(2) Die vlieënier en iedere ander persoon wat asdan in beheer van 'n lugvaartuig is, moet sorg dat daar afdoende voorsorgsmaatreëls getref is om ongemagtigde persone op 'n veilige afstand van die lugvaartuig te hou voordat die motore aan die gang gesit word en solank as wat enige motor loop.

(3) Tensy daar skriftelik anders met die lughawebestuurder gereël is, moet alle gelde wat ingevolge hierdie verordeninge ten opsigte van 'n lugvaartuig verskuldig is, deur of namens die ekspluitant daarvan betaal word voordat so 'n lugvaartuig van die lughawe af vertrek: Met dien verstande dat hierdie artikel nie van toepassing is op 'n lugvaartuig wat met die oog op 'n proef- of opleidingsvlug opstyg nie.

JOHANNESBURG MUNICIPALITY.—AMENDMENT OF BY-LAWS FOR THE SUPPLY AND USE OF ELECTRIC ENERGY.

The Administrator hereby, in terms of section *one hundred and one* of the Local Government Ordinance, 1939, publishes the following by-laws, which have been approved by him in terms of section *ninty-nine* of the said Ordinance:—

CITY COUNCIL OF JOHANNESBURG.—AMENDMENT TO THE BY-LAWS FOR THE SUPPLY AND USE OF ELECTRIC ENERGY.

Amend the Council's By-laws for the Supply and Use of Electric Energy, promulgated in Administrator's Notice No. 87 of the 8th March, 1944, as amended, as follows:—

(i) The substitution for section 15 of the following section:—

“ 15 (1) Except in the case of the Government of the Union of South Africa (including the South African Railways Administration) and the Transvaal Provincial Administration every applicant for a supply of electric energy shall before such supply is given deposit with the Council a sum of money which shall be fixed by the City Treasurer on the basis of the cost of the maximum amount of electric energy which such applicant is, in the opinion of the City Treasurer, likely to use during any month of the year: Provided that—

(a) such sum shall not be less than the sum prescribed in rule 10 (1) of the General Rules Applicable to the Supply of Electricity in accordance with all Scales contained in the Tariff of Charges forming part of these by-laws; and

(b) die Stadstoesourier, indien hy dit raadsaam ag, 'n stortingsbedrag kan eis wat gebaseer is op die maksimum hoeveelheid elektrisiteit wat die verbruiker, na die Stadstoesourier se mening, vermoedelik gedurende enige twee maande in die jaar sal gebruik.

(2) (a) Die Stadstoesourier mag te eniger tyd die stortingsbedrag wat 'n verbruiker ingevolge paragraaf (b) van subartikel (1) betaal het, verhoog, en die verbruiker moet in dié geval binne sewe dae die bykomende bedrag wat die Stadstoesourier van hom verlang, stort.

(b) Indien 'n verbruiker wat ingevolge paragraaf (a) van hierdie subartikel 'n hoër stortingsbedrag moet betaal, versuim om dit binne een maand te doen, het die Raad die reg om die lewering te staak.

(3) Enige bedrag wat die verbruiker ingevolge subartikels (1) en (2) van hierdie artikel stort, moet, sodra die kontrak wat hy vir die lewering van elektrisiteit met die Raad aangegaan het, om watter rede ook al beëindig word, terugbetaal word nadat enige bedrag wat volgens die Raad se boeke aan die Raad verskuldig is daarvan afgetrek is, en die Raad is geregtig om 'n kwitansie wat deur—

(a) die persoon wat die stortingsbedrag betaal het, nadat hy die Stadstoesourier van sy indentiteit oortuig het; of

(b) enigiemand anders wat die Stadstoesourier daarvan oortuig dat hy op die terugbetaling geregtig is, aan die Raad uitgereik is, te beskou as 'n geldige kwitansie vir die bedrag wat terugbetaal is, waarby die Raad onthef word van enige verdere aanspreeklikheid ten opsigte van sodanige terugbetaling.

(4) Iedere kontrak wat ingevolge artikel 14 gesluit word, moet die voorwaarde bevat dat enige bedrag wat die verbruiker ingevolge hierdie artikel stort en wat nie binne 'n jaar na die datum waarop—

(a) die kontrak beëindig is; of

(b) die verbruiker om een of ander rede nie meer elektrisiteit kragtens die kontrak verbruik nie, ingevolge subartikel (3) deur of namens die verbruiker of iemand anders wat daarop geregtig is, opgeëis word nie, of waaroor die verbruiker of iemand anders namens hom, nie binne genoemde tydperk op 'n ander wyse beskik nie, na verloop van dié tydperk verbeur word, en deur die Raad geheel en al vir sy eie gebruik gehou word."

(ii) Artikel 31 deur die volgende artikel te vervang:—

„31 (1) Die verbruiker moet die maandelikse rekening betaal op of voor die agt-en-twintigste dag ná die datum waarop die elektrisiteitsmeter wat aangebring is om die elektrisiteit wat aan hom gelewer is, af te meet, afgelees is.

(2) Indien die verbruiker versuim om die maandelikse rekening binne die tydperk van agt-en-twintig dae wat in subartikel (1) voorgeskryf is, te betaal, kan die Raad sonder nadere kennisgewing die lewering van elektrisiteit aan hom staak."

T.A.L.G. 5/36/2.

(b) the City-Treasurer may, if he deems it advisable, require a deposit based upon the cost of the maximum amount of electric energy which, in his opinion, the applicant is likely to use during any two months of the year.

(2) (a) The City Treasurer may at any time require a consumer to increase the deposit made by him in terms of paragraph (b) of sub-section (1) and in that event the consumer shall within seven days deposit with the Council the additional sum the City Treasurer requires him to deposit.

(b) If a consumer who has in terms of paragraph (a) of this sub-section been required to increase the deposit made by him fails to do so within one month, the Council shall have the right to discontinue the supply.

(3) Any sum deposited by a consumer in terms of sub-sections (1) and (2) of this section shall be refunded upon the termination, from any cause, of the agreement for the supply of current into which he has entered with the Council, less any amount shown in the Council's books as due from the consumer to the Council, and the Council shall be entitled to treat as a valid receipt for the sum refunded, and as relieving it of any further liability in respect thereof, a receipt given to it—

(a) by the person who paid the deposit, on his satisfying the City Treasurer of his identity; or

(b) by any other person who satisfied the City Treasurer that he is entitled to have the refund of the deposit made to him.

(4) It shall be a condition of every contract concluded in terms of section 14 that any sum deposited by the consumer in terms of this section, a refund of which has not been claimed in terms of sub-section (3) by or on behalf of the consumer or some other person entitled thereto or otherwise disposed of by the consumer or on his behalf within one year after either—

(a) the contract has terminated, or

(b) he has ceased for any reason to receive electric energy in pursuance of the contract, shall at the expiration of that period become forfeited to the Council for its own use absolutely."

(ii) The substitution for section 31 of the following section:—

“31 (1) The consumer shall pay the monthly account on or before the 28th day after the date on which the electricity meter installed for the measurement of the electricity supplied to him, was read.

(2) In the consumer fails to pay the monthly account within the period of 28 days described in sub-section (1) the Council may, without further notice, discontinue the supply of electricity to him."
