NOTICE 128 OF 2010**INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF
SOUTH AFRICA****PRELIMINARY DETERMINATION IN THE INVESTIGATION INTO THE ALLEGED
DUMPING OF PICKS ORIGINATING IN OR IMPORTED FROM INDIA**

On 23 October 2009, the International Trade Administration Commission of South Africa (the Commission) formally initiated an investigation into the alleged dumping of picks originating in or imported from the Republic of India (hereafter referred to as India). Notice of the initiation of the investigation was published in Notice No.1403 of *Government Gazette* No. 32645 dated 23 October 2009.

The application was lodged on behalf of the Southern African Customs Union (SACU) industry by Ussher Inventions (Pty) Ltd t/a Lasher Tools (the Applicant), being the only manufacturer of the subject product in the SACU, which claimed that the allegedly dumped products are threatening to cause it material injury.

The investigation was initiated after the Commission considered that there was *prima facie* evidence to show that the subject product was being imported at dumped prices, and is threatening to cause material injury to the SACU industry.

On initiation of the investigation, the known foreign producers of the subject product in India were sent foreign manufacturer/exporter questionnaires to complete. Importers of the subject product were also sent questionnaires to complete.

After considering all parties' comments, the Commission made a preliminary determination that the subject product was being dumped on the SACU market. However, the Commission made a preliminary determination that there is currently no threat of material injury to the SACU industry.

Based on this, the Commission made a preliminary determination to recommend to the Minister of Trade and Industry to terminate the investigation.

The Commission's detailed reasons for its preliminary determination are set out in Commission Report No. 329 (preliminary report).

Interested parties are invited to comment on the Commission's preliminary report.

The Commission will take all the comments on its preliminary report into consideration before making its final determination and recommendation to the Minister of Trade and Industry.

Enquiries may be directed to the investigating officers, Ms Mandie Wagner at telephone (012) 394 3593 and Mr André Zietsman at (012) 394 3673, or at fax (012) 395 0518.

- (b) Time based fees are calculated by multiplying the hourly rate contemplated in clause 11, which is applicable to the construction project manager or any other person employed by the construction project manager, with the actual time spent by such person in rendering the services required by the client.
- (2) To determine the time based fee rates the persons concerned are divided into:-

- (iv) hourly rates calculated in terms of (i), (ii) and (iii) above shall be deemed to include overheads and charges in respect of time expended by clerical personnel which shall, therefore, not be chargeable separately;

Any time expended by principals in excess of the 5 per cent limit shall be remunerated at the rates determined in (ii) or (iii) above.

Notwithstanding (v) above, where work is of such a nature that personnel as described in paragraph (iii) above can do it, it shall be remunerated at that level and not at the rates described in paragraphs (i) and (ii) above irrespective of who actually did the work.

These rates will, however, only be adjusted on the first day of each calendar year irrespective of any changes during the year of these salaries. You may claim the rate as set out in Table 8 of the "Rates for Reimbursable Expenses", as amended from time to time.

- (3) The time based fee rates and any applicable annual increase to rates are to be agreed to by the parties at the start of the commission, failing which applicable reasonable market related or gazetted rates shall be applied.

- (4) For the purposes of clause 10(3), the total annual cost of employment of a person contemplated in clause 10(2) means the total amount borne by an employer in respect of the employment of such a person per year, calculated at the amounts applicable to such a person at the time of appointment of such staff to the project, including –
