ECONOMIC INFORMATION MANAGEMENT

Invitation to bid

In order for the Department of Economic Development to support, monitor and evaluate the attainment of its objectives of promoting and facilitating economic development in the Province of KwaZulu-Natal, it needs amongst other things, sectoral economic data, statistics and information resources covering various economic indicators. The Economic Information Management (EIM) Sub-Programme of the Department of Economic Development is intended to be a "one stop economic information house" that stores and disseminates economic data, statistics, publications and other relevant information for use by the Department of Economic Development staff and management, towards achieving its objectives.

Towards this, the EIM sub-Programme is implementing a range of projects and is inviting Bids from service providers (individual firms / consultants or a consortium of firms) for the following respective projects:

BID NUMBER	EIM Project title	Description
01DED/2006	(1) Survey and analysis of the economic impact of welfare grants on selected KwaZulu-Natal Communities	This project will investigate and report on welfare grants spending in KwaZulu-Natal and the proportion of grants retained in further rounds of spending in recipient communities, against government economic priorities and development imperatives, and particular KZN needs. The research report should include recommendations for the DED towards enabling strategies to enhance regional economic development.

02DED/2006

(2) Analysis of specific Department of Economic Development, KwaZulu-Natal Interventions quantifying both the costs and the socio economic benefits that have resulted from the DED interventions

The overall aim of this study is to evaluate the costs and benefits of specific interventions, undertaken pertaining to specified sub-programs, to quantify the costs associated with, and benefits derived from specific interventions, and to design and implement a monitoring system that will enable on-going tracking of interventions and outcomes.

Technical enquiries regarding the EIM projects should be made to the Deputy Manager, EIM: Ms Zelda Roberts via Telephone: (031) 3105518, or email (robertsz@kznded.gov.za).

For each application, four sealed copies of the application, clearly marked "EIM project application" and the project title, addressed to Supply Chain Management, Department of Economic Development, and must be deposited into the Bid Box at the 1st Floor, The Marine, 22 Gardiner Street, Durban.

Service providers for all these projects will be selected primarily on the basis of service excellence they can provide, their commitment to Black Economic Empowerment (i.e. support of SMME's and PDI's), their knowledge of the area, and the competitiveness of their proposal. All proposals will be evaluated on an 80:20 preference point system.

Applicants must (1) be registered with the Provincial Treasury Service Providers Database, and (2) strictly abide by the requirements of the KZN Supply Chain Management Framework - more particularly in terms of Declarations and the submission of an original Tax Clearance Certificate. A Provincial Treasury Service Providers Database number must be provided as part of the documentation, together with a completed ZNT30 Form (preference points application).

Terms of Reference for the above projects and Provincial Treasury Forms are available from the SCM Practitioners Ms S. R. Khanyile, Telephone: (031) 3105515 or Ms L. M. Khoza, Telephone: (031) 3105341, Fax: (031) 3105418.

The closing date for applications is 2006-09-29, at 11:00.

E-mailed, telefaxed or late tenders will not be accepted. Tenders submitted without the basic requirements or clear evidence of Provincial Treasury Database Registration (Database number) will be immediately disqualified.

Tenders are valid for a period of 12 (twelve) months, and the KwaZulu-Natal Department of Economic Development reserves the right not to accept the lowest tender or any tender it receives.
