### NOTICE 297 OF 2009

#### NATIONAL AGRICULTURAL MARKETING COUNCIL MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED (ACT No. 47 OF 1996)

---

#### POULTRY INDUSTRY -

- **REQUEST FOR THE ESTABLISHMENT OF STATUTORY MEASURES RELATING TO LEVIES, REGISTRATION AND RECORDS & RETURNS**
  - **DIRECTLY AFFECTED GROUPS ARE INVITED TO FORWARD ANY COMMENTS REGARDING THE PROPOSED STATUTORY MEASURES**
- 

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No. 47 of 1996), the Minister of Agriculture has received a request from the poultry industry for the establishment of statutory measures relating to levies, registration, the keeping of records and the rendering of returns. On 2 February 2009 the Southern African Poultry Association (SAPA), on behalf of the directly affected groups in the poultry industry applied to the Minister for the establishment of these statutory measures for a period of four years.

The purpose of the statutory measure relating to registration is to compel breeders of female parent broiler chickens sold, and suppliers of packaging material for the packaging of eggs, to register with SAPA while the purpose of the statutory measure relating to records & returns is to compel breeders of female parent broiler chickens sold and suppliers of packaging material for the packaging of eggs, to render records and returns to SAPA. These two statutory measures are necessary to ensure that continuous, timeous and accurate information relating to chickens bred and marketed as well as packaging material supplied is available to all role players. Market information is deemed essential for all role players in order for them to make informed decisions. By prescribing the keeping of records with the rendering of returns on an individual basis, market information for the whole of the industry can be processed and disseminated. The establishment of these statutory measures should assist in promoting the efficiency of the marketing of poultry products.

The proposed statutory levies (excluding VAT) per female parent broiler chicken sold and per dozen packed eggs, will be as follows:

(a) Per day old female parent broiler chicken sold or placed

From date of implementation until December 2010	R1.32
From January until December 2011	R1.45
From January until December 2012	R1.60
From January until December 2013	R1.76

(b) Per one dozen packaged eggs sold

From date of implementation until December 2010	2.23 cents
From January until December 2011	2.45 cents
From January until December 2012	2.70 cents
From January until December 2013	2.97 cents

The estimated income from the levies would be approximately R21 million per annum. The proposed statutory levies will finance the following functions, namely –

- Black economic empowerment;
- Consumer education;
- Consumer assurance;
- Research and development; and
- Communication and liaison

As the proposed statutory measures requested by SAPA are *prima facie* consistent with the objectives of the Marketing of Agricultural Products Act, No 49 of 1996, the Minister requested the National Agricultural Marketing Council on 4 March 2009 to investigate the possible implementation of the relevant statutory measures and to report back to her within 60 days.

Directly affected groups in the poultry industry are kindly requested to submit any comments regarding the proposed statutory measures to the National Agricultural Marketing Council within 14 days of the publication hereof.

Submissions must be in writing and be addressed to:

**LIST 2/2009 WAS PUBLISHED UNDER NOTICE 188 OF 20 FEBRUARY 2009.**

**NOTICE 301 OF 2009****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF  
SOUTH AFRICA****INVESTIGATION INTO THE ALLEGED DUMPING OF TALL OIL FATTY  
ACID ORIGINATING IN OR IMPORTED FROM SWEDEN: FINAL  
DETERMINATION**

The International Trade Administration Commission of South Africa (the Commission) initiated an investigation into the alleged dumping of tall oil fatty acid originating in or imported from Sweden through Notice No. 762 of *Government Gazette* No. 31145 published on 20 June 2008.

The investigation was initiated after the Commission considered that there was *prima facie* evidence to indicate that the subject product was being imported at dumped prices, thereby causing material injury to the SACU industry.

The application was lodged by ITS Trade on behalf of Industrial Oleochemical Products (Pty) Ltd (the Applicant), being the sole manufacturer of the subject product in SACU.

Upon initiation of the investigation, known producer and exporter of the subject product in Sweden was sent foreign manufacturers/exporters questionnaires to complete. Importers of the subject product were also sent questionnaires to complete. Only one exporter in Sweden responded to the Commission's exporters questionnaire. Importers of the subject product, Cray valley Resins and Hobart Trading, an agent importing on behalf of Rolfes Chemicals, as well as Rolfes Chemicals, also responded to the Commission's importers questionnaires. Information submitted by all parties was considered by the Commission.

The Commission made a preliminary determination that dumping of the subject product originating in or imported from Sweden was taking place, thereby causing material injury to the SACU industry. The Commission, therefore, made a preliminary determination to recommend to the Commissioner for the South African Revenue Services (SARS) that provisional duties be imposed. The Commission's preliminary findings were published through Notice No. 1371 of *Government Gazette* No. 31727 dated 12 December 2008. All interested parties were invited to comment to the Commission's preliminary report.

Based on the details as contained in the Commission's preliminary report and the comments received on this report, the Commission made a final determination that the subject product originating in or imported from Sweden was being dumped in the SACU market, thereby causing material injury to the SACU industry. The Commission, therefore, made a final determination to recommend to the Minister of Trade and Industry that definitive anti-dumping duties be imposed.

The Commission sent out letters to all interested parties, informing them in terms of Section 37 of the International Trade Administration Anti-Dumping Regulations (ADR 37) and Article 6.9 of the Anti-Dumping Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade, of the "essential facts" which were being considered by the Commission, and invited comments.

After considering all the comments received from interested parties, the Commission made a final determination that dumping of the subject product originating in or imported from Sweden was taking place, thereby causing material injury to the SACU industry.

The Commission, therefore, decided to recommend to the Minister of Trade and Industry that definitive anti-dumping duties on imports of tall oil fatty acid originating in or imported from Sweden be imposed.

The Commission's detailed reasons for its decision are set out in Commission Report No. 298.
