NOTICE 134 OF 2015**NOTICE ON THE NERSA DECISION ON THE MUNICIPAL TARIFF GUIDELINE FOR THE 2015/16 FINANCIAL YEAR**

The **National Energy Regulator (NERSA)** is a regulatory authority established as a juristic person in Terms of Section 3 of the National Energy Regulator Act, 2004 (Act No. 40 of 2004). NERSA's mandate is to regulate the electricity, piped-gas and petroleum pipelines industries in terms of the Electricity Regulation Act, 2006 (Act No. 4 of 2006), the Gas Act, 2001 (Act No. 48 of 2001) and the Petroleum Pipelines Act, 2003 (Act No. 60 of 2003).

NERSA approved the Municipal Tariff Guideline increase of 12.20% and the Benchmarks for the 2015/16 municipal tariff review process on 29 January 2015. The municipal tariff guideline increase and benchmarks will be implemented on 01 July 2015 and they are meant to assist municipalities in preparing their tariff reviews. It is important to note that this guideline is not an automatic increase in tariffs and that licensees are still required to apply to the Energy Regulator for approval of their tariffs in accordance with the provisions of Section 15(2) of the Electricity Regulation Act, 2006 (Act No. 4 of 2006) before implementation. Licensees applying for an above-guideline increase will have to justify the increase to the Energy Regulator.

The Decision and Reasons for Decision (RfD) documents have been published on the NERSA website at www.nersa.org.za.

End.

NOTICE 149 OF 2015

NOTICE IN TERMS OF SECTION 10(7) OF THE COMPETITION ACT 89 OF 1998 (AS AMENDED):

CONDITIONAL EXEMPTION GRANTED TO:

**AFRICAN MARINE PRODUCTS (PTY) LTD; CAPE LOBSTER EXPORTERS ASSOCIATION; OVENSTONE AGENCIES (PTY) LTD; PREMIER FISHING SA (PTY) LTD; OCEANA LOBSTER LTD; AND RUWEKUS (PTY) LTD
(HEREINAFTER COLLECTIVELY REFERRED TO AS "THE APPLICANTS")**

EXEMPTION GRANTED**CORRECTION NOTICE:**

(IN THE NOTICE PUBLISHED ON 31 OCTOBER 2014, THE NAME OF RUWEKUS(PTY)LTD, AN APPLICANT, HAD BEEN ERRONEOUSLY OMITTED)

Notice was given in the Government Gazette on 20 September 2013 (Government Notice 695 of 2013) that the Applicants applied to the Competition Commission (the "Commission") for an exemption from the application of the provisions of Chapter 2 of the Competition Act, in terms of Section 10(1)(a) of the Competition Act 89 of 1998, as amended (the "Competition Act") for purposes of marketing and exporting of lobster (includes both the South Coast and West Coast Rock Lobster) in foreign markets.

The Applicants sought to be exempted from certain provisions of Section 4 of the Competition Act. The exemption was sought for a period of ten (10) years. The Applicants based their application on the premise that they had engaged in information sharing of sensitive business information and sought to exempt their conduct on the basis that it was necessary to continue with that practice, and the practice of information exchange contributes to the objective of maintenance and promotion of exports, as set out in section 10(3)(b)(i) of the Competition Act.

Notice is hereby given in terms of Section 10(7) of the Act, that the Commission has, in response to the above mentioned application, granted the Applicants a conditional exemption in terms of Section 10(2)(a) of the Act for a period of **five (5) years**,

commencing on 30 June 2014 and ending on 30 June 2019, subject to the following conditions:

- Applicants must establish a subcommittee or other body similar in structure and nature within the West Rock Lobster Association for purposes of promoting and marketing of all South African harvested lobster¹ species;
- Such a subcommittee must be established within a period of a year from the date of the granting of the exemption;
- The membership to that committee shall be open to all South African lobster harvesters and exporters, in particular SMME's and Black owned firms, thus to allow equal access to the exchanged information;
- Any information that needs to be shared relating to marketing and exporting of South Coast and West Coast Rock Lobster between and amongst the exporters of lobster will be shared within the auspices of the committee and/or in the presence as well as with the knowledge of all the members to the committee and no direct contact between the Applicants concerning sharing of information with regard to lobster exports will be allowed;
- Any discussions or information exchange that takes place amongst the members of the committee for the purposes of complying with the exemption granted will be limited to activities relating to marketing and export of lobster.

The exemption will allow for exporters of lobster fish to share and exchange information that pertains to global market conditions for the sale of lobster, prevailing prices of lobster, production plans, volumes of lobster imports in the markets they export into, joint marketing trips, catch statistics internationally and market developments. The practice of information sharing between the Applicants is considered by the Commission to be in contravention of Sections 4(1)(b)(i) and (ii) of the Act.

The Commission conducted an investigation to establish whether the activities the Applicants were engaging in were necessary to satisfy the objective set out in section 10(3)(b)(i) of the Act, that is to contribute to the promotion and maintenance of exports. The Commission is satisfied that the Applicants will contribute to the promotion and maintenance of exports within the Republic, in that; the information sharing amongst the Applicants will lead to information symmetry between the South African exporters and the

¹ It includes both the South Coast and West Coast Rock Lobster.

foreign buyers which will afford the South African exporters a leverage when negotiating and concluding sale agreements with the foreign buyers. This would allow for South African exporters to fetch the best possible prices in the global market for the supply of lobster, which will contribute to tax revenues payable to the Republic, and thus contribute to the growth of the South African economy. The Commission also found that the exempted conduct does not have an impact on competition in the domestic market for the marketing of lobster fish.

In terms of section 10(8) of the Act, the Applicants or any other person with substantial financial interest or affected by this decision may appeal it to the Competition Tribunal in the manner prescribed.

NOTICE 150 OF 2015
INTERNATIONAL TRADE ADMINISTRATION COMMISSION
CUSTOMS TARIFF APPLICATIONS
LIST 02/2015

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- Each instance where confidential information has been omitted and the reasons for confidentiality;*
- A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons. If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

APPLICANT:

The Textile Federation of South Africa (TEXFED)
P O BOX 53
BRUMA
2026

Reasons for the application as submitted by the applicant:

TEXFED has major difficulties with the wording, scope and coverage of the three qualifying fabrics under the rebate provision in the form that they were introduced, as there are fabrics that are manufactured locally that meet the description of the qualifying fabrics in the rebate provision. The issue is that the description under these tariff subheadings currently is so broad that it covers at least 80% of what is made in South Africa.

Representations should be submitted to the above address within four (4) weeks of the date of this notice.

LIST 01/2015 WAS PUBLISHED UNDER NOTICE 74 OF 30 JANUARY 2015

NOTICE 151 OF 2015**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****INITIATION OF A SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON CLEAR FLOAT AND DRAWN GLASS ORIGINATING IN OR IMPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA (PRC) AND INDIA**

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations (ADR), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the International Trade Administration Commission of South Africa (the Commission) determines, in a review initiated before that date on its own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would likely lead to continuation or recurrence of dumping and material injury.

On 20 June 2014, Commission notified the interested parties through Notice No. 450 of 2014 in *Government Gazette* No. 37740, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of clear float and drawn glass originating in or imported from the Republic of China (PRC) and India would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on clear float and drawn glass originating in or imported from the PRC and India would expire on 25 March 2015.

A response to the sunset review application questionnaire was received from PFG Building Glass on behalf of the Southern African Customs Union (SACU) industry on 15 July 2014.

THE APPLICANT

The application was lodged by PFG Building Glass, the only producer of clear float in the SACU.

The Applicant alleges that the expiry of the duty would likely lead to continuation or recurrence of dumping and the recurrence of material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation should be initiated.

THE PRODUCT

The product allegedly being dumped is clear float and drawn glass classifiable under the following tariff subheadings 7004.90.90, 7005.29.17, 7005.29.23, 7005.29.25 and 7005.29.35 originating in or imported from the PRC and India.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF DUMPING

The allegation of continuation or recurrence of dumping is based on the comparison between the normal values and the export prices.

The Applicant provided domestic selling prices in China and India obtained from retailers in the respective countries for purposes of the normal value. To calculate the export price for China, the Applicant provided a quote from an exporter in China. As there were no imports from India during the period of investigation, the Applicant provided an average price at which the suppliers exported to Egypt during the period of investigation.

On this basis, the Commission found that there was *prima facie* proof of the likelihood of continuation or recurrence of dumping if the duties expire.

THE ALLEGATION OF CONTINUATION OR RECURRENCE OF MATERIAL INJURY

The Applicant alleges and submitted *prima facie* evidence to show that it is experiencing a decline in return on investments, cash flow and its ability to raise capital and that there would be price undercutting, price depression and suppression should the anti-dumping duties expire.

On this basis the Commission found that there was *prima facie* proof of recurrence of material injury if the duties expire.

PERIOD OF INVESTIGATION

The investigation period for dumping is from 1 April 2013 to 31 March 2014 and the injury investigation involves evaluation of data for the period of 1 April 2011 to 31 March 2014. The Commission will also consider an estimate of what the situation will be, if the anti-dumping duties expire.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of a sunset review investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR) Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters, and known representative associations. The trade representatives of the exporting countries have also been notified.

Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*
- (g) information, the release of which could have serious consequences for the person that provided such information; and*
- (h) information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

PROCEDURES AND TIME LIMITS

The Senior Manager: Trade Remedies 1, should receive all responses, including non-confidential copies of the responses, not later than 40 days from the date hereof, or 30 days from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original deadline. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by the Embassy on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Should you have any queries, please do not hesitate to contact the investigating officers Ms. Selma Takács at +27 12 394 3596 and Ms. Mosa Sebe at 012 394 1850 or at fax number +27 12 394 0518.
