# Please note that Volume 1 Chapter 6 and Volume 4 Chapter 10 are included only for use with the South African Road Traffic Signs Manual Volume 3. They have NOT been approved by SATCC TU/SADC yet.

**Contents:****Volume 1**

*of the Manual contains detailed signing policy and design principles. The text covering each sign, marking and signal starts with a statement regarding the meaning, or significance, of the device. These statements are essentially the same as those given in the harmonized model road traffic sign regulations, prepared at the same time as Volume 1. The content of Volume 1 provides an in depth description of the road traffic sign system and working detail on the use of each individual component of the system.*

**Volume 2**

*deals with the collective application of signs, markings, and signals for specific subject areas such as traffic accommodation at roadworks, tourism signing, public transport signing and signing for the control of heavy vehicles.*

**Volume 3**

*provides in depth detail on the selection, installation, operation and control methods for traffic signals.*

**Volume 4**

*gives complete dimensional details, together with accurate scalable drawings, of all signs, markings and signals, including details of all letter types used on direction signs.*
