Notice Submissions Rule: Single notice, single email

Dear Valued Customer,

Over the last six months, GPW has been experiencing problems with many customers that are still not complying with GPW's rule of **single notice, single email** (with proof of payment or purchase order).

You are advised that effective from **18 January 2016**, all notice submissions received that do not comply with this rule will be failed by our system and your notice will not be processed.

In the case where a Z95, Z95Prov or TForm3 Adobe form is submitted with content, there should be a separate Adobe form completed for each notice content which must adhere to the single notice, single email rule.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an electronic Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

To those customers who are complying with this rule, we say Thank you!

Regards,

Government Printing Works

Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

Your request for cancellation must be accompanied by the relevant notice reference number (N-).

AMENDMENTS TO NOTICES

take!
note!

With effect from 01 October, GPW will not longer accept amendments to notices. The cancellation process will need to be followed and a new notice submitted thereafter for the next available publication date.

Until then, amendments to notices must be received before the submission deadline.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While GPW deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a **2-working day turnaround time for processing notices** received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

PROOF OF PAYMENTS

REMINDER

GPW reminds you that all notice submissions **MUST** be submitted with an accompanying proof of payment (PoP) or purchase order (PO). If any PoP's or PO's are received without a notice submission, it will be failed and your notice will not be processed.

When submitting your notice request to submit.egazette@gpw.gov.za, please ensure that a purchase order (GPW Account customer) or proof of payment (non-GPW Account customer) is included with your notice submission. All documentation relating to the notice submission must be in a single email.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

**AGRICULTURAL SECTOR EDUCATION AND TRAINING AUTHORITY (AgriSETA)
LANGUAGE POLICY
AUGUST 2015**

A. INTRODUCTION

- a. The Constitution of South Africa, 1996 recognizes the official languages of the Republic of South Africa as Sepedi, Sesotho, Setswana, siSwati, Tshivenda, Xitsonga, Afrikaans, English, isiNdebele, IsiXhosa and IsiZulu. It recognizes the historically diminished use and status of the indigenous languages of our people and that the state must take practical and positive measures to elevate the status and advance the use of these official languages. (Section 6 of the Constitution).
- b. The Constitution makes it mandatory for the national government and each provincial government to use at least two (2) official languages. Such usage must take into account usage, practicality, expense, regional circumstances and the balance of the needs and preferences of the population as a whole or in the province concerned. The Constitution entrenches the right that the state must not discriminate directly or indirectly against any person based on a number of grounds which includes language.
- c. Section 26 of the Constitution state that everyone has the right to receive education in the official language or languages or their choice in public educational institutions where that education is reasonably practicable and the state must take into account, equity, practicability and the need to redress the results of past racially discriminatory laws and practices.

B. PURPOSE

The Policy seeks to provide for the adoption, regulation and monitoring of the use of official languages by AgriSETA to ensure compliance with the Constitution of the Republic of South Africa by ensuring that all official languages enjoy parity of esteem and are treated equitably by AgriSETA in the discharge of its statutory mandate.

GENERAL NOTICES • ALGEMENE KENNISGEWINGS

ECONOMIC DEVELOPMENT DEPARTMENT**NOTICE 2 OF 2016****COMPETITION COMMISSION****NOTICE IN TERMS OF ITEM 4(C) OF SCHEDULE 1, PART A OF THE COMPETITION ACT 89 OF 1998 (AS AMENDED): FEE GUIDELINES EXEMPTION REJECTION NOTICE**

The Competition Commission ("the Commission") received six (6) exemption applications from the professional councils within the built environment during the course of 2014. The exemption applications relate to the publication of the fee guidelines by the following professional councils, namely, the Engineering Council of South Africa ("ECSA"); the South African Council for the Quantity Surveying Profession ("SACQSP"); the South African Council for the Architectural Profession ("SACAP"); the South African Council for Property Valuers Profession ("SACPVP"); the South African Council for the Landscape Architectural Profession ("SACLAP") and the South African Council for the Project and Construction Management Professions ("SACPCMP").

The abovementioned professional councils sought the Commission to exempt their rules relating to the publication of the fee guidelines from the provisions of Chapter 2 of the Competition Act No, 89 of 1998, as amended ("the Competition Act").

The exemption applications were filed in terms of Schedule 1, Part A, read with Part B of the Competition Act. The applications are based on the premise that the publication of the fee guidelines is necessary for the following: (1) maintain professional standards or the ordinary function of the profession. The professional councils argued that there is information asymmetry between consumers and persons offering services within the built environment. They argued that the publication of the fee guidelines will prevent overcharging as consumers are not familiar with all the services that are being offered within the built environment as well as prices charged by their members; and (2) provided for in the legislations of each of the professional councils. The professional councils argued that in terms of their legislation, they are required to determine the guidelines for professional fees and publish the same in the Government Gazette on an annual basis.

Notice is hereby given that in terms of Item 4(a) to (c) of Schedule 1 of the Competition Act; the Commission has rejected the exemption applications filed by the respective professional councils.

In refusing to grant an exemption, the Commission concluded that the fee guidelines in their current form are likely to harm competition in the following ways:

1. The publication of the fee guidelines by the professional councils amount to price-fixing in contravention of section 4(1)(b)(i) of the Act. The Commission concluded that persons offering their services within the built environment will make use of the fee guidelines as a benchmark when negotiating their fees with consumers. This reduces price competition in the market and also results in prices within the built environment being set above a competitive level to the detriment of consumers.
2. Further the Commission concluded that the publication of the fee guidelines is not in line with international best practice. A review of international best practice conducted by the Commission revealed that building industries in other jurisdictions are moving away from the practice of publishing the fee guidelines. This is an attempt in those countries to increase price competition in the market.

In accordance with the provisions of Item 8 of Part A of Schedule 1 of the Competition Act, further notice is hereby given to each professional council or any other person with a substantial interest affected by the decision of the Commission that they may appeal against that decision to the Competition Tribunal ("the Tribunal") in the prescribed manner.
