Notice Submissions Rule: Single notice, single email

Dear Valued Customer,

Over the last six months, GPW has been experiencing problems with many customers that are still not complying with GPW's rule of **single notice, single email** (with proof of payment or purchase order).

You are advised that effective from **18 January 2016**, all notice submissions received that do not comply with this rule will be failed by our system and your notice will not be processed.

In the case where a Z95, Z95Prov or TForm3 Adobe form is submitted with content, there should be a separate Adobe form completed for each notice content which must adhere to the single notice, single email rule.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an electronic Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

To those customers who are complying with this rule, we say Thank you!

Regards,

Government Printing Works

DEPARTMENT OF AGRICULTURE, FORESTRY AND FISHERIES

NO. 2

12 FEBRUARY 2016

**NATIONAL AGRICULTURAL MARKETING COUNCIL
MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED
(ACT No. 47 OF 1996)**

**REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES RELATING TO LEVIES,
REGISTRATIONS AND RECORDS & RETURNS IN THE PORK INDUSTRY IN TERMS OF THE
MARKETING OF AGRICULTURAL PRODUCTS ACT**

It is hereby made known that, in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No.47 of 1996) (MAP Act), the Minister of Agriculture, Forestry and Fisheries has received a request from the pork industry for the continuation of statutory measures relating to levies, registrations, the keeping of records and the rendering of returns. The applicant for the proposed statutory measures is the South African Pork Producers' Organisation (SAPPO), a voluntary organisation established by pork producers in 1992 to act as mouthpiece and representative organisation for pork producers in South Africa. The current statutory measures for the pork industry will expire on 31 October 2016. Although the current statutory measures will only lapse on 31 October 2016, SAPPO requested ministerial approval for the establishment of the proposed statutory measures for a new period of three years, from 1 November 2016 to expire on 31 October 2019.

The existing statutory levy is R9.38 per slaughter pig or live pig exported (excluding VAT). SAPPO proposed that the statutory levy increase to R10.50 per pig (VAT excluded) for the period 1 November 2016 to 31 October 2017, to R11.03 per pig (VAT excluded) for the period 1 November 2017 to 31 October 2018 and to R11.58 per pig (VAT excluded) for the period 1 November 2018 to 31 October 2019. The estimated income from the proposed levies is between R28.8 million (for 2016/17) and R31.8 million per annum (for 2018/19). The proposed statutory levies will finance the following functions, namely –

- Transformation in the developing sector;
- Production development;
- Consumer assurance;
- Consumer communication and education;
- Research and development;
- Industry information and liaison; and
- Administration

The MAP Act stipulates that a statutory levy may not exceed 5% of the price realised for a specific agricultural product at the first point of sale. The maximum of 5% must be based on a guideline price calculated as the average price at the first point of sale over a period not exceeding three years. The proposed statutory levies will only be 0.67% of the calculated guideline price for a pork carcass (an average over three years) at the first point of sale.

The purpose of the statutory measure relating to registrations is to compel abattoirs slaughtering pigs and exporters of live pigs, to register with the administrator of the pork industry statutory measures (SAPPO). The purpose of the statutory measure relating to records & returns is to compel abattoirs and exporters of live pigs to render records and returns to the administrator of the pork industry statutory measures. These statutory measures are necessary to ensure that continuous, timeous and accurate market information relating to pigs slaughtered, marketed and live pigs exported is available to all role-players. Market information is deemed essential for all role-players in order for them to make informed decisions.

The National Agricultural Marketing Council (NAMC) took cognisance that the proposed continuation of the statutory measures relating to levies, registration, the keeping of records and the rendering of returns in the pork industry as requested by SAPPO, is consistent with the objectives of the MAP Act. The request is currently being investigated by the NAMC and recommendations in this regard will be made to the Minister in the near future.

Directly affected groups in the pork industry are kindly requested to submit any comments, regarding the proposed statutory measures, to the NAMC on or before 26 February 2016, to enable the Council to finalise its recommendation to Minister in this regard. Submissions should be in writing and be addressed to:

SAND-VET WATER USERS ASSOCIATION WATER SUPPLY SCHEME – LIMITING THE USE OF WATER IN TERMS OF ITEM 6 OF SCHEDULE 3 OF THE NATIONAL WATER ACT OF 1998 FOR URBAN AND IRRIGATION PURPOSES FROM THE DAMS WITHIN THE SAND-VET WATER USERS ASSOCIATION WATER SUPPLY SCHEME

I, **Margaret-Ann Diedericks**, in my capacity as Director General of the Department of Water and Sanitation, on reasonable grounds believe that a potential water shortage exists in the Sand-Vet Water Users Association water supply scheme. This is due to insufficient rains.

In terms of Item 6(1) of Schedule 3 to the Act, the Minister of Water and Sanitation may limit the use of water if on reasonable grounds the Minister believes that a water shortage exists within the area concerned. This power has been delegated to me in terms of section 63 (1) (b) of the Act.

Therefore in my capacity as the Director General of the Department of Water and Sanitation, I hereby under delegated authority in terms of item 6 (1) of Schedule 3 to the Act limit the taking of water from the Sand-Vet Water Users Association water supply scheme by all users as follows:

- a) 92% restriction on water use for Irrigation purposes from the Allemanskraal Dam.
- b) 85% restriction on water use for Irrigation purposes from the Erfenis Dam
- c) 40% restriction on water use for Domestic and Industrial supply to the towns of Brandfort and Theunissen within the Masilonyana Municipality as well as Bultfontein and Hoopstad within the Tswelopele Municipality.

The limitations apply from the date of this notice until further notice.

In exercising the powers, I have given preference to the maintenance of the Reserve, treated all water users on a basis that is fair and reasonable, considered the actual extent of the water shortage, the likely effects of the shortage on the water users, the strategic importance of any water use and any water rationing or water use limitations by a water services institution having jurisdiction in the area concerned under the Water Services Act 108 of 1997.

Placing limitation on the taking of water use as set out in this notice is an administrative action affecting the rights of the public as contemplated in section 4 of the Promotion of Administrative Justice Act 3 of 2000 (PAJA). After I have taken into consideration all relevant factors, including those referred in section 4 (4) (b), I have decided that it is reasonable and justifiable in the circumstances to depart from the requirements referred to in section 4 (1) (a) to (e), (2) and (3) and instituted this limitation without allowing the water users affected and other role players to comment on the matter before I institute the limitation.

This notice overrides any other previous authorization on water restrictions issued by the Department relating to this area.

CALEDON MODDER SUBSYSTEM – LIMITING THE USE OF WATER IN TERMS OF ITEM 6 OF SCHEDULE 3 OF THE NATIONAL WATER ACT OF 1998 FOR URBAN AND IRRIGATION PURPOSES FROM THE DAMS WITHIN THE CALEDON-MODDER SUBSYSTEM

I, **Margaret-Ann Diedericks**, in my capacity as Director General of the Department of Water and Sanitation, on reasonable grounds believe that a potential water shortage exists in the Caledon Modder subsystem especially in the Modder River catchment. This is due to insufficient rains and infrastructural constraint that is limiting transfer capacity from the Caledon to the Modder subsystem.

In terms of Item 6(1) of Schedule 3 to the Act, the Minister of Water and Sanitation may limit the use of water if on reasonable grounds the Minister believes that a water shortage exists within the area concerned. This power has been delegated to me in terms of section 63 (1) (b) of the Act.

Therefore in my capacity as the Director General of the Department of Water and Sanitation, I hereby under delegated authority in terms of item 6 (1) of Schedule 3 to the Act limit the taking of water from the Caledon-Modder subsystem by all users as follows:

- a) 20% restriction on water use for Domestic and Industrial supply to the Mangaung Metropolitan Supply area.
- b) 50% restrictions on the use of water for Irrigation purposes in the Modder River sub-catchment upstream of Masselspoort Dam.

Water for irrigation from the main stem of the Modder River is further limited as follow:

- 1) No water may be taken from the Modder River for any agricultural purpose between 18h00 on a Friday until 06h00 on the Monday succeeding that Friday.
- 2) Please take note that starting from the date of this notice,
 - a) water users on the left bank of the Modder River may from 06h00 to 18h00 take water on Monday, Wednesday and Friday.
 - b) In the same week the water users on right side of the Modder River may from 06h00 to 18h00 only take water on Tuesday and Thursday.

- a) water users on the right bank of the Modder River may from 06h00 to 18h00 take water on Monday, Wednesday and Friday.
 - b) In the same week the water users on left side of the Modder River may from 06h00 to 18h00 only take water on Tuesday and Thursday.
- 4) This arrangement should be followed in the same pattern of interchanging weeks until further notice is issued.
 - 5) Water may only be taken with waterworks as they were in operation on 30 November 2015.
 - 6) Left bank of the river is defined as the left side of a person, if that person looks in the direction the water flows in a river concerned.

The limitations apply from the date of this notice until further notice.

In exercising the powers, I have given preference to the maintenance of the Reserve, treated all water users on a basis that is fair and reasonable, considered the actual extent of the water shortage, the likely effects of the shortage on the water users, the strategic importance of any water use and any water rationing or water use limitations by a water services institution having jurisdiction in the area concerned under the Water Services Act 108 of 1997.

ECONOMIC DEVELOPMENT DEPARTMENT**NOTICE 3 OF 2016****NOTICE OF THE APPLICATION FOR AN EXEMPTION IN TERMS OF SECTION 10(3)(b)(i) OF THE COMPETITION ACT 89 OF 1998: WESTERN CAPE CITRUS PRODUCERS FORUM, CASE NUMBER: 2015OCT0555**

1. Notice is hereby given in terms of section 10(6)(a) of the Competition Act, No 89 of 1998, as amended (“the Act”) that the Western Cape Citrus Producers Forum (“the WCCPF”) has applied to the Competition Commission (“the Commission”), in terms of section 10(3)(b)(i) of the Act, to be exempted from certain provisions of Chapter 2 of the Act. The basis for which the exemption is being sought is that it contributes to the maintenance or promotion of exports.
2. The WCCPF is a voluntary association of approximately 230 citrus fruit growers from the Western Cape and certain parts of the Northern Cape regions of South Africa that are eligible to export summer citrus fruit to the United States of America (“USA”). The objective of the WCCPF is to collectively ship, promote; facilitate logistical, marketing and sales support coordination for the export of their members’ products to the USA.
3. The Commission has previously granted WCCPF an exemption in terms of section 10(3)(b)(i) of the Act. The first exemption was granted on 1 July 2006, ending 30 June 2011. The second exemption was granted on 17 August 2011, ending 30 June 2016. The new application is brought in anticipation of the expiry of the current exemption.
4. Specifically, the WCCPF has requested that it be permitted to engage in the following activities to achieve its objective-
 - 4.1. Coordination between producers to ensure compliance with the stringent quality and phytosanitary standards necessary for exportation to the USA;

- 4.2. Co-ordination and allocation of volumes and specific types of cultivars of citrus fruit to be exported at specific times to the USA by each of its producer members;
 - 4.3. Circulating information amongst members regarding the prices achieved on the export market in order to ensure that favourable prices are obtained in the USA market;
 - 4.4. Establishment and stimulation of demand for South African summer citrus fruit in the USA;
 - 4.5. Collective negotiation of logistical channels used to transport the citrus fruit to the USA, and the respective freight and loading rates to ensure that all members are able to profitably export to the USA; and
 - 4.6. Formulating a demand plan for the marketing of exports in the USA.
5. The WCCPF submits that the collective agreements between its members and shareholders would contravene section 4(1)(b), alternatively, section 4(1)(a), of the Act, which is a per se prohibition that cannot be defended on efficiency, technological or pro-competitive grounds.
6. The WCCPF avers that the above conduct is necessary and is required to attain the objective contained in section 10(3)(b)(i) of the Act, which is the maintenance or promotion of exports.
7. Notice is hereby given, in terms of section 10(6)(b) of the Act, to allow interested parties twenty (20) business days from the date of the publication of this notice to make written representations to the Commission on the exemption application.
8. Such representations must be directed to Ms Mamontshi Keleme on the following electronic address: mamontshiK@compcom.co.za, alternatively, you can use the following telephone number: 012-394 1968.

1. INTRODUCTION

This, a Department of Higher Education and Training Language Policy, fulfills the prescripts of the Constitution of the Republic of South Africa (1996), amplified in the Use of Official Languages Act (2012). The Constitution provides for recognition and use of eleven (11) official languages. Further, recognises the diminished use and inferior status of indigenous languages, therefore requiring government Departments to take practical and positive measures to elevate the status and use of indigenous languages. In addition, the Constitution requires all official languages to be afforded parity of esteem and equitable treatment.

The Use of Official Languages Act (2012) provides for, amongst other requirements, the regulation and monitoring of the use of official languages by national government for government purposes; requires the adoption of a language policy and provides for the establishment of a national language unit by the department.

The Act came into operation on 2 May 2013 by Proclamation No. 10 published in Government Gazette No. 36392 of 26 April 2013. The Regulations to the Act came into effect on 5 February 2014 through Government Notice No. 10140 promulgated in Government Gazette No. 37398 of 28 February 2014.

The Department of Higher Education and Training (DHET) in its capacity as a national government department developed and adopted this Language Policy in fulfilment of the prescripts of the Constitution and the Act.
