111 HARRINGTON STREET, CAPE TOWN 8001

TEL (021) 462 4502 - FAX (021) 462 4509

### DEPARTMENT OF ARTS AND CULTURE SOUTH AFRICAN HERITAGE RESOURCES AGENCY

#### **DECLARATION OF “LAKE FUNDUDZI CULTURAL LANDSCAPE”, SITUATED IN VENDA, LIMPOPO PROVINCE AS A NATIONAL HERITAGE SITE**

By virtue of the powers vested in the South African Heritage Resources Agency (SAHRA) in terms of section 27(5) of the National Heritage Resources Act, No 25 of 1999 (the Act), SAHRA hereby declares Lake Fundudzi Cultural Landscape as A NATIONAL HERITAGE SITE.

#### **STATEMENT OF SIGNIFICANCE**

The Lake Fundudzi Cultural Landscape is significant because of its setting, rich history associated with living and sacred heritage and scientific value. It is a distinctive cultural and natural environment, which remains relatively untouched, unaltered and authentic..

#### **Intangible Heritage or Living Heritage**

##### **Sacred Site**

Its variable water level is dependent on the inflow of three rivers from a catchment of 6000 ha, the Mutale or Mavhidzelele, Godoni or Tshidumbi or Govha and Muiladi Rivers. The lake is the focus of cultural ceremonies, traditions and rituals for the Vhavenda, amongst them the Vhatavhatsindi clan in

particular. It is a burial site that it venerated as a sacred place because it is the home of ancestral spirits of Vhatavhatsindi people. The Vhatavhatsindi people discovered the lake, dating back to the period when their ancestors moved into the present Venda from Zimbabwe. The name "Fundudzi" resulted from a cultural ritual to be observed by anyone approaching the lake for the first time. This involves bowing in a special way "kodola" then removing a strand of hair from ones head which is then thrown into the water as a way of respecting the ancestors. In addition, the following elements of living heritage are conducted at the lake and centre on the origin and the special character of the lake and its water "Thevhula" (annual thanksgiving ritual) and "Tshiswavhathu" (this is a practice that is conducted after the burial of the members of the royal family).

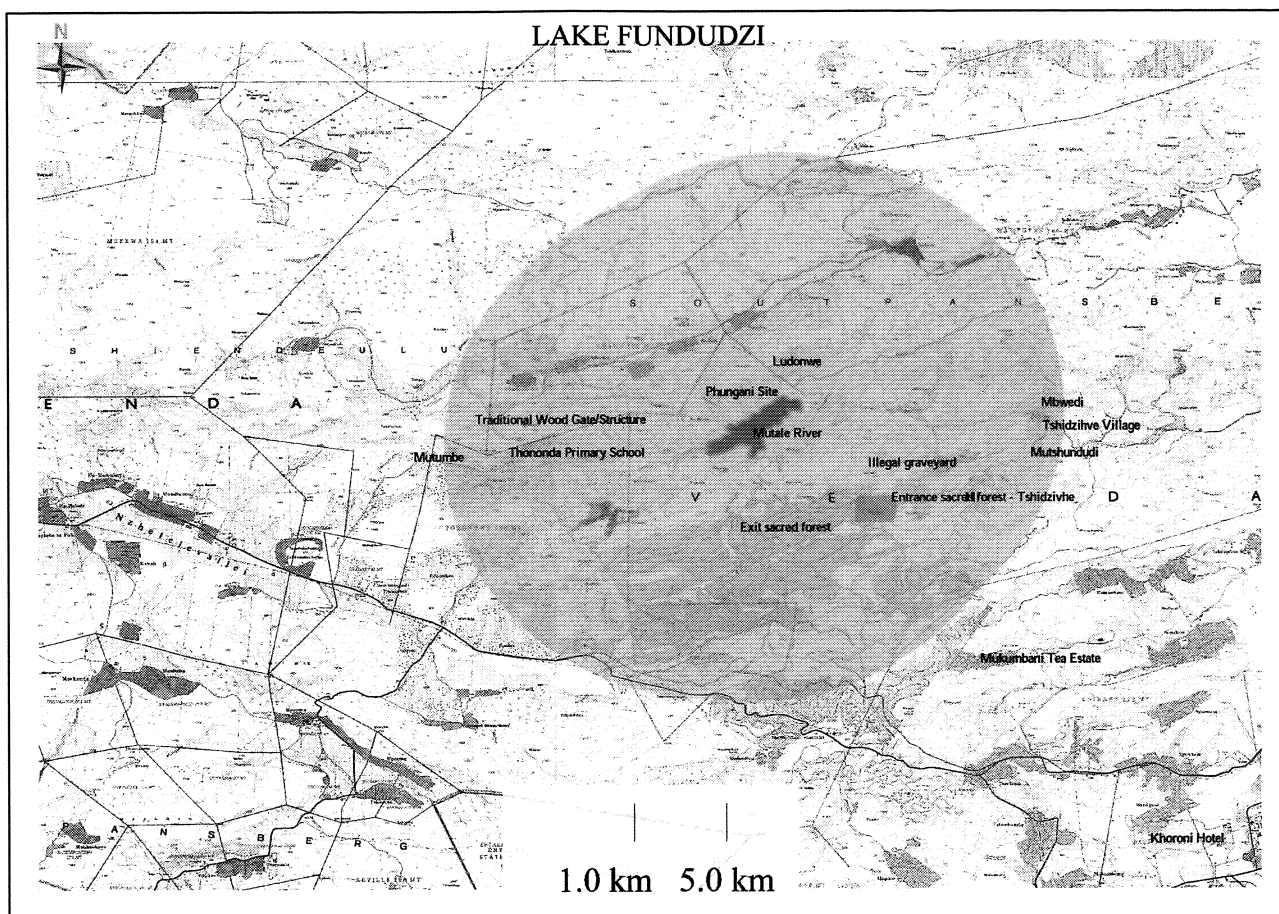

### Scientific Value

From a scientific perspective, Lake Fundudzi may harbour a wealth of information on the recent history of the area in the form of its sediments that have washed into the lake since its formation. This information is contained in the form of sediment layers, particle size and thickness of consecutive layers, which allows for the possibility of carbon dating and palynological analysis. Fossil pollen in the sediment reflects the vegetation, as well as disturbances by major events such as fires, floods and influence of early settlements by man in the catchment.

The Chief Master must issue directives to be used by all Masters in order to implement and monitor the application of this Policy.

## **6. Different categories of insolvency practitioners**

6.1 Insolvency practitioners on every Master's List must be divided into the following categories, where an African, Coloured, Indian or Chinese person is limited to a person who became a South African citizen before 27 April 1994 or a descendant of such a citizen:

Category A: African, Coloured, Indian and Chinese females;

Category B: African, Coloured, Indian and Chinese males;

Category C: White females;

Category D: White males,

and within each category be arranged in alphabetical order according to their surnames and, in the event of similar surnames, their first names. Insolvency practitioners added to the list after the compilation thereof must be added at the end of the relevant category.

6.2 A Master's List must distinguish between "senior practitioners", being insolvency practitioners who have been appointed at least once every year within the last five years and "junior practitioners", being insolvency practitioners who have not been appointed at least once every year within the last five years but who satisfy the Master that they have sufficient infrastructure and experience to be appointed alone.

The senior and junior practitioners must be arranged where they fit alphabetically in Category A to Category D on the same Master's List.

## **7. Appointment of insolvency practitioners by Masters of High Courts**

7.1 Insolvency practitioners must be appointed consecutively in the ratio A4: B3: C2: D1, where—

“A” represents African, Coloured, Indian and Chinese females;

“B” represents African, Coloured, Indian and Chinese males;

“C” represents White females;

“D” represents White males,

and the numbers 4: 3: 2: 1 represent the number of insolvency practitioners that must be appointed in that sequence in respect of each such category.

7.2 Within the different categories on a Master's List, insolvency practitioners must, subject to paragraph 7.3, be appointed in alphabetical order.

7.3 The Master may, having regard to the complexity of the matter and the suitability of the next-in-line insolvency practitioner but subject to any applicable law, appoint a senior practitioner jointly with the junior or senior practitioner appointed in alphabetical order. If the Master makes such a joint appointment, the Master must record the reason therefor and, on request, provide the other insolvency practitioner therewith.

7.4 If an insolvency practitioner due for appointment in accordance with the alphabetical list of names in a specific category on the Master's List—

- (a) fails to lodge a bond of security in time, the next insolvency practitioner on the Master's List must be appointed, and the person determined previously is moved to the back of that list; or
- (b) satisfies the Master that he or she has a conflict of interest or a conflict of interest arises after the appointment, the next-in-line insolvency practitioner must be

appointed, and the person determined previously is considered for appointment when the next appointment in that category is made.
