Summary on the State of Local Government Revenue and Expenditure:**First Quarter Consolidated Statement for the period 1 July 2016 – 30 September 2016**

Section 71 of the Municipal Finance Management Act (MFMA) requires that the Provincial Treasury must, within 30 days after the end of each quarter, make public as prescribed a consolidated statement on the state of municipal budgets.

This publication forms part of the In-Year Management, Monitoring and Reporting System for Local Government which enables the Provincial Treasury to exercise oversight over municipalities in the Western Cape. It provides a high level review of the implementation of municipal budgets for the first quarter ending 30 September 2016.

Key Aggregate Trends:

1. For the quarter under review the overall compliance rate for the submission of the municipal section 71 returns forms was 100 per cent, 98.3 per cent and 100 per cent respectively for the months of July, August, September 2016.
2. Cederberg, George and Swellendam municipalities achieved 90 per cent compliance for the month of August 2016 due to errors on one of the return forms, the corrected return forms were submitted after the 10th working day.
3. Central Karoo District Municipality achieved 80 per cent compliance for the month of August 2016 due to the Statement of Financial Performance and the Repairs and Maintenance returns that was submitted in the incorrect format, the correct return forms was subsequently submitted.
4. Non-compliance letters were issued to the contravening municipalities.
5. On aggregate, municipalities spent 19.0 per cent, or R11.55 billion of the total original budget of R60.84 billion as at 30 September 2016.
6. The year-to-date budget implementation can be summarized as follows:

7. In respect of revenue, aggregate billing and other revenue amounted to R14.44 billion or 28.7 per cent of the original budget of R50.41 billion of which the aggregated other own revenue is considered low reporting at 23.8 per cent at the end of the first quarter.
8. The year-to-date actual revenue is impacted by annual billings raised at the start of the financial year by eleven municipalities and does not reflect the actual amount collected to-date.
9. In the period under review, capital expenditure amounted to R1.15 billion or 11.9 per cent of the original capital budget of R9.66 billion. The year-on-year comparison indicated that the budget performance marginally improved by 1.4 percentage points when compared to R1.02 billion reported in September 2015.
10. The year-to-date capital budget implementation reflects that the Western Cape municipalities are behind schedule on their capital spending projections. The lowest capital performance is noted with the five district municipalities while the Metro is the largest contributor for the year-to-date capital spending at R852.71 million (74.2 per cent of the aggregated spending to-date). On review of the capital progress it was noted that the contributing factors for the sluggish performance of the capital budget are mainly due to supply chain processes being in the planning phases. It was further noted that the capital expenditure to-date for municipalities has been largely funded by capital grants.
11. Of the original aggregated operating expenditure budget of R51.18 billion, R10.40 billion (20.3 per cent) was spent by 30 September 2016.
12. Employee costs represent the largest component of the operating expenditure to-date and constitute 6.9 per cent of the total operating expenditure budget of R51.63 million. For the period to-date, spending for employee cost is reported at R3.55 billion or 23.0 per cent of the original

employee cost budget and translate to 3.3 per cent below the year-to-date budget mainly due to vacant posts not yet filled.

13. The metropolitan municipality (City of Cape Town) reported year-to-date operating expenditure of R7.29 billion or 21.1 per cent of the original operating expenditure budget of R34.54 billion which is below the municipal aggregate of 23.0 per cent. The year-to-date capital performance of 12.6 per cent shows a marginal decline year-on-year when compared to the 12.7 per cent performance reported in September 2015.
14. The aggregated year-to-date operating expenditure reported by the secondary cities (Drakenstein, George and Stellenbosch Municipalities), amounts to R882.05 million or 17.4 per cent of the original operating expenditure budget of R5.06 billion and which is 5.6 per cent lower than the municipal aggregate of 23.0 per cent. Capital spending levels for secondary cities are low at an average of 8.8 per cent against the average original capital budgets amounting to R1.28 billion.
15. When billed revenue is measured against the Metro's original revenue budget, the performance shows surpluses for three of the four core services for the first quarter of 2016/17; refer to table C2 on page 41 of this gazette. This does not take into account the collection rate:
 - Electricity revenue billed was R3.22 billion against expenditure of R2.47 billion (23.3 % surplus);
 - Water revenue billed was R744.94 million against expenditure of R606.95 million (15.5% surplus);
 - The revenue billed for waste water management was R457.23 million against expenditure of R346.85 million (24.1% surplus), and
 - Levies for waste management billed were R306.20 million against expenditure R426.11 million (39.2% deficit).
16. As at 30 September 2016, the aggregated operating revenue for secondary cities (Drakenstein, George and Stellenbosch Municipalities) amounted to R1.69 billion or 35.3 per cent of their total original revenue budgets amounting to R4.78 billion.
17. The performance for the four core services reported by the secondary cities as at 30 September 2016 also shows surpluses against billed revenue without taking into account the collection rate: refer to table C2 on page 41 of this gazette:
 - Electricity revenue billed was R507.73 million against expenditure of R385.47 million (24.1 % surplus);
 - Water revenue billed was R99.63 million against expenditure of R35.88 million (63.9% surplus);
 - The revenue billed for waste water management was R195.89 million against expenditure of R43.70 million (77.7% surplus), and
 - Levies for waste management billed were R189.14 million against expenditure R41.22 million (19.5% deficit).

18. Waste management performs lower for the Metro and the Secondary cities when compared to the other core services.
19. Aggregate municipal consumer debts as at 30 September 2016 amounted to R9.88 billion. Government accounts for 0.4 per cent or R39.53 million. The largest component relates to households which owes municipalities 79.9 per cent or R7.90 billion.
20. It needs to be acknowledged that not all the outstanding debt of R9.88 billion is realistically collectable as these amounts are inclusive of debt older than 90 days (historic debt that has accumulated over an extended period), interest on arrears and other recoveries.
21. Debt older than 90 days amount to R6.61 billion or 66.9 per cent of the total outstanding debtors, indicating that the actual realistically collectable debt (limited to below 90 days) is estimated at R3.27 billion.
22. The Metro is owed R7.32 billion in outstanding debt as at 30 September 2016.
23. Households in the metropolitan areas are reported to account for R6.08 billion or 83.1 per cent of outstanding debt while government departments are reporting a credit of R81.84 million owed by the Metro. The negative amount reported by government departments is as a result of the National and Provincial Department of Transport and Public Works that made payment in advance. The rest of the government departments owe the Metro R123.81 million as at 30 September 2016.
24. Secondary cities are owed R741.25 million in outstanding consumer debt. The majority of the debts are owed by households which amounted to R489.64 million or 66.1 per cent. Of the total debt, R366.26 million or 49.4 per cent has been outstanding for more than 90 days.
25. Municipalities owed their creditors R614.53 million of which R97.58 million or 15.9 per cent are older than 30 days at 30 September 2016. Municipalities indicated that the creditors over 30 days are as a result of invoices processed by the stores department but not yet received for payment by the creditors department; invoices which have been received late; outstanding statements; disputes and queries.
 - It should be noted that Kannaland and Oudtshoorn Municipalities has arrangements in place with Eskom and are adhering to the terms and conditions stipulated in the arrangement. The Eskom arrears account of Cederberg has been settled in full.
 - Oudtshoorn Municipality also indicated that they have instituted arrangements with 6 other creditors amounting to R40.73 million. Monthly payments of R2.69 million are processed in respect of those creditors.
 - Kannaland Municipality has indicated that arrangements with other creditors to settle overdue accounts have also been instituted.

- Theewaterskloof Municipality has lodged a Section 44 dispute pertaining to the overdue debt owed to the Overberg Water Board. The process is spearheaded by the Department of Water and Sanitation and communications and is currently underway.

26. The total borrowing performance reported for all municipalities equates to R423.64 million (10.8 per cent) against the original budget of R3.92 billion as at 30 September 2016.
27. Amongst others, the conditions set in DoRA requires municipalities to report on monthly and quarterly basis information on grant amounts received, spent, withheld and stopped in accordance with sections 71 and 74 of the MFMA. The aggregated capital grant expenditure reported by municipalities as at 30 September 2016 is at 14.7 per cent or R485.22 million of the R3.31 billion transferred to municipalities.
28. In summary the low capital performance raises concern and although cognisance is taken that this is the first quarter of the financial year, municipalities in the past has been encouraged to start earlier with the implementation of the supply chain management process plans. Municipalities should be mindful of its monitoring and implementation plans of the capital program ensuring their IDP deliverables and service delivery objectives are adequately met.
29. Provincial Treasury supports municipalities on an ongoing basis in terms of revenue and expenditure management. Support includes on-site support with budget verifications, Annual Budget and In-Year Monitoring training, Cash Management training and Revenue Management Master Class as well as facilitating the reduction of government debt owed to municipalities in conjunction with various government departments.
