SECTION A BACKGROUND

1 Preamble

This Draft Financial Sector Code has been prepared in terms of the Broad-based Black Economic Empowerment (B-BBEE) Act (Act 53 of 2003), subsequently referred to as the Act. It is based on the Financial Sector Charter.

The Financial Sector Charter came into effect in January 2004 as a result of the National Economic Development and Labour Council (NEDLAC) Financial Sector Summit. NEDLAC is the multilateral social dialogue forum which brings together government, business, labour and community constituencies to approve social, economic and labour market policy.

Following the summit, the Charter was drafted by the Trade Associations¹, Government² and the Association of Black Securities and Investment Professionals (ABSIP³). Although labour⁴ and community⁵ constituencies were not included in drafting the Financial Sector Charter, they agreed to participate in its governing structure, the Charter Council, alongside Government, Business and ABSIP to finalise outstanding elements of the Charter and to participate in aligning the Financial Sector Charter with the B-BBEE Act Codes of Good Practice (CoGP).

- 1.1 In the alignment process, all the Financial Sector Charter Council participants committed to developing a sector transformation code aligned to the CoGP, noting that:
 - 1.1.1 despite significant progress since the establishment of a democratic government in 1994, South African society remains characterised by racially based income and social services inequalities. This is not only unjust, but inhibits the country's ability to achieve its full economic potential;
 - 1.1.2 B-BBEE is a mechanism aimed at addressing inequalities and mobilising the energy of all South Africans. It will contribute towards sustained economic growth, development and social transformation in South Africa;
 - 1.1.3 inequalities also manifest themselves in the country's financial sector. A positive and proactive response from the sector through the implementation of B-BBEE will further unlock the sector's potential, promote its global competitiveness and enhance its world class status;
 - 1.1.4 equally, the financial stability and soundness of the financial sector and its capacity to

¹ The Association for Savings and Investment South Africa (ASISA); South African Insurance Association (SAIA); International Banking Association (IBA); Banking Association of South Africa (BASA), JSE Limited

² The Presidency, National Treasury and Department of Trade and Industry

³ ABSIP representing Black professional organisations

⁴ Congress of South African Trade Unions (COSATU); National Council of Trade Unions (NACTU); Federation of Unions of South Africa (FEDUSA)

⁵ Financial Sector Campaign Coalition; Disabled People South Africa; National Co-operatives Association; The Women's National Coalition; SA Youth Council; SA Civics Organisation.

facilitate domestic and international commerce is central to the successful implementation of B-BBEE.

- 1.2 The Draft Financial Sector Code commits all participants to actively promoting a transformed, vibrant and globally competitive financial sector that reflects the demographics of South Africa, which contributes to the establishment of an equitable society by providing accessible financial services to black people and by directing investment into targeted sectors of the economy.

2 Introduction

- 2.1 This Draft Financial Sector Code is the product of the interaction between the Trade Associations, ABSIP, Labour, Community and Government. The Draft Code reflects the accord reached by all of the stakeholders regarding their joint commitment to fostering B-BBEE in the financial sector and in the South African economy.
- 2.2 It is recorded that the Minister of Trade and Industry has previously gazetted the Financial Sector Charter as a Transformation Charter under Section 12 of the Act.
- 2.3 The Financial Sector Council is of the opinion that the Draft Financial Sector Code meets all of the requirements of Paragraph 3 of Code 000, Statement 003 and has applied to the Minister of Trade and Industry to publish the Draft Financial Sector Code under Section 9(5) of the Act to allow for public comment and for gazetting as a Sector Code under Section 9(1) of the Act.

3 Scope of Application

- 3.1 This Code applies to any natural or juristic person conducting a business, trade or profession in the South African financial sector, including, but not limited to, the following:
 - 3.1.1 Banking;

 - 3.1.3 Short-term insurance;
 - 3.1.4 Re-insurance;
 - 3.1.5 The management of retirement and pension funds;
 - 3.1.6 Management of formal collective investment schemes in securities;
 - 3.1.7 Financial Services Intermediation and Brokerage;
 - 3.1.8 Management of investments on behalf of the public, including, but not limited to, private equity, members of any exchange licensed to trade equities or financial instruments in South Africa and entities listed as part of the financial index of a licensed exchange; and

 - 3.2.3 Managers of investments on behalf of the public that are not subject to regulation in terms of the Financial Services Board Act, for example, money held in intermediate trusts by lawyers.

4 Status of this Code

- 4.1 In conceptualising, implementing and measuring any B-BBEE initiatives, financial institutions and other interested parties must apply this Code read together with the CoGP issued under section 9(1) of the B-BBEE Act on 9 February 2007 (the CoGP). Whilst the gazettement of this Sector Code means that it is binding and takes precedence over any other Code, including the CoGP, the CoGP are applicable only to the extent that this Code is silent on a particular aspect of B-BBEE that is covered in the CoGP.
- 4.2 This Draft Financial Sector Code will be published for public comment in two phases. Phase I specifically excludes Access to Financial Services, Empowerment Financing, Enterprise Development and some aspects of the measurement of Black ownership.
- 4.3 Phase II will aim to achieve consensus on these remaining issues after which a final version of the Draft Financial Sector Code will be published for public comment. After consideration of public comments, the Minister of Trade and Industry will be asked to gazette the Draft Financial Sector Code under Section 9(1) of the CoGP as a binding Code on the Financial Sector.
- 4.4 During this gazettement period in terms of Section 9(5), the Financial Sector will comply with the CoGP.

SECTION B FRAMEWORK

6 Framework for Measuring Broad-Based Black Economic Empowerment

6.1 *Subject matter of this paragraph:*

6.1.1 This paragraph relates to the following statements within the CoGP:

6.1.1.1 The key principles of Code 000 Statement 000 (General Principles and the Generic Scorecard) including:

6.1.1.1.1 The fundamental principle for measuring B-BBEE compliance is that substance takes precedence over legal form.

6.1.1.1.2 In interpreting the provisions of the CoGP and this Code any reasonable interpretation consistent with the objectives of the Act and B-BBEE Strategy must take precedence.

6.1.1.1.3 The basis for measuring B-BBEE initiatives under this Sector Code is the B-BBEE compliance of the measured entities at the time of measurement.

6.1.1.1.4 Any misrepresentation or attempt to misrepresent any enterprise's true B-BBEE status may lead to the disqualification of the entire scorecard of that enterprise.

6.1.1.1.5 Initiatives which separate or divide enterprises solely as a means of ensuring eligibility as an Exempted Micro-Enterprise, Qualifying Small Enterprise or a Start-Up Enterprise are a circumvention of the Act and may lead to the disqualification of the entire scorecard of those enterprises concerned.

6.1.1.1.6 Any representation made by an entity about its B-BBEE compliance must be supported by suitable evidence or documentation. An entity that does not provide evidence or documentation supporting any initiative must not receive any recognition for that initiative.

6.1.1.1.7 Wherever a Standard Valuation Method applies to measuring an indicator, the same standard should apply, as far as reasonably possible, consistently in all other applicable calculations in this statement.

6.1.1.2 Code 800 Statement 800 (The Framework for the QSE Scorecard and Exempted Micro-Enterprises).

6.1.2 Code 000 Statements 003 (Guidelines for Developing and Gazetting of Transformation Charter and Sector Codes) and 004 (Scorecards for Specialised Enterprises) are unaffected by this Code.

6.2 *Applicability of the CoGP:* The provisions and principles contained in the relevant statements apply to all financial institutions, subject to the following variations:

6.2.1 This Code contains two additional Elements of B-BBEE being:

6.2.1.1 Empowerment Financing and

6.2.1.2 Access to Financial Services.

These two additional elements will be comprehensively defined in Phase II.

6.2.2 The Scorecard for financial institutions (other than QSFIs) is as follows:

Element	Available Points	% Weighting	Primary Reference
Ownership	14 + 4 bonus	13.6%	Paragraph 7 of this Code read with Code 100
Management Control	8 + 1 bonus	7.8%	Paragraph 8 of this Code read with Code 200
Employment Equity	15 + 3 bonus	14.6%	Paragraph 9 of this Code read with Code 300
Skills Development	8	7.8%	Paragraph 10 of this Code read with Code 400

Total	103 + 8 bonus		

6.2.3 The Scorecard for QSFIs is as follows:

Management Control	20 +1 bonus	Paragraph 8 of this Code read with Code 800, statement 802

Access to Financial Services	20	To be discussed in Phase II
Socio-Economic Development	20	Paragraph 12 of this Code read with Code 800, statement 807
Total	100	

6.2.4 Based on the overall performance of a financial institution, the contributor levels are as follows:

Contribution Level	Qualification	B-BBEE Recognition
Level One Contributor	≥ 100% on the FSC Scorecard	135%
Level Two Contributor	≥ 85% but < 100% on the FSC Scorecard	125%
Level Three Contributor	≥ 75% but < 85 % on the FSC Scorecard	110%
Level Four Contributor	≥ 65% but < 75% on the FSC Scorecard	100%
Level Five Contributor	≥ 55% but < 65% on the FSC Scorecard	80%

Level Eight Contributor	≥ 30% but < 40% on the FSC Scorecard	10%
Non Compliant Contributor	< 30% on the FSC Scorecard	0%

6.2.5 A QSFI submitting a scorecard under paragraphs 7-12 must select any five elements of that scorecard and report on those five elements only. The weightings for all sub-elements of the elements specified in paragraphs 7-12 below are to be allocated pro-rata.

6.2.6 Where those QSFIs do not make a selection, and subject to the minimum requirements, their five best element scores will be used for the purposes of measurement.

6.2.7 A QSFI with an annual turnover of less than R 5 million is measured as an Exempted Micro Enterprise as outlined in the CoGP unless that EME opts to be measured under the QSFI Scorecard.

6.2.8 A financial institution that is a local subsidiary of a multinational or external company (as defined in Section 1 of the Companies Act (Act 61 of 1973, as amended, repealed or superseded)) or branch of a multinational or external company which is precluded in terms of a Global Policy from accommodating domestic ownership participation, will be exempt from the ownership provisions of Paragraph 7 of this Code.

6.2.9 The B-BBEE compliance level of an institution which has been exempted from compliance with any element or sub-element, must be determined by adding its actual points earned for each of the scorecard elements in line with paragraph 8.2 of Code 000, Statement 000 of the CoGP. The B-BBEE compliance level shall be the sum of the actual points earned divided by the total amounts available to it.

6.2.10 All scores achieved by financial institutions under the scorecards in paragraphs 6.2.2 and 6.2.4 must be used to determine the compliance level in line with paragraph 8.2 of Code 000, Statement 000 of the CoGP as set out in paragraph 6.2.4.

6.2.11 If a financial institution is a member of a group, it will be measured and reported on as part of the South African group unless:

6.2.11.1 the financial institution is a listed company or

6.2.11.2 the financial institution opts to be measured as a separate company.

6.2.12 Each financial institution will report annually to the Financial Sector Council on its progress in implementing the provisions of this Sector Code.

6.2.13 The verification of B-BBEE compliance of financial institutions will be undertaken by SANAS accredited B-BBEE verification agencies in accordance with directives issued by the Financial Sector Council from time to time.

7 The Measurement of the Ownership Element of Broad-Based Black Economic Empowerment

- 7.1 *Subject matter of this paragraph:* This paragraph relates to the following statements within the CoGP:
- 7.1.1 Code 100 Statements 100 to 103; and
- 7.1.2 Code 800 Statement 801.
- 7.2 *Applicability of the CoGP:* The provisions and principles contained in the relevant statements apply to all financial institutions, subject to the following variations:
- 7.2.1 Each financial institution will have a target of a minimum of 25% Black Ownership.
- 7.2.2 A minimum of 15% of the target set in terms of paragraph 7.2.1 must be satisfied by way of direct ownership by Black people.
- 7.2.3 Financial institutions will have an option to address the direct ownership requirements stated in paragraph 7.2.2 above by achieving either a total of 15% direct ownership or by way of a minimum of 10% direct ownership and by introducing a maximum of 5% Equity Equivalents in the Direct Ownership requirement.
- 7.2.4 Where the Equity Equivalent option is applied, the following conditions will apply:
- 7.2.4.1 The distribution of the Equity Equivalent portion must be as follows:
- | | |
|---|-----|
| 7.2.4.1.1 Enterprise Development ⁶ and procurement for Co-operatives and Black-owned SMMEs | 20% |
| 7.2.4.1.2 Co-operative Financing and Access to Finance ⁷ | 25% |
| 7.2.4.1.3 Targeted Investments | 40% |
| 7.2.4.1.4 B-BBEE Transactions | 15% |
- 7.2.4.2 The Co-operative Financing and the Access to Financing will be subject to the Financial Access Standards as provided by the Financial Sector Council.
- 7.2.4.3 Targeted Investments will allow for fungibility of the spending.
- 7.2.4.4 Greater consideration will be given to B-BBEE Transaction Financing of a broad based nature.
- 7.2.5 Direct Ownership as contemplated in paragraph 7.2.2 and 7.2.3 should, where possible, meet the principles of B-BBEE Transactions as outlined in paragraph 5.20 and may include:
- 7.2.5.1 direct ownership in the financial institution as a result of B-BBEE transaction financing;
- 7.2.5.2 broad-based ownership;
- 7.2.5.3 disposal of any assets, operations, businesses or subsidiaries by the financial institution as a going concern to Black people;
- 7.2.5.4 direct shareholding or ownership with control, commensurate with the level of ownership concerned, at subsidiary or divisional level; or
- 7.2.5.5 joint venture or partnership arrangements.
- 7.2.6 Any transaction which involves B-BBEE parties acquiring equity on a conditional, deferred basis, with no issue of equity carrying upfront economic interest, shall, for the avoidance of doubt, fail to be counted as direct ownership for the purposes of paragraph 7.2.5 until such time as the equity is actually transferred.

⁶ Phase 2 of this gazetting process shall clearly define these terms

⁷ Phase 2 of this gazetting process shall clearly define these terms

- 7.2.7 A maximum of 10% set in terms of paragraph 7.2.1 may be satisfied by way of Indirect Ownership by Black people at group or subsidiary level. Financial institutions may only score Indirect Ownership points if they have reached a level of 15% Direct Ownership. Indirect Ownership will be measured on a basis to be agreed and approved by the Financial Sector Council.
- 7.2.8 For the purposes of this Code, Black ownership will be calculated as the Agreed Standard Valuation of the Black interests referred to in paragraph 7.2.5 expressed as a percentage of the Agreed Standard Valuation of the South African operations of the financial institution on the date of the transaction. Where a B-BBEE transaction results in Black people acquiring 100% of an asset, operation, business or subsidiary from a financial institution, the Agreed Standard Valuation of that asset shall be deemed to be the transaction consideration applicable to the B-BBEE transaction concerned, and the aforementioned percentage shall be calculated based on the Agreed Standard Valuation (as defined) of the South African operations on the date of the transaction.
- 7.2.9 If a financial institution is at least 25% owned by another financial institution, it may, in the calculation of Direct Black Ownership, take into account a portion of the direct Black ownership in that other company based on the percentage shareholding of that other company in the financial institution concerned.
- 7.2.10 Due to their unique nature, foreign banking groups with a branch structure will have the same target as set out in paragraph 7.2.1, but will be permitted to address that target either
- 7.2.10.1 by transactions contemplated in paragraphs 7.2.2 and 7.2.3 of this Draft Financial Sector Code or
- 7.2.10.2 by financing identified B-BBEE transactions in addition to the investment contemplated under B-BBEE Transaction Financing and Targeted Investments. Points and bonus points for such financing will be scored in the same way as if the financing (calculated as a percentage of the agreed standard valuation of the South African operations of the foreign banking group) equated to the same percentage of Direct Ownership in terms of paragraph 7.2.2. At least 25% of this financing must be committed to B-BBEE transactions in the financial sector.
- 7.2.10.3 Not more than 18 points may be earned in aggregate in terms of 7.2.10.1 and 7.2.10.2. B-BBEE transactions identified in terms of 7.2.10.2 will, for the purposes of this Code, be treated as if they were ownership transactions and shall be governed by all the provisions of paragraph 7 and shall not be measured or treated interchangeably with B-BBEE transactions under B-BBEE Empowerment Financing.

FSC Ownership scorecard

Direct ownership: max. of 4 bonus points scored: 1 when direct ownership at 17.5%, 1 at 20%, 1 at 22.5% and 1 at 25%	Listed companies: standard valuation as % of market capitalisation. Non-listed companies: standard valuation as a % of total valuation	Min 15% by 2017	12 + 4 bonus

8 The Measurement of the Management Control Element of Broad-Based Black Economic Empowerment
