POLICY ON THE APPOINTMENT OF INSOLVENCY PRACTITIONERS

The Minister of Justice and Constitutional Development has under section 158(2) of the Insolvency Act, 1936 (Act No. 24 of 1936), section 10(1A)(a) of the Close Corporations Act, 1984 (Act No. 69 of 1984), and section 158(2) of the said Insolvency Act read with section 339 of the Companies Act, 1973 (Act No. 61 of 1973), determined the Policy in the Schedule.

SCHEDULE**Definitions**

1. In this Schedule "the Policy" means the Policy on the Appointment of Insolvency Practitioners published under Government Notice No. 77 of 7 February 2014.

Substitution of paragraphs 6 and 7 of the Policy

2. The following paragraphs are hereby substituted for paragraphs 6 and 7 of the Policy:

"6. Different categories of insolvency practitioners

6.1 Insolvency practitioners on every Master's List must be divided into the following categories:

Category A: African, Coloured, Indian and Chinese females who became South African citizens before 27 April 1994;

Category B: African, Coloured, Indian and Chinese males who became South African citizens before 27 April 1994;

Category C: White females who became South African citizens before 27 April 1994;

Category D: African, Coloured, Indian and Chinese females and males, and White females, who have become South African citizens on or after 27 April 1994 and White males who are South African citizens,

and within each category be arranged in alphabetical order according to their surnames and, in the event of similar surnames, their first names. Insolvency practitioners added to the list after the compilation thereof must be added at the end of the relevant category.

6.2 A Master's List must distinguish between "senior practitioners", being insolvency practitioners who have been appointed as such at least once each year for the past 5 years, and "junior practitioners", being insolvency practitioners who have not been appointed as such at least once each year for the past 5 years but who satisfy the Master that they have sufficient infrastructure and experience to be appointed alone. The senior and junior practitioners must be arranged where they fit alphabetically in Category A to Category D on the same Master's List.

7. Appointment of insolvency practitioners by Masters of High Courts

7.1 Insolvency practitioners must be appointed consecutively in the ratio A4: B3: C2: D1, where—

"A" represents African, Coloured, Indian and Chinese females who became South African citizens before 27 April 1994;

"B" represents African, Coloured, Indian and Chinese males who became South African citizens before 27 April 1994;

"C" represents White females who became South African citizens before 27 April 1994;

"D" represents African, Coloured, Indian and Chinese females and males, and White females, who have become South African citizens on or after 27 April 1994 and White males who are South African citizens,

and the numbers 4: 3: 2: 1 represent the number of insolvency practitioners that must be appointed in that sequence in respect of each such category.

7.2 Within the different categories on a Master's List, insolvency practitioners must, subject to paragraph 7.3, be appointed in alphabetical order.

7.3 The Master may, having regard to the complexity of the matter and the suitability of the next-in-line insolvency practitioner but subject to any applicable law, appoint a senior practitioner jointly with the junior or senior practitioner appointed in alphabetical order. If the Master makes such a joint appointment, the Master must record the reason therefor and, on request, provide the other insolvency practitioner therewith.

7.4 If an insolvency practitioner due for appointment in accordance with the alphabetical list of names in a specific category on the Master's List—

- (a) fails to lodge a bond of security in time, the next insolvency practitioner on the Master's List must be appointed, and the person determined previously is moved to the back of that list; or
- (b) satisfies the Master that he or she has a conflict of interest or a conflict of interest arises after the appointment, the next-in-line insolvency practitioner must be appointed, and the person determined previously is considered for appointment when the next appointment in that category is made.”

**NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT
(ACT 5 of 2008)**

**PROPOSED AMENDMENT TO THE COMPULSORY SPECIFICATION FOR
REPLACEMENT BRAKE LINING ASSEMBLIES FOR ROAD VEHICLES
(VC 8025)**

It is hereby made known under section 13 (4) of the National Regulator for Compulsory Specifications Act (Act 5 of 2008), that, I Dr. Rob Davies, the Minister of Trade and Industry, intends to amend the Compulsory Specification for Replacement Brake Lining Assemblies for Road Vehicles, as set out in the attached schedule.

Any person who wishes to comment on the intention of the Minister to thus amend the compulsory specification concerned shall submit their comments, in writing to the Chief Executive Officer, National Regulator for Compulsory Specifications, Private Bag X25, Brooklyn, 0075, on or before the date two months after publication of this notice.

**Dr. Rob Davies, MP
Minister of Trade and Industry**

SCHEDULE

COMPULSORY SPECIFICATION FOR REPLACEMENT BRAKE LINING ASSEMBLIES FOR ROAD VEHICLES

1. Scope

- 1.1.** This specification covers the requirements for replacement for brake lining assemblies and drum brake linings for power driven vehicles and their trailers.
- 1.2.** The specification applies to brake lining assemblies and drum brake lining assemblies for use on motor vehicles manufactured on, or after 1 January 2000 in case of M, N and O category motor vehicles.
- 1.3.** In so far as the parts are concerned, this specification applies in respect of a replacement brake lining assembly supplied for further manufacture by one manufacturer to another and the entire specification applies to the replacement brake lining assembly after its completion by the last-mentioned manufacturer.
- 1.4.** Where as South African National standard, including and international standard or a UN ECE regulation adopted by South Africa as a national standard, is incorporated by reference into this specification, only the technical requirements/specification for the commodity, and the test to verify compliance, apply.

2. Definitions

For the purpose of this section, the definitions in SANS 20090 shall apply.

3. General Requirements

- 3.1.** Commodities covered by this specification shall comply with the requirements of the SANS 20090: 2009.
- 3.2.** Each Manufacturer or Importer of each type of Replacement Brake Lining Assembly shall apply to the Regulatory Authority for pre-approval in accordance with the requirements of Annexure "A" to this schedule, prior to that product being offered for sale in RSA.
- 3.3.** The Regulatory Authority shall issue a certificate to the applicant, once satisfactory evidence of compliance has been provided in accordance with the requirements of Annexure "A".
- 3.4.** For the purpose of this specification clauses 6.1 and 6.2 of SANS 20090 shall only be applicable to commodities for M1, N1 and M2 category motor vehicles.
- 3.5.** For the purpose of this specification clauses 6.4 of SANS 20090 shall only be applicable to commodities for M1, N1 and M2 category motor vehicles, and shall be in the English language.

Exclusions

For the purpose of this specification the following clauses of SANS 20090 are excluded:

- a) Clause 6.3.1
- b) Clause 6.3.5
- c) Clause 6.4.2
- d) Clause 6.4.3
- e) Clause 6.4.4
- f) Clause 6.5.1
- g) Clause 8- Conformity of Production (CoP)
- h) Clause 9- Penalties for Non-conformity of Production
- i) Clause 10- Production definitely Discontinued
- j) Clause 11- Names and Addressed of Technical Services Responsible for Conducting approval Tests, and of Administrative Departments
- k) Clause 12 – Transitional Provisions

Annexure A

Administrative Process

Pre-approval of Replacement Brake Lining Assemblies for Road Vehicles

1. The Applicant shall formally submit a request for pre-approval, for each type of Replacement Brake Lining Assembly intended to be manufactured or imported, and writing, to the Regulatory Authority, providing details of the commodity concerned.
2. The Regulatory Authority shall forward to the Applicant the relevant pre-approval application documents, for each model, requested in 1 above. The application documents shall stipulate the information to be submitted to the Regulatory Authority, and these shall accompany the submitted application.
3. The Applicant shall complete the application and provide the necessary requested supporting documentation, and forward it to the Regulatory Authority. The appropriate fee for the Pre-approval, as determined by the Minister by Notice in the Government Gazette, shall be paid to the Regulatory Authority.
4. Upon receipt of the completed application and required documents, the Regulatory Authority shall review the documents for correctness, completeness, and authenticity. Incorrect documentation, or insufficient documentation, will be reported to the applicant, for his/her correction.
5. Once the application documentation is correct, the Regulatory Authority shall formally confirm to the Applicant where the samples to be inspected, as part of the pre-approval process if not already submitted), shall be submitted.
6. The Regulatory Authority shall inspect the samples and verify them against all mandatory requirements and the submitted evidence of conformity in the application documents, to these requirements.
7. Any non-compliances identified in 6 above, shall be resolved by the Applicant, to the satisfaction of the Regulatory Authority.
8. Once the Pre-approval process establishes that the model of Replacement Brake Lining Assembly complies with all the relevant mandatory requirements, the Regulatory Authority shall issue a formal Letter of Authority, to the applicant.
9. The original application documents, and copies of supporting evidence of compliance documents, as necessary, shall be taken, and maintained as Pre approval Records, by the Regulatory Authority.

Source of evidence

The evidence of compliance to any of the requirements of any referred to standard in this compulsory specification, which requires testing to establish compliance, and a test report issuing, will only be recognized by the Regulatory Authority, from the following sources:

- 1) A laboratory that is part of an international or regional mutual acceptance scheme, or
- 2) A laboratory that is accredited to ISO/IEC 17025 by SANAS or an ILAC affiliated accreditation body, or

**NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT
(Act 5 of 2008)**

**AMENDMENT OF THE COMPULSORY SPECIFICATION FOR FROZEN
SHRIMPS (PRAWNS), LANGOUSTINES AND CRABS, AND PRODUCTS
DERIVED THEREFROM (VC 8031)**

It is hereby made known under section 13(4) of the National Regulator for Compulsory Specifications Act, (Act 5 of 2008), that I, Dr Rob Davies the Minister of Trade and Industry, intends to amend the compulsory specification for frozen shrimps (prawns), langoustines and crabs, and products derived therefrom, as set out in the attached Schedule.

Any person who wishes to comment on the intention to thus amend the Compulsory Specification concerned, shall submit their comments, in writing, to the Chief Executive Officer, National Regulator for Compulsory Specifications, Private Bag X25, Brooklyn, 0075, on or before the date two (2) months after the publication of this notice.

**Dr Rob Davies, MP
Minister of Trade and Industry**

SCHEDULE**VC 8031****COMPULSORY SPECIFICATION FOR FROZEN SHRIMPS (PRAWNS),
LANGOUSTINES AND CRABS, AND PRODUCTS DERIVED THEREFROM****1 SCOPE**

1.1 This Compulsory Specification applies to the handling, preparation, processing, packing, transportation, freezing, storage and quality of frozen shrimps (prawns), langoustines and crabs, and products derived therefrom, for human consumption, which are to be offered for sale.

2 DEFINITIONS

2.1 For the purposes of this Compulsory Specification the definitions in the latest edition of SANS 788: *'Frozen shrimps (prawns), langoustines and crabs*, shall apply.

2.2 In addition, the following definitions shall apply:

2.2.1 applicant: a handler, processor, packer, transporter, importer or exporter applying for approval of the product and/or factory or establishment. The handler, processor, packer, transporter, importer or exporter shall be established within the Republic of South Africa;

2.2.2 approval: confirmation by the NRCS that the product and/or factory satisfies the requirements of this Compulsory Specification;

2.2.3 conformity of production: evidence that the handling, preparation, processing, packing, transportation, freezing, storage and quality of frozen shrimps (prawns), langoustines and crabs, and products derived therefrom produced for sale continues to conform to the requirements of this Compulsory Specification;

2.2.4 DAFF: the Department of Agriculture, Forestry and Fisheries;

2.2.5 factory / establishment: South African based premises or fishing vessels on or in which shrimp (prawn), langoustine and crab products are handled and treated to prepare them for commercial purposes. Fish shops (over the counter sale shops), hotels, boarding houses, restaurants or other eating houses, as well as entities where

the core business are the transportation of goods, are excluded from the scope of this Compulsory Specification;

2.2.6 HACCP (Hazard Analysis and Critical Control Point): a system which identifies, evaluates, and controls hazards that are significant to food safety;

2.2.7 NRCS: the National Regulator for Compulsory Specifications as established by the National Regulator for Compulsory Specifications Act, 2008 (Act No. 5 of 2008); and

2.2.8 product safety management system: a food safety management system implemented by a factory based on the principles of HACCP as recommended by the Codex Alimentarius Commission.

3 GENERAL ADMINISTRATIVE REQUIREMENTS

3.1 All frozen shrimps (prawns), langoustines and crabs, and products derived therefrom to be offered for sale shall comply with the requirements of this Compulsory Specification.

3.2 The factory / establishment for the production for frozen shrimps (prawns), langoustines and crabs, and products derived therefrom in the Republic of South Africa shall be pre-approved by the NRCS for conformity of production requirements as prescribed in Annex A.1. Such approval shall be reviewed annually or more frequently.

3.3 The factory / establishment as referenced to in 3.2 may not dispatch frozen shrimps (prawns), langoustines and crabs, and products derived therefrom without a valid NRCS approvals document for the factory / establishment.

3.4 Application for approval of the product(s) shall be made to the NRCS for every consignment of frozen shrimps (prawns), langoustines and crabs, and products derived therefrom which are imported into South Africa in accordance with the requirements of Annex A.2.1.

3.5 Application for approval required for export or any other purposes as required by the applicant, shall be made in accordance with the requirements of Annex A.2.2.

3.6 The factory / establishment shall provide the NRCS with evidence of conformity of production on request.

3.7 The factory / establishment shall inform the NRCS in writing of any change in process of production affecting any mandatory requirement of this Compulsory Specification. In the event of such change/s the NRCS may, at its discretion, demand the submission of further evidence of conformity or a new application for approval.

3.8 The factory / establishment shall immediately report to the NRCS in writing any failure, of whatever nature, to conform to the requirements of this Compulsory Specification.

3.9 A factory / establishment which is suspended must re-apply to the NRCS within three months of the date of suspension for a reassessment; otherwise approval for the establishment to operate in terms of this Compulsory Specification will be withdrawn.

3.10 A factory / establishment shall notify the NRCS when closing down within a period of three months.

3.11 A factory / establishment shall immediately notify the NRCS in writing when it is no longer maintaining a product safety management system.

3.12 The testing of frozen shrimps (prawns), langoustines and crabs, and products derived therefrom against the requirements of this Compulsory Specification shall be done by test facilities that are accredited to use the referenced test methods. In the case where there are no test facilities available that are in compliance with the foregoing, the NRCS shall determine which facilities can be used in terms of its conformity assessment policy.

3.13 The NRCS shall issue health guarantees for export purposes, where required, in accordance with the requirements of the country of destination as prescribed in Annex B.

3.14 The NRCS may for the purposes of inspection and verification of products, sample products according to the regulatory risk based sampling plans.

4 SPECIFIC REQUIREMENTS

4.1 The handling, preparation, processing, packing, transportation, freezing, storage and quality of frozen shrimps (prawns), langoustines and crabs, and products derived therefrom, as well as the requirements for the ingredients, glazing, freezing and frozen storage, shall comply with the requirements of the latest edition of SANS 788.

4.2 The principles of HACCP, as recommended by the Codex Alimentarius Commission, shall as a minimum be used for the implementation of a product safety management system.

4.3 All local raw shrimps (prawns), langoustines and crabs for processing shall be obtained from a source that has a valid permit from DAFF to either harvest, grow, process or supply shrimps (prawns), langoustines and crabs.

4.4 In the event of an amendment or updating of the SANS 788 standard, the factory / establishment shall be in compliance with the amended or updated requirements within six months of publication of the amended or updated standard. If evidence of compliance to such amendments or updates cannot be provided, the approval of the factory / establishment may be withdrawn.

5 MARKINGS

Frozen shrimps (prawns), langoustines and crabs, and products derived therefrom shall be marked in accordance with the requirements of the latest edition of SANS 788. In terms of South African produced products the official factory / establishment number issued by the NRCS in accordance with section A 1.5 of this Compulsory Specification shall be included.

ANNEX A

(Normative)

A.1 APPLICATION FOR APPROVAL OF THE FACTORY / ESTABLISHMENT

The applicant shall apply to the NRCS for approval of the factory / establishment. Approval of a factory / establishment shall be valid for a maximum period of one year. The applicant shall re-apply for approval every consecutive year. The application shall be accompanied by the following:

A.1.1 Details of the factory / establishment for which approval is sought;

A.1.2 Documentation and records in support of an effective product safety management system. For new factories / establishments, provisional approval may be given for a period of three months in order to generate the required documentation and records;

A.1.3 Information required by the NRCS for the measures taken by the applicant to ensure ongoing conformity with the requirements of this Compulsory Specification;

A.1.4 Any reasonable additional information to clarify the application as requested by the NRCS; and

A.1.5 The NRCS shall issue an official factory / establishment number on approval of the factory / establishment.

A.2 APPLICATION FOR APPROVAL OF THE PRODUCT

The applicant shall apply to the nearest NRCS regional office for approval of the product(s). The application shall be made at least 10 working days prior to the date on which it is needed. The application shall be accompanied by the following:

A.2.1 For imported products, applicants shall supply details of the frozen shrimps (prawns), langoustines and crabs, and products derived therefrom per consignment by providing the following information:

- a) Details of the importer, product, bill of entry, quantity, number of product and batch code(s), code list or bill of lading;
- b) Health certificate where it is applicable in terms of any agreement;
- c) The date and place where the consignment will be available for inspection;
- d) Name and contact details of a contact person;

- e) The number(s) of the bill(s) of entry and the date authorized by custom officials; and
- f) The voyage number of the cargo carrier (vessel, aircraft or registration number of vehicle).

A.2.2 For locally produced products, where applicants require approval for export or any other purposes, applicants shall supply details of the frozen shrimps (prawns), langoustines and crabs, and products derived therefrom per consignment for which approval is sought by providing information with regards to the type of approval required (e.g. certificate of compliance, health guarantee to a particular country or other specific certification for official purposes). This application shall as a minimum be made 10 working days prior to the date on which it is needed.

A.2.3 Where relevant, the applicable rights and permits as required by DAFF;

A.2.4 Details of the markings used on the packed product(s);

A.2.5 Where required by the NRCS, guarantees that the product(s) complies with the prescribed testing requirements. The NRCS may also request that specific testing be performed; and

A.2.6 Any reasonable additional information to clarify the application as requested by the NRCS.

A.3 GRANTING OF APPROVAL

A.3.1 The NRCS shall issue an approvals document, as is applicable for the factory / establishment, imported products or products destined for export, to the applicant when all the requirements of this Compulsory Specification have been met.

A.3.2 The NRCS shall assign a unique number to each approvals document.

A.3.3 An approvals document shall be the sole proof of approval by the NRCS.

A.4 WITHDRAWAL OF APPROVAL

A.4.1 Any approval granted in respect of frozen shrimps (prawns), langoustines and crabs, and product derived therefrom or the factory / establishment pursuant to this Compulsory Specification may be withdrawn at any time without prior notice, if compliance with the requirements of this Compulsory Specification has not been maintained.

ANNEX B

(Normative)

B.1 HEALTH GUARANTEES FOR EXPORT

B.1.1 The NRCS may provide health guarantees to authorities in countries to which products are exported at the request of exporters, if products have been handled, prepared, processed, packed, transported, frozen, stored, and quality are in accordance with the requirements of this Compulsory Specification and/or the requirements of the country of destination. In terms of requirements, all sections of the handling and processing chain are to be in compliance and, where appropriate, random samples may be taken for verification purposes. No health guarantees will be issued for foreign products where the anatomical wholeness has not been changed in South Africa.

B.1.2 Health guarantees shall only be issued for approved factories / establishments appearing on the official lists drawn up by the specific countries or trade blocks requiring such guarantees.

B.1.3 As required, finally prepared and packed frozen shrimps (prawns), langoustines and crabs, and products derived therefrom shall be monitored on the basis of random testing and surveillance programmes.

B.1.4 For the issuing of health guarantees, it is required that for every consignment:

- a) The product originates from factories / establishments approved by the NRCS in terms of the requirements of this Compulsory Specification;
- b) All products and product codes are reflected in the request for export; and
- c) The product covered by such a guarantee is fully traceable to its origin.

**NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT
(Act 5 of 2008)**

**PROPOSED AMENDMENT TO THE COMPULSORY SPECIFICATION
MOTOR VEHICLES OF CATEGORY N2/3 (VC 8025)**

It is hereby made known under section 13(4) of the National Regulator for Compulsory Specifications Act, (Act 5 of 2008), that I, Dr Rob Davies the Minister of Trade and Industry, intends to amend the compulsory specification for Motor Vehicles of Category N2/3, as set out in the attached Schedule.

Any person who wishes to comment on the intention to thus amend the Compulsory Specification concerned, shall submit their comments, in writing, to the Chief Executive Officer, National Regulator for Compulsory Specifications, Private Bag X25, Brooklyn, 0075, on or before the date two (2) months after the publication of this notice.

**Dr Rob Davies, MP
Minister of Trade and Industry**

SCHEDULE

COMPULSORY SPECIFICATION FOR MOTOR VEHICLES OF CATEGORY N₂ AND N₃

1 Scope

1.1 This specification covers the requirements for motor vehicle models of category N₂ and N₃, not previously registered or licensed in South Africa, designed or adapted for operation on a public road.

1.2 The requirements of this specification shall, in so far as the parts already incorporated are concerned, apply in respect of an incomplete motor vehicle model supplied for further manufacture by one manufacturer to another and the entire specification shall apply to the vehicle after completion thereof by the last-mentioned manufacturer.

1.3 This specification does not apply to experimental or to prototype vehicles constructed or imported by the original manufacturers or importers for the purpose of testing, assessment or development, or to a type "A" military vehicle, or to special purpose vehicles of the type covered by National Road Traffic Act, 1996 (Act 93 of 1996), or to agricultural tractors.

1.4 The relevant requirements of this specification shall take effect on the dates specified in schedule 1.

1.5 Where a South African national standard, including an international standard or a UN ECE regulation adopted by South Africa as a national standard, is incorporated by reference into this specification, only the technical requirements/specification for the commodity and the tests to verify the compliance, apply.

2 Definitions

For the purposes of this specification, the following definitions apply:

2.1

builder

person who builds a category N₂ or N₃ motor vehicle, and "build" has a corresponding meaning

2.2

category N motor vehicle

goods vehicle that has at least four wheels, or that has three wheels and a maximum mass exceeding 1 t

2.3

category N₂ motor vehicle, hereinafter referred to as a vehicle

category N vehicle that is used for the carriage of goods and that has a maximum mass of more than 3,5 t but not more than 12 t

2.4

category N₃ motor vehicle, hereinafter referred to as a vehicle

category N vehicle that is used for the carriage of goods and that has a maximum mass exceeding 12 t

2.5

goods

any movable property

2.6

goods vehicle

motor vehicle, other than a motorcycle, motor tricycle, motor quadrucycle, motorcar, minibus or bus, that is designed or adapted for the conveyance of goods on a public road, and that includes a truck-

tractor, adaptor dolly, converter dolly and breakdown vehicle.

2.7

homologation

a process for establishing the compliance of a model of motor vehicle and approval being granted by the regulatory authority, prior to it being introduced for sale.

2.8

importer

person who imports a category N2 or N3 motor vehicle, and "import" has a corresponding meaning

2.9

manufacturer

person who manufactures, produces, assembles, alters, modifies, adapts or converts a category N2 or N3 motor vehicle, and "manufacture" has a corresponding meaning

2.10

model

manufacturers' description for a series of vehicle designs that do not differ in respect of body shell, cab structure, profile, or the number of axles, by which they are introduced to South Africa, by a specific source

The Regulatory Authority reserves the right to decide which variations or combinations of variations constitute a new model, and might also take cognizance of the classification system applied in the country of origin of the design.

The following variations do not necessarily constitute a new model:

- a) a variant of the model in relation to trim or optional features for which compliance has been fully demonstrated;
- b) different engine and transmission combinations, including petrol and diesel engines, and manual and automatic transmissions;
- c) minor variations in profile, such as front air dams or rear spoilers;
- d) air management systems;
- e) a different number of doors;
- f) sleeper cabs on trucks;
- g) wheelbase variations;
- h) a cargo body or equipment fitted to a truck and that has no effect on compliance; and
- i) the number of driven axles.

If a vehicle is manufactured in a number of configurations, such as a sedan, a hatchback, or a station wagon, and a single or double cab, each of these may be regarded as a variant to the base model.

2.11

proof of compliance

the authentic evidence of compliance with any requirement of this compulsory specification from a source defined in "Source of Evidence" in Annexure A

2.12

public road

road, street or thoroughfare, including the verges, or any other place, whether a thoroughfare or not, to which the public or sections of the public have the right of access and that they commonly use

2.13**registered manufacturer importer or builder**

any manufacturer, importer or builder required to be registered in terms of regulation 38 of the National Road Traffic Act 93/1996

2.14**regulatory authority**

an organization appointed by the Minister of the Department of Trade and Industry to administer this compulsory specification on behalf of the South African Government

2.15**type "A" military vehicle**

motor vehicle, other than a type "B" military vehicle, that is designed for military purposes and that, in addition to being armed, has an armoured skin

2.15**type "B" military vehicle**

motor vehicle that is designed or adapted for military purposes for the carriage of goods or personnel, and that may have an armoured skin

3 General requirements**3.1 Requirements for lights, lighting equipment and rear warning signs****3.1.1 Lights**

Main and dipped-beam headlights, direction-indicator lights, stoplights, front and rear position lights, rear registration plate lights, reversing lights, end-outline marker lights and parking lights fitted to a vehicle shall comply with the relevant requirements given in SANS 1376-1:1983, *Lights for motor vehicles – Part 1: Incandescent lamps*, as published by Government Notice no.563 of 29 July 1983, SANS 1376-2:1985, *Lights for motor vehicles – Part 2: Headlights*, as published by Government Notice no. 1263 of 14 June 1985, and SANS 1376-3:1985, *Lights for motor vehicles – Part 3: Secondary lights* as published by Government Notice no. 2328 of 18 October 1985

3.1.2 Lighting

Lighting shall be fitted to a vehicle and shall comply with the relevant requirements given in SANS 1046:1990 *Motor vehicle safety specification for lights and light-signalling devices installed on motor vehicles and trailers* as published by Government Notice no. 1735 of 27 July 1990:

Provided that

- a) the requirements for the installation of retro-reflectors as given in 4.14, 4.16 and 4.17 of the said SANS 1046 may be met by the use and fitting of retro-reflectors that are defined in the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996), and, in addition, the requirements may also be met by the use and fitting of retro-reflectors that are integral portions of any other light lens assembly; and
- b) the specific requirements of the said SANS 1046 for
 - 1) dipped-beam adjustment devices as set out in 4.2.6 and appendix 1
 - 2) end-outline marker lamps as set out in 4.13; and
 - 3) rear fog lamps, as set out in 4.11

shall be treated as **OPTIONAL** for the purposes of this compulsory specification:

Provided that, if any motor vehicle is fitted with such devices or lamps, they shall comply with the applicable requirements; and

- c) the specific requirements, as set out in 4.5.11 of the said SANS 1046, for the detection of a failure of a direction-indicator lamp on the trailer(s) of a vehicle combination, shall be treated as **OPTIONAL**.

3.1.3 Rear warning sign (chevron)

A vehicle shall be fitted with a rear warning sign that complies with the requirements of the relevant regulations of the National Road Traffic Act.

3.1.4 Retro-reflective markings

Where fitted to a vehicle, retro-reflective markings shall comply with the requirements of SANS ECE R104, *Uniform provisions concerning the approval of retro-reflective markings for heavy and long vehicles and their trailers*, to the level of ECE R104.02

3.2 Requirements for rear-view mirrors and vision

3.2.1 Rear-view mirrors

Rear-view mirrors shall be fitted to a vehicle and shall comply with the relevant requirements given in SANS 1436:1989, *Motor vehicle safety specification for the rear-view mirrors of motor vehicles of categories M and N* as published by Government Notice no. 2008 of 22 September 1989.

3.2.2 Windscreens, windows and partitions

3.2.2.1 Windscreens

3.2.2.1.1 A windscreen shall be fitted to a vehicle and shall be of safety glass that complies with the relevant requirements given in SANS 1191:1978, *High penetration-resistant laminated safety glass for vehicles*, as published by Government Notice no.463 of 9 July 1982.

3.2.2.1.2 For the purposes of this specification, the marking requirements shall be as follows:

- a) the windscreen shall bear the glass manufacturer's registered trademark; and
- b) the glass fitted shall comply with an approved national standard, recognized by the Regulatory Authority, that will provide a method of identifying the glass type.

3.2.2.2 Windows and partitions

3.2.2.2.1 Glass partitions and glass windows fitted to a vehicle shall be of safety glass that complies with the relevant requirements given in the said SANS 1191 or in SANS 1193:1978, *Toughened safety glass for vehicles*, as published by Government Notice no. 463 of 9 July 1982.

3.2.2.2.2 For the purposes of this specification, the marking requirements shall be as follows:

- a) the glass shall bear the glass manufacturer's registered trademark; and
- b) the glass fitted shall comply with an approved national standard, recognized by the Regulatory Authority, that will provide a method of identifying the glass type.

3.2.3 Windscreen wipers

A vehicle shall be fitted with at least one windscreen wiper that is capable of operation by means other than manual, and the windscreen wiper blade, when in operation, shall wipe the outside of the windscreen directly in front of the driver evenly and efficiently.

3.3 Requirements for brakes and braking equipment

3.3.1 Vehicles homologated on or after 1 January 2001, and vehicles manufactured or imported on or after 1 January 2010 and which were homologated before 1 January 2001 to SABS 1207:1985, shall be fitted with braking equipment and shall comply with the relevant requirements given in SABS ECE R13, Uniform provisions concerning the approval of vehicles of categories M, N and O with regard to braking, to the level of ECE R13/08.

3.3.1.1 For the purposes of this Compulsory Specification, the following requirements of SABS ECE R13/08 are excluded:

- a) the fitment of automatic brake adjustment devices;
- b) the compulsory fitment of anti-lock braking systems; and
- c) anti-lock specific brake test procedure and its requirements (paragraph 5 of annex 13 of SABS ECE R13/08).

3.3.1.2 For vehicles fitted with anti-lock braking systems, the braking equipment shall, in terms of braking performance, at least comply with the braking performance requirements for the vehicles with non anti-lock braking systems fitted.

3.3.2 Vehicles manufactured or imported on or after 1 January 2015 shall be fitted with braking equipment including anti-lock braking systems and shall comply with the relevant requirements given SABS ECE R13, *Uniform provisions concerning the approval of vehicles of categories M, N and O with regard to braking*, to the level of ECE R13/08, provided that:

- a) compliance of the anti-lock braking system is not required until 01 January 2017,
- b) anti-lock braking systems are not required on all-wheel-drive vehicles or on vehicles with articulated steering, or on truck tractors with a GVM not exceeding 7000kg, and
- c) compliance to clause 4.4 of Annex 10 of SABS ECE R13 is not required to be demonstrated.

3.3.3 For the purpose of this Compulsory Specification paragraph 2.3.6 of annex 4 of SABS ECE R13/08 is amended to read as follows:

To check compliance with the requirements specified in paragraph 5.2.1.2.4 of SABS ECE R13, a Type-O test shall be carried out with the engine disconnected at an initial test speed of 30km/h. The mean fully developed deceleration on application of the control of the parking brake system and the deceleration immediately before the vehicle stops shall not be less than 1,5m/s². The test shall be carried out with a laden vehicle. The force exerted on the braking control device shall not exceed the specified values.

3.3.4 For the purpose of this Compulsory Specification paragraph 2.3.6 of annex 4 of SANS ECE R13 is amended to read as follows:

To check compliance with the requirements specified in paragraph 5.2.1.2.4 of SANS ECE R13, a Type-O test shall be carried out with the engine disconnected at an initial test speed of 30km/h. The mean fully developed deceleration on application of the control of the parking brake system and the deceleration immediately before the vehicle stops shall not be less than 1,5 m/s². The test shall be carried out with a laden vehicle. The force exerted on the braking control device shall not exceed the specified values.

3.4 Requirements for controls, steering mechanism and audible warning devices

3.4.1 Controls

3.4.1.1 General

All controls that are fitted to a vehicle, and that are required for the operation of the vehicle, shall be so located that the driver can reach and operate them when he is seated in the normal driving position, with the seat belt fastened.

3.4.1.2 Right-hand drive

A vehicle shall be of a right-hand drive configuration, except as allowed in terms of 3.4.1.3.

3.4.1.3 Central steering

A vehicle may have a central steering configuration.

3.4.2 Audible warning devices

A vehicle shall be fitted with one or more audible warning devices such that, when they are operated, a continuous sound is emitted at a level of at least 93 dB, determined in accordance with SANS 0169:1984, *Determining the performance of audible warning devices (hooters) after installation in a motor vehicle*, as published by Government Notice no. 966 of 11 May 1984.

3.5 Requirements for doors, entrances and exits

The doors, entrances and exits of any category N₂ or N₃ motor vehicle shall comply with the requirements of the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996).

3.6 Requirements for seats and seat anchorages

A vehicle shall be fitted with seats and seat anchorages that comply with the relevant requirements given in SANS 1429:1987, *Motor vehicle safety specification for strength of seats and of their anchorages*, as published by Government Notice no. 1878 of 4 September 1987.

3.7 Requirements for electrical connectors

Electrical connectors that are fitted for the purpose of towing a vehicle, shall comply with

a) in the case of 12 V systems:

- 1) SANS 1327:1981, Electrical connectors for towing and towed vehicles (7-pole connectors), or
- 2) SANS ISO 11446:1987, *Passenger cars and light commercial vehicles with 12 V systems – 13-pole connectors between towing vehicles and trailers – Dimensions and contact allocation*;

b) in the case of 24 V systems

- 1) SANS 1327:1981, Electrical connectors for towing and towed vehicles (7-pole connectors) or
- 2) SANS ISO 12098:1994, *Commercial vehicles with 24 V systems – 15-pole connectors between towing vehicles and trailers – Dimensions and contact allocation*.

3.8 Requirements for rear underrun protection devices

All N₂ vehicles of gross vehicle mass equal to or exceeding 8 t and all N₃ vehicles shall be fitted with a rear underrun protection device that complies with the relevant requirements given in SANS 1055:1983, *Motor vehicle safety standard specification for rear underrun protection devices*, as published by Government Notice no. 785 of 14 October 1983.

Provided that certain vehicles may be excluded in terms of 5.2 or 5.5 of the said SANS 1055.

3.9 Requirements for warning triangles

In the case of any vehicle supplied with warning triangles as part of the vehicle equipment, such warning triangles shall comply with the requirements of the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996).

4 Requirements for the control of environmental interference

4.1 Suppression of radio and television interference

A vehicle, its components and its accessories shall comply with the current applicable regulations relating to interference with communications, promulgated under the Telecommunications Act, 1996 (Act 103 of 1996).

4.2 Suppression of atmospheric pollution

4.2.1 The exhaust emission from the engine of a vehicle shall be such as to comply with the current applicable regulations promulgated under the Atmospheric Pollution Prevention Act, 1965 (Act 45 of 1965).

4.2.2 The gaseous and particulate emissions from the vehicle shall comply with the requirements of at least one of the following:

4.2.2.1 SANS 20049:2004 *Uniform provisions concerning the approval of compression-ignition(C.I.) and natural gas (NG) engines as well as positive-ignition(P.I.) engines fuelled with liquefied petroleum gas (LPG) and vehicles equipped with C.I. and NG engines fuelled with LPG, with regard to the emissions of pollutants by the engine* to the level of ECE R49.02B, or

4.2.2.2 United States Regulations.

Engines which operate on diesel, liquefied petroleum gas, the technical requirements of USA Code of Federal Regulations, Part 86- Control of air pollution from new and in-use motor vehicles and new and used motor vehicle engines certification and test procedures-Subpart A 40 CFR 86.098-11 Emissions standards for 1998 and later year diesel heavy-duty engines and vehicles; and Subpart N 40 CFR 86.1300 series-Emissions Regulations for new Otto-cycle and diesel heavy-duty engines; gaseous and particulate exhaust test procedures, are deemed to be equivalent to the technical requirements of this standard.

Engines which operate on petrol, and which comply with the technical requirements of the USA Code of Federal Regulations, Part 86-Control of air pollution from new and in-use motor vehicles and new and in-use motor vehicle engines certification and test procedures – Subpart A 40 CFR 86.096-10 Emissions standard for 1996 and the later model year Otto-cycle heavy-duty engines and vehicles; and Subpart N 40 CFR 86.1300 series – Emissions Regulations for new Otto-cycle and diesel heavy-duty engines; gaseous and particulate exhaust test procedures, will be accepted as complying with this standard., or

4.2.2.3 Japanese Standards

The Japanese Exhaust Emission Standards for 'light-duty vehicles' and the 1998 Japanese Exhaust Emissions Standards for 'medium-duty vehicles', as detailed in the 'Safety Regulations for Road Vehicles', Japanese Ministry of Transport Ordinance No.67 of 28 July 1951, Article 31, as amended by Ordinance No.4 of 19 January 1996. The Japanese Exhaust Emission Standards for 'Heavy-duty vehicles', as detailed in the 'Safety Regulations for Road Vehicles', Japanese Ministry of Transport Ordinance No. 67 of 28 July 1951, Article 31, as amended by Ordinance No. 22 of 31 March 1997. Note; For vehicles certified to Japanese requirements, the following definitions apply; Light-duty vehicles: vehicles with a GVW over 2.5t and not more than 3.5t. Medium-duty vehicles: vehicles with a GVW over 3.5t and not more than 12t. Heavy-duty vehicles: vehicles with a GVW over 12t .or

4.2.2.4 Australian Design Rules.

Australian Design Rule ADR 80/00, Emission Control for Heavy Vehicles, or

4.2.2.5 SANS 20083 *Uniform provisions concerning the approval of vehicle with regard to the emissions of pollutants according to engine fuel requirements* to the level of ECE R83.04.

4.3 Suppression of noise emission

4.3.1 Vehicles in motion

With the exception of noise emission originating from audible warning devices, any noise emitted by a vehicle, when determined in accordance with SANS 0205:1986, *The measurement of noise emitted by motor vehicles in motion*, as published by Government Notice no.936 of 16 May 1986,

shall not exceed:

- a) 89 dB(A) for a vehicle that has a power unit rated at less than 150 kW; and
- b) 91 dB(A) for any other vehicle.

To allow for any lack of precision in the measuring equipment, the highest sound level reading obtained shall be reduced by 1 dB(A).

4.3.2 Vehicles when stationary

With the exception of noise emission originating from audible warning devices, any noise emitted by a vehicle, when determined in accordance with SANS 0181:1981, *The measurement of noise emitted by road vehicles when stationary*, as published by Government Notice no. 463 of 9 July 1982 and SANS 0281:1994, *Engine speed (S values), reference sound levels and permissible sound levels of stationary road vehicles*, as published by Government Notice no. 1313 of 25 August 1995, shall be recorded for homologation purposes.

5 Requirements concerning metrological data

5.1 Vehicle dimensions

The dimensions of a vehicle shall comply with the applicable requirements of the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996).

5.2 Information plates

5.2.1 Data plates

5.2.1.1 A vehicle shall have one or more metal data plates affixed by rivets, or by welding, or by any other method that will achieve permanency of attachment during the life of the vehicle, in a conspicuous and readily accessible position on a part not subject to replacement.

5.2.1.2 As an alternative to the above, a data plate may be a self-adhesive tamperproof metal or plastics label that is not transferable from one vehicle to another, is clearly legible, and undergoes permanent and obvious damage on removal. The self-adhesive tamperproof label shall be resistant to engine oils, to engine coolants, to normal engine temperatures and to humidity. In addition, it shall have permanency characteristics similar to those of the plate(s) described in 5.2.1.1.

5.2.2 Manufacturer's mass and power data

5.2.2.1 Information on data plate

The data plates required in terms of 5.2.1 shall be legibly and permanently imprinted or stamped with the following information concerning the vehicle:

- a) the gross vehicle mass, in kilograms, for the model type, denoted and prefixed by the letters GVM/BVM;
- b) the gross combination mass, in kilograms, for the model type, denoted and prefixed by the letters GCM/BKM;
- c) the gross axle mass-load of each axle, or gross axle unit mass-load of each axle unit, in kilograms, for the model type, denoted and prefixed by the letters GA/BA or GAU/BAE, as applicable; and
- d) the net power, in kilowatts, prefixed by the letters P/D, determined in accordance with SANS 013-1:1988, *The determination of performance (at net power) of internal combustion engines – Part 1: Road vehicle internal combustion engines at sea level* as published by Government Notice no. 1652 of 19 August 1988.

5.2.2.2 Optional data plate

- a) gross vehicle mass;
- b) gross combination mass; and
- c) gross axle masses in the order front to rear.

5.2.3 Information on vehicle engine

The requirements for the vehicle engine number shall comply with the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996).

5.2.4 Provision for registration

Suitable space shall be provided on the data plate(s) for

- a) T . . . kg (for the tare);
- b) V . . . kg (for the permissible maximum vehicle mass);
- c) A . . . kg or AU/AE . . . kg, as applicable (for the permissible axle mass-load of each axle or the permissible axle unit mass-load of each axle unit); and
- d) D/T . . . kg (for the permissible drawing vehicle mass).

The responsibility for marking this information on the data plate(s) shall rest with the final vehicle manufacturer.

5.2.5 Vehicle identification number (VIN)

The vehicle identification number shall comply with the relevant requirements given in SANS ISO 3779:1983, *Road vehicles – Vehicle identification number (VIN) – Content and structure*. However, the requirements for marking the VIN, as given in clause 5 of SANS ISO 4030:1983, *Road vehicles – Vehicle identification number (VIN) – Location and attachment*, as published by Government Notice 3160 of 20 November 1992, shall, for the purposes of this compulsory specification, be taken to read as follows:

5 VIN attachment

5.1 The VIN shall be marked direct on any integral part of the vehicle; it may be either on the frame, or, for integral framebody units, on a part of the body not easily removed or replaced.

5.2 The VIN shall also be marked on the data plate.

5.3 Deleted.

5.4 The height of the roman letters and the Arabic numerals of the VIN shall be as follows:

- at least 7 mm if marked in accordance with 5.1 (frame, body, etc.) on motor vehicles and trailers; and
- at least 3 mm when marked in accordance with 5.2 (data plate).

5.3 Measuring units

All gauges, indicators or instruments that are fitted to a motor vehicle and are calibrated in physical units shall be calibrated in units as prescribed by the current applicable regulations promulgated

under the Measuring Units and National Measuring Standards Act, 1973 (Act 76 of 1973).

6 Requirements for vehicle equipment, components and systems

6.1 Speedometers

A vehicle that is capable of exceeding a speed of 25 km/h on a level road shall be equipped with speedometer equipment that complies with the relevant requirements given in SANS 1441:1987, *Motor vehicle safety specification for speedometer equipment on motor vehicles*, as published by Government Notice no. 1878 of 4 September 1987:

Provided that any speed recording device fitted as speedometer equipment shall be exempted from the requirements of the said SANS 1441.

6.2 Engine, exhaust system and transmission

6.2.1 Engine

The engine of a vehicle shall be fitted with a cover that any part of the engine that constitutes a source of danger is out of normal reach of a person.

6.2.2 Exhaust system

The exhaust system of a vehicle shall comply with the requirements of the relevant regulations of the National Road Traffic Act, 1996 (Act 93 of 1996).

6.2.3 Transmission

A self-propelled vehicle shall be equipped with a transmission that enables it to be controlled and driven in both a forward and a reverse direction.

6.3 Fuel system

6.3.1 Fuel filler cap

The orifice for filling a fuel tank on a vehicle shall be fitted with an effective cap that prevents incidental ingress of water or other foreign matter.

6.4 Tyres

The tyres fitted to the wheels of a motor vehicle shall comply with the relevant requirements of the compulsory specification for pneumatic tyres for commercial vehicles and their trailers as published in the relevant government gazette and the National Road Traffic act, 1996 (Act 93 of 1996).

6.5 Wheel flaps

Excluding truck-tractors, all vehicles shall be fitted with wheel flaps that comply with the relevant requirements given in SANS 1496:1989, *Wheel flaps fitted to motor vehicles*, as published by Government Notice no. 2008 of 22 September 1989:

Provided that

- a) wheel flaps that are designed and approved by the vehicle manufacturer may be fitted as an alternative, and
- b) chassis-only vehicles and chassis-cab vehicles that are being driven to a place to have body work fitted or to a dealer of such vehicles are excluded from the fitment of wheel flaps.

7 Homologation requirements

7.1 Homologation

Registered manufacturers, importers and builders (MIBs) shall have each model of motor vehicle from a specific source, covered by the scope of this compulsory specification, successfully homologated by the regulatory authority in accordance with the requirements of Annexure A.

7.2 Rights of homologation approval

The rights of ownership of homologation approval, so granted for a vehicle model in 7.1, shall lie with the registered MIB that obtained such approval. This may only be transferable, to another registered MIB, on request of the MIB that currently owns the rights of homologation approval, and be authorised by, the regulatory authority.

A transference fee, as determined by the Minister, shall be paid to the regulatory authority.

8 Equivalent requirements

The requirements of any of the South African national standards stated in column 3 in the appropriate parts given in table 1 shall be deemed to have been met if compliance with the equivalent standards given in columns 5, 6 or 7 of the same table, or to any of their later amendment levels is achieved.

Where an EEC Directive is quoted in column 5, and an amendment level is quoted in column 6, this shall mean that the Directive and its' amendments up to, and including the quoted level (in column 6), is the minimum level that is acceptable.

Annexure A

Administrative Process - Homologation of Models of Motor Vehicles of Category N2/N3.

1. The Applicant shall formally submit a request for homologation, for each model of motor vehicle intended to be manufactured or imported, in writing, to the Regulatory Authority providing information of his/her intention to homologate that model of motor vehicle.
2. The Regulatory Authority shall forward to the Applicant the relevant homologation application documents, for each model as requested in 1 above. The Applicant shall complete the application and forward it to the Regulatory Authority. The application documents shall stipulate the information to be submitted to the Regulatory Authority, and these shall accompany the submitted application. The appropriate fee, as determined from time to time by Notice in the Government Gazette, for the homologation, shall be paid to the Regulatory Authority.
3. Upon receipt of the completed application documents, the Regulatory Authority shall review the documents for correctness, completeness, and authenticity. Incorrect documentation, or insufficient documentation, will be reported to the applicant, for his/her correction.
4. Once the application documentation is correct, the Regulatory Authority shall formally confirm the date and place to the Applicant for the sample vehicle to be inspected as part of the homologation process(if not already submitted).
5. At the homologation inspection, the Regulatory Authority shall inspect the sample vehicle and verify it against all mandatory requirements and the submitted evidence of conformity in the application documents, to these requirements.
6. Any non-compliances identified in 5 above, shall be resolved by the Applicant, to the satisfaction of the Regulatory Authority.
7. Once the homologation process establishes that the vehicle model complies with all the relevant mandatory requirements of this specification, the Regulatory Authority shall issue a formal Letter of Compliance (Homologation Approval Letter), to the applicant.
8. The original application documents, and copies of supporting evidence of compliance documents, as necessary, shall be taken, and maintained as Homologation Records, by the Regulatory Authority.

Source of evidence

The evidence of compliance to any of the requirements of any referred-to standard in this compulsory specification, which requires testing to establish compliance, and a test report issuing, will only be recognized by the Regulatory Authority, from the following sources:

- 1) A laboratory that is part of an international or regional mutual acceptance scheme, or
- 2) A laboratory that is accredited to ISO/IEC 17025 by SANAS or an ILAC affiliated accreditation body, or
- 3) The laboratory has been successfully assessed against the requirements of ISO/IEC 17025 to the satisfaction of the Regulatory Authority.

No. 805

17 October 2014

NATIONAL REGULATOR FOR COMPULSORY SPECIFICATIONS ACT (ACT 5 of 2008)**PROPOSED AMENDMENT TO THE COMPULSORY SPECIFICATION FOR SMALL ARMS SHOOTING RANGES – VC 9088**

It is hereby made known under section 13 (4) of the National Regulator for Compulsory Specifications Act, (Act 5 of 2008), that I, Dr Rob Davies, the Minister of Trade and Industry, intends to amend the Compulsory Specification *for Small arms shooting ranges* – VC 9088, as set out in the attached Schedule.

Any person, who wishes to comment on the intention to thus amend the compulsory specification concerned, shall submit their comments, in writing, to the Chief Executive Officer, National Regulator for Compulsory Specifications, Private Bag X25, Brooklyn, 0075, on or before the date two (2) months after publication of this notice.

Dr Rob Davies, MP
Minister of Trade and Industry

SCHEDULE

THE AMENDMENT OF THE COMPULSORY SPECIFICATION FOR SMALL ARMS SHOOTING RANGES -VC 9088

1. SCOPE

1.1 This Compulsory Specification covers general requirements for the planning, construction and design of small arms shooting ranges (hereafter referred to as shooting ranges) including ballistic test and gunsmith test firing ranges.

1.2 The following are excluded from the scope in 1.1.:

- a) A "sighting range" used to sight in a rifle on a farm for hunting purposes;
- b) A bush "jungle lane"; and
- c) Open areas for field guide training.

2. DEFINITIONS

2.1 For the purposes of this Compulsory Specification, the definitions in the latest edition of SANS 10353, *Small arms shooting ranges*, shall apply except where redefined in this Compulsory Specification.

2.2 In addition, the following definitions shall apply:

2.2.1 Applicant:

The owner or a representative of the owner of a shooting range facility.

2.2.2 Approval:

Confirmation by the NRCS that a shooting range facility satisfies the requirements of this Compulsory Specification.

2.2.3. The Letter of Authority certificate:

As defined in section 1 of the NRCS Act, 5 of 2008.

2.2.4 NRCS:

The National Regulator for Compulsory Specifications as established by the National Regulator for Compulsory Specifications Act, 2008 (Act No. 5 of 2008).

2.2.5 Small arms

Handguns, rifles and shotguns, firing burning propellant, having a calibre size not greater than 20 mm and black powder firearms having a calibre size not greater than 50 mm.

2.2.6 Small arms shooting range

An enclosed or open demarcated area (indoor or outdoor) specifically designed for the discharge of small arms.

2.2.7 Facility

An area, place or a building with one or more shooting range.

3. SPECIFIC REQUIREMENTS

- 3.1 Shooting ranges shall comply with the latest edition of SANS 10353, *Small arms shooting ranges*.
- 3.2 Each facility shall be approved by the NRCS through the issuance of a Letter of Authority Certificate in accordance with the requirements of Annexure A of this Compulsory Specification, before it is used.
- 3.3 A copy of the NRCS Letter of Authority Certificate shall be displayed in a prominent place i.e. in the view of users of the shooting range at all times.
- 3.4 The applicant shall inform the NRCS of any change (s) in the construction of the shooting range affecting any requirement of this Compulsory Specification. In the event of such change (s) the NRCS may, at its discretion, demand the submission of new evidence of conformity or a new application for approval.

4. TRANSITIONAL ARRANGEMENTS

- 4.1 For the purposes of this Compulsory Specification, a new edition of a referenced standard shall become effective six months from the date of publication as a South African National Standard.
- 4.2 When a new edition of a referenced standard is published, facilities originally approved in accordance with the previous edition of that standard may continue to operate under their original approval for a period of two (2) years after the date of publication of the new edition of the referenced standard.
- 4.3 The letter of authority certificate issued to a facility that was approved in accordance with Compulsory Specification VC 9088, *Small arms shooting ranges*, as published by Government Notice R. 643 in Government Gazette no. 26375 of 28 May 2004, shall remain valid as long as each shooting range within that facility complies with SANS 10353.

ANNEXURE A

APPROVAL OF SMALL ARMS SHOOTING RANGES

A.1 APPLICATION FOR APPROVAL

The owner or a representative of the owner of a facility shall apply to the NRCS for the approval of the facility. The application shall be accompanied by the following pertaining to the facility

A.1.1 Completed and signed NRCS application form.

A.1.2 Technical drawings to scale indicating the following as a minimum:

A.1.2.1 Range dimensions.

A.1.2.2 Materials used for the construction of the stop butt, baffles, bullet traps, back plate and sound proofing, as may be applicable.

A.1.3 Aerial photographs of outdoor ranges.

A.1.4 Photographs of the interior of indoor facilities or and the features of outdoor facilities, as may be appropriate to demonstrate compliance with requirements.

A.1.5 Zoning / land use certificates.

A.1.6 Any reasonable additional information required to clarify the above as may be requested by the NRCS

A.2 THE ISSUANCE OF THE LETTER OF AUTHORITY CERTIFICATE

A.2.1 The NRCS shall assess the application submitted in accordance with paragraph A.1 and grant approval where the requirements of this Compulsory Specification are met.

A.2.2 The NRCS shall confirm that approval has been granted to the applicant by issuing a Letter of Authority Certificate with an assigned unique approval number.

A.2.3 The approval granted to a facility pursuant to this Compulsory Specification may be withdrawn by the NRCS, at any time, after the applicant has been notified in writing, if the requirements of this Compulsory Specification have not been met or maintained.

NOTICE 884 OF 2014

WAR MUSEUM OF THE BOER REPUBLICS LANGUAGE POLICY

an agency of the
Department of Arts and Culture

1. PURPOSE

To establish a policy that regulates the language used in the fulfilling of the War Museum's mandate and to comply with the provisions of Act No 12 of 2012: Use of Official Languages Act, 2012.

2. NATURE OF WAR MUSEUM

The War Museum is an entity that collects, curates, researches and displays items and information regarding the Anglo Boer War of 1899-1902. The War Museum is a one site public entity located in Bloemfontein, Free State.

3. POLICY

3.1. Official meetings

1. Language used during official meetings of the council, its committees or during management meetings shall be the language that is understood by all or the majority of the members present.
2. Records of these meetings shall be in English as to simplify correspondence with other governmental structures such as DAC, the auditors and National Treasury.

3.2. Official forms

1. Policies, regulations and practises applicable in the War Museum shall be in the language understood by the majority of its employees.
2. These policies, if so requested by an employee, shall be translated into the language requested and better understood by that employee. If not possible the services of an interpreter will be used to explain the relevant policy to the employee.
3. All hearings and official proceedings will be held in either English, Afrikaans or South Sotho and an interpreter will be used if needed.

3.3. Communication with outside parties / public

1. Enquiries by outside parties, whether for information or official matters, shall be answered in the language used by the said party but limited to English, South-Sotho and Afrikaans in accordance with section 4(2)(a) of the Official Languages Act.
2. Enquiries to outside parties by officials of the War Museum shall be in English or if the language preference of that party is known, in that language. This shall however also be limited to English, South-Sotho or Afrikaans.
3. If a member of the public is unable to communicate in the 3 languages contemplated above the War Museum will endeavour to make use of the services of an interpreter including sign language practitioners. This will however take cognisance of factors such as time constraints, availability of an interpreter and cost. If requested to provide such a service a decision regarding this service will be made within 5 working days.
4. Official publications by the War Museum intended for public distribution will be in English, South-Sotho and Afrikaans where possible and practicable.

3.4. Exhibits and publications

1. All permanent exhibits on the theme of the War Museum, where possible and practicable, shall be in English, South-Sotho and Afrikaans.
2. Temporary exhibits or displays shall be in the language of the target group or, if no group is identified, in at least two of the languages used in the museum's permanent exhibits.
3. Publications/advertisements of the War Museum shall be in the language of the target group or groups.
4. Guided and educational tours and programmes are given in English, South-Sotho or Afrikaans.
5. Braille will be used in selected areas to give blind visitors an overview of exhibits in the museum.

3.5. Access to policy

1. The War Museum will ensure that hard and electronic copies of its language policy is available at the War Museum, 25 Monument Road, Bloemfontein. The public can request a copy via post, e-mail or verbally. No Braille copies will be available.
2. A summary of the policy will be displayed in the War Museum in such a manner that it can be read by the public.
3. The language policy of the War Museum will be published in English, Afrikaans and South Sotho.

3.6. Complaints

1. All complaints regarding the Language Policy of the War Museum must:
 - a. be in writing
 - b. lodged within 3 months of arising
 - c. state the name, address and contact information of person lodging the complaint.
 - d. provide full details of complaint
2. Complaints regarding the Language Policy of the War Museum may be delivered to:
