DEPARTMENT OF AGRICULTURE, FORESTRY AND FISHERIES DEPARTEMENT VAN LANDBOU, BOSBOU EN VISSERYE

No. 632

5 August 2011

NATIONAL AGRICULTURAL MARKETING COUNCIL MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED (ACT No. 47 OF 1996)

REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES IN THE SOUTH AFRICAN WOOL INDUSTRY (REGISTRATION AND RECORDS & RETURNS)

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No. 47 of 1996) (MAP Act), the Minister of Agriculture, Forestry and Fisheries has received a request from the wool industry for the continuation of statutory measures in the wool industry relating to registration, the keeping of records and rendering of returns.

Cape Wools SA, on behalf of the directly affected groups in the wool industry applied for the continuation of the statutory measures. The current statutory measures in the wool industry will lapse on 30 June 2012. Cape Wools SA requested ministerial approval for the continuation of these statutory measures for a new period of four years, until 30 June 2016.

The purpose and aim of the statutory measure relating to registration is to provide a statutory mechanism for producers, brokers, traders or wool buyers, processors, importers and exporters to register with Cape Wools SA. A central database of names and contact details of individuals and organisations involved in the production, trading, processing and exporting of wool (by means of a unique identification number) supports the accurate and efficient gathering of data.

The purpose and aim of the statutory measure relating to records & returns is to provide a statutory mechanism for the keeping of records and the furnishing of returns to Cape Wools SA. It will be expected from each broker, trader or wool buyer, processor, importer and exporter of wool to keep the specific records with regard to wool that he or she has in his or her possession or under his or her control and shall within 15 days after the end of each calendar month, furnish it to Cape Wools SA. This is deemed necessary to ensure that continuous, timeous and accurate statistics and information relating to the characteristics and the marketing and sale of wool is made available to all role-players. A centralised source of reliable, objective and user-friendly statistics and information on the aggregate profile of the industry at any given

point in time, to aid decision-making during the growing, marketing, processing and promotion of South African wool is an essential tool to continuously position the South African wool industry nationally and internationally.

According to the applicant (Cape Wools SA), the proposed continuation of the statutory measures will further the objectives of the MAP Act as stipulated in section 2(2) thereof. Such establishment will also not contravene section 2(3) of the Act, namely will not be substantially detrimental to food security, the number of employment opportunities within the economy or fair labour practices. The objectives referred to in section 2(2) of the Act are to increase market access for all market participants, to promote the efficiency of marketing of agricultural products, to optimise export earnings from agricultural products and to enhance the viability of the agricultural sector.

Reliable national statistics and objective aggregate information regarding production, sales, price trends and projections, export volumes, prices and destination and market/product requirements are fundamental to the need to increase market access for all participants. Access to a national database of this nature will support the development of efficient marketing mechanisms for wool and will assist in the optimisation of export earnings for all sectors. Enhancement of the viability of the agricultural sector, particularly the previously disadvantaged wool sector, can only be accelerated if reliable, inclusive and comprehensive market data is available to assess the progress of this sector over time against the benchmark of reliable historical data.

Support for the proposed continuation of the statutory measures was given by the different categories of directly affected and other groups in the wool industry. If the Minister approves the application, the statutory measures will come into operation on the date of publication thereof in the *Government Gazette* and shall lapse on 30 June 2016.

The institution that will be responsible for the administration of the statutory measures is Cape Wools SA, a company without profit motive incorporated in terms of section 21 of the Companies Act, 1973 (Act No 61 of 1973) and by default qualifies as a company incorporated for a public benefit in terms of the Companies Act, 2008 (Act No 71 of 2008). Considering the South African wool industry's international associations and linkages and the need to establish a structure that will ensure the ongoing involvement by all affected parties, Cape Wools SA is the appropriate institution to administer the measures. It is internationally recognised and

accepted as the overarching representative South African wool industry body, is representative of all directly affected groups in the wool industry and its sole responsibility is to implement the strategic plan for the wool industry as developed by the Wool Industry Forum of South Africa.

Directly affected groups in the wool industry are kindly requested to submit any comments regarding the proposed continuation of statutory measures to the National Agricultural Marketing Council within 14 days of the publication hereof.

Submissions should be in writing and be addressed to:

BOMO EDITH EDNA MOLEWA
MINISTER OF WATER AND ENVIRONMENTAL AFFAIRS

NOTICE 519 OF 2011**ANNEXURE**

TAKE NOTICE THAT the National Textile Bargaining Council ("the NTBC") has applied to the CCMA for a determination in terms of the said section 62 of the Labour Relations Act, 1995 ("the LRA")

- (a) that the Workforce Group (Pty) Ltd (" Workforce Group") and a class of its employees are/were engaged or employed in the textile sector: and
- (b) that the main collective agreement of the NTBC is/was binding on Workforce Group and a class of its employees.

TAKE NOTICE FURTHER THAT the allegations on which the NTBC bases its application are as follows:

1. Workforce Group is a temporary employment service who, as part of its business, places a number of its employees at the exclusive disposal of clients who wholly operate within the registered scope of the NTBC i.e. in the textile industry or sector including at Nambithi Dye House CC, Midlands Weaving CC and Neat Packing CC in Ladysmith.
2. The employees referred to in paragraph 1 renders/rendered an exclusive service to and perform work for the clients referred to in that paragraph and are remunerated by Workforce Group for such service rendered to the clients. The enterprise in which the employees are engaged is exclusively that of the clients. The clients are the beneficiaries of their work and services although the contractual employment relationship is between the employees and Workforce Group.
3. The clients referred to in paragraph 1 all operate wholly within the registered scope of the NTBC and are registered with it as employers.
4. The employees referred to in paragraphs 1 and 2 who perform work for the clients within the scope of the NTBC fall within the registered scope of the NTBC.
5. Workforce Group provides a "temporary employment service" to its clients as defined in terms of section 198 (1) of the LRA.
6. In terms of section 198 (4) of the LRA both Workforce Group and the clients are jointly and severally liable to the employees for any breach of inter alia the main collective agreement applicable in the client's industry. This in turn means that the main collective agreement applicable in the client's industry also applies to employees of a temporary service provider which places its employees in that industry.
7. By virtue of the fact that Workforce Group places/placed the said employees at the clients referred to in paragraphs 1 and 2 Workforce Group and the said employees fall/fell within the registered scope of the NTBC for as long as the employees are/were so placed.

TAKE NOTICE FURTHER THAT amongst the underlying issues that parties, or at least one of them, require the arbitrator to decide are the following issues:

- (i) Whether the businesses/operations of Workforce Group or any part thereof fall within the registered scope of the NTBC;
- (ii) In the light thereof that the registered scope of the NTBC and/or the provisions of the main collective agreement of the NTBC do not specifically include or refer to temporary employment services supplying employees to factories falling within the said registered scope, whether the businesses/operations of Workforce Group, or any part thereof, fall within the said registered scope

solely by virtue of the fact that Workforce Group supplies labour to clients/factories whose businesses/operations fall within such scope, if such fact is proved.

- (iii) If it is proved that temporary employment services, like the Workforce Group, do not supply labour solely to clients/factories falling within the registered scope of the NTBC but also to many other clients/factories falling within other sectors, does such fact exclude the businesses/operations of such temporary employment services from the registered scope of the NTBC as defined in the annexure to the certificate of registration of the NTBC and the main collective agreement of the NTBC, alternatively, is such fact of any relevance to the main issues to be decided and, if so, to what extent.

TAKE NOTICE FURTHER THAT the issues are to be determined under Case No. KNNC 288-11 at the offices of the CCMA, 6th Floor, Embassy Building, 199 Anton Lembede Street (Smith Street), Durban on a date to be determined by the Registrar.

TAKE NOTICE FURTHER THAT any interested party may, within 21 days of date of publication of this notice, make written representations envisaged by section 62 (7) and (9) in relation to the issues to be determined and that such written representations are to be directed to The National Registrar, CCMA House, 20 Anderson Street, Johannesburg, 2001.
