2. Notices can only be submitted in Adobe electronic form format to the email submission address [submit.egazette@gpw.gov.za](mailto:submit.egazette@gpw.gov.za). This means that any notice submissions not on an Adobe electronic form that are submitted to this mailbox will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
3. Notices brought into GPW by "walk-in" customers on electronic media can only be submitted in Adobe electronic form format. This means that any notice submissions not on an Adobe electronic form that are submitted by the customer on electronic media will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
4. All customers who walk in to GPW that wish to submit a notice that is not on an electronic Adobe form will be routed to the Contact Centre where the customer will be taken through the completion of the form by a GPW representative. Where a customer walks into GPW with a stack of hard copy notices delivered by a messenger on behalf of a newspaper the messenger must be referred back to the sender as the submission does not adhere to the submission rules.
5. All notice submissions that do not comply with point 2 will be charged full price for the notice submission.
6. The current cut-off of all Gazette's remains unchanged for all channels. (Refer to the GPW website for submission deadlines – [www.gpwonline.co.za](http://www.gpwonline.co.za))
7. Incorrectly completed forms and notices submitted in the wrong format will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email [info.egazette@gpw.gov.za](mailto:info.egazette@gpw.gov.za))
8. All re-submissions by customers will be subject to the above cut-off times.
9. All submissions and re-submissions that miss the cut-off will be rejected to the customer to be submitted with a new publication date.
10. Information on forms will be taken as the primary source of the notice to be published. Any instructions that are on the email body or covering letter that contradicts the notice form content will be ignored.

You are therefore advised that effective from **Monday, 18 May 2015** should you not comply with our new rules of engagement, all notice requests will be rejected by our new system.

Furthermore, the fax number **012- 748 6030** will also be **discontinued** from this date and customers will only be able to submit notice requests through the email address [submit.egazette@gpw.gov.za](mailto:submit.egazette@gpw.gov.za).

**DON'T** send queries or RFQ's to the submit.egazette mailbox.

**DON'T** send bad quality documents to GPW. (Check that documents are clear and can be read)

4.	Multi line fields should not have additional hard returns at the end of lines or the field itself. No.	Rule Description	Explanation/example

## 2. PREAMBLE

The Constitution of the Republic of South Africa (RSA) 1996 recognises 11 official languages; recognises the diminished use and status of indigenous languages and requires of the State to take practical and positive measures to elevate the status and advance the use of indigenous languages. The Constitution further requires all official languages to enjoy parity of esteem and to be treated equitably.

To this end, the Act has been promulgated to, communicate with members of the public, provide for the regulation and monitoring of the use of official languages by national government for government purposes, to require the adoption of a language policy by a national department, national public entity and national public enterprise and the establishment of a language unit for a national department, national public entity and national public enterprise.

The Act applies to all national public entities. The FSB is a national public entity, being so listed in Schedule 3 to the Public Finance Management Act, 1999. This Policy has therefore been developed by the FSB in compliance with the provisions of the Act.

## 3. PURPOSE

The purpose of this Policy is to outline how the FSB will comply with the Act, and use official languages to improve service to the members of the public at large and regulated institutions and improve compliance levels.

## 4. LEGISLATIVE INSTRUMENTS

- The Constitution;
- The Act;
- Regulations made in terms of section 13 of the Act.

## 5. SCOPE AND APPLICATION

The Policy is applicable to all FSB employees, including contractors, board members and anyone executing a function on behalf of the FSB.

## 6. PURPOSE AND REGULATORY CONTEXT OF THIS POLICY

This Policy is required by section 4 of the Act, as follows:

- 6.1. section 4(1) provides that every national department, national public entity and national public enterprise must adopt a language policy on its use of official languages;
- 6.2. section 4(2) provides that a language policy adopted in terms of subsection (1) must:
  - 6.2.1. identify at least three official languages that the national department, national public entity or national public enterprise will use for government purposes,
  - 6.2.2. stipulate how official languages will be used in effectively communicating with the public, official notices, government publications, and inter- and intra-government communication,

6.2.3. describe how the national department, national public entity or national public enterprise will effectively communicate with members of the public whose language of choice is not one of its chosen official languages, or whose language of choice is South African Sign Language,

6.2.4. describe how members of the public can access the language policy, and

6.2.5. provide a complaints mechanism to enable members of the public to lodge complaints regarding the use of official languages by a national department, national public entity or national public enterprise;

6.2.6. be published in the Gazette as soon as reasonably practicable but within 90 days of its adoption.

## **7. PRINCIPLES**

The principles underpinning this Policy are:

7.1. commitment to the promotion of all languages in the Republic in order to ensure parity of esteem and the equitable treatment of the official languages required by our democratic dispensation;

7.2. recognition of multilingualism as a resource to maximize collaborative partnerships in nation building, economic development and social cohesion;

7.3. promotion of good language management by the FSB to ensure efficient public service administration that meets the needs of the public and ensures equitable access to the services and information of the FSB;

7.4. prevention of the use of any language(s) for the purposes of exploitation, domination and discrimination within the FSB;

## **8. NATURE OF THE FSB'S BUSINESS**

The FSB is an independent institution established by statute to oversee the South African Non-Banking Financial Services Industry in the public interest. As stipulated in section 2 of the Financial Services Board Act, 1990 (Act No. 97 of 1990), the functions of the FSB are, to:

(a) supervise and enforce compliance with laws regulating financial institutions and the provision of financial services;

(b) advise the Minister of Finance on matters concerning financial institutions and financial services, either of its own accord or at the request of the Minister; and

(c) provide, promote or otherwise support financial education, awareness and confidence regarding financial products, institutions and services.

## **9. ADOPTION OF OFFICIAL LANGUAGES**

### **9.1. Official Languages of the FSB'**

9.1.1. The Act requires the FSB to adopt a Language Policy identifying at least 3 (three) of the Official Languages of which the FSB will use for "government purposes". This

refers to languages which are mainly to be used when communicating with members of the public.

9.1.2. In identifying the three (3) official languages for government purposes, the FSB is *inter alia* enjoined to consider the promotion of the previously marginalised indigenous languages.

9.1.3. Subject to clause 9.2 of this Policy, the FSB has identified and adopted all the Official Languages of the Republic as contemplated in section 6(1) of the Constitution, as languages it will use for government purposes.

## **9.2. Use of Official Languages by the FSB**

A description of which languages will be used for business purposes as well as for communication with members of the public, and the manner in which such languages will be used, is set out herein below.

### **9.2.1. Business Purposes**

The FSB adopts English as the main medium of communication and a language of records for business purposes -

- to communicate with its various clients (regulated entities) in accordance with its mandates;
- in respect of internal communication within the FSB; and

In cases where documents meant to be produced in English only are requested in any official language other than English, the FSB will make summarised translated versions available, subject to the conditions stipulated on 9.3 below.

### **9.2.2. Government purposes**

The FSB shall use English and/or any two official languages interchangeably on a case by case basis due to practicability and associated costs issues for the following purposes:

- Communication with members of the public, both orally and written - i.e. *inter alia*, public notices and announcements, public information signs, signage identifying facilities and services (summarised versions in case of technical documents);
- Communication with the media (e.g. print, radio, television, web) - depending on purpose and platform;
- Official publications and correspondences;
- Other stakeholder engagement activities; and
- Public hearings/consultations and other official proceedings.

### **9.2.3. Consumer education**

The FSB will, subject to clause 9.3 of this Policy, take appropriate and reasonable steps to ensure that it conducts consumer education and financial literacy sessions

in as many official languages as possible and in line with the requirements of clause 9.2.4.

**9.2.4. Provision of services in a language other than the Official Languages published**

Where a member of the public wishes to receive services in an official language other than the languages used (e.g. in a publication), such a member shall notify the FSB of such request, in writing, addressed to the Senior Language Specialist. The FSB shall, subject to the provisions of clause 9, make arrangements to meet such request within a reasonable period of not less than thirty (30) working days upon receipt of the request.

In cases of oral communication, like meetings and any other need for interpreting, a request must be made in writing and at least thirty (30) working days prior to that event.

**9.2.5. Communication with members of the public whose language of choice is the SASL**

9.2.5.1. A member of the public who wishes to communicate with the FSB in SASL must notify the Senior Language Specialist in writing.

9.2.5.2. The communication referred to in clause 9.2.5.1 must reach the Senior Language Specialist at least twenty (20) working days before the date on which the service is required to enable the FSB to arrange for appropriate interpretation.

**9.3. Factors to be considered when choosing official languages to be used in each context**

In determining which official languages to use, the FSB shall be guided in each instance by, inter alia, the following factors:

- 9.3.1. Practicability;
- 9.3.2. Associated costs;
- 9.3.3. Geographic location;
- 9.3.4. Interests of the public and/or specific targeted group; and
- 9.3.5. FSB capacity.

**10. ESTABLISHMENT AND STRUCTURE OF THE LANGUAGE BUSINESS UNIT (The Unit)**

- 10.1. As required by section 7 of the Act, the FSB has established a language business unit and shall ensure that the unit is provided with human resources, administrative resources and other resources necessary.
- 10.2. The Unit shall be headed by a Senior Language Specialist, and also have such other staff members as may be appointed by the FSB from time to time.

## 11. THE FUNCTIONS OF THE UNIT

The functions of the Unit are to:

- facilitate equitable access to the services and information of the FSB;
- promote good language management;
- translate, interpret, edit and develop terminology;

In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:*

ArcelorMittal South Africa Limited (“AMSA”)

PO Box 2

Vanderbijlpark

1900

South Africa

**REASONS FOR THE APPLICATION:**

**The applicant submitted, *inter alia*, the following reasons for the application:**

- i. The current tariff structure in relation to the subject products is untenable given the recent developments of volumes and value of imports into the South African markets.
- ii. Imports have exponentially increased over the last five years from Asian countries, making domestic production static.
- iii. The significant increase in imports in the domestic market is to a large extent a function of the lack of access to other markets by prominent producers. In particular, certain major countries have foreclosed their markets to imports from prominent producers by imposing various trade barriers.
- iv. The domestic industry of the subject product is experiencing intense price competition on the price of the subject products vis-à-vis imported products.
- v. The tariff increase requested will be a relief to the serious economic conditions of the industry. It will prevent imports from entering the country at impermissible low prices.

**PUBLICATION PERIOD:**

Written representations must be made within two (2) weeks of the date of this notice. ITAC elected to expedite this investigation based on the fact that the steel industry has been designated as an industry in distress by the Minister of Trade and Industry.

**2. INCREASE IN THE GENERAL RATE OF CUSTOMS DUTY ON:**

“Ceramic sanitary ware classifiable under tariff subheadings 6910.10 and 6910.90, from 20% to 30% *ad valorem*”

**APPLICANT:**

Vaal Sanitaryware (Pty) Ltd  
P.O. Box 49  
Meyerton  
1960

**REASONS FOR THE APPLICATION:**

The applicant submitted, *inter alia*, the following reasons for the application:

- I. To level the playing field against low priced imports in order for the company to be able to invest in new plant and machinery. The company is also presently in the process of investing in energy saving equipment, new plant and green technology.
- II. Since the economic meltdown, the SACU market has been flooded with cheap imports of ceramic sanitary ware from East Asian countries such as China and India owing to overcapacity in these countries.
- III. Cheap imports squeeze the profit margin as they depress selling prices and prevent local industry from selling the volumes necessary to offset the significant fixed costs employed in keeping production facilities operating.
- IV. The suppliers of clay, sand, and most inputs to the ceramic sanitary ware industry are all domestic manufacturers and mining companies who employ a large staff component.

V. This industry is distressed and would find it difficult to carry on manufacturing. The state of distress is caused by increase in input costs beyond the control of the industry. These are costs such as labour, fuel, gas and electricity, which have increased by more than the consumer price index in the past few years.

**Reasons:**

The applicant submitted, *inter alia*, the following reasons for the application:

- There are no local manufacturers of the subject products in the SACU region;
- The cost raising effect of the current duty has negatively affected the re-exporting of these products into the African markets and has resulted in the significant loss of market share for the local industry; and
- A reduction in the duty would increase the demand for the subject products and enable the applicant to expand its dealer network and operations in the African region.

## SCHEDULE

### 1. Definitions

In these regulations, any word or expression to which a meaning has been assigned in the Act shall have the meaning so assigned unless the context indicates otherwise:-

**“afforestation or plantation”** means the cultivation of a group of trees for exploitation of, amongst others, its wood, bark, leaves or essential oils, but excluding plantations which serve as windbreaks;

**“afforestation permit”** means any authorisation lawfully issued by the relevant authorities for purposes of afforestation between 1972 – 1998 in terms of section 7(1) of the Forest Act, 1984 (Act No. 122 of 1984) or any other appropriate legislation;

**“applicant”** means a person applying for genus exchange under these regulations;

**“area exchanges”** refers to an application process followed to change the authorised location of a compartment to a new location mostly due to the ecological sensitivity of the original location;

**“genus exchange”** means a change in the lawful genus;

**“delineated watercourses”** include determining the edge of watercourses according to the document “A practical field procedure for identification and delineation of wetlands and riparian areas”;

**“genus (or genera)”** means a specific taxonomic grouping of plant species, for example, *Acacia* spp, *Eucalyptus* spp. and *Pinus* spp. all belonging to distinct genera;

**“jungle”** means stands or patches of uncontrolled, unmanaged self-sown alien trees from the *Acacia*, *Eucalyptus* and *Pinus* genera;

**“Stream Flow Reduction Activity water use licence”** means a water use licence issued for afforestation in terms of section 21(d) of the National Water Act, 1998 (Act No. 36 of 1998);

**“watercourse buffer zone”** means an unplanted area between watercourses and plantation, with a minimum width of 20m or as specified in water use licence conditions, measured from the edge of the delineated watercourses; and

**“windbreak”** means a protective belt, comprised of a row of trees used to break the force of wind.

## 2. Scope of Regulations

These regulations apply to all afforestation water users but subject to the provisions of regulation 7.

## 3. Application for authorisation of genus exchange

Any existing afforestation water user who is planning to exchange the genus of their plantation or part thereof, must apply to the responsible authority for authorisation to implement the proposed exchange.

## 4. Principles of genus exchanges

- (1) The Department must determine the exchange ratio making use of the best available researched information on the water use of the different genera at quinary or quaternary catchment level.
- (2) A genus exchange may not result in an increase in the existing lawful water use of the property. These Regulations allow only for an exchange in the authorised genus of an equal area or a reduced area of the existing lawful afforestation area based on the water use of the different genera. This means that:-
  - (a) An exchange to a higher water using genus will therefore result in the amendment of the original authorisation resulting in a proportionally smaller area (hectares) to be planted.
  - (b) Exchanges to a lower water using genus may not increase the planted area (hectares) unless authorised in a water use licence.
- (3) Both total flow and low flow reductions must be considered in determining the amendment in the planted area.
- (4) These regulations permit the Department to amend the authorised genus and hectares of an existing lawful afforestation use without amending the existing lawful water allocation of the use.
- (5) A resulting unplanted area-
  - (a) must be rehabilitated to a standard-
    - (i) where all weeds, invader plants, regrowth and jungles are continuously controlled;
    - (ii) where soil erosion is prevented; and
    - (iii) where sedimentation of watercourses are prevented;
  - (b) would no longer be considered as land authorised for afforestation water use; and
  - (c) should ideally be located next to watercourses in order to consolidate open areas and to increase watercourse buffers.

## 5. Procedure for genus exchange

- (1) An application for genus exchange must be made in the prescribed form to the responsible authority at his or her address or fax number or electronic mail address.
- (2) The form for genus exchange prescribed for the purposes of subregulation (1) must at least require the applicant concerned to provide the following information to enable the responsible authority to make an informed decision:
  - (a) Information regarding the lawfulness of the afforestation.
  - (b) A current map with numbered compartments indicating the property portion boundaries (preferably a scale of 1:10 000) and compartment list (ha and genus) of the property/ plantation.
  - (c) Electronic shape file of currently planted area.

- (d) Proof of the public participation process followed, if required under subregulation (3).
  - (e) A management plan for the rehabilitation of cleared areas as described in regulation 4(5).
- (3) In all provinces, where Stream Flow Reduction Activity Licence Assessment Advisory Committees are not functional, the water user must obtain comment on the genus exchange from affected organs of state.
- (4) A responsible authority may, at any stage of the application process, require the applicant-
- (a) to give suitable notice in newspapers and other media-
    - (i) describing the genus exchange applied for;
    - (ii) stating that written objections may be lodged against the application before a specified date, which must be not less than 60 days after the last publication of the notice;
    - (iii) giving an address where written objections must be lodged; and
    - (iv) containing such other particulars as the responsible authority may require;
  - (b) to take such other steps as it may direct to bring the application to the attention of relevant organ of state, interested persons and the general public; and
  - (c) to satisfy the responsible authority that the interests of any other person having an interest in the genus exchange will not be adversely affected.

#### **6. Record-keeping and disclosure of information**

- (1) The registered water user must ensure that the following information is available to the Responsible Authority at all reasonable times:
- (a) Information regarding the lawfulness of the afforestation water use before a genus exchange.
  - (b) Written confirmation from the relevant authorities authorising a genus exchange.
- (2) The responsible authority may require a water user, at the water user's own cost, to provide it with proof of compliance with the provisions of subregulation (1)(a) and (1)(b).

#### **7. Matters excluded from regulations**

- (1) The following matters are excluded from these regulations:
- (a) The allocation of additional water.
  - (b) The authorisation of wattle or other genus jungles.
  - (c) Genus exchanges from *Eucalyptus*, *Pinus* or any other genera to *Acacia* species.
  - (d) Area exchanges.

#### **8. Revocation of authorisations**

The responsible authority may, within a reasonable period, revoke any approval given in terms of these regulations if the approval is found to have been made on false or misleading information provided by the water user.

**9. Offences and penalties**

A water user, who negligently or intentionally contravenes, fails to comply or comply inadequately with these regulations or with any directive issued in terms of section 53 of the Act, shall be guilty of an offence and liable on conviction to a fine or imprisonment for a period not exceeding five years.

**10. Commencement**

These regulations shall come into effect on the date of publication thereof in the Gazette.

**BOARD NOTICE 234 OF 2015****ROAD ACCIDENT FUND****ADJUSTMENT OF STATUTORY LIMIT IN RESPECT OF CLAIMS FOR LOSS OF INCOME AND LOSS OF SUPPORT**

The Road Accident Fund hereby, in accordance with section 17(4A)(a) of the Road Accident Fund Act, Act No. 56 of 1996, as amended, adjusts and makes known that the amounts referred to in subsection 17(4)(c) are hereby adjusted to **R 237 850.00**, with effect from **31 October 2015**, to counter the effects of CPI inflation.

Note: The CPI index based on the new "basket and weights" was used to calculate this adjustment, **effective from 31 October 2015** (with base year December 2012 = 100). The rebased CPI index for May 2008 was 78.1. The CPI index for August 2015 was 116.1. This adjustment was calculated by multiplying the R 160 000 limit by 116.1/78.1.

**BOARD KENNISGEWING 234 VAN 2015****PADONGELUKFONDS****AANPASSING VAN STATUTÊRE LIMIE TENSIGTE VAN EISE VIR VERLIES AAN INKOMSTE EN ONDERHOUD**

Die Padongelukfonds maak ooreenkomstig artikel 17(4A)(a) van die Padongelukfondswet, Wet No. 56 van 1996, soos gewysig, bekend dat, met effek vanaf **31 Oktober 2015**, die bedrae waarna verwys word in subartikel 17(4)(c) aangepas word tot **R 237 850.00**, ten einde die uitwerking van VPI inflasie teen te werk.

Neem kennis: Die VPI indeks gebaseer op die nuwe "mandjie en gewigte" is gebruik om hierdie aanpassing, **effektief vanaf 31 Oktober 2015**, te bereken (met basisjaar Desember 2012 = 100). Die heraangepaste VPI indeks vir Mei 2008 was 78.1. Die VPI indeks vir Augustus 2015 was 116.1. Hierdie aanpassing was bereken deur die R 160 000 limiet te vermenigvuldig met 116.1/78.1
