NOTICE 633 OF 2014**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****SUNSET REVIEW OF ANTI-DUMPING DUTIES ON WIRE ROPES AND CABLES OF A DIAMETER EXCEEDING 32MM ORIGINATING IN OR IMPORTED FROM THE UNITED KINGDOM AND GERMANY AND ON STRANDED WIRE OF A DIAMETER EXCEEDING OR EQUAL TO 12.7MM ORIGINATING IN OR IMPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA: FINAL DETERMINATION**

In accordance with the provisions in Section 53.1 of the Anti-Dumping Regulations, any definitive anti-dumping duty shall be terminated on a date not later than five years from its imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the anti-dumping duties would likely lead to continuation and/or recurrence of dumping and material injury.

On 28 June 2013, the International Trade Administration Commission of South Africa (the Commission) notified the interested parties through Notice No. 664 of 2013 in *Government Gazette No. 36592*, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties on imports of wire ropes and cables and stranded wire originating in or imported from Germany, the United Kingdom (UK), the People's Republic of China (the PRC) and South Korea and countervailing duties on wire ropes and cables and stranded wire originating in or imported from India would likely lead to the continuation and/or recurrence of dumping and injury, the anti-dumping and countervailing duties will expire on 12 February 2014.

On 01 November 2013 the International Trade Administration Commission of South Africa (the Commission) received a sunset review application from Scaw South Africa (Pty) Ltd.

The notice of initiation of the sunset review of the anti-dumping duties on wire ropes and cables of a diameter exceeding 32mm originating in or imported from the Germany and the UK and on stranded wire of a diameter exceeding or equal to 12.7mm originating in or imported from the PRC was published in the *Government Gazette* on 31 January 2014. The due date for responses was 12 March 2014.

Responses to the Commission's foreign exporter questionnaire were received for two German manufacturers Pfeifer Drako and Casar Drahtseilwerk Saar GmbH. Pfeifer Drako was found not to be dumping in the previous sunset review and was excluded from the applicable anti-dumping duties and it remains excluded and need not participate in the sunset review. The response from Casar Drahtseilwerk Saar GmbH was found to be deficient. The Commission decided not to consider both responses for its final determination.

After considering all the information submitted, the Commission issued essential facts letters to interested parties indicating that it was considering making a final determination that the expiry of the anti-dumping duties on wire ropes and cables of a diameter exceeding 32mm originating in or imported from the Germany and the UK and on stranded wire of a diameter exceeding or equal to 12.7mm originating in or imported from the PRC would likely lead to the recurrence of dumping and material injury to the SACU industry.

After considering all comments to the essential facts, the Commission made a final determination that the expiry of the anti-dumping duties on wire ropes and cables of a diameter exceeding 32mm originating in or imported from the Germany and the UK and on stranded wire of a diameter exceeding or equal to 12.7mm originating in or imported from the PRC would likely lead to the recurrence of dumping and material injury to the SACU industry.

The Commission considered that although imports of the subject products still took place during the period of investigation, they were in very small quantities and the applicant's selling prices had been increasing from 2010 to 2012. The Commission therefore decided to recommend to the Minister of Trade and Industry to maintain the current applicable anti-dumping duties as the level is sufficient to eliminate the material injury.

The Commission therefore decided to recommend to the Minister of Trade and Industry to maintain the current applicable anti-dumping duties as follows:

Tariff heading	Description	Country	Applicable anti-dumping duty
7312.10	Ropes and cables, of iron or steel, not electrically insulated, of a diameter exceeding 32mm (excluding that of wire of stainless steel, that of wire plated, coated or clad with copper and that identifiable as conveyor belt cord), (excluding that manufactured by Bridon International Gmbh and Pfeifer Drako)	Germany	93%
7312.10	Ropes and cables, of iron or steel, not electrically insulated, of a diameter exceeding 32mm (excluding that of wire of stainless steel, that of wire plated, coated or clad with copper and that identifiable as conveyor belt cord), (excluding that manufactured by Bridon International Limited)	United Kingdom	76.17%
7312.10	Stranded wire, of iron or steel, not electrically insulated, of a diameter of 12,7 mm or more (excluding that of wire of stainless steel, that of wire plated, coated or clad with copper or tin and that identifiable as conveyor belt cord)	China	113.25%

The Minister approved the Commission's recommendation. The Commission's detailed reasons for its decision are set in the Commission's Report No.480.

Enquiries may be directed to the investigating officers, Ms Sandile Dladla at +27 12 – 394 3685 or Mr Rodney Muumba at +27 12 394 3689 and Ms Mercy Mukwevho at +27 12 - 394 3907.

NOTICE 634 OF 2014

**INTERNATIONAL TRADE ADMINISTRATION COMMISSION
NOTICE OF CONCLUSION OF AN INVESTIGATION INTO THE ALLEGED DUMPING
OF FROZEN POTATO CHIPS ORIGINATING IN OR IMPORTED FROM BELGIUM
AND THE NETHERLANDS.**

The International Trade Administration Commission of South Africa (the Commission) initiated an investigation into the alleged dumping of frozen potato chips originating in or imported from Belgium and the Netherlands through Notice No. 635 of Government Gazette No. 36575 published on 21 June 2013.

The application was lodged on behalf of the South African Customs Union (SACU) by McCain Foods (SA) (Pty) Ltd., a major producer of frozen potato chips in the SACU, supported by Nature's Choice Products (Pty) Ltd, Lamberts Bay Foods Ltd and Potatoes South Africa. The Applicant alleged that the subject product was being dumped into the SACU market, causing material injury to the SACU industry.

The investigation was initiated after the Commission considered that there was *prima facie* evidence to show that the subject product was being imported at dumped prices, causing material injury to the SACU industry.

On initiation of the investigation, the known producers and exporters of the subject product in Belgium and the Netherlands were sent foreign manufacturers/exporters questionnaires to complete. Diplomatic representatives of Belgium, the Netherlands and the European Union were also sent questionnaires to inform unknown producers in Belgium and the Netherlands. Importers of the subject product were also sent questionnaires to complete.

The Commission at its meeting of 10 December 2013, made a preliminary determination, contained in its preliminary report No. 458, to impose provisional payments published through Notice No. R.1024 of Government Gazette No. 37175 on 20 December 2013.

After considering comments from interested parties, the Commission issued essential facts letters that it was considering making a final determination that the subject product originating in or imported from Belgium (excluding those produced by Agristo Harelbeke) and the Netherlands (excluding those excluding those produced by Lam Weston/Meijer) was being dumped into the SACU market, thereby causing material injury to the SACU industry.

After considering comments to the essential facts letters, the Commission made a final determination that the subject product originating in or imported from Belgium (excluding those produced by Agristo Harelbeke) and the Netherlands (excluding those excluding those produced by Lam Weston/Meijer) was being dumped into the SACU market, causing material injury to the SACU industry.

The Commission, therefore, made a recommendation to the Minister of Trade and Industry to impose definitive anti-dumping duties on the subject product originating in or imported from Belgium and the Netherlands.

The Minister of Trade and industry decided to suspend the imposition of the anti-dumping duties until the termination of the safeguard duty on frozen potato chips.

Enquiries may be directed to the investigating officer, Mr Edwin Mkwana at +27 12 394 3742 or Mr Sandile Mantolo at +27 12 394 3902 or Ms Mercy Mukwevho at +27 12 394 3907 and Ms Boniswa Mehlomakulu at +27 394 3818 or at fax number 012 394 0518.

- 3.2 This policy is based on the principle that it is the responsibility of the RAF and not the LEP person to take reasonable steps to ensure that communications between the RAF and the LEP person are not impaired as a result of the limited English proficiency of the individual.
- 3.3 **This commitment means that the RAF will:**
 - 3.3.1 Promote an environment that enables all its stakeholders to fully exercise their right as enshrined in the Act and the Constitution.
 - 3.3.2 Demonstrate proficiency and ability to communicate information accurately in both English and other official languages.

RAF LANGUAGE POLICY

3.3.3 Promote good language management for effective and efficient public service administration to meet client expectations and needs.

3.4 Comply with all relevant legislation and regulations pertaining to the Act.

4. Purpose:

The purpose of this policy is to:

4.1 establish an acceptable and equitable operational language dispensation for the RAF, taking into consideration the constitutional imperatives related to the RAF and the restrictions imposed by the core functions of the RAF.

4.2 provide all the RAF employees with clear rules and guidelines regarding the use of official languages when administering service to members of the public and other stakeholders.

5. Objectives:

The objective(s) of this policy is to:

5.1 ensure that the RAF is compliant with the Use of Official Languages Act.

5.2 promote the equitable use of the eleven official languages of the Republic of South Africa.

5.3 regulate and monitor equitable access to RAF services, knowledge and information.

5.4 promote parity of esteem and to facilitate equitable access to services and information of the RAF.

5.5 ensure redress for the previously marginalised official indigenous languages.

5.6 promote sound language management by the RAF for efficient public service administration and to meet the needs of the public.

5.7 respond to the need for minimum standards in respect of the Act.

5.8 ensure effective communication in and between departments, as well as access to services, resources, programmes, information and knowledge for all South Africans.

5.9 confirm the constitutional language obligation that requires careful planning and systematic implementation.

5.10 support progressive elimination of disparity and lack of equity in respect of previously suppressed indigenous languages.

5.11 outline governance and responsibilities of those involved in implementing this policy.

6. Scope of Application:

This policy applies to all RAF permanent and temporary employees, contractors, and subcontractors, as well as appointed agencies in the Marketing, Communications and Media and Public Relations domain.

7. Policy Content:

7.1 This policy takes into account the Constitution and a range of legislative and regulatory requirements - in particular those contained in the Act and its related Regulations.

- 7.1.1 The Constitution seeks to democratise languages and states that all languages have equal status and are to be treated equitably.
- 7.1.2 While the Constitution equalises the status of all the languages, it does not seek to enforce rigid use of all of them. Rather, the use of language should be guided by the practical and contextual considerations including trends in the use, needs and audience language preference.

7.2 The Use of Official Languages Act obligations

- 7.2.1 The Act establishes a framework for language policy development in South Africa.
- 7.2.2 Provision is made for the use of eleven South African languages in official language function, thereby promoting a climate of multilingualism.
- 7.2.3 The status of the indigenous languages shall be elevated and advanced.

7.3 All official languages shall be accorded parity of esteem and equitable treatment.

- 7.3.1 Everyone has the right to use the language and to participate in the cultural life of their choice, but no one exercising these rights may do so in a manner inconsistent with any provision of the Bill of Rights of the Constitution.
- 7.3.2 Persons belonging to a cultural, religious or linguistic community may not be denied the right, with other members of that community, to enjoy their culture, practice their religion and use their language.
- 7.3.3 On the issue of correspondence with individual citizens, communication is to be conducted in the preferred official language of the citizen.
- 7.3.4 For external oral communication, English should be used and, depending on the target group(s), at least one other spoken language.
- 7.3.5 Certain languages should be allocated to publications for both internal and external communication. This should entail that the languages from mutually intelligible groups should be rotated.

7.4 Language Policy Standards

- 7.4.1 Dominant languages tend to differ from province to province and from one region to another.
- 7.4.2 However, some languages are widely understood beyond provincial and regional borders. It is therefore essential to understand both regional and provincial language variations in order to produce communication material that will be appropriate to different people in various contexts.
- 7.4.3 The Nguni languages (isiXhosa, isiZulu, isiNdebele and isiSwati) can be grouped together on the basis of linguistic similarities between them, and likewise, so can the Sesotho languages (Sesotho, Setswana, and Sepedi). Following this, the RAF will select the following configuration of languages:

- 7.4.3.1 One Nguni language;
- 7.4.3.2 One Sesotho language; or
- 7.4.3.3 One Tshivenda and/or Xitsonga

7.5 Internal Oral Communication

- 7.5.1 English shall be the operating language of the RAF. The above recommended official languages may be used where the situation warrants or demands it.
- 7.5.2 There shall be no discrimination on the basis of language in the RAF.
- 7.5.3 Linguistic diversity shall be managed with the same fairness and sensitivity as other aspects of diversity within the RAF.
- 7.5.4 The language rights applicable in specific circumstances to all members of the RAF shall be respected.

7.6 External Oral Communication

- 7.6.1 Subject to the language policy standards set out in paragraph 7.4, and further subject to paragraph 7.3.4, English shall be the operating language of the RAF. The other official languages may be used where the situation warrants or demands it.
- 7.6.2 Communicators shall ensure that what they want to communicate is, in fact, understood by their target audiences(s).
- 7.6.3 Linguistic diversity shall be managed with the same fairness and sensitivity as other instances of diversity.

7.7 Written Internal Communication

- 7.7.1 Internal correspondence, training and instruction manuals, publications (newsletters, bulletin boards, annual reports, etc.) shall be published in English.
- 7.7.2 The other official languages may be used where the situation warrants or demands it.

7.8 Written External Communication

- 7.8.1 Correspondence with local, national and international stakeholders will be in English, unless a special request is made for the use of another official language.
- 7.8.2 The Language Unit will be used in cases where there is a special request for a specific publication in another official language.

7.9 Labour Relations Documents

- 7.9.1 Conditions of service, internal policy documents, job interviews, disciplinary hearings performance agreements, health and safety requirements will be published and/or conducted in English unless the situation dictates otherwise.
