No. 91

11 February 2011

NATIONAL AGRICULTURAL MARKETING COUNCIL MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED (ACT No. 47 OF 1996)

REQUEST FOR THE AMENDMENT OF THE NOTICES REGARDING STATUTORY MEASURES IN THE POULTRY INDUSTRY - DIRECTLY AFFECTED GROUPS ARE INVITED TO FORWARD ANY COMMENTS REGARDING THE PROPOSED AMENDMENTS

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No. 47 of 1996), the Minister of Agriculture, Forestry and Fisheries has received a request from the poultry industry for the amendment of statutory measures relating to levies, registrations, the keeping of records and the rendering of returns. These statutory measures were approved by the Minister on 25 September 2009 and will lapse on 8 October 2013.

The Southern African Poultry Association (SAPA), on behalf of the directly affected groups in the poultry industry, applied to the Minister to amend the existing statutory measures. The SAPA *inter alia* requested that the Notice regarding statutory levies be amended to change the point of statutory levy collection on eggs in January 2012, from the suppliers of packaging material, to the point of day old layer pullets placed or sold. The proposed amendment of the collection model will have no effect on the budgeted income for the four year levy period until 8 October 2013, and the purpose is merely to ensure a simpler administration process for the poultry statutory levies.

The current statutory levies (excluding VAT) per dozen packed eggs, are as follows:

From date of implementation until December 2010	2.23 cents
From January until December 2011	2.45 cents
From January until December 2012	2.70 cents
From January until 8 October 2013	2.97 cents

The proposed statutory levies (excluding VAT) per layer pullet sold are as follows:

From January until December 2012	52.22 cents
From January until 8 October 2013	54.83 cents

The average estimated income from the levies over the four year period would remain at approximately R21 million per annum. In 2009, the poultry statutory levies were approved by the Minister to finance the following functions, namely –

- Black economic empowerment;
- Consumer education;
- Consumer assurance;
- Research and development; and
- Communication and liaison

Apart from the change in the collection point of statutory levies on eggs, the SAPA also decided to request the Minister to lower the statutory levies on eggs and on day old female parent broiler chickens from January 2012. Compared to the approved statutory levies, the proposed statutory levies are approximately 9.4% lower for 2012 and 13.6% lower for 2013. The SAPA indicated that the lowering of levies would not have a huge impact on budgeted levy income due to expected higher volumes of day old female parent broiler chickens and day old layer pullets sold.

Directly affected groups in the poultry industry are kindly requested to submit any comments regarding the proposed amendment to the poultry statutory levies, to the National Agricultural Marketing Council within 14 days of the publication hereof.

Submissions must be in writing and be addressed to:

NOTICE 72 OF 2011**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****CUSTOMS TARIFF APPLICATIONS****LIST 02/2011**

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

REASONS FOR THE PUBLICATION:

Transnet has revised the schedule for the construction of the NMPP's 24-inch trunk line. The trunk will be completed during the third quarter of 2011 and will be operational by the last quarter of the same year.

The revised schedule has effectively moved the completion date for the construction of the New MultiProduct Pipeline to 31 December 2012 for most of the assets in the total pipeline system.

The delivery dates for the equipment and materials has now been amended to match the revised construction schedule and activities. As such, the revised schedule will now result in goods being imported beyond 31 December 2011.

Other factors which have had a significant impact include:

- i. Substantial delays in the acquisition of land and in obtaining the required statutory approvals such as environmental impact assessments;

-
- ii. Change of location for the coastal terminal and pump stations due to conditions imposed by Environmental Authorisations;
 - iii. Complex and protracted coastal terminal land lease negotiations; and
 - iv. National Key Points Act and security of supply requirements.

PUBLICATION PERIOD:

Representations should be submitted to the above address within **four (4) weeks** of the date of this notice.
