## GENERAL NOTICE

### NOTICE 827 OF 2012

MINISTRY OF TRANSPORT AND PUBLIC WORKS

---

### INTENTION TO INSTITUTE EXTRAORDINARY MEASURES IN A DECLARED AREA

#### Background and purpose of regulations

1. Over the past few months (July 2012 – September 2012) a number of operators have been murdered in the greater Bellville area due to taxi-related conflict. The Department of Transport and Public Works have received numerous reports from various sources indicating growing tension and associated violent confrontations between minibus-taxi operators affiliated to the Bellville Taxi Association (BELTA), Durbanville Taxi Association and Bloekombos Wallacedene Taxi Association. This has brought to an end a 30-month period of relative peace and stability in the taxi industry. These route associations form part of the CATA (Cape Amalgamated Taxi Association) region. Numerous attempts were made by the Department to resolve internal disputes within and between these associations. Mediators contracted by the Department have been dispatched to the affected areas to gather information and to meet with affected operators in the area. These attempts have been relatively fruitless and the situation on the ground remains highly volatile.
2. After carefully analysing the situation it is my considered view that the safety of passengers, operators, drivers and people entering the area is compromised by the ongoing conflict between members of the mentioned associations. There is also the possibility that this tension will spread to surrounding areas and ultimately impact the entire metropolitan area. This should be averted and it is the intention of the Department to act decisively and to take action against offending operators.

#### Proposed Action/Regulations

3. As the MEC for Transport and Public Works in the Province of the Western Cape, it is my intention to invoke my powers in terms of section 91 of the National Land Transport Act (Act 5 of 2009)(NLTA). After consultation with the relevant planning authority (in this case the City of Cape Town) I have decided to declare the areas

mentioned in paragraph 4 as high-risk in respect of taxi violence. I am hereby giving notice of my intention to take one or more or all of the actions listed below:

- To close one or more or all the routes or ranks in a declared area for the operation of any type of public transport service (by affected operators), for the period stated in the notice;
- To suspend any operating licence or permit authorising any of the services on a closed route or routes or at a closed rank or ranks (for affected operators) in the declared area for the relevant period;
- To instruct that no person may undertake any of the services on a closed route or routes or at a closed rank or ranks in the declared area or in terms of an operating licence or permit that has been suspended; and
- To allow other operators, who need not be the holders of operating licences/permits for the affected routes/areas currently, to come in and provide the services in the interim period until the situation returns to normal.

***Please note that these actions will be implemented in phases at my judgement after consultation with other government departments and affected stakeholders.***

4. This untenable situation is compromising peace and stability within the minibus-taxi industry and could result in further incidents of violence and the loss of human lives. This should be avoided at all cost. To stabilise the situation and to avert tension between operators at ranks or along the route, I will, if I deem fit, close all minibus-taxi ranks in the following areas:

- Bellville
- Durbanville
- Bloekombos
- Wallacedene
- Eversdal
- Welgemoed
- Tygervalley

Although not all the routes at Bellville Minibus-taxi Rank are affected by the violence, it is considered prudent to close the entire rank to avoid further tension with other associations. No minibus-taxi operations will be allowed in these areas. I do however reserve the right to only close certain of the routes in a particular area or certain of the loading lanes at a particular rank or ranks depending on the progress made by mediators, advice received from other stakeholders/government departments and the situation on the ground.

5. The following network of routes will also be closed for minibus-taxi operations:

6. If there are any further occurrences of violence, I will have no option but to close the mentioned routes/ranks for a period of two months. Before the ranks/routes are closed, I will publish a final notice in the government gazette. This will allow my Department sufficient time to meet with all affected parties to engineer a peaceful resolution to the conflict. If peace and stability in the area is restored before the end of the two-month period, the routes/ranks will be re-opened and the suspension imposed on the associations and operating licences/permits will be lifted. Should my Department be unable to resolve the conflict within the stipulated period, the interceding measures will prevail for a further two-month period.
7. Where ranks/routes are closed, all affected permits/operating licences (for the routes mentioned in paragraph 5) will be suspended for the same period (mentioned in paragraph 6). The provision of public transport services on the closed routes or in declared areas by current operators constitutes an offence and a fine of R5000 or imprisonment, not exceeding 6 months, will be imposed. Vehicles will also be impounded if the terms and conditions of the regulations are breached. Please note that an offending operator also runs the risk of having his or her operating licence/permit withdrawn using the provisions of section 79 of the NLTA.
8. I also intend to use my powers in terms of section 74 of the NLTA to allow other operators, who need not be the holders of operating licences/permits for the affected routes/areas currently, to come in and provide the services in the interim period until the situation returns to normal. Temporary operating licences will be issued for this purpose using the provision of section 91(6) read together with section 60 of the NLTA.

#### **Comments/Representations by interested or affected parties**

9. All persons who have an interest in the matter or who are affected by such regulations may make written representations to the Department within a period of 7 calendar days from the date of this notice and may also request reasons for the proposed regulations.

10. Representations may be submitted to the Department of Transport and Public Works, 8<sup>th</sup> Floor, 9, Dorp Street, Cape Town on or before the **12<sup>th</sup> of October 2012**.

Kind regards

**ROBIN CARLISLE**  
**MINISTER OF TRANSPORT AND PUBLIC WORKS**
