CUSTOMS AND EXCISE TARIFF APPLICATIONS

LIST 3/2007

The International Trade Administration Commission of South Africa (ITAC) has received the following application concerning the Customs and Excise Tariff. Any objection to or comment on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001, within six weeks of the date of this notice. Attention is drawn to the fact that the rate of duty mentioned in the application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- o Where confidential information has been omitted and the nature of such information;*
- o A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and*
- o In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

CUSTOMS TARIFF REVIEW OF CHAPTERS 84 AND 85 OF SCHEDULE 1 TO THE CUSTOMS AND EXCISE ACT.

The customs tariff review of chapters 84 and 85 is a pro-active initiative by ITAC in view of the South African Government's focus on an infrastructural development program for the coming 3-4 years. The aim is to establish the tariff implications of the various infrastructural development programmes, specifically to determine whether any of the current duties being applied are placing an unnecessary cost-burden on importers when importing products, especially those that are not manufactured domestically. Further, to establish if there are any cases for maintaining tariffs or for making tariff adjustments in view of new or existing products produced domestically.

ITAC invites all interested parties to make formal submissions to the Commission by completing the attached questionnaire and/or provide additional comments.

Please note that replacement motor vehicle parts will not form part of the review.

Those products are indicated in italics.
