36	National Water Act (36/1998): Kudumane Manganese Resources Water use license application for the York, Hotazel, and Devon Projects	2090 4

GENERAL NOTICES • ALGEMENE KENNISGEWINGS

NOTICE 36 OF 2017

**KUDUMANE MANGANESE RESOURCES
WATER USE LICENSE APPLICATION FOR
THE YORK, HOTAZEL, AND DEVON
PROJECTS**

Kudumane Manganese Resources (Pty) Ltd (Kudumane) operates an opencast manganese mine on the farm York A 279, directly adjacent and to the south-west of the town of Hotazel in the John Taolo Gaetsewe District Municipality and the Joe Morolong Local Municipality in the Northern Cape. Kudumane is proposing to expand its mining operations onto the farm Hotazel 280 by developing a new open pit and associated infrastructure and onto the farm Devon 277 by developing the existing historical open pit. In addition, Kudumane is planning to extend the approved York pit and abstract water from boreholes to provide make-up water.

Water uses being applied for in terms of the National Water Act (NWA, No. 36 of 1998):

On the farm Hotazel 280: Section 21(a) to abstract groundwater. Section 21 (b) to store clean water in a potable water tank. Section 21(c) & (i) for the open pit to encroach within 100m of the Ga-Mogara River and to construct a flood defence berm. Section 21(g) for disposing of waste on a waste rock dump, conducting dust suppression along haul roads, storing run of mine on a stockpile and disposing of contaminated water in a steel dam. Section 21 (j) to dewater the open pit.

On the farm York A279: Section 21(a) to abstract groundwater. Section 21(c) & (i) for the open pit to encroach within 100m of the Ga-Mogara River and to construct a flood defence berm. Section 21(g) for disposing of contaminated water in pollution control dams and conducting dust suppression using treated sewage effluent.

On the farm Devon 277: Section 21(g) for disposing of waste onto waste rock dump areas, and storing ore onto ore stockpile areas.

Application: Will be submitted to Department of Water and Sanitation in terms of Regulation No. 267 (24 March 2017) of the NWA.

Any queries, comments and/or objections to the application are to be received in writing by the person listed below by no later than **22 May 2017**

SLR Consulting (South Africa) (Pty) Ltd has been appointed as the independent environmental practitioner responsible for undertaking the necessary environmental work and conducting the public participation process for the project.
