DEPARTMENT OF AGRICULTURE, LAND REFORM AND RURAL DEVELOPMENT

Private Bag X5018, Kimberley. Miss J. Kushane, Tel: (053) 838-9170. Fax: (053) 831-3635

BID No.: NC/DALFLOOD/0004

Department of Agriculture, Land Reform and Rural Development invite consulting engineering teams with expertise in river flow hydraulics, flood routing and modelling to determine flood lines and river bank protection works, for bids to be appointed as lead consultant for the planning and to manage the repair and upgrading of flood protection walls (noodwalle) and other infrastructure that was damaged in the 2010 & 2011 floods that occurred in the Vaal and Orange Rivers.

The main focus area and also where the major part of the damage occurred will be the Boegoeberg Dam to Onseepkans-stretch of the Orange River.

In broad terms the bid entails the supply of professional engineering services for:

- Determine flood volumes and peaks expected in future with associated risk of occurrence (return periods). Also give effect to possible change in flood peaks as a result of climate change.
- Do flood routing and simulations to determine expected flood heights for different return periods. (Data and contour model from a LIDAR survey will be available).
- Use existing reports on flood damage done after 1988 floods to determine affordable or economically feasible standards and heights to build the protection walls.
- Identify river sections or points where special protection works are necessary to prevent erosion of the river banks and protection walls (Noodwalle), Research and develop guidelines for effective protection methods and structures.
- Identify sites and suppliers where fill material for repair and protection works of Noodwalle are available.
- Do cost estimates of repair works to ensure that works fit in with available budget or for purpose to lobby for additional funding.
- Draft TOR and tender documents to appoint consultants for necessary EIA's to be done and manage the processes.
- Divide river basin in manageable portions, draft TOR and tender documents to appoint "secondary consulting engineers" to do final designs, draft plans and specifications, draft tender documents and who will be responsible for construction supervision and contract management for the repair works in different sections of the river. Support the Department with evaluation of bids to appoint these consulting engineers.
- Act as project manager to manage the repair processes (manage and check: consulting engineers, plans and tender documents, payment certificates, oversee quality of completed work, etc).
- It is expected that the contract period will be for at least three years.

A compulsory information sharing meeting will be held on Tuesday, 5 June 2012 at the offices of the Department (Board Room) at 7 Elliot Street, Kimberley, at 10:00.

All bidders whose documents are in order can be invited to an interview to clarify experience, capacity and to present their workplans.

Only those bids scoring 70 or more out of 100 for functionality will be considered for adjudication.

Points system applicable: 90/10.

The value of this bid is estimated to exceed R500 000 (all applicable taxes included) and therefore the 90/10 system shall be applicable.
