Notes

Support fund to manage & coordinate program - National & provincial levels (DWAf)

DWAf to ensure project implementation readiness and compliance to DoRA. Comprehensive planning including financial and institutional aspects to be addressed. DWAf guidance and management required.

Benefiting municipalities as reflected in Table do not imply direct fund transfers. This is a grant in kind and expenditure and associated transfers are subject to implementation (institutional) arrangements and agreements per project.

Many projects serve / benefit more than one municipality. The benefiting municipalities indicated reflect the location of the core component of nominated projects to be implemented and not all benefiting municipalities.

The funding indicated in most cases reflects more than one project to be implemented and benefiting more than one municipality.

The funds allocated only reflect prioritised first phase projects. Due lack of implementation readiness of many projects funds have been earmarked to address implementation readiness.

Due to the scope of the first phase allocations, (first 2 years fully allocated) the second phase projects can only be accommodated within the third year.

Allocation of the balance available in year 3 is subject to the outcome of feasibility studies and new projects nominated.
