## DEPARTMENT OF ECONOMIC DEVELOPMENT

## SECTOR DEVELOPMENT PROJECTS

The Sector Sub-Programme of the Department of Economic Development provides support services to prioritised economic sectors to grow their international competitiveness and to meet government policy priorities of job creation, economic growth and transformation. Our services are aimed at unlocking and stimulating the competitiveness of prioritised economic sectors across the value chain in partnership with industry stakeholders. The Sector Programme focuses on identified priority economic sectors requiring government support namely the Arts and Crafts, Agribusiness, Creative Industries Clothing and Textiles, Furniture, and Information and Communication Technology Sectors. The key objectives are to:

- Stimulate the international competitiveness of the KZN economy, by leveraging resources through strategic partnerships for implementing economic projects.
- To enable the retention and creation of sustainable quality jobs through productivity, training, technology and investments.
- To facilitate the implementation of strategic high impact projects that stimulates the international competitiveness of prioritised sectors.

The Sector Programme is implementing a range of projects in each of the sectors and is inviting service providers (individual firms/consultants or a consortium of firms) to bid for the following projects.

Bid number:	Sector Development project title	Description
04DED/2006	KwaZulu-Natal Agribusiness Development Strategy AND Implementation Plan	The aim of the project is to formulate a strategy and implementation plan for Agribusiness Development in KwaZulu-Natal to provide an enabling environment for Agribusiness development and achieve co-ordinated support from national, provincial and local government and public entities. The

		project is targeted at all the key role players and stakeholders in the Agribusiness Sector in KwaZulu-Natal including established agribusiness, emerging agribusiness, local government, provincial government, national government and public entities as well as trade unions. The principal target of the project will however be local government, provincial government and other public entities charged with the responsibility of creating an enabling environment for Agribusiness Development.
05DED/2006	Regional HUB at Jozini	The aim of the project is to ascertain the feasibility of establishing a Vegetable Hub at Jozini, in support of vegetable production initiatives being undertaken in the area and to detail an implementation plan for the construction and operationalisation of the envisaged Hub. The project further aims to develop a strategy for the production and marketing of vegetables in DC27 for the central Regional Hub.
06DEDED/2006	Facilitation of institutional and business development, as well as Agriprocessing and market development component of the Nxamalala farmers initiative	The project entails overseeing the establishment of the agribusiness unit (secondary co-operatives) through the co-ordination of partners, the identification and procurement of inputs, goods and services required, as well as putting in place a skills and business development programme. This initiative aims to support the co-operative movement through establishment of secondary agricultural co-operatives which will further operate as an agribusiness service centres for primary co-operatives through provision of agricultural inputs, value adding activities and securing of markets as well as dissemination of agribusiness market information. This initiative is believed to be a better alternative to support small and upcoming producers who are currently unable to secure access in the formal markets due to challenges such as quality, quantity and access to production and value adding inputs. The viability of this initiative would be verified by a feasibility study for the agro-processing and marketing component the Nxamalala Farmers Initiative. The initiative will further evaluate an appropriate institutional structure as well as packaging a business and implementation plan based on both primary and secondary co-operative model.

Technical enquiries should be made to the **Project Manager: Sector Development: Mr Thati Tladi** via phone (031) 3105470, or email [tladit@kznded.gov.za](mailto:tladit@kznded.gov.za)
