BOARD NOTICE

NOTICE 59 OF 2014 PENSION FUNDS ACT NO. 24 OF 1956:

VALUATION EXEMPTION

In Board Notice 61 of 2011, published in *Government Gazette* 34152 of 25 March 2011, the registrar published his prescribed conditions for exemption from the provisions of section 9A and 16 of the Pension Funds Act, 1956 ('the PFA').

Acting in terms of section 2(5)(a) of the PFA I, **Dube Phineas Tshidi**, registrar of pension funds, by this notice and with effect from the date of publication of this notice in the *Government Gazette*, replace Board Notice 61 of 2011 with this notice and prescribe the conditions for exemption from the provisions of section 9A and 16 of the PFA as set out in the Schedule to this notice as those which must be complied with in order for a fund to be valuation exempt, which in relation to a fund, means a fund which has been exempted by the registrar under section 2(5)(a) of the PFA from sections 9A and 16.

DP TSHIDI
REGISTRAR OF PENSION FUNDS

SCHEDULE

1. Definition – In this Schedule –

‘the PFA’ means the Pension Funds Act, 1956 (Act No. 24 of 1956), as amended, and any word or expression to which a meaning is assigned in the PFA has the meaning so assigned to it for purposes of this notice.

2. Format and submission

2.1 A fund may apply for valuation exemption and must submit to the registrar, at least once in every three years, an application made in the prescribed format which consists of the following:

- (a) a duly signed statement by the board of the fund, as set out in Annexure A, whereby the fund applies for valuation exemption; and
- (b) a duly completed certificate by a valuator, stating the date from which the valuation exemption is required, which date must coincide with the fund’s financial year end or anniversary, in the format prescribed in Annexure B. Where a fund subject to valuation is applying for valuation exemption, the certificate must be completed by the valuator appointed to the fund. In instances where a fund is applying for the renewal of valuation exemption, any valuator can complete the certificate.

2.2 The submission to the registrar must be made electronically on the official web site (www.fsb.co.za) in portable document format (PDF).

2.3 The above-mentioned documents must be submitted together as one application.

3. Conditions for valuation exemption

The registrar may grant valuation exemption to a fund, commencing on a fund's financial year-end or anniversary ('the effective date') and for a period not exceeding three years, provided that it complies with all of the following conditions:

- (a) At the effective date, A equals or exceeds B, where:

A is the fair value of the assets of the fund less any credit balances in the member and employer surplus accounts; and

B is the sum of the values of the amounts standing to the credit of all the accounts held for individual members, whether contributory or paid-up, plus the value of any other liabilities plus the amounts standing to the credit of any investment reserve account set up to facilitate the smoothing of fund return credited to member accounts and such contingency reserve accounts which are established or which the board deems prudent to establish;

- (b) All existing pension payments and any future pension that become payable in terms of the rules of the fund are fully secured by one or more annuity policies purchased from one or more registered long-term insurers; and/or the fund, in terms of its rules, provides and fully secures living annuities for its members upon retirement in terms of which the liability of the fund in respect of each such member is limited to the amount available per member in the fund at the date of the member's retirement and at any point thereafter;
- (c) All members of the fund, other than pensioners, belong to defined contribution categories of the fund;

- (d) Where any benefit payable to a member exceeds the value of the member's individual account, the excess is fully insured with one or more registered insurers;
- (e) Where the fund has a contingency reserve account in terms of the rules of the fund, other than a processing error reserve account, the rules provide that such reserve account could never have a negative balance;
- (f) The fund complied with the provisions of section 15B of the PFA in that: either a surplus apportionment scheme has been approved; a nil return has been noted; or the fund is not required to make a submission in terms of section 15B; and
- (g) Unless the fund was valuation exempt subsequent to its surplus apportionment date, the statutory actuarial valuation following such valuation as at its surplus apportionment date, has been accepted by the registrar.

4. Withdrawal of valuation exemption

4.1 For each fund that is valuation exempt at the date of publication of this notice, the date on which the valuation exemption for a fund will terminate ('the exemption termination date'), as shown in Annexure C, has been determined as follows:

4.1.1 If a date on which the valuation exemption would expire was specified by the registrar in writing, that will be the fund's exemption termination date; and

4.1.2 If valuation exemption was granted to a fund and no expiration date was specified by the registrar, the exemption termination date will be the date, following 1 January 2015, on which will expire the earliest of the period of three, six, nine or twelve years since the effective date from which the exemption was granted,

provided that, if, after the valuation exemption was granted, the date on which the fund's financial year end falls each year was amended in terms of its rules, the exemption termination date will be the fund's financial year end immediately before what would otherwise have been its exemption termination date, or, if that date has already passed, its next financial year end.

4.2 The board must notify the registrar without delay and in writing, providing full particulars, if at any time following the registrar's granting of valuation exemption:

4.2.1 a fund fails to comply with any of the conditions in paragraph 3; or

4.2.2 a fund, by virtue of its board, principal officer, chairperson, auditor, administrator or any other person acting in an advisory capacity is of the opinion that the fund no longer complies with any of the conditions in paragraph 3; or

4.2.3 a fund that is valuation exempt submits any rule amendment which, once registered, would cause the fund to no longer qualify for valuation exemption; or

4.2.4 a fund no longer requires valuation exemption.

- 4.3 The registrar may, subject to the Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000), at any time by notice on the official web site withdraw, wholly or in part and on any ground which he or she deems sufficient, any valuation exemption.
- 4.4 The registrar may withdraw a fund's valuation exemption after:
- 4.4.1 receiving the notification referred to in paragraph 4.2; or
- 4.4.2 where the registrar becomes aware of facts that demonstrate that the fund is no longer eligible for valuation exemption.
- 4.5 As a consequence of the registrar withdrawing a valuation exemption:
- 4.5.1 the valuation exemption granted to the fund will cease on the date it is withdrawn;
- 4.5.2 the fund must within 90 days from the date of the registrar's withdrawal of the valuation exemption appoint a valuator in terms of section 9A of the PFA; and
- 4.5.3 the fund must submit a statutory actuarial valuation report in terms of section 16 of the PFA as at the date of the fund's financial year end following the withdrawal of such exemption.

5. Short title

This Notice is called the Notice on Valuation Exemption, 2014.

ANNEXURE A**NOTICE ON VALUATION EXEMPTION, 2014****STATEMENT BY THE BOARD OF THE..... (12/8/.....) ('the fund')**

The board of the fund acknowledges that its primary duty is to ensure the solvency of the fund and that it is responsible for the good governance of the fund.

We, duly authorised by a resolution of the board of the fund, hereby apply for valuation exemption on behalf of the above-mentioned fund in terms of the Pension Funds Act, 1956.

The board has satisfied itself that the fund is properly administered in terms of its rules and that there is no need for contingency reserve accounts to allow for contingencies resulting from the fund not being administered properly in terms of its rules.

We further undertake to notify the registrar of pension funds without delay if, in our opinion, the fund is no longer eligible for valuation exemption based on the criteria set out in the Notice on Valuation Exemption, 2014.

ANNEXURE B**NOTICE ON VALUATION EXEMPTION, 2014****CERTIFICATION BY A VALUATOR: (12/8/.....) ('the fund')**

I, (full name of valuator), certify that as at (effective date coincident with the financial year-end of the fund):

1. The fund complies with the following conditions:

(a) At the effective date, A equals or exceeds B, where:

A is the fair value of the assets of the fund less any credit balances in the member and employer surplus accounts; and

B is the sum of the values of the amounts standing to the credit of all the accounts held for individual members, whether contributory or paid-up, plus the value of any other liabilities plus the amounts standing to the credit of any investment reserve account set up to facilitate the smoothing of fund return credited to member accounts and such contingency reserve accounts which are established or which the board deems prudent to establish;

(b) All existing pension payments and any future pension that become payable in terms of the rules of the fund are fully secured by one or more annuity policies purchased from one or more registered long-term insurers; and/or the fund, in terms of its rules, provides and fully secures living annuities for its members upon retirement in terms of which the liability of the fund in respect of each such member is limited to the amount available per member in the fund at the date of the member's retirement and at any point thereafter;

-
- (c) All members of the fund, other than pensioners, belong to defined contribution categories of the fund;
- (d) Where any benefit payable to a member exceeds the value of the member's individual account, the excess is fully insured with one or more registered insurers;
- (e) Where the fund has a contingency reserve account in terms of the rules of the fund, other than a processing error reserve account, the rules provide that such reserve account could never have a negative balance;
- (f) The fund complied with the provisions of section 15B of the Pension Funds Act, 1956 ('the PFA') in that:
- either a surplus apportionment scheme has been approved;
 - a nil return has been noted; or
 - the fund is not required to make a submission in terms of section 15B;

[Delete whichever is not applicable]

and

- (g) The fund was previously valuation exempt subsequent to its surplus apportionment date;

or

The fund was not previously valuation exempt subsequent from its surplus apportionment date and the statutory actuarial valuation following such valuation at its surplus apportionment date has been accepted by the registrar of pension funds.

[Delete whichever is not applicable]

2. All reserve accounts operated by the fund are provided for in the rules of the fund.
3. In my opinion, provided that the fund continues to comply with the conditions in paragraphs 1 and 2 above, the appointment of a valuator in terms of section 9A of the PFA and triennial statutory actuarial valuations in terms of section 16 of the PFA are unnecessary.
