5. After considering such applications ICASA should publish licence terms and conditions for Broadband Infraco (Proprietary) Limited as contemplated in section 9(2)(c) of the ECA. It should take into account the mandate of Broadband Infraco referred to in paragraph 2 of this Policy Direction and the fact that it is a public entity of a developmental state with additional responsibilities related to the socio-economic development of

the country and its contribution to the accelerated and shared growth objectives of government.

6. I further direct ICASA to, within 30 days of the coming into effect of this policy direction:
