun with a barrel, excluding the chamber, not longer than 100 mm; or 45

- (ii) any other firearm whereof the barrel, bolt, chamber, tube or magazine is not loaded and which is contained in a thoroughly closed gun bag, gun case or gun holster specifically designed and made to legally carry the firearm. 5
- (3) For the purpose of subsection (1), “land” does not include a public road and for the purpose of subsection (2), “hand-gun” means a revolver or pistol intended for self-defence and designed or suited for carrying in a holster on the body of a person. 10

Prohibitions regarding carcasses of wild animals

22. (1) No person may, without a permit, be in possession of the carcass of any wild animal, unless – 15
- (a) in the event of the animal having been hunted by such person on the land of any other person, he or she is in possession of the written permission contemplated in section 14; 20
 - (b) in the event of such person having acquired the carcass from any other person, he or she is in possession of a written document contemplated in section 14 or 15, as the case may be; 25
 - (c) such person can provide a valid receipt to such legal procurement; or 30
 - (d) in the event of such person having acquired the carcass by any other means, he or she is in possession of a written authorisation by the Director to be in possession of the animal or carcass. 30
- (2) No carcass of any wild animal may be sold by any person other than –
- (a) the owner of the land on which the wild animal concerned was hunted in accordance with the provisions of this Act; 35
 - (b) a person who has legally obtained such wild animal and has documentary proof as contemplated in section 14 or 15; or
 - (c) a person authorised by a permit issued under this Act, to sell such carcass. 40

Auctioning of certain wild animals

23. (1) No person may, without a permit, advertise, trade, buy, sell, keep or dispose of any wild animal by means of an auction. 45

- (2) An auctioneer who conducts an auction contemplated in subsection (1), must, subject to the conditions set out in the permit –
- (a) keep a register in the format determined by the Director, on all wild animals which – 5
 - (i) have been traded, advertised, bought, sold, kept, exchanged, bartered or disposed of by the auctioneer; and
 - (ii) have died at the auction; 10
 - (b) when he or she delivers to any other person a wild animal which has been auctioned, furnish such other person with a written document contemplated in section 15; and 15
 - (c) make such register available to the Director on request.
- (3) No person may receive any wild animal in terms of this section, unless the auctioneer has provided him or her with the document contemplated in subsection 2(b). 20
- (4) Any person who receives a wild animal in terms of this section, must carry the document contemplated in subsection (1), (2)(b) or (5), as the case may be, with him or her when he or she transports such wild animal and must retain such document in his or her possession for the period during which such wild animal is being transported or is in his or her possession. 25
- (5) Any person who receives a wild animal in terms of this section, must obtain the necessary permit from the appropriate provincial issuing authority before such person may transport, import or export such wild animal. 30

Game farm permit

24. (1) Any landowner on whose property wild animals are found, may apply in writing to the Director for a game farm permit in respect of the whole or any portion of such land. 35
- (2) Any application made in terms of subsection (1) must – 40
- (a) include a full description of the land in respect of which application is made, including but not limited to proof of ownership, the farm name, farm number, magisterial district, the farm's boundaries and size and habitat certification by the applicant reflecting the current state of the vegetation thereon; 45

- (b) state the species of wild animal to which the application relates, the estimated number of such species that are in an extensive wildlife system and the number of such species that are in captivity on the land referred to in paragraph (a); 5
 - (c) set out the grounds on which the land in question is considered to be adequately enclosed; and
 - (d) set out the activities applied for. 10
- (3) For the purpose of deciding on the application, the Director may require the applicant to furnish him or her with any additional information he or she may consider necessary or relevant. 10
- (4) If the Director - 15
 - (a) having regard to the size of the land in respect of which application has been made under subsection (1), the number of the species of wild animal normally found on the land to which such application relates and such other circumstances as he or she may consider relevant, is of the opinion that the animals in question are in effect being kept in captivity, or is kept within an area that does not constitute an extensive wildlife system, he or she must refuse the application; 20
 - (b) is satisfied that such land is adequately enclosed in relation to such species, he or she may grant the application and, subject to the conditions he or she may consider necessary or relevant, issue the permit. 25
- (5) A game farm permit – 30
 - (a) is valid for the period specified therein; and
 - (b) may be withdrawn by the Director if the landowner fails to comply with or contravenes any of the conditions subject to which the permit was issued. 35
- (6) Subject to section 16, a game farm permit issued in terms of this section lapses upon the transfer or lease of the land or any portion of such land in respect of which it was issued. 40
- (7) Any valid certificate of adequate enclosure issued in terms of section 35 of the Nature and Environmental Conservation Ordinance, 1974 (Ordinance No. 19 of 1974), prior to the repeal of that Ordinance by section 75 of this Act, is deemed to be a game farm permit issued in terms of this section and any such certificate remains valid for the period stated therein. 45

Rights of holder of game farm permit and certain other persons

25. (1) Any landowner to whom a game farm permit has been issued, a relative of the landowner, a full-time employee of the landowner acting under the authority of the landowner and any other person acting with the written permission contemplated in section 14, may, subject to any condition specified in the game farm permit and on the land in respect of which the game farm permit was issued, hunt – 5
- (a) any number of the species of wild animal authorised in such permit; 10
- (b) during any time of the year;
- (c) at any time during the day or night; 15
- (d) by the use of an artificial light;
- (e) by the use of any hunting method or instrument authorised by the permit. 20
- (2) The holder of a game farm permit may, subject to the conditions set out in the permit –
- (a) capture; 25
- (b) keep in captivity for no more than 30 days; and
- (c) trade in, 30
- any wild animal or the carcass of the animal of the species authorised in the permit.

Prohibitions regarding wild animals

26. (1) No person may, without a permit, import into, export from or transport in the Province any wild animal, but a consignment in transit through the Province does not require a permit, on the condition that – 35
- (a) no wild animal is off-loaded in the Province; and 40
- (b) the consignment is accompanied by the relevant permits from the province of origin and the province of destination;

- (2) A person to whom a permit has been issued in terms of this Act to keep or transport a live wild animal or to capture a wild animal, must comply with the standards of the South African Bureau of Standards in terms of the Standards Act, 1993 (Act No. 29 of 1993), relating to capture, keeping and transport of wild animals, while carrying out such a transport or capture. 5
- (3) No person may keep or transport a wild animal in conditions –
- (a) which are unhygienic; or 10
 - (b) in which the animal –
 - (i) may be injured or otherwise impaired; or 15
 - (ii) suffer unnecessarily.
- (4) A nature conservator may -
- (a) issue a written instruction to a person who captures, keeps or transports a wild animal in contravention of subsection (2) or (3), or a person who has physical control of the animal, to follow the steps to rectify the matter within the indicated time; 20
 - (b) issue instructions to a person contemplated in paragraph (a) concerning the manner in which the animal must be captured, kept, transported or otherwise treated; 25
 - (c) remove the animal from the custody of a person contemplated in paragraph (a) without compensation if it is considered necessary to prevent injury, impairment, suffering or death of the animal; or 30
 - (d) keep, treat or release in a suitable environment an animal removed from the custody of a person in terms of paragraph (c). 35

CHAPTER 3 WILDLIFE OPERATORS

Wildlife operators and facilities

27. (1) No person may, without a permit, act as –
- (a) a professional hunter;

- (b) a hunting contractor;
- (c) a director of a professional hunting school;
- (d) a taxidermist; 5
- (e) a dip-and-ship agent;
- (f) a wildlife capturer or translocator; 10
- (g) a falconer;
- (h) a vermin hunter;
- (i) a culling operator; 15
- (j) a training provider or instructor with regard to any of the above occupations.
- (2) No person may, without a permit, establish or operate – 20
 - (a) a wildlife facility, including a breeding facility, educational facility, zoological facility, nursery, trading facility, rehabilitation facility, sanctuary, or similar institution or enterprise involving any wild plant or animal; 25
 - (b) a curio shop which sells wildlife products making use of any indigenous flora or wildlife products of species listed in Schedule 1 or 2; 30
 - (c) a business trading in traditional medicine produced from wildlife products; or
 - (d) a pet shop which sells any living animal other than an animal listed in Schedule 5. 35
- (3) The requirements to be complied with in any theoretical or practical examinations to be taken, if any, by a person contemplated in subsection (1) or (2), may – 40
 - (a) be prescribed; or
 - (b) from time to time, be determined by the Director.
- (4) The Director may exempt a person from any of the provisions of subsection (1) or (2). 45
- (5) The Director may appoint a person to act as examiner in any theoretical or practical examination contemplated in subsection (3).

CHAPTER 4 DAMAGE-CAUSING ANIMALS

Damage-causing animals

- 5
28. The responsible Member may, by notice in the *Provincial Gazette*, amend Schedule 3 from time to time after consultation with the Director if, in his or her opinion, such an animal or individual of a species is a damage-causing animal because it is detrimental to any other species of wild animal or any other animal or any property by reason of its prevalence in any area, its mode of living or other characteristic, or is likely to be dangerous to human life or is present in such numbers that agricultural yield is materially depleted. 10

Poisoning of damage-causing animals

- 15
29. (1) A damage-causing animal may be hunted by making use of –
- (a) a poison pellet –
 - (i) concealed under vegetation; or 20
 - (ii) so covered with plant debris or a layer of soil or sand, that it can only be traced by the smell thereof; or 25
 - (b) a poison collar. 25
- (2) For the purposes of subsection (1), “**poison pellet**” means –
- (a) a piece of meat; 30
 - (b) any other animal tissue; or
 - (c) any other substance, 35
- which lures certain species of animal by virtue of its edibility, smell or taste, and of which the poison is obtained and used in accordance with the prescription of a veterinarian as defined in the Veterinarian and Para-Veterinary Professions Act, 1982 (Act No. 19 of 1982), but not – 40
- (i) the carcass of an animal or any part thereof; or
 - (ii) any animal tissue that lies unconcealed or in plain sight.
- (3) A person who sets out poison in accordance with this section, must – 45
- (a) inspect the site where the poison was set out every day after the poison was set out; and

- (b) take reasonable steps to retrieve the carcass of any poisoned animal and bury or otherwise effectively destroy it.

Prohibited acts relating to damage-causing animals

5

30. (1) No person may, without a permit –
- (a) breed, keep or possess a damage-causing animal;
 - (b) import, export or transport a live damage-causing animal; 10
 - (c) trade, buy, sell or acquire a damage-causing animal;
 - (d) use a poison-firing apparatus or similar apparatus to hunt; 15
 - (e) own a poison-firing apparatus or similar apparatus or any part thereof.
- (2) No person may, without a permit, manufacture, sell or offer for sale any poison-firing apparatus or similar apparatus or any component or cartridge thereof. 20
- (3) A person who sets a trap or trap cage to catch a damage-causing animal must inspect the site where the trap or trap cage was set every day after setting such trap. 25
- (4) No person may hang or cause to hang a dead damage-causing animal over a boundary fence and leave it there or exhibit it in public.
- (5) Subsection (1)(a), in so far as it prohibits the breeding, keeping or possession of a damage-causing animal, does not apply to a landowner if such animal occurs in its natural habitat without human interference. 30

Destruction of vagrant dogs and feral cats

35

31. A nature conservator, landowner or vermin hunter may destroy any vagrant dog (*Canis familiaris*) or feral cat (*Felis domesticus*) found on the land, if such animal is without direct supervision, hunts, is suspected to hunt a wild animal or causes damage to livestock.

40

**CHAPTER 5
AQUATIC BIOTA**

Restricted activities involving specially protected fish

45

32. No person may, without a permit –
- (a) angle and not immediately release;

- (b) catch;
 - (c) import;
 - (d) export;
 - (e) transport;
 - (f) keep; 5
 - (g) possess;
 - (h) breed; or
 - (i) trade in,
- a specimen of a specially protected fish. 10

Restricted activities involving protected fish

33. Subject to the provisions of sections 34, 35, 36 and 37, no person may, without a permit – 15
- (a) angle and not immediately release;
 - (b) catch;
 - (c) import;
 - (d) export; 20
 - (e) transport;
 - (f) keep;
 - (g) possess;
 - (h) breed; or
 - (i) trade in, 25
- a specimen of a protected fish.

Catching of protected fish

34. (1) No person may, without a permit, catch any protected fish, but – 30
- (a) a landowner may catch a protected fish without a licence during an angling season in waters on the land of which he or she is the owner; 35
 - (b) a relative or full-time employee of a landowner contemplated in paragraph (a) may –
 - (i) with written permission; and 40
 - (ii) during an angling season,
- catch a protected fish without an angling licence in waters on land of the landowner; 45

- (c) any other person who is the holder of a valid angling licence for the Province may catch a protected fish during an angling season in waters on the land of the landowner, with written permission.
- (2) During an angling season or a period other than an angling season and upon the written application of the landowner, a permit may be issued – 5
 - (a) to the landowner;
 - (b) to any other person indicated by the landowner in the application, 10which authorises the holder of the permit to catch the number and species of a protected fish referred to in the permit in waters on the land of the landowner. 15
- (3) For the purpose of interpretation of the words “**written permission**” in subsection (1), the provisions of section 14 apply, read with the changes required by the context. 15

Angling seasons 20

- 35. (1) No person may angle for a protected fish, except during an angling season declared in terms of subsection (2) and subject to the provisions of the notice declaring the angling season. 25
- (2) The responsible Member may declare angling seasons for the angling of protected fish for the Province, by notice in the *Provincial Gazette*. 25
- (3) The notice contemplated in subsection (2) must provide for – 30
 - (a) the period in any year during which protected fish may be caught;
 - (b) the categories of person that may angle for protected fish;
 - (c) the number and species of protected fish that may be caught; and 35
 - (d) the areas in which the protected fish may be caught.
- (4) The prohibition set out in subsection (1) does not apply to a person angling in waters surrounded by land of a single landowner. 40

Angling licences

- 36. (1) Except where otherwise provided in this Act, no person may angle in an aquatic system if he or she does not hold a valid angling licence for the Province. 45

- (2) The prohibition set out in subsection (1) does not apply to –
- (a) a person angling in waters surrounded by land of a single landowner; 5
 - (b) the holder of a permit.

Retaining of fish in excess of daily bag limit

37. (a) No person may, without a permit, retain a greater number of any species of fish taken from an aquatic system than the daily bag limit determined in respect of such species by the notice contemplated in section 35; or 10
- (b) retain any fish of a length less than the length determined by that notice in respect of the species of fish. 15

Prohibited ways of catching fish

38. No person may catch fish without a permit in an aquatic system – 20
- (a) by jigging, snatching or spearing;
 - (b) by means of a cast net, crab net, staked net, trek-net or fyke-net;
 - (c) by means of any device used to guide fish to an opening in such a way that it is difficult for the fish to escape; 25
 - (d) by angling by means of –
 - (i) more than two lines; 30
 - (ii) more than two single hooks attached to any line;
 - (iii) a set line or a long line with more than two single hooks attached thereto; or 35
 - (iv) with more than two artificial lures attached to any line, in which case a double or treble hook counts as one hook;
 - (e) by means of a landing net, except landing a fish which was caught by angling as provided for in this Act; 40
 - (f) by means of explosives;
 - (g) by means of any device producing an electric shock; or 45

- (h) by means of any prohibited hunting method relating to wild animals as provided in section 9.

Application of certain provisions

5

39. For the purpose of this Chapter, the provisions of sections 11, 12, 13, 14 and 15 apply, read with the changes required by the context.

Written permission by the landowner

10

40. (1) No person may perform any activity as described in section 32, 33, 35 or 37 in an aquatic system on privately owned land without the written permission of such landowner.

- (2) In respect of any waters on privately owned land, the provisions referred to in subsection (1) do not apply to the owner of such land. 15

- (3) For the purpose of interpretation of the words “**written permission**” in subsection (1), the provisions of section 14 apply, read with the changes required by the context. 20

Releasing of fish in aquatic systems

41. No person may, without a permit, place in or in any manner introduce into or cause or allow to be placed or introduced into any aquatic system any live fish, but the provisions of this section do not apply to a live indigenous fish which is replaced into any aquatic system immediately after it has been caught in such system. 25

Entering land with fishing tackle

30

42. (1) No person may enter or be on land on which an aquatic system occurs, while in possession of fishing tackle, unless he or she –

- (a) has a lawful reason; 35

- (b) has made prior arrangements with the landowner; or

- (c) has obtained written permission, 40
to enter or be on the land.

- (2) For the purpose of subsection (1), “land” does not include a public road.

- (3) The prohibition set out in subsection (1) does not apply to land to which the public usually has access and where the owner of the land has set aside an area where angling is permitted. 45

- (4) For the purpose of interpretation of the words “**written permission**” in subsection (1), the provisions of section 14 apply, read with the changes required by the context.

Prohibited acts pertaining to live fish 5

43. (1) No person may, without a permit import into, export from, transport in the Province or possess any live fish or spawn of any such fish.
- (2) The provisions of subsection (1) do not apply to fish listed in Schedule 5. 10

Trade in certain species of fish

44. No person may, without a permit – 15
- (a) sell or buy a fish which is a specially protected animal or the carcass or spawn of such fish;
- (b) sell or buy any live carp, bluegill sunfish, trout, black bass, banded tilapia or any other exotic invertebrate freshwater fauna; 20
- (c) sell or buy any fish which has been caught in contravention of this Act or any other law.

Removal of bait caught in inland waters 25

45. No aquatic invertebrate animal, whether alive or not, which has been caught in an aquatic system may, except under the authority of a permit –
- (a) be sold to any other person; or 30
- (b) be bought by any other person, except from a person authorised by any provision of this Act to sell it.

Obstruction of fish in aquatic systems 35

46. No person may place or cause or allow to be placed in any aquatic system any article or thing, other than a net of which the use in an aquatic system is authorised by any provision of this Act, which will or is likely to prevent the free passage of fish in such system. 40

Pollution of aquatic systems

47. (1) No person may deposit or cause or allow to be deposited – 45
- (a) in any aquatic system; or

- (b) in any place from where it is likely to percolate into or in any other manner enter any aquatic system,

anything, whether solid, liquid or gaseous, which is or is likely to be injurious to any fish or fish food or which, if it was so deposited in large quantities or numbers, would be injurious to fish. 5

- (2) No person may destroy or cause or allow to be destroyed aquatic habitat in an aquatic system, any riparian vegetation or instream spawning habitat. 10

Noxious aquatic growths

48. No person may import into, export from, transport in the Province, possess, place in an aquatic system, cultivate, propagate, trade in or acquire any noxious aquatic growth. 15

**CHAPTER 6
SUSTAINABLE UTILISATION OF PLANTS**

20

Restricted activities involving specially protected plants

49. (1) No person may, without a permit –
- (a) pick; 25
 - (b) import;
 - (c) export;
 - (d) transport;
 - (e) possess;
 - (f) cultivate; or
 - (g) trade in, 30

a specimen of a specially protected plant.

- (2) The provisions of subsection (1)(c), in so far as they prohibit the possession of a specially protected plant, do not apply to a landowner who is in possession of a specially protected plant which grows in its natural habitat and which was not planted by human interference. 35

Restricted activities involving protected plants 40

50. (1) Subject to the provisions of section 52, no person may, without a permit –
- (a) pick; 45
 - (b) import;
 - (c) export;

- (d) transport;
- (e) possess;
- (f) cultivate; or
- (g) trade in,

5

a specimen of a protected plant.

(2) The provisions of –

- (a) subsection (1), in so far as they prohibit the picking, donation, receiving as a gift or conveyance of a protected plant, do not apply to the flower of a protected plant that, for the private use of the landowner, is – 10

- (i) picked by the owner of the land on which the plant grows; 15

- (ii) picked on that land by a family member of the owner; or

- (iii) picked on that land by a person acting with the written permission of the owner; 20

- (b) subsection (1), in so far as they prohibit the import into or export from the Province, purchase or conveyance of a protected plant by any person, do not apply to a protected plant if that person can produce written permission or other documentary proof indicating that such plant was lawfully – 25

- (i) bought or received as a gift from a person in another province; 30

- (ii) bought or received as a gift from a person within the Province; or

- (iii) obtained from a registered nursery. 35

- (3) The provisions of subsection (1)(e), in so far as they prohibit the possession of a protected plant, do not apply to a landowner who is in possession of a protected plant which grows in its natural habitat and which was not planted by human interference. 40

- (4) For the purpose of interpretation of the words “**written permission**” in subsection (1) or (2), the provisions of section 14 apply, read with the changes required by the context.

Picking, receipt, possession, acquisition or handling of indigenous plants 45

51. (1) No person may, without a permit, pick an indigenous plant –

- (a) on a public road;
 - (b) on land next to a public road within a distance of 100 meters measured from the centre of the road; or
 - (c) within an area bordering any natural water course, whether wet or dry, up to and within a distance of 100 metres from the middle of a river on either side of the natural water course.
- 5
- (2) No person may, without a permit, pick any indigenous plant in such manner that it constitutes large-scale harvesting or for commercial purposes.
- 10
- (3) No person may collect firewood or pick, transport or remove any indigenous plant on land of which such person is not the owner without the owner's written permission.
- 15
- (4) Subsection (1)(a) and (b) do not apply to the land owner or his or her relative picking an indigenous plant which is not a specially protected or protected plant.
- 20
- (5) No person may -
- (a) receive an indigenous plant knowing that it was not picked lawfully;
 - (b) possess an indigenous plant in respect of which there is a reasonable suspicion that it was not picked lawfully and be unable to give a satisfactory account of such possession; or
 - (c) acquire or receive into his or her possession or handle an indigenous plant without having reasonable cause for believing, at the time of such acquisition, receipt or handling of such plant, that it was picked lawfully.
- 25
30
35

Nursery permit

52. (1) Any landowner may apply in writing to the Director for a nursery permit in respect of the whole or any portion of his or her land.
- 40
- (2) Any application made in terms of subsection (1) must -
- (a) in the case of agricultural land, include a full description of the land in respect of which application is made, including but not limited to proof of ownership, the farm name, farm number, magisterial district, the farm's boundaries and size and habitat assessment reflecting the current state of the vegetation thereon;
- 45

- (b) in the case of land situated within a township, include a full description of the property in respect of which the application is made, including but not limited to proof of ownership, the erf number, the size of the erf, the street name and number, the city or town, the suburb and magisterial district where the erf is situated; 5
 - (c) state the species of plant to which the application relates, the estimated number of such species that are to be found in its natural state on the land and the number of such species that are otherwise to be found on the land referred to in paragraph (a) or (b); 10
 - (d) set out the grounds on which the application is made; and 15
 - (e) set out the activities applied for.
- (3) For the purpose of deciding on the application, the Director may require the applicant to furnish him or her with any additional information he or she may consider necessary or desirable. 20
- (4) If the Director is satisfied that the application meets the required criteria, he or she may grant the application and, subject to the conditions he or she may consider necessary or desirable, issue the permit. 25
- (5) A nursery permit -
 - (a) is valid for the period specified therein; and
 - (b) may be withdrawn by the Director if the landowner fails to comply with or contravenes any of the conditions subject to which the permit was issued. 30
- (6) Subject to subsection (7), any nursery permit issued in terms of this section lapses upon the transfer or lease of the land or any portion of such land in respect of which it was issued. 35
- (7) The provisions of section 16, read with the changes required by the context, apply with regard to a nursery permit. 40

Application of certain provisions

53. For the purpose of this Chapter, the provisions of sections 11, 12, 13, 14, 15 and 25(2) apply, read with the changes required by the context.

Written permission by the landowner

54. (1) No person may perform any activity as described in section 49 or 50 on any land without the written permission of the landowner concerned. 5
- (2) The provisions in respect of land referred to in subsection (1) do not apply to the owner of such land.
- (3) For the purpose of interpretation of the words “**written permission**” in subsection (1), the provisions of section 14 apply, read with the changes required by the context. 10

**CHAPTER 7
INVASIVE SPECIES**

15

Invasive species

55. (1) No person may –
- (a) import, export, transport, possess or trade in an invasive species, including any specimen, carcass or derivative of such species; 20
- (b) cultivate a plant specimen of an invasive species; or
- (c) breed or keep an animal specimen of an invasive species. 25
- (2) The owner of land upon which an invasive species is found, must take the necessary steps to eradicate or destroy such species.

**CHAPTER 8
CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA (CITES)**

30

Prohibited acts regarding CITES species

35

56. No person may, without a permit –
- (a) import into the Province from another country; or
- (b) export from the Province to another country, 40
- any species of fauna or flora listed in Appendix I, II or III of CITES, including any specimen, carcass or derivative of such species.

CHAPTER 9 IMPLEMENTATION OF THE ACT

Regulations

57.	(1)	The responsible Member may make regulations regarding –	5
		(a) any matter that may or must be prescribed in terms of this Act;	
		(b) wildlife operators, game farms and nurseries;	10
		(c) any fee payable in terms of this Act;	
		(d) damage-causing animals, invasive species or pet species;	15
		(e) in general, any matter in respect of which it is necessary or expedient to make regulations in order to achieve the objects of this Act.	
	(2)	Before making regulations in terms of subsection (1), the responsible Member must publish the draft regulations for public comment in the <i>Provincial Gazette</i> .	20
	(3)	Any regulation made in terms of subsection (1)(c) may only be made with the concurrence of the Member of the Executive Council responsible for financial matters in the Province.	25
	(4)	Regulations made in terms of subsection (1) may –	
		(a) restrict or prohibit any act either absolutely or conditionally;	30
		apply –	
		(i) generally throughout the Province or only in a specified area or category of areas;	35
		(ii) to all persons or only a specified category of persons; or	
		(iii) with respect to all wild animals or plants or only a specified species of wild animal or plant or category of wild animal or plant; or	40
		differentiate between –	
		(i) different areas or categories of areas;	45
		(ii) categories of persons; or	

- (iii) species of wild animal or plant or category of species of wild animal or plant.

Delegation

- 58. (1) Subject to subsection (3), the responsible Member may delegate in writing any of his or her powers, functions or duties in terms of this Act to an officer on the establishment of the Department. 5
- (2) The Director may delegate in writing any of his of her powers, functions or duties in terms of this Act to any officer on the establishment of the Department. 10
- (3) The responsible Member may not delegate the power to make regulations or to declare hunting or angling seasons. 15

Destruction of evidence

- 59. No person may remove from any premises or destroy or dispose of any wild animal or plant or derivative thereof, or any book, register, document, vehicle, container, firearm, weapon, snare, trap, explosive, poison, noxious substance or any other thing to prevent the seizure thereof or the detection of any offence under this Act. 20

Offences

- 60. (1) Any person who – 25
 - (a) contravenes or fails to comply with any provision of this Act or any regulation made or instruction given or demand made thereunder; 30
 - (b) alters, fabricates or forges any document issued or required for the lawful performance of any act in terms of this Act; 35
 - (c) passes, uses, utters or has in his or her possession any altered, fabricated or forged document contemplated in paragraph (b);
 - (d) under a false name obtains any document contemplated in paragraph (b); 40
 - (e) while prohibited by an order of court from obtaining any document in terms of this Act, obtains or applies for such document;

- | | |
|--|----|
| (f) being the holder of any document issued under this Act authorising or directing him or her to perform any act or to perform any act in a specified manner, performs such act without having such document in his or her possession or not in the specified manner; | 5 |
| (g) fails to comply with any term or condition subject to which any document was issued to him or her under this Act; | |
| (h) falsely holds himself or herself out to be a nature conservator or landowner; | 10 |
| (i) hinders, obstructs or interferes with a nature conservator in the exercise of his or her powers or the performance of his or her functions under this Act or without good cause refuses or fails to furnish on demand any such officer with his or her name and address or with any information or document required by such officer for the purposes of this Act or furnishes any such officer with a false name and address; | 15 |
| (j) while in possession of a firearm having a barrel exceeding 100 mm in length or any other device as contemplated in section 9 intended to be used or which could be used for the hunting of wild animals, trespasses on land on which there is or is likely to be any wild animal; | 20 |
| (k) is found in possession of any wild animal or the carcass of any such animal, plant, fish or any fish bait and is unable to give a satisfactory account of such possession; | 25 |
| (l) knowingly makes a false statement in any application made or in any other document furnished by him or her in terms of any provision of this Act; or | 30 |
| (m) permits or allows any other person to do anything which is an offence in terms of this Act, | 35 |
| is guilty of an offence. | |
| (2) It is an offence for any person to disclose information about any other person if that information was acquired while exercising or performing any power or duty in terms of this Act, except – | 40 |
| (a) if the information is disclosed in compliance with the provisions of any law; | 45 |
| (b) if the person is ordered to disclose the information by a court; | |

- (c) if the information is disclosed to enable a person to perform a function in terms of this Act or a corresponding law or for the purposes of the administration of justice; or
- (d) if the permission of the person concerned is obtained. 5

Penalties

61. (1) A person convicted of an offence in terms of this Act is liable to a fine, or to imprisonment for a period not exceeding 10 years, or to both a fine and such imprisonment. 10
- (2) A fine in terms of subsection (1) may not exceed -
- (a) an amount prescribed in terms of the Adjustment of Fines Act, 1991 (Act No. 101 of 1991); or 15
 - (b) if a person is convicted of an offence involving a specimen of a specially protected or protected species or CITES species, an amount determined in terms of paragraph (a) or which is equal to three times the commercial value of the specimen in respect of which the offence was committed, whichever is the greater. 20
- (3) Where reference is made in subsection (2) to the commercial value of any species for the purposes of determining an appropriate penalty for an offence under this Act and different commercial values for the specific item exist in the market at that specific point in time, whether nationally or internationally, the commercial value of such species must be determined by the calculation of the average of the various commercial values existing in the market at that specific point in time. 25 30

Cancellation of permits, certificates and forfeiture of certain articles

62. (1) The court convicting any person of an offence under this Act -- 35
- (a) may issue an order that any certificate, licence, permit, written authority or exemption issued to such person under this Act be cancelled if in its opinion the rights conferred by such certificate, licence, permit, written authority or exemption were abused by such person in the commission of such offence; 40
 - (b) may issue an order disqualifying such person from obtaining any specified certificate, licence, permit, written authority or exemption under this Act for a specified period not exceeding five years; and 45

- (c) (i) may declare any animal, vehicle, vessel, boat, craft, float, aircraft or other means of conveyance (hereafter referred to as “means of conveyance”) and any weapon, instrument, receptacle or other thing (hereafter referred to as “article”) which was used for the purpose of or in connection with the commission of the offence and was produced to the court, to be forfeited to the Province, but that no declaration may be made in terms of this subparagraph in respect of any means of conveyance or article referred to in this subparagraph if the court is satisfied that the convicted person at the time of the commission of the offence was not the owner thereof and that the owner thereof was unable to prevent the use thereof by the convicted person; and 5
- (ii) must declare any wild animal or the carcass thereof or any plant in respect of which the offence was committed to be forfeited to the Province. 10
- (2) The registrar or clerk of any court which has – 15
- (a) issued an order under subsection (1)(a) or (b), must advise the Director of such order and of the sentence imposed on the convicted person; or 20
- (b) made a declaration under subsection (1)(c), must advise the Director of such order and of the sentence imposed on the convicted person and must also forward the article or thing to which the declaration relates to the Director for disposal in terms of section 63. 25
- (3) The provisions of section 35 of the Criminal Procedure Act, 1977 (Act No. 51 of 1977), read with the changes required by the context, apply in respect of any forfeiture in terms of this section. 30
- 35
- Disposal of licence fees, fines and proceeds of sale of articles declared forfeited**
63. All fees paid in respect of licences, permits, certificates, written authorisations or exemptions issued, all fines imposed in respect of offences and the proceeds of the sale of anything declared to be forfeited to the Province under this Act must be paid into the Provincial Revenue Fund. 40

Liability for loss, damage or deterioration of items in custody

64. (1) Subject to subsection (2), anything seized or removed by a nature conservator in terms of this Act, must be kept in such a manner that it is secured against loss or damage or deterioration and must, if no prosecution for an offence under this Act is instituted in connection therewith, be returned to the person from whose possession it was taken, if such person may lawfully possess such thing. 5
- (2) Pending the institution of any criminal proceedings in terms of this Act or the resolution of such proceedings, any live specimen that has been seized in terms of this Act must be deposited with a suitable institution, rescue centre or facility which is able and willing to house and properly care for it, but in the event that a suitable facility cannot be found, the Director may provide as the circumstances may require. 10 15
- (3) Neither the Department nor any other person is liable for any damage or loss caused by –
- (a) the exercise of any power or the performance of any function or duty under this Act; or 20
- (b) the failure to exercise any power or perform any function or duty under this Act, 25
- unless the exercise of or failure to exercise the power, or performance or failure to perform the function or duty was unlawful, negligent or in bad faith.

**CHAPTER 10
NATURE CONSERVATORS**

30

Appointment of nature conservators

65. (1) The responsible Member may, subject to subsection (3), appoint any person on the establishment of the Department as a nature conservator. 35
- (2) A nature conservator may exercise the powers and perform the functions assigned to his or her office by or under this Act. 40
- (3) Director may determine the qualifications and training programmes subject to which a nature conservator must be appointed.
- (4) Each nature conservator appointed under subsection (1), must be furnished with a certificate signed on behalf of the Department and stating that he or she is appointed as a nature conservator. 45

- (5) Whenever a nature conservator appointed in terms of subsection (1) performs a function under this Act in the presence of any person affected thereby, the nature conservator must, on demand by such person, produce to him or her the certificate referred to in subsection (4).

5

General powers and functions of nature conservators

- 66.** (1) To comply with his or her mandate in terms of this Act, and in addition to the powers set out elsewhere in this Act, a nature conservator may exercise all the powers assigned to a police official who is not a commissioned officer, in terms of Chapters 2, 5, 7 and 8 of the Criminal Procedure Act, 1977 (Act No. 51 of 1977). 10
- (2) The Director must, as soon as practicable after the coming into operation of this Act, apply to the Minister of Justice for all nature conservators or any other category of persons on the establishment of the Department to be declared peace officers in terms of section 334(1) of the Criminal Procedure Act, 1977 (Act No. 51 of 1977), for the purpose of exercising their powers in terms of subsection (1) or any other provision of this Act. 15
- (3) A nature conservator may – 20
- (a) demand the full name, identity number and address of any person who - 25
- (i) has committed an offence in terms of this Act or whom he or she reasonably suspects of having committed such offence; 30
- (ii) is reasonably deemed to be able to give evidence relating to an offence committed or reasonably suspected of having been committed in terms of this Act, 35
- and if such person furnishes to the nature conservator a name and address which such officer reasonably suspects to be false, he or she may arrest such person without warrant and detain such person for a period not exceeding twelve hours or until such time as such name or address has been verified; 40
- (b) instruct any person who, on land which is used for purposes of this Act, contravenes or fails to comply with a – 45
- (i) provision of this Act; or
- (ii) requirement or condition prescribed or determined in terms of this Act,
- to leave such land;

- (c) destroy a dog not used in lawful hunting and which is pursuing or searching for a wild animal;
 - (d) in exercising a power or performing a function in terms of this Act, make use of an interpreter and, if necessary, of one or more other persons, and such an interpreter or other person(s) is deemed to be a nature conservator while acting under control of the nature conservator; 5
 - (e) copy, or make extracts from any document, book or record, or any written or electronic information or other thing relevant for the purposes of an investigation or remove any such document, book, record, or written or electronic information or other thing in order to make copies or extracts; 10
 - (f) take photographs or make audio-visual recordings of anything or any person that is relevant for the purposes of an investigation; and 15
 - (g) take a sample from any animal or plant that is relevant for the purposes of an investigation. 20
- (4) A nature conservator must –
- (a) provide a receipt for any document, book, record or written or electronic information, or any specimen, article, substance or other thing, seized or removed in terms of this Act; and 25
 - (b) exercise his or her powers in a way that minimises any damage to, loss or deterioration of any premises or thing. 30

Powers of nature conservators regarding inspections and compliance with this Act

67. (1) A nature conservator may – 35
- (a) conduct inspections and monitor compliance with this Act;
 - (b) investigate an alleged contravention of this Act;
 - (c) question any person in respect of any matter connected with this Act, which may be relevant to an inspection; or 40
 - (d) question any person whom the nature conservator reasonably believes may have information relevant to an inspection.

- (2) A nature conservator may be accompanied during an inspection by a member of the South African Police Service or any other person reasonably required to assist in conducting the inspection.
- (3) A nature conservator may, if he or she has reason to believe that any provision of this Act or a condition subject to which a permit, licence or other document issued in terms of this Act has not been complied with, issue a non-compliance notice, in the form determined by the Director, to the holder of a permit, licence or other document issued in terms of this Act and must forward a copy of the notice to the Director. 5
10
- (4) A non-compliance notice must set out the alleged non-compliance contemplated in subsection (3) and the steps to be taken and must provide for a reasonable period within which steps must be taken in order to comply with such provisions. 15
- (5) A compliance certificate may be issued if the Director or nature conservator acting on behalf of the Director is satisfied that the steps have been taken to rectify the non-compliance contemplated in subsection (3) and set out in the non-compliance notice. 20
- (6) The provisions of subsections (3), (4) and (5) must not be interpreted so as to prevent a nature conservator from instituting any criminal charge.

CHAPTER 11 PERMITS AND OTHER AUTHORISATIONS

25

Issuing of permits, licences, certificates and written authorisations

- 68. The Director may – 30
 - (a) issue any permit, licence, certificate or any other written authorisation required by a provision of this Act and determine the form and contents thereof; and 35
 - (b) after due process, withdraw any such permit, licence, certificate or other written authorisation if the holder of the permit, licence, certificate or other written authorisation contravenes or fails to comply with a condition subject to which such document was issued. 40

Application for permits

- 69. (1) Any person may, in writing, apply to the Director for a permit, licence, certificate or any other written authorisation required by this Act by lodging an application on the form determined by the Director after payment of the prescribed fee. 45

- (2) After receiving an application in terms of subsection (1), the Director may request further information from the applicant before considering the application.
- (3) The Director may, after considering an application - 5
 - (a) refuse the application in writing, stating the reasons for the refusal;
 - issue the permit, licence, certificate or other written authorisation unconditionally; or 10
 - (b) issue the permit, licence, certificate or other written authorisation, subject to the conditions the Director may consider necessary or relevant. 15
- (4) A document issued in terms of subsection (3)(c) applies only to the extent that any condition subject to which it was issued, is complied with.
- (5) A person to whom a permit, licence, certificate, written authorisation, exemption or other document was issued in terms of this Act must carry the original document or a certified copy thereof on his or her person when performing the act for which the document was issued. 20

CHAPTER 12
GENERAL PROVISIONS

25

Retention of documents

70. The document or a certified copy of every document required by this Act must be retained by the person to whom it was furnished for a period of at least two years from the date on which it was so furnished or while he or she is in possession of the species or specimen to which it relates, whichever is the longer period. 30

35

Time of importation of animals and plants

71. Whenever a wild animal or plant is consigned to or brought into the Province, such wild animal or plant is deemed to have been imported into the Province – 40
- (a) in the case of a wild animal or plant consigned to a place in the Province and brought thereto in an aircraft, at the time when such aircraft on the flight in question first came within the control area of the airport authority in the Province or at the time of landing of such aircraft at the place of actual discharge of the wild animal or plant in the Province; 45

- (b) in the case of a wild animal or plant not consigned to a place in the Province, but brought thereto by an aircraft, at the time when such wild animal or plant were so landed;
- (c) in the case of a wild animal or plant brought into the Province overland or over inland waters or over seawaters, at the time when such wild animal or plant entered the Province; 5
- (d) in the case of a wild animal or plant brought into the Province by post or in any other manner, including introduction from the sea, at the time of importation in terms of paragraph (a), (b) or (c), according to the means of carriage of such wild animal or plant. 10

Exemption from provisions for scientific and other purposes

72. The Director may, at his or her discretion and subject to the conditions he or she may deem necessary or relevant, grant exemption in writing from any provision of this Act to – 15
- (a) any person doing research on any animal, plant, fish or any other matter related to this Act; or 20
 - (b) a nature conservator for purposes of performing his or her functions in terms of this Act. 25

Presumptions

73. (1) In any prosecution under this Act –
- (a) any wild animal, the carcass of any such animal or any firearm having a barrel exceeding 100 mm in length, found in or on or proved to have been in or on any vehicle, vessel, boat, craft, float, aircraft or other means of conveyance, is presumed to have been in possession of the person in charge of such vehicle, vessel, boat, craft, float, aircraft or other means of conveyance at the time of the commission of the offence, unless the contrary is proved; 30 35
 - (b) any person found or proved to have been in possession of any plant is presumed to have picked such plant in contravention of the provisions of this Act or to have bought it from a person not authorised by this Act to sell it, unless the contrary is proved; 40
 - (c) any person found or proved to have been in possession of any wild animal is presumed to have kept such animal in captivity at the time of the commission of the offence, unless the contrary is proved; 45

- (d) any person found removing or proved to have removed any wild animal or the carcass of any such animal from any trap, snare, pitfall, net, birdlime or other similar device is deemed to have laid or prepared such trap, snare, pitfall, net, birdlime or other device and to have captured the animal concerned, unless the contrary is proved; 5
- (c) any person who is found trespassing, while in control of a dog on any land on which wild animals are normally found or who is proved to have so trespassed on such land is presumed to have hunted the wild animals normally found on such land by the use of such dog, unless the contrary is proved. 10
- (2) Whenever – 15
 - (a) a vehicle, vessel, boat, craft, float, aircraft or other means of conveyance is being used or has been used for the purpose of or in connection with the commission of an offence under this Act; 15
 - (b) any wild animal, the carcass of such animal, fish or plant in respect of which an offence is being committed or has been committed under this Act is found in or on or has been in or on a vehicle, vessel, boat, craft, float, aircraft or other means of conveyance; or 20
 - (c) a weapon, line, poison, net or any other object which would be used for the hunting of wild animals or the catching of fish or any object used for the removal of a plant and which is being used or was used or forms or formed an element in the commission of an offence under this Act, is found in or on or has been in or on a vehicle, vessel, boat, craft, float, aircraft or other means of conveyance, 25
- the owner of such vehicle, vessel, boat, craft, float, aircraft or other means of conveyance as well as the person in charge thereof at the time of the commission of the offence or at the time when the wild animal, carcass, fish, plant or any object contemplated in paragraph (c) is found or was in or on such vehicle, vessel, boat, craft, float, aircraft or other means of conveyance, is presumed to have committed the offence concerned and is liable to be convicted and sentenced in respect thereof, unless it is proved that he or she did not commit such offence and was unable to prevent the commission thereof. 30
- 35
- 40

Repeal of laws and savings

74. (1) Subject to subsection (2) –
- (a) the Problem Animal Control Ordinance, 1957 (Ordinance No. 26 of 1957); and 5
 - (b) the Nature and Environmental Conservation Ordinance, 1974 (Ordinance No. 19 of 1974), 10
- are hereby repealed.
- (2) Anything done or any document issued in terms of a law repealed by subsection (1), and which may be done or issued in terms of a provision of this Act, must be considered as having been done or issued in terms of the latter provision. 15

Short title and commencement

75. This Act is called the Northern Cape Nature Conservation Act, 2008, and comes into operation on a date fixed by the Premier by proclamation in the *Provincial Gazette*. 20

SCHEDULE 1 / SKEDULE 1

SPECIALLY PROTECTED SPECIES / SPESIAAL BESKERMDE SPESIES

CITES

All exotic species of fauna and flora referred to in Appendix II, to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (Washington DC 1973), as amended from time to time.

Alle uitheems spesies van plante en diere soos gelys in "Appendix II, to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (Washington DC 1973)", soos van tyd tot tyd gewysig.

Family/Familie: MACROSCELIDIDAE

Elephantulus edwardii (A. Smith, 1839)

Elephant Shrew - All species

Klaasneusmuis - Alle spesies

Elephantulus myurus Thomas & Schwann, 1906

Cape rock elephant-shrew

Elephantulus rupestris (A. Smith, 1831)

Eastern rock elephant-shrew

Macroscelides proboscideus (Shaw, 1800)

Western rock elephant-shrew

Order/Orde: HYRACOIDEA

Round-eared elephant-shrew

Ronde-oor klaasneus

Dendrohyrax arboreus (A. Smith, 1827)

Tree hyrax / Dassie

Boomdassie

Heterohyrax brucei (Grey, 1868)

Yellow-spotted rock hyrax / Dassie

Geelkoldassie

Order/Orde: LAGOMORPHA

Lepus capensis Linnaeus, 1758

Cape hare

Vlakhaas

Lepus saxatilis F. Cuvier, 1823

Scrub hare

Kolhaas

Pronolagus randensis Jameson, 1907

Jameson's red rock rabbit

Jameson-rooiklipkonyn / Randse rooihaas

Pronolagus saundersiae (Hewitt, 1927)

Hewitt's red rock rabbit

Hewittse rooikliphaas

Pronolagus crassicaudatus (L. Geoffroy Saint-Hilaire, 1823)

Natal red rock rabbit

Natal-rooiklipkonyn / Natal rooihaas

Pronolagus rupestris (A. Smith, 1834)

Smith's red rock rabbit

Smith-rooiklipkonyn / kliphaas

Order/Orde: RODENTIA

Acomys spinosissimus (Peters, 1852)

Spiny mouse

Stekelmuis

Acomys subspinosus (Waterhouse, 1838)

Cape spiny mouse

Kaapse stekelmuis

Aethomys chrysophilus (De Winton, 1897)

Red veld rat

Afrikaanse bosrot

Aethomys granti (Wroughton, 1908)

Grant's rock mouse

Grantse klipmuis

Aethomys ineptus (Thomas & Wroughton, 1908)

Tete veld rat

Tete bosrot

Aethomys namaquensis (A. Smith, 1834)

Namaqua rock mouse

Namakwalandse klipmuis

<i>Bathyergus suillus</i> (Von Schreber, 1782)	Cape dune mole-rat	Kaapse duinmol
<i>Cryptomys damarensis</i> (Ogilby, 1838)	Damaraland mole-rat	Damaralandse vaalmol / swart blesmol
<i>Cryptomys hottentotus</i> (Lesson, 1826)	African mole-rat	Vaalmol / grysmol
<i>Dasymys capensis</i> Roberts, 1836	Cape marsh rat	
<i>Dasymys sp. B</i>	Roberts' marsh rat	
<i>Dendromys melanotis</i> (A. Smith, 1834)	Grey climbing mouse	Grysklimmuis/ grysboommuis
<i>Dendromys mesomelas</i> (Brants, 1827)	Brants' climbing mouse	Brantse klimmuis / rooiboommuis
<i>Dendromys mystacalis</i> Heuglin, 1863	Chestnut climbing mouse	Roeskleurklimmuis
<i>Desmodillus auricularis</i> (A. Smith, 1834)	Short-tailed gerbil	Kortstertnagmuis / Namakwalandse nagmuis
<i>Gerbillurus paebe</i> (A. Smith, 1836)	Hairy-footed gerbil	Haarpootnagmuis
<i>Gerbillurus vullinus</i> (Thomas, 1918)	Brush-tailed hairy-footed gerbil	Borselsterhaarpootnagmuis / borselsternagmuis
<i>Graphiurus murinus</i> (Desmarest, 1822)	Woodland dormouse	Boswaaiertstertmuis
<i>Graphiurus oculus</i> (A. Smith, 1829)	Spectacled dormouse	Gemsbokmuis
<i>Hystrix africaeustralis</i> Peters, 1852	Cape porcupine	Ystervark / Kaapse ystervark
<i>Malacothrix typica</i> (A. Smith, 1834)	Gerbil mouse	Bakoomuis
<i>Mastomys coucha</i> (A. Smith, 1836)	Southern multimammate mouse	Vaalveldmuis
<i>Mastomys natalensis</i> (A. Smith, 1834)	Natal multimammate mouse	Natalse vaalveldmuis
<i>Mus indutus</i> (Thomas, 1910)	Desert pygmy mouse	Woestynndwergmuis
<i>Mus minutoides</i> A. Smith, 1834	Pygmy mouse	Dwergmuis
<i>Myomyscus verreauxi</i> (A. Smith, 1834)	Verreaux's mouse	Verreauxse muis
<i>Otomys angoniensis</i> Wroughton, 1906	Angoni vlei rat	Angoni-vleirot
<i>Otomys irroratus</i> (Brants, 1827)	Vlei rat	Vleirot
<i>Otomys laminatus</i> (Thomas & Schwann, 1905)	Laminate vlei rat	Bergvleirot / bergvleimuis
<i>Otomys saundersiae</i> Roberts, 1929	Saunders' vlei rat	Kaapse vleirot
<i>Otomys unisulcatus</i> F. Cuvier, 1829	Bush vlei rat	Karoo se bosrot / boskaroort
<i>Paraxerus cepapi</i> (A. Smith, 1836)	Tree squirrel	Boomeekhorring
<i>Parotomys brantsii</i> (A. Smith, 1834)	Brants' whistling rat	Brants se fluitrot
<i>Pedetes capensis</i> (Forster, 1778)	Springhare	Springhaas
<i>Petromyscus barbouri</i> Shortridge & Carter, 1938	Barbour's rock mouse	Barbourse klipmuis
<i>Petromyscus collinus</i> (Thomas & Hinton, 1925)	Pygmy rock mouse	Dwergklipmuis / kleinklipmuis / Damaralandse klipmuis
<i>Petromyscus monticularis</i> (Thomas & Hinton, 1925)	Brukkaros pygmy rock mouse	Brukkaros-dwergklipmuis, Brukkaros-klipmuis
<i>Rhabdomys pumilio</i> (Spearman, 1784)	Four-striped grass mouse	Streepmuis
<i>Saccostomus campestris</i> Peters, 1846	Pouched mouse	Wangsakmuis
<i>Steatomys krebsii</i> Peters, 1852	Krebs's fat mouse	Krebs se vetmuis
<i>Steatomys pratensis</i> Peters, 1846	Fat mouse	Vetmuis
<i>Tatera afra</i> (Gray, 1830)	Cape gerbil	Kaapse nagmuis
<i>Tatera brantsii</i> (A. Smith, 1836)	Highveld gerbil	Hoëveldse nagmuis / Basoetolandse nagmuis
<i>Thallomys nigricauda</i> (Thomas, 1882)	Black-tailed tree rat	Swartstertboomrot / swartstertrot
<i>Thallomys paedulus</i> (Sundevall, 1846)	Acacia rat	Boomrot
<i>Thryonomys swinderianus</i> (Temminck, 1827)	Greater canerat	Grootrietrot / rietrot
<i>Xerus inauris</i> (Zimmermann, 1780)	South African ground squirrel	Waaierstertgrondeekhorring
<i>Zelotomys woosnami</i> (Schwann, 1906)	Woosnam's desert mouse	Woosnamse woestynrot
Order/Orde: PRIMATES		
None specified / Geen gespesifiseer		
Order/Orde: EULIPOTYPHILA		
Family/Familie: SORICIDAE		
Order/Orde: CHIROPTERA		
<i>Chaerephon ansorgei</i> (Thomas, 1913)	Ansorge's free-tailed bat	Ansorgese losstertvlermuis
<i>Chaerephon pumila</i> (Cretzschmar, 1826)	Little free-tailed bat	Kleinlosstertvlermuis
<i>Eidolon helvum</i> (Kerr, 1792)	Straw-coloured fruit bat	Geelrugtevlermuis
<i>Epomophorus wahlbergi</i> (Sundevall, 1846)	Wahlberg's epauletted fruit bat	Wahlbergse witkolrugtevlermuis
<i>Eptesicus hottentotus</i> (A. Smith, 1833)	Long-tailed serotine bat	Langstertdakvlermuis
<i>Hipposideros commersoni</i> (L. Geoffroy Saint-Hilaire, 1813)	Commerson's roundleaf bat	Commersonse bladneusvlermuis
<i>Mops condylurus</i> (A. Smith, 1838)	Angolan free-tailed bat	Angola-losstertvlermuis
<i>Mops midas</i> (Sundevall, 1843)	Midas free-tailed bat	Midasse losstertvlermuis
<i>Mormopterus acetabulosus</i> (Hermann, 1804)	Natal free-tailed bat	Natalse losstertvlermuis
<i>Neoromicia capensis</i> (A. Smith, 1829)	Cape serotine bat	Kaapse dakvlermuis
	Shrews - All species	Skeerbekmuis - Alle spesies

<i>Neoromicia nanus</i> (Peters, 1852)	Banana bat	Piesangvlermuis
<i>Neoromicia zuluensis</i> Roberts, 1924	Aloe serotine bat	Aalwyndakvlermuis / aalwynvlermuis
<i>Nycteris thebaica</i> E. Geoffroy Saint-Hilaire, 1813	Egyptian slit-faced bat	Gewone spleetneusvlermuis
<i>Nycticeinops schlieffenii</i> (Peters, 1859)	Schlieffen's bat	Schlieffense vlermuis
<i>Otomops martiensseni</i> (Matschie, 1897)	Large-eared free-tailed bat	Bakoorlosstertvlermuis
<i>Pipistrellus hesperidus</i> (Kuhl, 1817)	African pipistrelle	Kuhlse vlermuis / Kuhlvlermuis
<i>Pipistrellus rueppellii</i> (J.B. Fischer, 1829)	Rüppell's pipistrelle	Rüppellse vlermuis
<i>Rhinolophus simulator</i> K. Andersen, 1904	Bushveld horseshoe bat	Bosveldsaalneusvlermuis
<i>Rousettus aegyptiacus</i> (E. Geoffroy Saint-Hilaire, 1810)	Egyptian rousette	Egiptiese vrugtevlermuis / vrugtevlermuis
<i>Sauromys petrophilus</i> (Roberts, 1917)	Flat-headed free-tailed bat	Platkoplosstertvlermuis
<i>Scotophilus dinganii</i> (A. Smith, 1833)	African yellow bat	Geel dakvlermuis
<i>Scotophilus viridis</i> (Peters, 1852)	Greenish yellow bat	Klein geel dakvlermuis
<i>Tadarida aegyptiaca</i> (E. Geoffroy Saint-Hilaire, 1818)	Egyptian free-tailed bat	Egiptiese losstertvlermuis
<i>Tadarida fulminans</i> (Thomas, 1903)	Madagascan large free-tailed bat	Madagaskarse grootlosstertvlermuis
<i>Tadarida ventralis</i> (Heuglin, 1861)	African free-tailed bat	Transvaalse losstertvlermuis
<i>Taphozous mauritanus</i> (E. Geoffroy Saint-Hilaire, 1818)	Mauritian tomb bat	Witylvvlermuis
<i>Taphozous perforatus</i> (E. Geoffroy Saint-Hilaire, 1818)	Egyptian tomb bat	Egiptiese witylvvlermuis
Order/Orde: CARNIVORA		
<i>Aonyx capensis</i> (Schinz, 1821)	African / Cape clawless otter	Groototter
<i>Arctocephalus pusillus</i> (Von Schreber, 1775)	South African fur seal	Kaapse pelsrob
<i>Arctocephalus tropicalis</i> (Gray, 1872)	Subantarctic fur seal	Subantarktiese pelsrob
<i>Atilax paludinosus</i> (G. Cuvier, 1829)	Marsh mongoose / water mongoose	Kommetjiegatmuishond
	Yellow mongoose	Geelmuishond / rooimeerkat / witkwasmuishond
<i>Cynictis penicillata</i> (G. Cuvier, 1829)	Cape grey mongoose	Kleingrysmuishond / Kaapse grysmuishond
<i>Galerella pulverulenta</i> (Wagner, 1839)	Slender mongoose	Swartkwasmuishond, rooimuishond
<i>Galerella sanguinea</i> (Rüppell, 1836)	Small-spotted genet	Kleinkolmuskejaatk
<i>Genetta genetta</i> Linnaeus, 1758	Common large-spotted genet	Grootkolmuskejaatk / rooikolmuskejaatk
<i>Genetta maculata</i> (Gray, 1830)	South African large-spotted genet	Dwergmuishond
<i>Genetta tigrina</i> (Von Schreber, 1776)	Dwarf mongoose	Grootgrysmuishond
<i>Helogale parvula</i> (Sundevall, 1847)	Large grey mongoose	Witstermuishond
<i>Herpestes ichneumon</i> (Linnaeus, 1758)	White-tailed mongoose	Gebande muishond / barasinga
<i>Ichneumia albicauda</i> (G. Cuvier, 1829)	Banded mongoose	Stokstertmeerkat
<i>Mungos mungo</i> (Gmelin, 1788)	Meerkat / Suricate	Silwervos
<i>Suricata suricatta</i> (Von Schreber, 1776)	Cape fox / Silver jackal	
<i>Vulpes chama</i> (A. Smith, 1833)		
Order/Orde: PERISSODACTYLA		
<i>Equus quagga</i> Gmelin, 1788	Plains zebra	Vlaktezebra / bontzebra
