Notice Submissions Rule: Single notice, single email

Dear Valued Customer,

Over the last six months, GPW has been experiencing problems with many customers that are still not complying with GPW's rule of **single notice, single email** (with proof of payment or purchase order).

You are advised that effective from **18 January 2016**, all notice submissions received that do not comply with this rule will be failed by our system and your notice will not be processed.

In the case where a Z95, Z95Prov or TForm3 Adobe form is submitted with content, there should be a separate Adobe form completed for each notice content which must adhere to the single notice, single email rule.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an electronic Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

To those customers who are complying with this rule, we say Thank you!

Regards,

Government Printing Works

Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

Your request for cancellation must be accompanied by the relevant notice reference number (N-).

AMENDMENTS TO NOTICES

take!
note!

With effect from **01 October**, GPW will not longer accept amendments to notices. The cancellation process will need to be followed and a new notice submitted thereafter for the next available publication date.

Until then, amendments to notices must be received before the submission deadline.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While GPW deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a **2-working day turnaround time for processing notices** received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

PROOF OF PAYMENTS

GPW reminds you that all notice submissions **MUST** be submitted with an accompanying proof of payment (PoP) or purchase order (PO). If any PoP's or PO's are received without a notice submission, it will be failed and your notice will not be processed.

When submitting your notice request to submit.egazette@gpw.gov.za, please ensure that a purchase order (GPW Account customer) or proof of payment (non-GPW Account customer) is included with your notice submission. All documentation relating to the notice submission must be in a single email.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

DEPARTMENT OF TRADE AND INDUSTRY
NOTICE 44 OF 2016

INTERNATIONAL TRADE ADMINISTRATION COMMISSION

NOTICE OF INITIATION OF THE SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON POLYETHYLENE TEREPHTHALATE (PET) ORIGINATING IN OR IMPORTED FROM CHINESE TAIPEI, THE REPUBLIC OF KOREA (SOUTH KOREA) AND INDIA

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations (ADR), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the International Trade Administration Commission (the Commission) determines, in a review initiated before that date on its own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would likely lead to continuation or recurrence of dumping and material injury.

On 19 June 2015, the International Trade Administration Commission of South Africa (the Commission) notified interested parties through Notice No. 588 of 2015 in *Government Gazette* No. 38877, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of polyethylene terephthalate (PET) originating in or imported from Chinese Taipei, South Korea and India would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on PET originating in or imported from Chinese Taipei, South Korea and India would expire on 03 March 2016.

A response to the sunset review questionnaire was received from Hosaf a division of PG Bison (Pty) Limited trading as Hosaf on behalf of the South African Customs Union (SACU) industry on 3 September 2015.

THE APPLICANT

The application was lodged by Hosaf a division of PG Bison (Pty) Limited trading as Hosaf, the sole producer of PET within SACU.

The Applicant alleges that the expiry of the duties would likely lead to the recurrence of dumping and the recurrence of material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation should be initiated.

THE PRODUCT

The anti –dumping duties subject to review is polyethylene terephthalate (PET), in primary forms (excluding liquids and pastes) classifiable under tariff subheading 3907.60.9, originating in or imported from the India, South Korea and Chinese Taipei.

THE ALLEGATION OF CONTINUATION OR RECURRENCE OF DUMPING

The allegation of continuation and recurrence of dumping is based on the comparison between the normal value in India and the export price information supplied by the Applicant.

Virgin PET

The Applicant provided domestic selling prices in India, South Korea and Chinese Taipei obtained from international publication, PET Monthly Business Report published by PCI, PET Packaging, Resin & Recycle Ltd. To calculate the export price for India, South Korea and Chinese Taipei the Applicant obtained export price information from the ICIS Pricing Publication.

Recycled PET

The Applicant also provided domestic selling prices for the subject countries with regard to recycled PET (a like product to virgin PET). The Applicant stated that the subject product is competing with the recycled PET and the tariff subheading for virgin PET and recycled PET was split into two since 01 January 2015. The Applicant requested that the

Commission maintain the duties on both virgin and recycled PET. The Applicant obtained domestic selling prices and export prices from the subject countries through an agent.

On this basis, the Commission found that there was *prima facie* proof of the likelihood of recurrence of dumping if the duties expire.

THE ALLEGATION OF RECURRENCE OF MATERIAL INJURY

The Applicant alleges and submitted *prima facie* evidence to show that should the anti-dumping duties expire, it is likely that there would be price undercutting and that the imports in question would be depressing and suppressing its selling prices. The Applicant's information indicated that it would likely experience a decline in sales, profit margins, production, market share, capacity utilisation, return on investment and it will have a negative impact on cash flow, if the duties expire.

On this basis the Commission found that there was *prima facie* proof of the likelihood of recurrence of material injury if the duties expire.

PERIOD OF INVESTIGATION

The investigation period for dumping is from 01 July 2014 to 30 June 2015, and the injury investigation involves evaluation of data for the period of 01 July 2012 to 30 June 2015. The Commission will also consider an estimate of what the situation will be, if the anti-dumping duties expire.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of a sunset review investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters, and known representative associations. The trade representatives of the exporting country have also been notified, and have been requested to advise other possible foreign producers accordingly.

Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*
- (g) information, the release of which could have serious consequences for the person that provided such information; and*
- (h) information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

PROCEDURES AND TIME LIMITS

The Senior Manager: Trade Remedies I, should receive all responses, including non-confidential copies of the responses, not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by the Embassy on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating

Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Regulations.

The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or

provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Should you have any queries, please do not hesitate to contact investigating officers, Mr Busman Makakola at telephone number +27 12 394 3380 or Mr Emmanuel Manamela at telephone number +27 12 394 3632 or at fax number +27 12 394 0518.
