**BILL**

**To amend the Disaster Management Act, 2002, so as to substitute and insert certain definitions; to clarify policy focus on rehabilitation and functioning of disaster management centres; to align the functions of the National Disaster Management Advisory Forum to accommodate the South African National Platform for Disaster Risk Reduction; to provide for the South African National Defence Force and South African Police Service to assist the disaster management structures; to provide for an extended reporting system by organs of state on information regarding occurrences leading to the declarations of disasters, expenditure on response and recovery, actions pertaining to risk reduction and particular problems experienced in dealing with disasters; to strengthen reporting on implementation of policy and legislation relating to disaster risk reduction and management of allocated funding to municipal and provincial intergovernmental forums established in terms of the Intergovernmental Relations Act, 2005; to expand the contents of disaster management plans to include conducting disaster risk assessments for functional areas, mapping of risk, areas and communities vulnerable to disasters; to provide measures to reduce the risk of disaster through adaptation to climate change and developing of early warning mechanisms ; to provide for regulations on disaster management, education and training matters; and matters incidental thereto.**

**BE IT ENACTED** by the Parliament of the Republic of South Africa as follows:—

**Amendment of section 1 of Act 57 of 2002**

1. Section 1 of the Disaster Management Act, 2002 (Act No.57 of 2002) (hereinafter referred to as principal Act) is hereby amended by—

(a) the insertion before the definition of "**Department**" of the following definitions:

" 'adaptation' means the adjustment in natural or human systems in response to actual or expected climatic stimuli or their effects, which moderates harm or exploits beneficial opportunities;

'climate change' means a change in the climate that persists for decades or longer, arising from either natural causes or human activity;

'community or society' means a group of people living, or having their livelihood, within the geographical boundaries of a local, district or metropolitan municipality which shares a common disaster risk profile;

(b) the substitution for the definition of "**Department**" of the following definition:

" 'Department' means the principal department that supports the Cabinet member referred to in section 3."

(c) the substitution for the definition of "**disaster**" of the following definition:

" 'disaster' means a serious disruption or a threatening disruption of the functioning of a community or a society involving widespread human, material, economic or environmental losses and impacts, which exceeds the ability of the affected community or society to cope using its own resources;

(d) the insertion after the definition of "**district municipality**" of the following definition:

" 'disaster risk reduction' means the concept and practice of reducing disaster risks through systematic efforts to analyse and manage the causal factors of disasters, including through reduced exposure to hazards, lessened vulnerability of people and property, wise management of land and the environment, and improved preparedness for adverse events;

- (e) the substitution for the definition of "**mitigation**" of the following definition:

" 'mitigation' in relation to a disaster, means the lessening or limitation of the adverse impacts of hazards and related disasters;

- (f) the insertion after the definition of "**mitigation**" of the following definition:

" 'municipality', means a municipality as contemplated in section 2 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000);

- (g) the insertion after the definition of "**national organ of state**" of the following definition:

" '**national platform for disaster risk reduction**' means a generic term for national mechanisms for coordination and policy guidance on disaster risk reduction that are multi-sectoral and inter-disciplinary in nature, with public, private and civil society participation involving all concerned entities within a country ;

- (h) the substitution for the definition of "**organ of state**" of the following definition:

" '**organ of state**' means a national, provincial, [or] municipal organ of state or any organ of state referred to in the Constitution of the Republic of South Africa, 1996, (No. 108 of 1996).;

- (i) the insertion after the definition "**prescribe**" of the following definition:
- " 'preparedness' means the knowledge and capacities developed by governments, professional response and recovery organisations, communities and individuals to effectively anticipate, respond to, and recover from, the impacts of likely, imminent or current hazard events or conditions ;
- (j) the insertion after the definition of "**organ of state**" of the following definition:
- " 'recovery' means the restoration, and improvement where appropriate, of facilities, livelihoods and living conditions of disaster-affected communities, including efforts to reduce disaster risk factors;
- (k) the insertion after the definition of "**response**" of the following definition:
- " 'risk assessment' means a methodology to determine the nature and extent of risk by analysing potential hazards and evaluating existing conditions of vulnerability that together could potentially harm exposed people, property, services, livelihoods and the environment on which they depend ; and
- (l) the substitution for the definition of "**vulnerability**" of the following definition:
- " 'vulnerability' means the characteristics and circumstances of a community, system or asset that make it susceptible to the damaging effects of a hazard."
