CAPE NATURE

REQUEST FOR INFORMATION (RFI)

BID No. WCNCB-GIS-01/08/2011: PROVISION OF SERVICES FOR THE MAPPING OF CAPENATURE RESERVES TRAIL AND ROAD INFRASTRUCTURE

CapeNature is advertising a Request for Information (RFI) for a comprehensive roads and trails GIS layer for which all deficient and/or inaccurate roads and trails data are remapped in the field to 5 m accuracy, and all road and trails are appropriately segmented, with this data consolidated into a database (with all required fields completed).

This is in order to properly cost and schedule maintenance and repair, and auditing as well to inform reserve planning. Mapping must be accurate, including height (Z) data, to allow accurate GIS calculation of slope and road/trail distances in steep terrain.

The current road and trail spatial data for the organisation is in many cases inaccurate and it is estimated that records for up to 40% of existing roads and trails are deficient. No consistent data is available describing construction and condition.

The project scope will cover the roads and trails across our operating regions within Western Cape, which are:

- Boland Area
- Breedeberg Area
- Cape Metro Area
- Garden Route Area
- Karoo Area
- Langeberg Area
- North West Area; and
- Overberg Area

RFIs are requested from consultants or firms with qualifications and experience in the field of Geographic Information Systems in, but not limited to the environmental sector.

Compulsory briefing session:

Date: 29th August 2011.

Time: 10h00.

Venue: CapeNature Head Office, PGWC Shared Services Centre, cnr Bosduif and Volstruis Streets, Bridgetown.

Contact person for specifications: For more information contact Mr Chris Martens (Coordinator Integrated Catchment Management) or Mrs Irene Steyn (Secretary) at (028) 314-0185/084 690 3583.
