#### **NOTICE 244 OF 2015**

#### INTERNATIONAL TRADE ADMINISTRATION COMMISSION

### NOTICE OF INITITATION OF A SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON FRESH OR CHILLED GARLIC, ORIGINATING IN OR IMPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations, any definitive anti-dumping duty shall be terminated on a date not later than five years from its imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury.

On 20 June 2014, the International Trade Administration Commission of South Africa (the Commission) notified the interested parties through Notice No. 450 of 2014 in Government Gazette No. 37740, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of fresh or chilled garlic originating in or imported from the People's Republic of China would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on fresh or chilled garlic originating in or originating in or imported from the People's Republic of China would likely lead to the continuation or 20 June 2015.

On 02 October 2014 the International Trade Administration Commission of South Africa (the Commission) received a sunset review application from the South African Garlic Growers Association (SAGGA).

#### THE APPLICANT

The application was lodged by South African Garlic Growers Association, representing 73 percent by production based on average land planted and average yield in 2014.

The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation should be initiated.

#### THE PRODUCT

The product allegedly being dumped is fresh or chilled garlic, classifiable under tariff heading 0703.20 "garlic" and 0712.90.90 "other" originating in or imported from the People's Republic of China.

#### THE ALLEGATION OF THE CONTINUATION AND/OR RECURENCE OF DUMPING

The allegation of continuation and/or recurrence of dumping is based on the comparison between the normal values and the export prices.

The applicant stated that it could not obtain domestic price information in the PRC. According to the Record of Understanding between the International Trade Administration Commission of South Africa(ITAC) and the Bureau of Fair Trade for Imports and Exports (BOFT) of the Ministry of Commence of the People's Republic of China (PRC), China will be treated as a market economy for purposes these investigations. In instances where information of domestic selling prices in China is not reasonably available to the SACU industries, it is necessary to allow SACU industries to use alternative methods, which are permitted by the WTO, of determining a normal value in China for the subject product for the purposes of initiation of an investigation. The applicant nominated Mexico as a surrogate country for normal value determination. Mexico was nominated because it has a similar industry to that of the PRC. There were no producers from Mexico who co-operated with the investigation. The normal value was determined based on the market price in Mexico.

The export price for the People's Republic of China was determined based on the official import statistics obtained from the South African Revenue Service (SARS).

On this basis, the Commission found that there was *prima facie* proof of the likelihood of continuation and/or recurrence of dumping if the anti-dumping duties are removed.

# THE ALLEGATION OF CONTINUATION AND/OR RECURRENCE OF MATERIAL INJURY

The Applicant alleged and submitted *prima facie* evidence to indicate that should the antidumping duties be removed the alleged dumped imports are likely to increase and as a result the applicant is likely to experience price undercutting, price depression and price suppression. The information used to determine likelihood of recurrence/continuation of material injury is for Agribez Boerdery BK and Swartgoud Knoffel. The Applicant's information indicated that it would also experience a decline in sales volumes and value, profit margins, output, market share, return on assets, employment, productivity, utilisation of capacity, growth and negative cash flow, if the duties are removed.

On this basis the Commission found that there is *prima facie* proof of recurrence of material injury if anti-dumping duties are removed.

#### PERIOD OF INVESTIGATION

The investigation period for dumping is from 01 July 2013 to 30 June 2014, and the injury investigation involves evaluation of data for the period of 01 July 2011 to 30 June 2014 and estimates should anti-dumping duties be removed.

#### PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of a sunset review investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR) giving due regard to the World Trade Organisation

Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement). Both the ITA Act and the ADR are available on the Commission's website (<u>www.itac.org.za</u>) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters, and known representative associations. The trade representative of the exporting country has also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

## CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then <u>a non-confidential</u> <u>version of the information must be submitted</u> for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

## Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;
- (b) financial accounts of a private company;
- (c) actual and individual sales prices;
- (d) actual costs, including cost of production and importation cost;
- (e) actual sales volumes;
- (f) individual sales prices;
- (g) information, the release of which could have serious consequences for the person that provided such information; and

(*h*) information that would be of significant competitive advantage to a competitor; Provided that a party submitting such information indicates it to be confidential."

## ADDRESS

The response to the questionnaire and any information regarding this matter and any arguments concerning the allegation of dumping and the resulting threat of material injury must be submitted in writing to the following address:

## Physical address

The Senior Manager: Trade Remedies II International Trade Administration Commission **Block E** – The DTI Campus 77 Meintjies Street SUNNYSIDE PRETORIA SOUTH AFRICA

## Postal address

The Senior Manager Trade Remedies II Private Bag X753 PRETORIA 0001 SOUTH AFRICA

## **PROCEDURES AND TIME LIMITS**

The Senior Manager: Trade Remedies II, should receive all responses, including nonconfidential copies of the responses, not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period.

Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by the Embassy on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification. It is planned to do the verification of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the investigating officers, Ms Thuli Nkomo at telephone number +27 12 394 1190 or Mr Greg Kuhn at telephone number +27 12 394 3636 or at fax number +27 12 394 0518.

#### NOTICE 245 OF 2015

# INTERNATIONAL TRADE ADMINISTRATION COMMISSION <u>CUSTOMS TARIFF APPLICATIONS</u> <u>LIST 03/2015</u>

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following applications concerning the Customs Tariff. Any objection to or comments on these representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in these applications is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

## **CONFIDENTIAL INFORMATION**

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <u>http://www.itac.org.za/documents/R.397.pdf</u>. These regulations require that if any information is considered to be confidential, then a <u>nonconfidential version of the information must be submitted</u>, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- □ *Each instance where confidential information has been omitted and the reasons for confidentiality;*
- □ *A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- □ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons. If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

# 1. REVIEW OF REBATE ITEM 316.17 FOR SEMI-KNOCKED DOWN (SKD) TELEVISION ASSEMBLING

#### **APPLICANT:**

Enquiries: ITAC Ref: 23/2014: Mr. Njabulo Mahlalela, Tel: 012 394 3684, Email: <u>nmahlalela@itac.org.za</u> and/or Mr. Dumisani Mbambo, Tel: 012 394 3743, Email: <u>dmbambo@itac.org.za</u>

#### **REASONS FOR THE REVIEW:**

#### The applicant submitted the following reasons for the application:

- i) There is a need for a long term vision that will ensure the sustainability of the local electronics manufacturing industry.
- ii) The jobs created under the SKD model are for unskilled workers which is making them vulnerable because such jobs do not provide workers with employment security.
- iii) The SKD model of assembly limits the ability of companies to be innovative and technology transfer to local firms is minimal under this model of assembly.
- iv) SKD assembled products do not meet the requirements stipulated under the rules of origin governing trade between SACU and other countries. Such a limitation negatively affects the industry's ability to exploit growing markets, particularly in Africa.
- v) The CKD assembling model must be a minimum requirement for the electronics industry to ensure growth and investment. CKD assemblers are better positioned to diversify their product range and have multiple assembling contracts.

#### **PUBLICATION PERIOD:**

Representation should be submitted within four (4) weeks of the date of this notice.

#### 2. INCREASE IN THE RATE OF CUSTOMS DUTY ON:

Adhesive Bandages classifiable under tariff subheading 3005.10; from free of duty to 20% ad valorem by creation of additional 8-digit tariff subheadings, as follows:

3005.10.xx --- Adhesive Bandages.

APPLICANT: BSN Medical (Pty) Ltd 30 Gillitts Road Pinetown 3610

#### AS REASONS FOR THE APPLICATION, THE APPLICANT STATED THE FOLLOWING:

Approximately 84% of the market is consuming imported products while the applicant, being the sole manufacturer of the subject products in the SACU, holds only 16% market share. The lack of domestic demand leaves the local production facility vulnerable to closure as the low volume of domestic demand does not justify having the facility open in the SACU.

#### **PUBLICATION PERIOD:**

Representation should be submitted to the above address within **four (4) weeks** of the date of this notice.

#### 3. CREATION OF REBATE OF FULL DUTY ON:

"Steel panels with an inner core of Portland cement, classifiable in tariff subheading 7308.90.90 for the manufacture of elevated (raised) flooring systems for buildings classifiable in tariff subheading 7308.90.90"

APPLICANT: Pentafloor Access Flooring (Pty) Ltd P. O Box 37169 Birnam Park Johannesburg 2015 **ITAC Reference:** [21/2014]. Enquiries and correspondence should be directed to: Mr. S Tshabalala on Tel: (012) 394 3739/; or email: <u>stshabalala@itac.org.za</u>

## **REASONS FOR THE APPLICATION:**

- There are no known manufacturers of bare panels in the SACU.
- In order for the company to become competitive in the local market it requires the importation of other inputs (bare panels) for the manufacture of the complete flooring system. This will ultimately help the South African manufacturing to grow and offer more job opportunities.
- The SACU market is dominated by the companies who are involved in the business of only importing the complete flooring system and selling it to the end user.

## **PUBLICATION PERIOD:**

Representations should be submitted within four (4) weeks of the date of this notice.
