THE AGRICULTURAL SECTOR EDUCATION AND TRAINING AUTHORITY (AgriSETA)

INVITATION TO BID

The Agricultural Sector Education and Training Authority (AgriSETA) is a statutory body established through the Skills Development Act of 1998, to enable its stakeholders to advance the skills levels in the sector in accordance to government's growth initiatives. ALL SETAs were recently reviewed and AgriSETA has been re-licensed to execute its mandate for the next five years (to March 2016). The agricultural sector is vast and the demarcation of AgriSETA covers both primary agricultural activities as well as secondary activities which exist in support of the farming sector in South Africa. Additional information can be obtained from the following website: www.agriseta.co.za

AgriSETA is seeking to appoint a suitably qualified service provider who will maintain and update AgriSETA's corporate identity in terms of brand personality and target marketing. The intention is for the appointed service provider to work with AgriSETA to:

1. Maintain AgriSETA's brand.
2. Produce and place AgriSETA's print and online advertising; and
3. Design and produce a range of AgriSETA marketing materials;
4. Develop a Return on Investment (ROI) model and report on AgriSETA's ROI (marketing).

Please quote: **Ref No. AS/2011/RFB/003/Advertise, Design and Print** in all correspondence. Correspondence without a reference number will not be attended to.

Note: No briefing session will be held.

Bid documentation is available for downloading from the AgriSETA website (www.agriseta.co.za) or electronically, on request by e-mail, from Annetjie Labuschagne at annetjie@agriseta.co.za.

Soft/hard copies of the bid documentation are available, for collection only, on prior request by telephone from Annetjie Labuschagne at Tel: (012) 301-5606.

The closing date for submissions is: Friday, 4 March 2011 at 11h00.

No late submissions will be considered.

Submissions should be delivered to: The Procurement Manager, AgriSETA, AgriSETA House, 529 Belvedere Street, Arcadia, 0083.

WESGRO—THE WESTERN CAPE OFFICIAL TRADE AND INVESTMENT PROMOTION AGENCY

REQUEST FOR PROPOSALS

FEASIBILITY STUDY FOR THE CITY OF CAPE TOWN 2010 INVESTMENT PROJECTS

TENDER REF. No. 462-2010 IP

Wesgro is the Western Cape's Official Investment and Trade Promotion Agency established under provincial law and governed by a Board of Directors. We are the first point of contact for foreign importers, local exporters and investors wishing to take advantage of the unlimited opportunities of the growing Cape.

Purpose of the project:

The purpose of this project is two-fold:

- to conduct a comprehensive feasibility study of three investment opportunities identified in Phase 1 of a previous pre-feasibility study of investment opportunities, completed in 2010.
- to package the investment opportunities into viable projects that will be promoted for investment by Wesgro.

Project description and background for the Feasibility Study:

The pre-feasibility study that was undertaken in 2010 prompted the need for detailed feasibility studies to be undertaken on the identified opportunities. Below is the brief description of the identified opportunities (projects):

Project 1: ICT Hub:

The ICT Hub should be a single facility in which key functionalities are integrated. It should be a landmark or icon building in a prominent location, to market the notion of Cape Town as a knowledge base, and to leverage off the spatial economic agglomeration and linkages opportunities.

The ICT Hub will comprise of a mixed-use centre with prime office space for ICT sector firms with high technology usage, ICT retail and front-of house service provider space, a larger incubator or “accelerator” facility, an events and auditorium area, technology museum(s) and training facilities. Potential locations indicated in the pre-feasibility study include the East City, Foreshore and CBD precincts.

The hub will contribute to national, provincial and local objectives of growing innovation, entrepreneurship and the so-called knowledge economy.

NB: Pre-feasibility study information will be supplied upon request.

Project 2: Cape Town International Airport Eastern Precinct Industrial/Warehousing Development:

Industrial/warehousing development Cape Town International Airport (CTIA) is a major infrastructure element in the City of Cape Town given the strategic position thereof.

Airport Company South Africa (ACSA) has already started the process of developing a portion of the CTIA eastern precinct and development plans have already been drawn up. Rezoning of the land is in process.

A total of 27,6% of the development (13,95 hectares) is earmarked for industrial/warehousing. The industrial demand model also indicated a 102.25 hectare gap in the industrial market in 2015 which will increase to 348,96 hectares in 2020.

The CTIA is a major infrastructure element in the City of Cape Town. With the increased airport capacity for passengers and freight as well as the road improvements (Symphony Way has been completed improving movement along the eastern edge of the airport, between Philippi and Bellville) the land adjacent to the airport is equipped for development.

ACSA has committed more than R2 billion over 20 years (which started in 2000) to extend existing terminal buildings and construct car parks, two new satellite terminals and an expanded runway system. The upgrade was divided into three phases. Phase 1 was completed in 2001, Phase 2 in 2003 and Phase 3 is set to be completed in 2015.

NB: Pre-feasibility study information will be supplied upon request.

Project 3: Construction and Demolition Waste Recycling Facility Concept:

According to pre-feasibility findings there is potential for the establishment of a Construction and Demolition Waste Recycling Facility in the City of Cape Town.

The pre-feasibility study indicates four sites with the most potential for this development, including the following:

- Parow Industrial;
- Airport Industria;
- Epping Industria; and
- Paarden Eiland.

The City of Cape Town generates approximately 1.8 million tonnes of waste annually. Waste generated in Cape Town is currently increasing annually by an average of 6%, compared to an annual population growth rate of only 2%.

Construction and demolition rubble makes up an estimated 35% of the City’s waste (58 000 to 95 800 tonnes per annum).

With large construction projects being undertaken in the City of Cape Town, a significant quantity of builders’ rubble is being generated of which a certain amount is still being disposed of to landfills.

NB: Pre-feasibility study information will be supplied upon request.

The activities required are described in the following sections: A Project Manager has been appointed to manage the Feasibility Study process, and the service provider is expected to report to the Project Manager throughout their appointment. As part of the process, the service provider is expected to attend meetings and workshops throughout the project.

A compulsory briefing session will take place on 17 February 2011 at 14:00 at the Wesgro Office.

Tender documents are available from Wesgro’s Website: www.wesgro.co.za

Four copies of the proposal must reach Wesgro Offices not later than 11:00 on the closing date of the tender.

Tender documents must be submitted on the official forms (not retyped) and can be mailed to Wesgro IP Unit, Wesgro, P.O. Box 1678, Cape Town, 8000, or hand-delivered to the 12th Floor, Waldorf Arcade, 80 St George’s Mall, Cape Town, for attention Ebrahim Kahn at E-mail: ebrahim@wesgro.co.za
