**DRAFT ALIGNED
PROPERTY SECTOR
CODE**

1. PREAMBLE

- 1.1 The property sector commits itself to the implementation of transformation within the property sector. This commitment was made noting that:
- 1.1.1 Despite significant progress since the establishment of a democratic government in 1994, South African society, including the property sector, remains characterised by racially based income and social services inequalities. This is not only unjust but inhibits South Africa's ability to achieve its full economic potential;
 - 1.1.2 The property sector believes that a positive and proactive response through the implementation of the principles enshrined in the draft aligned Property sector code would address inequalities in the sector, unlock the sector's potential, and enhance growth;
 - 1.1.3 The Constitution of the Republic of South Africa, 1996, in particular section 9 thereof, (relating to equality and unfair discrimination), states the imperative of redressing historical and social inequalities; and
 - 1.1.4 Broad Based Black Economic Empowerment (B-BBEE) is a mechanism aimed at addressing inequalities and mobilizing the potential of all South Africans. It will contribute towards sustained economic growth, development and social transformation in South Africa.
- 1.2 This draft aligned Property sector code ("aligned sector code") supports the commitment of all the stakeholders within the property sector that strive for transformed property relations in South Africa and to promote a vibrant and growing property sector that reflects the South African nation as a whole. It contributes towards development and the establishment of an equitable society.
- 1.3 This draft aligned sector code:
- 1.3.1 Constitutes a framework and establishes the principles upon which B-BBEE will be implemented in the property sector;
 - 1.3.2 Establishes targets and qualitative undertakings in respect of each element of B-BBEE; and
 - 1.3.3 Outlines processes for implementing the commitments contained in the draft aligned sector code, as well as mechanisms to monitor and report on progress.

2. THE CHALLENGES FACING THE PROPERTY SECTOR

- 2.1 Immovable property (*“property”*) ownership and the complex system that has evolved around it is the foundation of wealth creation in the world today. Historically, property has been viewed as a right. In South Africa, however, black people were denied access to productive land through the Native Land Act, 27 of 1913, and subsequent discriminatory policy and legislation.
- 2.2 Black people could not own property nor could they effectively trade in the same. In many cases land was held by the Government in trust for the various tribes, which precluded people living on tribal land from obtaining title deeds. These laws affected the ability of Black people to create or accumulate wealth.
- 2.3 Consequently, significant numbers of South Africans have never in the history of their families experienced formal property ownership and its wealth creation benefits. This has had a fundamental impact on the economic potential of South Africa and Black people in particular.
- 2.4 Despite legislative and policy interventions to eradicate these inequalities, in practice skewed patterns of ownership, participation and benefit remain.
- 2.5 Black people continue to be significantly under-represented in the ownership of property, whilst administrative, and financial constraints restrict the ability of black people to participate in the property market.
- 2.6 Commercially, direct property ownership is dominated by institutional investors, large private owners, collective investment schemes, and listed property entities, with Government being the largest commercial player.
- 2.7 The ownership of commercially driven activities surrounding property, including development, management and sales, rests largely in white hands. There is insufficient financing available to address the skewed patterns of ownership. This situation is exacerbated by legal and administrative obstacles to property ownership.
- 2.8 There is limited participation of Black people, particularly women, in control that have authority and have power to influence the strategic & operational direction of the businesses in the property industry.

- 2.9 Enterprises in the sector have not adequately addressed employment equity, with the result that the sector continues to be under-represented in terms of race and gender.
- 2.10 There is limited investment and commitment in skills development and workplace training.
- 2.11 At tertiary education level, property is inadequately supported as a profession, combined with a lack of appreciation of property as a career.
- 2.12 There has been some reasonable efforts by some companies to implement preferential procurement whilst some enterprises have not been able to demonstrate any progress in increasing spend on targeted suppliers or implementing appropriate preferential procurement policies.
- 2.13 The sector has only recorded limited progress in the growth of sustainable enterprises through enterprise development support.
- 2.14 There has been some reasonable efforts in investing in property development in under-resourced areas, with effort to address service inequalities and improve tradability of properties and consequently the wealth and capital creation potential of those properties. The investment must be defined broader than just development of retail shopping centres, and the aim is to allow the local community member to be the targeted beneficiaries of that development impacting ownership, control, management, employment equity and skill development; and
- 2.15 When investments are made especially shopping centres, local people in those areas are sometimes excluded, including those who would like to participate as tenants.

3. GENDER TRANSFORMATION

- 3.1 The sector continues to reflect vast inequalities in representation of women in general and Black women in particular in ownership, control, management and in skilled professions in the sector.
- 3.2 In acknowledging the cross-cutting nature of gender across all elements of B-BBEE and its integral nature to transformation of the sector, the parties to this draft sector code commit to:
 - 3.2.1 Enhance gender awareness in the workplace and promote a conducive and empowering environment for women in general;
 - 3.2.2 Target skills development and employment equity for women particularly in areas that are presently male dominated;
 - 3.2.3 Design targeted enterprise and supplier development programmes which increase the participation of women as owners in business and property assets in the sector;
 - 3.2.4 Identify barriers for Black women advancement and design targeted programmes to increase the representation and the empowerment of black women in the sector as outlined in all elements of this draft aligned code; and
 - 3.2.5 Promote policies on gender that address the above objectives.

4. OBJECTIVES OF THE PROPERTY SECTOR CODE

- 4.1 This draft aligned sector code aims to promote the objectives contained in the B-BBEE Amendment Act as these relate to the property sector and, in particular, but without limitation:
- 4.1.1 Promote economic transformation in the property sector in order to enable meaningful participation of Black people including women, the youth and people with disabilities;
 - 4.1.2 Unlock obstacles to property ownership and participation in the property market by black people;
 - 4.1.3 Promote development and investment in under-resourced areas which enhances basic infrastructure, encourages investment and supports micro and small enterprises;
 - 4.1.4 Achieve a substantial change in the racial and gender composition of ownership, control and management and enhance the participation of Black people (including Black women) and designated groups in the property sector;
 - 4.1.5 Promote the effective advancement of employment equity in the property sector and encourage diverse organisational cultures;
 - 4.1.6 Increase the pool of intellectual capital amongst Black people, particularly black women, in the sector by focusing on attracting new entrants and developing appropriate curricula;
 - 4.1.7 Address skills development in a manner that accelerates the advancement of black people (especially Black women and Black people with disabilities) with increased investment in the skills development and training of new entrants;
 - 4.1.8 Enhance entrepreneurial development and increase the number of B-BBEE firms and SMMEs providing services and products to the sector whilst promoting sustainable growth of such firms;
 - 4.1.9 Increase the procurement of goods and services from B-BBEE compliant suppliers;

- 4.1.10 Facilitate the accessibility of finance for property ownership and property development;
- 4.1.11 Encourage good corporate citizenship amongst enterprises in the sector, including participation in corporate social investment projects and adherence to triple bottom line accountability;
- 4.1.12 Promote investment in and contribute to growth of the sector; and
- 4.1.13 Enhance uniformity and consistency in the application of the principles contained in the aligned sector code.

5. REGULATORY ISSUES

- 5.1 It is acknowledged that the amended Codes of Good Practice will govern the measurement of B-BBEE. In this regard the stakeholders acknowledge that to the extent that the measurement principles contained in the amended Codes of Good Practice differ materially from those in the draft aligned sector code, the measurement principles in the amended Codes of Good Practice, will take precedence over the content of this draft aligned sector code.
- 5.2 To the extent that any of the amended Codes of Good Practice specify further measurable elements of B-BBEE, the stakeholders commit to apply the utmost good faith in seeking to ensure that such elements are integrated into this draft aligned sector code.
- 5.3 The parties to the draft aligned sector code commit to review on an ongoing basis any legislation, policy and standards which may have a direct impact on the empowerment outcomes of the draft aligned sector code with intention to ensure that the property sector remains committed to the attainment of the national B-BBEE objectives and priorities.
- 5.4 This could include, but would not be limited to, government's regulatory framework in respect of property transactions where and whenever they have to apply for rights or ask for consent from government, including access to development land and rights and zoning rights and transactions.

6. SCOPE OF APPLICATION

- 6.1 This draft aligned sector code (including the scorecard incorporated herein) applies to all privately owned and public enterprises within the property sector. In addition it is binding to all organs of state and public entities, organized labour and communities involved with or interested in the Property Sector.
- 6.2 The scope of this draft aligned sector code is applicable but not limited to commercial activities in the following industries:
- 6.2.1 Residential property industry, which includes:
- 6.2.1.1 Housing;
 - 6.2.1.2 Community schemes; and
 - 6.2.1.3 Land zoned for development.
- 6.2.2 Commercial property industry, which includes:
- 6.2.2.1 Office property industry;
 - 6.2.2.2 Industrial property industry;
 - 6.2.2.3 Leisure property industry;
 - 6.2.2.4 Retail property industry; and
 - 6.2.2.5 Land zoned for development.
- 6.2.3 Including other Property value chain areas in Property Sector (but not limited to):
- 6.2.3.1 Property Development
 - 6.2.3.2 Property Ownership
 - 6.2.3.3 Property Services
 - 6.2.3.3.1 Property Management
 - 6.2.3.3.2 Facility Management
 - 6.2.3.3.3 Broking
 - 6.2.3.3.4 Estate Agents
 - 6.2.3.4 Professionals
 - 6.2.3.4.1 Property Valuation
 - 6.2.3.5 Regulators (in Property Sector)
 - 6.2.3.6 Organs of state

7. FOCUS OF APPLICATION

- 7.1 This draft aligned sector code applies to the South African property sector, and in particular to all enterprises engaged in property ownership or the provision of property services, and includes without limitation, practitioners and enterprises engaging in property development. It does not include any property enterprise outside the borders of Republic of South Africa.
- 7.2 The stakeholders all acknowledge that the scope defined in this paragraph 7.1 represents a basis for delineation of the property sector based upon common commercial characteristics.
- 7.3 Subject to any provisions to the contrary contained in any provision of the amended codes of good practice issued under the B-BBEE Amendment Act:
- 7.3.1 This draft aligned sector code will be applicable to a subsidiary of a holding company or a division or business unit of a company if the primary business of the subsidiary, division or business unit of that company (“the entity”) is dealing in property or providing property services (“the services”), even if the company or holding company has to comply with provisions of another code issued in terms of Section 9(1) of the B-BBEE Act as amended. Notwithstanding the above, where a company or holding company has to comply with the provisions of another code issued in terms of Section 9(1) of the B-BBEE Act as amended and the entity of such company or holding company provides the services, this code shall not apply to such entity if the services provided by such entity:
- 7.3.1.1 relate to the internal business requirements of such entity, company or holding company;
- 7.3.1.2 relate to an in-house function of such entity, company or holding company; and
- 7.3.1.3 does not compete in the open market with services provided by entities to which this code applies.
- 7.3.1.4 For the avoidance of doubt this code shall, among other, not apply to the following activities undertaken by entities such as but not limited to: mortgage loans, securitisation of mortgage loans,

properties in possession of banks, properties owned, leased or otherwise used for the conducting of the business of the company or holding company and in-house property management services.

- 7.3.1.5 In case of doubt, please refer to the technical guideline and verification manual.
- 7.4 All Measured Entities falling within the scope of the aligned Property Sector Code as set out in 6 above may only be measured for compliance in accordance with this aligned Property Sector Code once gazetted as a Section 9(1) Code.
- 7.5 A section 9(1) code is legally binding on the applicable sector, organ of state or public and private entities.
- 7.6 The determining factor for a holding company/group of companies or subsidiary compliance with the aligned Property sector code is the scope of application of the aligned Property sector code and/or revenue. If a holding company/group of companies of subsidiary derives over 50% of its revenue and/or have its significant core from "this sector" then such measured entity will be measured in accordance with the scorecard of this aligned Property sector code.

8. ELEGIBILITY AS AN EXEMPTED MICRO ENTERPRISE (EME)

- 8.1 Any enterprise with an annual total revenue of R10 Million or less qualifies as an Exempted Micro-Enterprise.
- 8.2 Despite 8.1 measurement of B-BBEE Exempted Micro Enterprise (EME) for the below mentioned property segments, will apply as shown in the table below:

Exempted Micro Enterprises		ASSET BASED	SERVICE BASED	ESTATE AGENCIES/ BROKING/ VALUATION COMPANIES
	Net Assets	Less than R 80 M		
	Turnover		Less than R10M	Less than R2.5M

- 8.3 An Exempted Micro-Enterprise is deemed to have a B-BBEE Status of "Level Four Contributor" having a B-BBEE recognition level of 100% as per the revised Codes of Good Practice recognition level.
- 8.4 Enhanced B-BBEE recognition level for an Exempted Micro-Enterprise:
- 8.4.1 Despite paragraphs 8.3 an EME which is 100% Black owned qualifies for elevation to "Level One Contributor" having a B-BBEE recognition level of 135%.
- 8.4.2 Despite paragraph 8.3 and 8.4.1, an EME which is at least 51% Black owned qualifies for elevation to "Level Two Contributor" having a B-BBEE recognition level of 125%.
- 8.5 Despite paragraphs 8.3 and 8.4 an EME is allowed to be measured in terms of the QSE scorecard should they wish to maximise their points and move to a higher B-BBEE recognition level.

- 8.6 An EME is only required to obtain a sworn affidavit or Certificate from the Companies and Intellectual Property Commission (CIPC) on an annual basis, confirming the following:
- 8.6.1 Annual total revenue based on the EME threshold table above.
 - 8.6.2 Level of Black ownership.
- 8.7 Any misrepresentation in terms of Para 8.3 above constitutes a criminal offence as set out in the B-BBEE Act as amended.

9. ELIGIBILITY AS A QUALIFYING SMALL ENTERPRISES (QSE)

9.1 Measurement of B-BBEE in Qualifying Small Enterprises for the below mentioned property segments, will apply as shown in the table below.

Qualifying Small Enterprises		ASSET BASED	SERVICE BASED	ESTATE AGENCIES/ BROKING/ VALUATION COMPANIES
	Net Assets		Less than R400M	
Turnover			Less than R50M	-Less than R35M

9.2 A QSE must comply with all of the elements of B-BBEE for the purposes of measurement.

9.3 Enhanced B-BBEE recognition level for QSE:

9.3.1 A QSE which is 100% Black owned qualifies for an elevation to Level One contributor of B-BBEE recognition level.

9.3.2 A QSE which is at least 51% Black owned qualifies for an elevation to Level Two contributor of B-BBEE recognition level.

9.3.3 A QSE is only required to obtain a sworn affidavit or Certificate from the Companies and Intellectual Property Commission (CIPC) on an annual basis, confirming the following:

9.3.3.1 Annual total revenue based on the QSE threshold table above.

9.3.3.2 Level of black ownership.

9.4 Any misrepresentation in terms of Para 9.3 above constitutes a criminal offence as set out in the B-BBEE Act as amended.

10. THE DRAFT ALIGNED PROPERTY SECTOR CODE SCORECARD

- 10.1 The Ownership element, measures effective ownership of entities by Black people.
- 10.2 The Management Control element for the draft aligned Property sector code has been split into Management Control and Employment Equity, measures the effective control of entities Black people and the Employment Equity measures initiatives intended to achieve equity in the workplace under the Act, and the Employment Equity Act.
- 10.3 The Skills Development element, measures the extent to which employers carry out initiatives designed to develop the competencies of Black employees and Black people internally and externally.
- 10.4 The Enterprise and Supplier Development element, measures the extent to which entities buy goods and services from Empowering Suppliers which are EME or QSE Suppliers with at least 51% Black Ownership. This element also measures the extent to which enterprises carry out supplier development and enterprise development initiatives intended to assist and accelerate the growth and sustainability of black enterprises.
- 10.5 The Socio-Economic Development and Sector Specific Contributions element, measures the extent to which entities carry out initiatives that promote access to the economy for Black people contributing towards Socio-Economic Development or Sector Specific initiatives.
- 10.6 The Economic Development element is the unique element of the draft aligned Property sector code, measures the extent to which entities contribute towards development in under resourced areas.

11. THE B-BBEE DRAFT ALIGNED PROPERTY SECTOR CODE QSE SCORECARD

11.1 The draft aligned Property QSE Sector code scorecard element weighting is as follows:

ELEMENT	CODE NUMBERS	WEIGHTING
DRAFT ALIGNED PROPERTY SECTOR CODE

TOTAL		117 points

- 12.2 All bonus points must be added in the numerator whilst the denominator remains 117.
- 12.3 The B-BBEE recognition level of a property sector enterprise will be recognised based on the status framework as indicated in the DTI Codes, Code 000: BEE Status.
- 12.4 In case of doubt, refer to the sector code technical guidelines to workout the recognition level based on a varying denominator.

13. ROLE OF COUNCIL

13.1 The Property Sector Charter Council (*“the Charter Council”*) represents all stakeholders in the sector. The mandate of the Charter Council includes:

- 13.1.1 To constitute an executive structure with adequate capacity;
- 13.1.2 To oversee and monitor the implementation of the sector code;
- 13.1.3 To receive, consider and approve annual enterprise B-BBEE reports;
- 13.1.4 To issue guidance notes on the interpretation and application of the sector code; and
- 13.1.5 To prepare annual reports on progress in implementing the sector code.

14. MONITORING AND REPORTING

- 14.1 Measured entities within the property sector will be encouraged to contribute towards funding the Charter Council in accordance with the budget and the amended codes.
- 14.2 Each enterprise will submit a B-BBEE report annually to the Charter Council. The report, which will be publicly accessible, must contain the enterprise's scorecard, verified by an accredited BEE verification agency and an account of progress in achieving the qualitative undertakings outlined in the aligned sector code.
- 14.3 The first annual report will be for the enterprise's first full financial year after the effective date of the code and must be submitted to the sector charter council within two months after the request from the Charter Council office.
- 14.4 Once the sector code is gazetted, it will be binding and enforceable and the verification certificate acquired before the gazetting of the sector code will remain valid for 12 months.
- 14.5 The Charter Council will comprehensively review progress on the implementation of the sector code after five (5) years from the effective date of this sector code or at the review of the Codes of Good Practice – which ever one comes first.
- 14.6 Subject to any provisions to the contrary contained in the DTI Codes, the performance of a generic enterprises will be measured out of 117 points and QSE enterprise will be measured out of 105 points in the sector code scorecard.

STATEMENT 000:
**GENERAL PRINCIPLES AND GENERAL SCORECARD AS APPLIED
TO THE DRAFT ALIGNED PROPERTY SECTOR CODE**

**Issued under section 9(5) of the Broad-Based Black Economic
Empowerment act of 2003 as amended**

1. OBJECTIVES OF THIS STATEMENT

All the objectives indicated in the DTI codes, Code 000 will be applicable to the Property sector code.

2. KEY PRINCIPLES

- 2.1 The fundamental principle for measuring B-BBEE compliance is that substance takes precedence over legal form.
- 2.2 Where 'this code' is silent in terms of certain provisions then the amended Codes of Good Practice will apply.
- 2.3 In interpreting the provisions of the Codes any reasonable interpretation consistent with the objectives of the B-BBEE Act as amended and the B-BBEE strategy must take precedence.
- 2.4 The basis for measuring B-BBEE initiatives under this sector code is the B-BBEE compliance of the Measured Entity at the date of measurement.
- 2.5 Any misrepresentation or attempt to misrepresent a Measured Entity's true BBEE Status will be dealt with in accordance with the provisions as set out in the B-BBEE Act as amended,
- 2.6 Initiatives which split, separate or divide a Measured Entity as a means of ensuring eligibility as an Exempted Micro-Enterprise, a Qualifying Small Enterprise or a Start-Up Enterprise may constitute an offence and will be dealt with in accordance with the provisions as set out in the B-BBEE Act as amended.
- 2.7 Any representation made by an entity about its B-BBEE compliance must be supported by suitable evidence or documentation. A Measured Entity that

does not provide evidence or documentation supporting any initiative must not receive any recognition for that initiative.

- 2.8 Wherever a Standard Valuation Method applies to measuring an indicator, the same standard should apply, as far as reasonably possible, consistently in all other applicable calculations in this statement.

3. APPLICATION OF THE CODES

3.1. The following Entities are measurable under this code:

3.1.1. All measured entities that are scoped under this sector code;

3.2. The basis for measuring the B-BBEE compliance of an entity in terms of paragraph 3.1 is:

3.2.1. Using the eligibility of Exempted Micro-Enterprise;

3.2.2. The Generic Scorecard and QSE Scorecard, in the case of other Measured Entities.

3.2.3. A measured entity in a sector in respect of which a sector code has been issued in terms of Section 9(1) of the B-BBEE Act as amended, may only be measured for compliance in accordance with this code.

3.3. **PRIORITY ELEMENTS, SUBMINIMUM AND DISCOUNTING PRINCIPLE**

3.3.1. The Priority Elements are as follows:

3.3.2. **Ownership:**

The sub-minimum requirement for Ownership is 40% of Net Value based on the property owning company time based graduation factor.

3.3.3. **Skills Development:**

The sub-minimum requirement for Skills Development is 40% of the total weighting points for Skills Development excluding bonus points.

3.3.4. **Enterprise and Supplier Development:**

The sub-minimum requirement for Enterprise and Supplier Development is 40% for each of the three weighting points, within the Enterprise and Supplier Development element, namely Preferential Procurement; Supplier Development And Enterprise Development.

3.4. **COMPLIANCE TO PRIORITY ELEMENTS**

- 3.4.1. A Large Enterprise is required to comply with all the Priority Elements;
- 3.4.2. A Qualifying Small Enterprise is required to comply with Ownership as a compulsory element, and either Skills Development or Enterprise and Supplier Development.

	Applicable area	Sub-Minimum Requirement	Generic	QSE
Ownership	Net Equity	40%	4	4
Skill Development	Total Weighting	40%	7.6	6.8
Enterprise & Supplier Development	Preferential Procurement	40%	9.6	10
	Supplier Development	40%	4	2
	Enterprise Development	40%	2	2

3.5. DISCOUNTING PRINCIPLE EFFECT

- 3.5.1. Non-compliance with the 40% sub-minimum requirements of any of the priority elements, will result in the following outcomes for both Large Enterprises and Qualifying Small Enterprises:
- 3.5.1.1 The discounted level that the Measured Entity achieved because of non-compliance with the 40% sub-minimum requirements will be recognised by the Verification Agency ("the Recognition Level");
- 3.5.2. Notwithstanding the recognition in the point above, the Measured Entity's B-BBEE status level will be discounted by one level down;
- 3.5.3. The requirement to submit data to the Department of Labour under the Employment Equity Act 55 of 1998 as amended from time to time is only applicable to 'designated employers' who employ 50 or more employees or are above the threshold as gazetted in the Amendments to the Employment Equity Act

4. START-UP ENTERPRISES

- 4.1 Start-up Enterprise incorporated within 12 months must be measured as an Exempted Micro-Enterprise under this statement for the first year following their formation or incorporation. This provision applies regardless of the expected total revenue of the Start-up Enterprise.
- 4.2 Start-up Enterprise is deemed to have the qualifying B-BBEE Status in accordance with the principles of eligibility of an Exempted Micro Enterprises (EME).
- 4.3 In order to qualify as a Start-up Enterprise, the enterprise must provide an independent confirmation of its status.
- 4.4 Despite paragraph 4.1 and 4.2, a Start-up Enterprise must submit a QSE scorecard when tendering for any contract, or seeking any other economic activity covered by Section 10 of the B-BBEE Act as amended, with a value higher than R10 million but less than R50 million. For contracts of R50 million or more they should submit the Generic scorecard. The preparation of such scorecards must use annualised data.

5. DURATION OF THE B-BBEE CODES

- 5.1 A Code remains in effect until amended, substituted or repealed under Section 9 of the B-BBEE Act as amended.

6. OWNERSHIP

- 6.1. To date the commercial activities surrounding property continue to reflect inequalities in ownership, with little transformation having taken place. The situation is further exacerbated by skewed ownership patterns of property in general.
- 6.2. There are two Ownership generic scorecards: Property owning companies and all other companies. The All other companies ownership scorecard is as indicated in the DTI Codes.
- 6.3. This code aims to address the low levels of black ownership in property enterprises (including property services enterprises), as well as deal with obstacles to ownership by black people of property assets.
- 6.4. Each property sector enterprise commits to achieve the following targets:
- at least 27% ownership and economic interest held by black people and 27% plus one vote exercisable by black people in such enterprises;
- at least 10% ownership and economic interest held by black women and 10% votes exercisable by black women in such enterprises;
- at least 3% participation in ownership and economic interest held by broad-based ownership schemes and/or designated groups; and
- at least 3% participation in ownership and economic interest held by new entrants.
- 6.5. For property owning companies only, the following measurement of net equity (realisation points) will be applied as indicated in the table below, whilst for the all other companies in the property sector the measurement of net equity (realisation points) as indicated in the DTI Codes will apply.

Year	Percentage
Year 1	3%
Year 2	7%
Year 3	10%
Year 4	15%
Year 5	19%
Year 6	24%
Year 7	30%

Year 8	36%
Year 9	43%
Year 10	50%

6.6. Given that the majority of the listed share register have a mandated investments that are far beyond 40%, a special consent is given for only property listed companies and property unit trusts or REITS companies to cap the mandated investment at 50%. Despite this provision, the cap shall be 40% as in the Generic Codes for those listed companies and property unit trusts, unless there is consistent evidence of 50% or more of the mandated investment ownership from the time the measured entity got listed or three years prior to being verified of their B-BBEE status.

6.7. The Property Listed industry is such that there is high level of dilution of Economic Interest than in any other listed companies. To address the excessive dilution of BEE shareholdings in property listed companies relative to other listed corporate companies, as a result of frequent equity capital raisings a normalisation formula has been created:

- The formula seeks to calculate the deemed number of shares in issue. The deemed number of shares in issue is calculated as:

$$Y \times (1+X)^n$$

- Where:
 - **Y**= number of shares in issue at the time of doing direct BBBEE deal
 - **X**=Average 10 year compounded increase in number of shares in issue for the top 50 listed companies (excluding real estate)
 - **n**= year of Measurement
- X in the formula will be calculated by an independent external party and published by the PSCC at the beginning of every year
- X=0.8% applicable from 1 November 2015-December 2016 and thereafter the number will be independently calculated and published every year, to be applied at the beginning of each calendar year.

- 6.8. Peculiar cases will be reviewed and assessed on a case to case basis via an application to the Sector Charter Council office and the DTI (BEE Unit). The application would have to provide detailed and full justification that warrants a special concession.
- 6.9. Property Sector commits to providing financial support to Black owned and controlled companies with at least 51% black ownership (level 1-3) measured as a percentage of development/redevelopment spend on properties not currently owned by the measured entity. The target to graduate over a period of time as follows:
- 6.9.1. 1% from the first to the end of third calendar year (1-3 year) after commencement;
- 6.9.2. 2% from the first calendar day of the fourth year to the last calendar day of the fifth year (4-5 year) after commencement;
- 6.10. The financial support sub-element in ownership is subject to the measured entity doing development or redevelopment at any given year.
- 6.11. Where the measured entity has not done any form of development or redevelopment, it will calculate its overall performance based on the total maximum points minus the weighting allocated the financial support sub-element.
- 6.12. Black people and designated groups including black women, black youth, black people with disabilities and black people living in rural areas who are already involved in the sector should be given preference in case of any competitive bids for equity ownership opportunities in enterprises within the property sector.
- 6.13. The funding structures should facilitate the transfer of full economic interest to the black partners and longer term shareholder-type relationships.
- 6.14. Any provisions in Code 100 relating to the recognition of ownership contributions arising from the sale of shares, businesses or assets by enterprises, shall apply to enterprises in the property sector, provided that the sale itself is not counted under enterprise development.
- 6.15. The parties to the code commit to devise mechanisms to remove the obstacles that restrict the ability of black people to own property and to participate in the property market. These would include but not be limited to the following:

- 6.15.1. Address administrative and other constraints to ownership, in partnership with the relevant government departments at national, provincial and local level;
- 6.15.2. Design partnerships with the financial sector and government to enhance access to finance for property ownership and property development initiatives;
- 6.15.3. Meet asset disposal targets as outlined in the Ownership bonus section of this code;
- 6.16. The Charter Council will follow and apply the DTI Codes regarding indirect ownership. If there is any matter relating to scorecards and/or measuring of enterprises in this codes, the generic DTI Codes shall take precedence over the charter code 100.
- 6.17. All principles under Ownership in the revised codes as amended time to time (for both generic and QSE) are applicable.

OWNERSHIP BONUS POINTS FOR GENERIC SCORECARD

- 6.18. There has been limited support by the sector of entrepreneurial development and both public and private sector disposal strategies have in general inadequately incorporated B-BBEE objectives
- 6.19. The sector commits to utilise property disposals to increase property ownership amongst black people and to contribute towards the growth of sustainable enterprises. In pursuit of this commitment, when an enterprise engages in the above activity in the sector, it commits to target 35% of disposals to Level One (1) to Level Three (3) B-BBEE enterprises which are black owned over a five year period from the effective date of this sector code. The enterprises should be independent from the measured entity and the disposed assets must result in the creation of sustainable businesses or business opportunities in the hands of black people as well as the transfer of specialised skills or productive capacity to black people. A sale of fixed property may not be simultaneously counted towards the ownership score, regardless of the fact that an actual business unit may have been sold.

8. EMPLOYMENT EQUITY

- 8.1 Despite the introduction of the Employment Equity Act, 55 of 1998, racial and gender representation in the property sector, especially in the various management categories, is not representative of the demographics of the country.
- 8.2 Consequently, each property sector enterprise undertakes to:
- 8.2.1 Implement transformation programme in its workplace and eradicate inequalities and disparities;
 - 8.2.2 Promote a non-racial, non-sexist environment and enhance cultural diversity and gender sensitivity; and
 - 8.2.3 Ensure reasonable accommodation and access for applicants of employment and employees with disabilities within the sector.
- 8.3 In addition to obligations in terms of employment equity, enterprises in the sector commit to achieve the following targets of the draft aligned sector code:
- 8.3.1 60% Black senior management employees as a percentage of all senior management;
 - 8.3.2 30% Black female senior management employees as a percentage of all senior management

9. SKILLS DEVELOPMENT

- 9.1 Enterprises in the sector are not adequately investing in skills development and consequently there are limited levels of workplace development and continued professional training. There are also an insufficient number of structured and accredited training programmes or curricula in property related professions.
- 9.2 The parties to the charter commit by gazetting the aligned draft aligned sector code to address the backlog in structured skills development. This programme will be designed in partnership with the sector, the SETA, the Estate Agency Affairs Board (*“the EAAB”*) the South African Council of Property Valuers Profession (SACPVP) and any other sector regulatory bodies, academic institutions and government.
- 9.3 Enterprises in the sector commit to achieve the following targets:
- 9.3.1 5% of leviable expenditure of learning programmes, specified in the learning matrix for black people as a percentage of leviable amount and, in addition to the skills development levy;
 - 9.3.2 0.3% skills development expenditure on learning programmes, specified in the learning matrix for black employees with disabilities as a percentage of leviable amount;

12. ECONOMIC DEVELOPMENT

- 12.1 There is a lack of investment and property development in under-resourced areas, perpetuating service inequalities and exacerbating the limited tradability of properties in these areas.
- 12.2 The parties to the charter acknowledge their role in directing investment into under-resourced areas. Consequently, property enterprises will participate in property development and transformational infrastructure projects that support development and empowerment of micro and small enterprises and contribute towards equitable access to economic resources in under-resourced areas.
- 12.3 An enterprise that engages in property development commits to spend 10% of its total new property development in under-resourced areas. The Draft aligned Property Sector Code must use the Transformational Infrastructure Index to categorise under resourced areas as referred to in the Financial Sector Charter (FSC) over a five-year period.
- 12.4 A measured entity can contribute 10% of cumulative total annual investment to Economic Development as defined on average over a five year period
- 12.5 There has been limited support by the sector of entrepreneurial development and both public and private sector disposal strategies have in general inadequately incorporated B-BBEE objectives
- 12.6 As part of the process, the parties will design appropriate risk mitigating measures and risk sharing arrangements with Government and its development finance institutions and the Financial Sector Charter Council.
- 12.7 National, provincial and local government will identify property for development purposes in line with integrated development plans and combine zoning rights with development requirements.
- 12.8 For defining under resourced area, we will use the infrastructure municipality index developed by Financial Draft aligned sector code (FSC). The Infrastructure municipality index is included as an annexure A

CODE 600: PROPERTY CODE: ECONOMIC DEVELOPMENT SCORECARD

MEASUREMENT CATEGORY & CRITERIA	WEIGHTING POINTS	COMPLIANCE TARGET
Economic Development Investment in under-resourced areas as a % of total annual investment	5	10%
AND/OR		
Contribution towards any Economic Development Programme as a % of total annual investment	5	5%

CODE 706: ECONOMIC DEVELOPMENT SCORECARD FOR QSE SCORECARD – 4 POINTS**THE QSE ECONOMIC DEVELOPMENT SCORECARD**

MEASUREMENT CATEGORY & CRITERIA	WEIGHTING POINTS	COMPLIANCE TARGET
Economic Development Investment in under-resourced areas as a % of total annual investment	4	10%

12.9 For QSE's, the Economic Development element will be subject the measured engaging in property development.

12.1. Where the QSE measured entity, has not done any form of property development that year, it will calculate its overall performance based on the total maximum points minus the weighting allocated to the Economic Development element.

13. COMPLEX STRUCTURE

13.1. Where an enterprise is exempt from an indicator in the scorecard because of the nature of its trade it will calculate its overall performance based on total maximum points minus the weighting allocated to the indicator from which it is exempt. For example any enterprise that does not own properties which it could dispose of or make investments in property related developments will be exempt from performing under those categories of the scorecard and

consequently scored out of commensurately less. This is illustrated on the table below.

13.2. Each tick represents an indicator of the scorecard that an enterprise needs to comply with.

14. THE SCORECARD

- 14.1. The scorecard provides an objective and broad-based set of measurement indicators for purposes of measuring B-BBEE progress in and between property enterprises, in different sub-sectors and in the property sector as a whole.
- 14.2. The scorecard contains the following:
- 14.2.1. Elements: The core elements of the draft aligned sector code, derived from the B-BBEE Act as amended and DTI Codes;
 - 14.2.2. Indicators: The area of measurement pertaining to an element of B-BBEE;
 - 14.2.3. Targets: Quantifiable measurement of transformational initiatives;
 - 14.2.4. Weightings: A number on the scorecard against which an enterprise's performance in terms of a particular target will be calculated; and
 - 14.2.5. Bonus points: It is possible to earn bonus points. In all instances these bonus points are aimed at incentivising enterprises to broaden the effect of their transformation programmes.
- 14.3. The B-BBEE status of a property sector enterprise, after calculating its score in terms of this scorecard, will be classified as per the BEE status matrix in this charter

ANNEXURE A

MEASUREMENT OF ECONOMIC DEVELOPMENT IN UNDER RESOURCED AREAS

TRANSFORMATIONAL INFRASTRUCTURE

1. INTRODUCTION

The property sector recognises their role to contribute to development in under resources areas – where communities have historically been denied equitable access to economic resources. The definition of Transformational Infrastructure (“TI”) was intended to focus development efforts by entities that provide infrastructure that unlocks and increase the potential for economic growth and development in South Africa. We have therefore through official permission of the Financial Sector Charter Council used their Transformational Infrastructure model.

Infrastructure development projects are also known as bulk service contributions. These stimulate development efforts in an area appropriately. These projects support economic development area and contribute towards equitable access to economic resources.

Such infrastructure projects could be in the following sectors:

- Transport
- Telecommunication
- Water, waste water and solid waste
- Energy
- Social infrastructure such as health, education and correctional service facilities
- Municipal infrastructure and services

2. OBJECTIVES

The objective of the document is to provide a Transformational Infrastructure Municipal Index.

3. TARGET MARKET

TI will be any infrastructure that will promote the social and equitable economic development of a specific location, community, region or district. This includes but is not limited to:

- Education which includes schools, learning centres, higher education, etc.
- Road and rail infrastructure which will include new access roads, upgrading of existing roads, etc.
- Community infrastructure such as water, electricity, sewerage, drainage, purification and treatment, amongst others, except those that are specific to Affordable Housing projects in which case they will be included under that sub-element.

- Safety and security, which includes police stations, prisons, etc.
- All telecommunications infrastructure whether that be land, cellular, or data.
- Health, which includes hospitals and clinics etc.
- Municipal infrastructure and services including Government buildings.
- Industrial Development Zone type infrastructure including logistics hubs.

4. MUNICIPAL INDEX

The Measurement and calculation of Transformational Infrastructure (TI) projects will be through the use of a Municipal Index.

WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.

To confirm the legitimacy of purchase orders, please contact:

Renny Chetty (012) 748-6375 (Renny.Chetty@gpw.gov.za),

Anna-Marie du Toit (012) 748-6292 (Anna-Marie.DuToit@gpw.gov.za) and

Siraj Rizvi (012) 748-6380 (Siraj.Rizvi@gpw.gov.za)

IMPORTANT

Information

from Government Printing Works

Dear Valued Customers,

Government Printing Works has implemented rules for completing and submitting the electronic Adobe Forms when you, the customer, submits your notice request.

Please take note of these guidelines when completing your form.

GPW Business Rules

1. No hand written notices will be accepted for processing, this includes Adobe forms which have been completed by hand.
2. Notices can only be submitted in Adobe electronic form format to the email submission address submit.egazette@gpw.gov.za. This means that any notice submissions not on an Adobe electronic form that are submitted to this mailbox will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
3. Notices brought into GPW by "walk-in" customers on electronic media can only be submitted in Adobe electronic form format. This means that any notice submissions not on an Adobe electronic form that are submitted by the customer on electronic media will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
4. All customers who walk in to GPW that wish to submit a notice that is not on an electronic Adobe form will be routed to the Contact Centre where the customer will be taken through the completion of the form by a GPW representative. Where a customer walks into GPW with a stack of hard copy notices delivered by a messenger on behalf of a newspaper the messenger must be referred back to the sender as the submission does not adhere to the submission rules.
5. All notice submissions that do not comply with point 2 will be charged full price for the notice submission.
6. The current cut-off of all Gazette's remains unchanged for all channels. (Refer to the GPW website for submission deadlines – www.gpwonline.co.za)
7. Incorrectly completed forms and notices submitted in the wrong format will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za)
8. All re-submissions by customers will be subject to the above cut-off times.
9. All submissions and re-submissions that miss the cut-off will be rejected to the customer to be submitted with a new publication date.
10. Information on forms will be taken as the primary source of the notice to be published. Any instructions that are on the email body or covering letter that contradicts the notice form content will be ignored.

You are therefore advised that effective from **Monday, 18 May 2015** should you not comply with our new rules of engagement, all notice requests will be rejected by our new system.

Furthermore, the fax number **012- 748 6030** will also be **discontinued** from this date and customers will only be able to submit notice requests through the email address submit.egazette@gpw.gov.za.
