## COMPETITION COMMISSION

## APPLICATION FOR AN EXEMPTION

1. Notice is hereby given in terms of section 10(6)(a) of the Competition Act, No. 89 of 1998, as amended ("the Act") that South African Airways (SOC) Limited ( henceforth "SAA") and Etihad Airways PJSC ("Etihad"), have applied to the Competition Commission ("the Commission"), in terms of section 10(1) of the Act, to be exempted from certain provisions of Chapter 2 of the Act. SAA and Etihad both operate in the air travel industry and provide both passenger and cargo air transportation services internationally. They therefore submit for this exemption application as joint applicants.
2. Etihad, while a foreign airline entity of the United Arab Emirates (UAE), will under its proposed alliance with SAA (as detailed below), operate its activities and hold effect in the Republic of South Africa. Section 3(1) stipulates that the Act "applies to all economic activity within, or having an effect within the Republic", and as such covers the conduct for which Etihad, jointly with SAA, seeks an exemption for. SAA on the other hand is a state-owned company registered in terms of the Company Act of 1973 of the Republic of South Africa.
3. The subject matter of the application is an alliance between SAA and Etihad; incorporating both a codeshare agreement on the route between Abu Dhabi (the capital city of the UAE) and Johannesburg, and a commercial co-operation agreement which governs their commercial relationship.
4. The scope of the alliance will cover flights with SAA code on Etihad's operations from Johannesburg to Abu Dhabi and similarly cover flights with Etihad's codes on SAA from Abu Dhabi to Johannesburg (the Johannesburg/Abu Dhabi route accordingly is referred to in the code share agreement as the 'trunk route'). Furthermore, the alliance extends

coverage to routes of destinations beyond Abu Dhabi<sup>1</sup> and Johannesburg<sup>2</sup>, respectively. These routes serve as the complementary routes of operation.

5. Specifically, SAA and Etihad have requested the Commission that they be exempt from the following activities as shall arise from the alliance:

*5.1 Reciprocal, preferred and enhanced fare proration on shared services;*

- The alliance will enable SAA and Etihad to align their airfares, and eliminate the costs resultant of 'double marginalization' as would otherwise occur without the exemption. Double marginalization essentially involves each carrier applying its own mark-ups to prices.

*5.2 Joint route and schedule co-ordination;*

- Joint route and schedule co-ordination will enable SAA and Etihad to offer a cost-effective schedule to ensure greater frequencies and expanded operations in the future. The greater frequencies contribute to airline sustainability and competitiveness against larger (and often dominant) competitors in the market like Emirates. This co-ordination will possibly also expand the presence of the applicants in markets where they currently face limited exposure; and improve aircraft utilization, resource allocation, and connectivity to beyond markets.

*5.3 Joint pricing on the trunk route and specified complementary routes;*

- The alliance will also involve collaborative pricing efforts on both the trunk route and specified complementary routes. Joint pricing introduces reduced fare-price benefits from the removal of double marginalization, and additional efficiency

---

<sup>1</sup> Destinations on the Etihad network beyond Abu Dhabi to points on the SAA network: Accra (Ghana); Brazzaville and Pointe-Noire (Congo); Buenos Aires (Argentina); Cape Town, Durban, East London and Port Elizabeth (South Africa); Cotonou (Benin); Dakar (Senegal); Harare and Victoria Falls (Zimbabwe); Livingston, Lusaka and Ndola (Zambia); Windhoek (Namibia).

<sup>2</sup> Destinations on the SAA network beyond Johannesburg to points on the Etihad network: Amsterdam (Netherlands); Athens (Greece); Bangkok (Thailand); Beirut (Lebanon); Colombo (Sri Lanka); Dublin (Ireland); Ho Chi Minh City (Vietnam); Jeddah, Ad Dammam and Riyadh (Saudi Arabia); Karachi (Pakistan); Kuala Lumpur (Malaysia); Kuwait City (Kuwait); Manama (Bahrain); Manchester (United Kingdom); Manila (Philippines); Milan (Italy); Muscat (Oman); Seoul (South Korea); Shanghai (China); The Republic of Singapore.

gains to the operating airlines by way of lower average costs owing to higher load factors. Joint pricing on the complementary routes will follow pricing on the trunk route as the latter inevitably forms part of the travel route connecting destination points beyond the Johannesburg/Abu Dhabi hubs. Thus, joint pricing will not only enable reasonable price offerings to passengers of SAA and Etihad, but also an optimal route network selection to destinations beyond the hubs referred to above.

*5.4 Joint dealing, joint marketing, distribution, sales representation and co-operation including travel agency and corporate account dealing arrangements; and*

- Further cooperation between SAA and Etihad on marketing, distribution and ticket sales will also promote alliance specific efficiencies and cost reductions. The eliminated duplication effect of roles at various destinations forming part of the alliance generates cost savings which ultimately filter through to passengers. SAA and Etihad will also collaborate on offering joint fares to sales channels, including travel agents and corporate customers.

*5.5 Sharing of competitively sensitive information*

- To facilitate the efforts of joint scheduling and joint pricing on the affected routes, SAA and Etihad submit that there arises a need to exchange competitively sensitive information. This information primarily comprises the pricing levels which each airline would charge to its passengers. To the extent of these exchanges, the applicants aver that the prices would only reflect the final prices, and exclude any additional cost information they hold, respectively. The information will further include both prospective and existing passengers' details in respect of the routes concerned.

6. The alliance sought characterizes a horizontal agreement, as SAA and Etihad are competitors or potential competitors in the passenger airline industry. Accordingly, the alliance constitutes a prohibited practice, a possible contravention of section 4(1)(b) of the Act.

7. SAA and Etihad submit that their alliance is necessary and required for:
- The maintenance or promotion of exports [section 10(3)(b)(i) of the Act];
  - A change in productive capacity necessary to stop decline in an industry [section 10(3)(b)(iii) of the Act].
8. SAA and Etihad seek this exemption for a minimum period of five (5) years, starting from the date of approval of the application by the Commission.
9. The Notice is hereby given in terms of section 10(6)(b) of the Act to allow interested parties 20 business days from the date of the publication to make written representations to the Commission as to why the exemption should not be granted.

Such representations must be directed to either Ms. Boitumelo Nte or Ms. Mabocha Mokobane or Mr. Shadrack Rambau on the following electronic mailing addresses, [BoitumeloN@compcom.co.za](mailto:BoitumeloN@compcom.co.za), [MabochaM@compcom.co.za](mailto:MabochaM@compcom.co.za), [ShadrackR@compcom.co.za](mailto:ShadrackR@compcom.co.za), respectively.

**BOARD NOTICE 26 OF 2014****PROPOSED PROTECTION OF EUROPEAN UNION GEOGRAPHICAL INDICATIONS  
FOR WINES AND SPIRITS**

The Wine and Spirit Board hereby –

- (a) give notice that proposals have been made for the protection, in the territory of the Republic of South Africa, of the European Union geographical indications for wines and spirits set out in the Annexure hereto in accordance with the provisions set out in said Annexure:
  
- (b) invite interested persons to submit, in writing, such representations as they may care to make in regard to this matter to the Secretary of the Wine and Spirit Board, at [hugo@wsb.org.za](mailto:hugo@wsb.org.za) (Hugo van der Merwe), to reach him within 30 days of the publication of this notice.

**M H VAN DER MERWE**

**SECRETARY: WINE AND SPIRIT BOARD**

## ANNEXURE

### SECTION 1: GEOGRAPHICAL INDICATIONS

#### Article 1. Scope

1. This Section applies to the recognition and protection of geographical indications designating products falling under the categories of products indicated in the section headings of Annex III and originating in the territories of the Parties.
2. The provisions of this Section shall complement and specify the rights and obligations of the Parties under the TRIPS Agreement and other multilateral agreements to which the Parties are party, and therefore, no provision of this Section will contradict or be detrimental to the provisions of such multilateral agreement.

#### Article 2 – Protection of established geographical indications

1. The European Union shall protect the geographical indications of the Republic of South Africa listed in Annex III according to the level of protection laid down in this Protocol.
2. Republic of South Africa shall protect the geographical indications of the European Union listed in Annex III according to the level of protection laid down in this Protocol.

3. When all the geographical indications respectively of the European Union or of the Republic of South Africa listed in Annex III and identified therein as geographical indications for which the priority date is indicated as 'entry into force', have been protected according to paragraphs 1 or 2, each Party shall notify the other that the protection has been applied.

### **Article 3 – Right of use of geographical indications**

1. A geographical indication protected under this Section may be used by any operator marketing agricultural products, foodstuffs, wines, aromatised wines or spirit drinks conforming to the corresponding product specification.
2. Once a geographical indication is protected under this Section, the use of such protected name shall not be subject to any registration of users, or further charges.

### **Article 4 – Scope of protection**

1. Geographical indications referred to in Article 2 and listed in Annex III as well as those added pursuant to Article 5 shall be protected against:
  - (a) any direct or indirect commercial use of a protected name:
    - for comparable products not compliant with the product specification of the protected name, or

- 
- in so far as such use exploits the reputation of a geographical indication;
- (b) any misuse, imitation or evocation including:
- use in connection with an indication of the true origin of the product in question;
  - use in translation, transcription or transliteration;
  - use together with words such as "kind", "type", "style", "imitation", "method", or similar words or expressions;
- (c) any other false or misleading indication as to the provenance, origin, nature or essential qualities of a like product, on the inner or outer packaging, advertising material or documents relating to that product, and the packing of the product in a container liable to convey a false impression as to its origin;
- (d) any other practice liable to mislead the consumer as to the true origin of a like product.
2. Protected geographical indications shall not be deemed to become generic in the territories of the Parties.

3. (a) The Parties shall refuse to register or shall invalidate a trade mark that corresponds to any of the situations referred to in paragraph 1 and which relates to same type of product, provided an application to register the trade mark is submitted after the date of application for protection of the geographical indication in the territory concerned. In the case of invalidation, a competent authority of a Party may provide that invalidation shall only be effected pursuant to an application duly lodged by an interested party and brought in a manner prescribed in applicable legislation.
- (b) For the geographical indications listed in Annex III at the entry into force of this Protocol, the date of application for protection shall be the priority date indicated in Annex III, without prejudice to the continued validity, in respect of a trade mark that was earlier in time than the said date, of priority rights that applied in the territory of a Party immediately before the entry into force of the Protocol.
- (c) For geographical indications referred to in Article 5, the date of application for protection or recognition shall be the date of receipt of a request by the other Party to protect a geographical indication provided the said geographical indication is subsequently protected by the receiving Party.
4. The protection of a geographical indication under this Article is without prejudice to the continued use of a trade mark which has been applied for, registered or established by use in good faith, in the territory of a Party before the date of the application for protection or recognition of the geographical indication provided that

no grounds for the trade mark's invalidity or revocation exist in the legislation of the Party concerned. The date of application for protection or recognition of the geographical indication is determined in accordance with paragraph 3.

5. This Agreement shall in no way prejudice the right of any person to use, in the course of trade, that person's name or the name of that person's predecessor in business, except where such name is used in such a manner as to mislead consumers.
6. Where the Republic of South Africa or the European Union, in the context of negotiations with a third country, proposes to protect a geographical indication of the third country, and the name is homonymous with a geographical indication of the other Party, the latter shall be informed and be given the opportunity to comment before the name becomes protected.
7. Nothing in this Section shall oblige the Republic of South Africa or the European Union to protect a geographical indication which is not or ceases to be protected in its country of origin. The Republic of South Africa and the European Union shall notify each other if a geographical indication ceases to be protected in its country of origin.
8. In respect of the geographical indications listed in Annex III of this Protocol and identified therein as geographical indications for which the priority date is indicated as 'entry into force', a trade mark applied for between the date of publication for comments or opposition of the said geographical indications and the date of entry

into force of the Protocol that corresponds to any of the situations referred to in paragraph 1 shall be presumed to have been applied for in bad faith.

#### **Article 5 – Addition of Geographical Indications for protection**

1. The Republic of South Africa and the European Union may add geographical indications to the lists in Annex III in accordance with the procedures set out in Article 7.
2. A name may not be included in the list in Annex III where it conflicts with the name of a plant variety, including a grape variety, or an animal breed and as a result is likely to mislead the consumer as to the true origin of the product.
3. If a geographical indication referred to in Article 2 or Article 5 is wholly or partially homonymous with a geographical indication protected in the territory of the Party concerned:
  - (a) protection shall be granted to each indication provided that it has been used in good faith and with due regard for local and traditional usage and the actual risk of confusion;
  - (b) without prejudice to Article 23 of the TRIPS Agreement, the Republic of South Africa and the European Union shall mutually decide the practical conditions of usage under which the homonymous geographical indications will be differentiated from each other, taking into account the

need to ensure equitable treatment of the producers concerned and that consumers are not misled;

- (c) a homonymous name which misleads the consumer into believing that products come from another territory shall not be protected even if the name is accurate as far as the actual territory, region or place of origin of the product in question is concerned.

4. The Republic of South Africa and the European Union shall have no obligation to protect a geographical indication where, in the light of a reputed or well-known trade mark, protection is liable to mislead consumers as to the true identity of the product concerned.
5. Without prejudice to paragraph 4, the Parties shall protect a geographical indication also where a prior trademark in the sense of Article 4(4) exists.
