NOTICE 1197 OF 2009**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****CORRECTION NOTICE OF INITIATION OF THE SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON CLEAR DRAWN AND FLOAT GLASS ORIGINATING IN OR IMPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA (PRC) AND INDIA TO REPLACE NOTICE NO. 1148 OF 2009 PUBLISHED ON 21 AUGUST 2009.**

In accordance with the provisions in Article 11.3 of the World Trade Organisation Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade, any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

On 22 August 2008, the International Trade Administration Commission (ITAC) notified all interested parties, through **Notice No. 995 of 2008** in **Government Gazette No. 31341**, that, unless a duly substantiated request is made by or on behalf of the SACU industry, indicating that the expiry of the anti-dumping duties against the imports of clear drawn and float glass originating in or imported from the People's Republic of China (PRC) and India would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duty on clear drawn and float glass originating in or imported from the PRC and India will expire on 4 November 2009.

A response to the sunset review application questionnaire was received on 21 April 2009.

THE APPLICANT

The application was lodged by PFG Building Glass, a division of PG Group (Pty) Ltd referred to as “PFG” or “PFG Building Glass”, being the only manufacturer of the product under investigation in the SACU. The Applicant alleges that the expiry of the duties would likely lead to the continuance and recurrence of dumping and injury.

The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation should be initiated.

THE PRODUCT

The product allegedly being dumped is clear drawn and floats glass of a thickness of 3 mm to 6mm, classifiable under tariff subheadings 7004.90 and 7005.29, originating in or imported from the PRC and India.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF DUMPING**PEOPLE’S REPUBLIC OF CHINA (PRC)**

The allegation of dumping is based on the comparison between the normal value in the PRC and the export price statistics obtained from the South African Revenue Service (SARS).

The normal value for 3 mm to 5 mm products was determined based on the domestic price quotation obtained in the PRC. Prices were available for more than one of the subject product thicknesses, and the average price per ton was derived, that was representative of the prices for all thicknesses of the subject product.

The export price was determined based on the statistics obtained from the South African

Revenue Services (SARS). On this basis, the Commission found that there was *prima facie* proof of dumping.

INDIA

The allegation of dumping is based on the comparison between the normal value in India and the export price to Zimbabwe.

The normal value for 3 mm to 5 mm products was determined based on the domestic price quotation obtained from obtained in India. Prices were available for more than one of the subject product thicknesses, and the average price per ton was derived, that was representative of the prices for all thicknesses of the subject product.

Since there were no export of the subject product originating in or imported from India, the export price was determined based on the export statistics from the PRC to Zimbabwe. On this basis, the Commission found that there was *prima facie* proof of dumping.

THE ALLEGATION OF RECURRENCE OF MATERIAL INJURY

The Applicant alleges and submitted sufficient evidence to show that there will be price undercutting and that the imports in question will be depressing and suppressing its selling price, should anti-dumping duties expire. The Applicant's information further indicated that it will experience a decline in sales volumes, profit, output, productivity, capacity utilisation, decrease in employment and growth and a further increase in inventories. On this basis the Commission found that there was *prima facie* proof of material injury.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping margins in the respective exporting countries or countries of origin will be from 1 April 2008 to 31 March 2009. The period of investigation for purposes of determining injury will be from 1 April 2006 to 31 March 2009.

An estimate of what the situation will be, should the anti-dumping expire, will also be considered by the Commission.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the petition and questionnaires to all known importers and exporters, and known representative associations. The trade representatives of the exporting countries have also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- X where confidential information has been omitted and the nature of such information;
- X reasons for such confidentiality;

- X a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- X in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

“The following list indicates “information that is by nature confidential” as per section 33(1) (a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*
- (g) information, the release of which could have serious consequences for the person that provided such information; and*
- (h) information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential.”

PROCEDURES AND TIME LIMITS

All responses, including non-confidential copies of the responses, should be received by the Senior Manager: Trade Remedies I not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by Embassies on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format.

The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only.

The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the investigating officers, Ms. Selma Tacaks at telephone +27 12 394-3595, Miss Regina Peta at telephone +27 12 394-3737.

SCHEDULE B

EXPLANATORY NOTE: VARIATION OF RULE 16 OF THE POLICYHOLDER PROTECTION RULES (LONG-TERM INSURANCE), 2004

Introduction and background

1. Currently, Rule 16 determines that an insurer must ensure that where a decision has been made to reject a claim under a policy or where the quantum of a claim is in dispute, the policyholder is informed of the reason for the decision in writing. Rule 16 further affords a policyholder a period of not less than 90 days after the date of receipt of the insurer's decision to make representations to the relevant insurer in respect of such a decision. Rule 16, however, also provides that it may not be construed as limiting any contractual or other right any party may have in regard to any claim for policy benefits. This means that where a contractual time limitation clause of a policy provides for a period of less than 90 days to institute legal action, the protection afforded by Rule 16 does not apply.
2. Subsequent to specific comments on the reasonableness and justifiability of a time-barring period for challenging the rejection of a claim under a short-term policy made by the Constitutional Court judges in *Napier v Barkhuizen* 2007 5 SA 323 (CC), the Registrar of Long-term Insurance (after consultation with the Advisory Committee on Long-term Insurance) gave notice on 25 April 2008 in Government Gazette 30987 of his intention to propose a variation of Rule 16 to the Minister of Finance because, although the case relates to a short-term policy, the comments similarly apply to long-term policies.
3. The proposed variation of Rule 16 published on 25 April 2008 focused on extending the minimum period of 90 days for making representations to the insurer to 180 days.
4. In considering the representations made regarding the proposed variation of Rule 16 and reconsidering the *Napier v Barkhuizen*-judgment, specifically the dissenting judgments, it became apparent to the Registrar of Long-term Insurance that the proposed variation of Rule 16 may not be sufficient to address public interest concerns relating to decisions and time-barring provisions under policies.
5. The proposed variation to Rule 16 as published on 25 April 2008 has therefore been amended and representations on the amended version are invited in accordance with section 62(3) of the Long-term Insurance Act, 1998.

Summary of the proposed variation of Rule 16

6. The proposed variation provides for -
 - 6.1 timeous decision-making by insurers;
 - 6.2 policyholders to be informed of the reasons for a claim being rejected or the quantum of a claim being disputed;
 - 6.3 policyholders to be afforded a minimum period of 90 days within which representations relating to a rejected claim or disputed quantum of a claim may be made;
 - 6.4 policyholders to be informed of alternative dispute resolution mechanisms available to them;
 - 6.5 policyholders to be informed or reminded of specific contractual provisions included in

FOR CONSULTATION

their policies that may impact on their right to approach the Courts;

- 6.6 the exclusion of the minimum 90 day period within which representation may be made by a policyholder from any time limitation provision for the institution of legal action that *may* be provided for in a policy entered into before or after 1 January 2010; and
- 6.7 any time limitation provision for the institution of legal action that *may* be provided for in a policy entered into after 1 January 2010 to provide for a period of not less than 6 months after the expiry of the 90 day period within which representations may be made by a policyholder. This timeframe is informed by the notice period required for the institution of legal proceedings against certain organs of state under the Institution of Legal Proceedings against certain Organs of State Act No. 40 of 2002.
- 7. The proposed variation further –
 - 7.1 affords policyholders a right to, despite the expiry of a period allowed for the institution of legal action in a time limitation clause provided for in a policy entered into before or after 1 January 2010, request the court to condone non-compliance with the clause if the court is satisfied, among other things, that good cause exists for the failure to institute legal proceedings and that the clause is unfair to the policyholder;
 - 7.2 provides that for the purposes of section 12(1) of the Prescription Act No. 68 of 1969 a debt is due after the expiry of the 90 days period within which representation may be made. This means that where a policy does not address time limitations for the institution of legal proceedings, the date from which prescription may be calculated in respect of a claim can only be calculated from a date after expiry of the 90 day period.
- 8. Where a policyholder refers a complaint to an ombud in terms of the Financial Services Ombud Schemes Act No. 37 of 2004, the latter Act already provides for policyholder protection in respect of time limitations and prescription. Section 15 of the Act provides that the official receipt of a complaint by an ombud or the statutory ombud suspends any applicable time barring terms, whether in terms of an agreement or any law, or the running of prescription in terms of the Prescription Act No. 68 of 1969, for the period from such receipt until the complaint has either been withdrawn by the complainant concerned or determined by any such ombud.

Rationale for the proposed variation of Rule 16

- 9. The rationale for the proposed variation to Rule 16 is to provide –
 - 9.1 for policies that comply with standards of notice and fairness that contemporary notions of consumer protection require in open and democratic societies; and
 - 9.2 a balanced and fair approach to decision-making and time limitations relating to claims under policies.

Commencement

- 10. It is currently expected that the varied Rule 16 will come into operation on 1 January 2010.

SCHEDULE B

EXPLANATORY NOTE: VARIATION OF RULE 7.4 OF THE POLICYHOLDER PROTECTION RULES (SHORT-TERM INSURANCE), 2004

Introduction and background

1. Currently, Rule 7.4 determines that an insurer must ensure that where a decision has been made to reject a claim under a policy or where the quantum of a claim is in dispute, the policyholder is informed of the reason for the decision in writing. Rule 7.4 further affords a policyholder a period of not less than 90 days after the date of receipt of the insurer's decision to make representations to the relevant insurer in respect of such a decision and provides that the 90 days referred to may not be included in any time-barring period contained in the policy for the institution of legal action.
2. Subsequent to specific comments on the reasonableness and justifiability of a time-barring period for challenging the rejection of a claim under a short term policy made by the Constitutional Court judges in *Napier v Barkhuizen* 2007 5 SA 323 (CC), the Registrar of Short-term Insurance (after consultation with the Advisory Committee on Short-term Insurance) gave notice on 29 February 2008 in Government Gazette 30805 of his intention to propose a variation of Rule 7.4 to the Minister of Finance.
3. The proposed variation of Rule 7.4 published on 29 February 2008 focused on extending the minimum period of 90 days for making representations to the insurer to 180 days.
4. In considering the representations made regarding the proposed variation of Rule 7.4 and reconsidering the *Napier v Barkhuizen*-judgment, specifically the dissenting judgments, it became apparent to the Registrar of Short-term Insurance that the proposed variation of Rule 7.4 may not be sufficient to address public interest concerns relating to decisions and time-barring provisions under policies.
5. The proposed variation to Rule 7.4 as published on 29 February 2008 has therefore been amended and representations on the amended version are invited in accordance with section 55(3) of the Short-term Insurance Act, 1998.

Summary of the proposed variation of Rule 7.4

6. The proposed variation provides for -
 - 6.1 timeous decision-making by insurers;
 - 6.2 policyholders to be informed of the reasons for a claim being rejected or the quantum of a claim being disputed;
 - 6.3 policyholders to be afforded a minimum period of 90 days within which representations relating to a rejected claim or disputed quantum of a claim may be made;
 - 6.4 policyholders to be informed of alternative dispute resolution mechanisms available to them;
 - 6.5 policyholders to be informed or reminded of specific contractual provisions included in their policies that may impact on their right to approach the Courts;
 - 6.6 the exclusion of the minimum 90 day period within which representation may be made by

FOR CONSULTATION

a policyholder from any time limitation provision for the institution of legal action that *may* be provided for in a policy entered into before or after 1 January 2010; and

- 6.7 any time limitation provision for the institution of legal action that *may* be provided for in a policy entered into after 1 January 2010 to provide for a period of not less than 6 months after the expiry of the 90 days period within which representations may be made by a policyholder. This timeframe is informed by the notice period required for the institution of legal proceedings against certain organs of state under the Institution of Legal Proceedings against certain Organs of State Act No. 40 of 2002.
7. The proposed variation further –
 - 7.1 affords policyholders a right to, despite the expiry of a period allowed for the institution of legal action in a time limitation clause provided for in a policy entered into before or after 1 January 2010, request the court to condone non-compliance with the clause if the court is satisfied, among other things, that good cause exists for the failure to institute legal proceedings and that the clause is unfair to the policyholder;
 - 7.2 provides that for the purposes of section 12(1) of the Prescription Act No. 68 of 1969 a debt is due after the expiry of the 90 days period within which representation may be made. This means that where a policy does not address time limitations for the institution of legal proceedings, the date from which prescription may be calculated in respect of a claim can only be calculated from a date after expiry of the 90 day period.
8. Where a policyholder refers a complaint to an ombud in terms of the Financial Services Ombud Schemes Act No. 37 of 2004, the latter Act already provides for policyholder protection in respect of time limitations and prescription. Section 15 of the Act provides that the official receipt of a complaint by an ombud or the statutory ombud suspends any applicable time barring terms, whether in terms of an agreement or any law, or the running of prescription in terms of the Prescription Act No. 68 of 1969, for the period from such receipt until the complaint has either been withdrawn by the complainant concerned or determined by any such ombud.

Rationale for the proposed variation of Rule 7.4

9. The rationale for the proposed variation to Rule 7.4 is to provide –
 - 9.1 for policies that comply with standards of notice and fairness that contemporary notions of consumer protection requires in open and democratic societies; and
 - 9.2 a balanced and fair approach to decision-making and time limitations relating to claims under policies.

BOARD NOTICE RAADSKENNISGEWING

BOARD NOTICE 110 OF 2009

INVITATION TO COMMENT ON A PROPOSED DIRECTIVE ON THE APPLICATION OF DEEMED COST FOR THE INITIAL ADOPTION OF STANDARDS OF GRAP

Issued: 4 September 2009

The Accounting Standards Board (the Board), at its meeting held on 29 July 2009, approved for release an exposure draft of a proposed Directive on *The Application of Deemed Cost for the Initial Adoption of the Standards of GRAP* (ED 66).

When an entity initially adopts Standards of GRAP, it is required to initially measure assets using their acquisition cost, which is determined using either historical cost or fair value at the date it was acquired. An entity may however not be able to determine the acquisition cost of assets that were acquired several years ago. This proposed directive permits an entity to determine a deemed cost, using fair value, depreciated replacement cost or replacement cost at the date of adoption of certain Standards of GRAP when the acquisition cost of assets cannot be determined.

As a result of its relevance to all entities, it is important for users, preparers and auditors of general purpose financial statements to consider the issues and principles proposed in this Exposure Draft. Responses received as part of the public comment process provide valuable input into the process of standard setting, and are carefully considered by the Board.

All those affected by, or are interested in this Exposure Draft issued by the Board are encouraged to provide a response.

The comment period for this exposure draft ends on **30 September 2009**.

Copies of the exposure draft can be downloaded from the Board's website – <http://www.asb.co.za>, or can be obtained by contacting the Board's offices on:

- Tel: 011 697 0660, or
