Government Printing Works

Notice submission deadlines

Government Printing Works has over the last few months implemented rules for completing and submitting the electronic Adobe Forms when you, the customer, submit your notice request.

In line with these business rules, GPW has revised the notice submission deadlines for all gazettes. Please refer to the GPW website www.gpwonline.co.za to familiarise yourself with the new deadlines.

CANCELLATIONS

Don't forget!

Cancellation of notice submissions are accepted by GPW according to the deadlines stated in the table above.

Non-compliance to these deadlines will result in your request being failed. **Please pay special attention to the different deadlines for each gazette.**

Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

Requests for cancellation must be sent by the original sender of the notice and must be accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

take note!

With effect from 01 October, GPW will not longer accept amendments to notices. The cancellation process will need to be followed and a new notice submitted thereafter for the next available publication date.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While GPW deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a **2-working day turnaround time for processing notices** received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

PROOF OF PAYMENTS

GPW reminds you that all notice submissions **MUST** be submitted with an accompanying proof of payment (PoP) or purchase order (PO). If any PoP's or PO's are received without a notice submission, it will be failed and your notice will not be processed.

When submitting your notice request to submit.egazette@gpw.gov.za, please ensure that a purchase order (GPW Account customer) or proof of payment (non-GPW Account customer) is included with your notice submission. All documentation relating to the notice submission must be in a single email.

A reminder that documents must be attached separately in your email to GPW. (In other words, your email should have an Adobe Form plus proof of payment/purchase order – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment).

REMINDER OF THE GPW BUSINESS RULES

- ☐ Single notice, single email – with proof of payment or purchase order.
- ☐ All documents must be attached separately in your email to GPW.
- ☐ 1 notice = 1 form, i.e. each notice must be on a separate form
- ☐ Please submit your notice **ONLY ONCE**.
- ☐ Requests for information, quotations and inquiries must be sent to the Contact Centre **ONLY**.
- ☐ The notice information that you send us on the form is what we publish. Please do not put any instructions in the email body.

Explanatory Memorandum to Parts 1 and 2

Equitable share and conditional allocations to pre-election municipalities

Introduction

The re-determinations of municipal boundaries by the Municipal Demarcation Board come into effect on the date of the local government elections. The Minister of Cooperative Governance and Traditional Affairs has officially proclaimed that the 2016 local government elections will take place on 3 August 2016. The boundary re-determinations that will come into effect on this date include 21 major re-determinations in 8 provinces. In these cases the existing (“pre-election”) municipalities are disestablished and new (“post-election”) municipalities are established.

All allocations for the 2016 Medium Term Expenditure Framework (MTEF) in the Division of Revenue Act, 2016 (Act 3 of 2016, hereafter “the Act”) were fully updated to take account of the re-determined municipal boundaries. As a result, allocations in the Act and in the Government Gazette published in terms of section 16(1) of the Act were only published for the 257 post-election municipalities. Section 38 of the Act makes provision that, in the event that the local government election date is after the start of the 2016/17 municipal financial year, National Treasury must gazette allocations for pre-election municipalities. This is intended to ensure that these municipalities have the necessary resources for the period between the start of the municipal financial year and the time post-election municipalities come into effect.

This notice provides for equitable share and conditional allocations for pre-election municipalities in accordance with section 38(2) and (4) of the Act. This notice has two parts:

- Part 1 sets out the first transfer of the equitable share to pre-election municipalities in terms of section 38(2) of the Act which requires National Treasury to determine and gazette the first equitable share transfer to each pre-election municipality if the election date is after 1 July 2016.
- Part 2 sets out the conditional allocations to pre-election municipalities in terms of section 38(4) of the Act, which enables National Treasury, after consulting the relevant transferring officers, to determine and publish conditional allocations to pre-election municipalities.

Determining allocations for pre-election municipalities

Equitable share

The equitable share is allocated to municipalities in terms of sections 214 and 227 of the Constitution and is the largest transfer to municipalities. The first transfer to pre-election municipalities has been determined after taking into account the importance of the equitable share to municipal budgets, and that the first equitable share transfer to post-election municipalities will take place on 31 August 2016. This date was determined to allow time for post-election municipalities to confirm the details of their new primary bank accounts and for these to be verified before transfers are made. This date will formally be gazetted in terms of Section 38(3)(b) of the Act, after the election has been held.

To calculate this initial transfer, two months' worth of the allocation in Schedule 3 of the Division of Revenue Act for the relevant post-election municipality was determined (2 of 12 months is equivalent to 16.7 per cent of the allocation). This amount was then divided between the pre-election municipalities in that area in proportion to their shares of the total Schedule 3 allocations for that area in the Division of Revenue Act, 2015. In line with the requirements of section 38(2)(c) of the Act, the allocations to the post-election municipalities responsible for the same areas of jurisdiction are reduced proportionately. As a result there is no net change in the total equitable share amount that will be transferred to an area in 2016/17.

These changes are shown in Part 1 of this gazette, which shows the proportional reduction to each post-election municipality and then shows the corresponding initial transfer to each pre-election municipality. Amounts are only shown for 2016/17 (i.e. for the amounts in "Column A" of Schedule 3 of the Act).

Conditional grants

Section 38(4) enables the National Treasury to determine and publish conditional allocations for pre-election municipalities. National Treasury must consult the transferring officer of each grant (national department administering the grant) before gazetting an amount to a pre-election municipality. Any transfer to a pre-election municipality must be reduced from the allocation to the corresponding post-election municipality.

National Treasury wrote to all transferring officers on 18 April 2016 to inform them of this provision and to request them to identify any pre-election municipalities that require transfers from the grant(s) they are responsible for administering. Requests to make transfers for pre-election municipalities were received for the following two conditional grants:

- *Municipal demarcation transition grant* - this grant supports municipalities to implement the boundary re-determinations and transfers will be made to pre-election municipalities to assist them with the costs of preparing for these changes and to reimburse them for expenses already incurred. 38 per cent of the total amount allocated for this grant in 2016/17 will be transferred to pre-election municipalities; and
- *Urban settlements development grant* – funds will be transferred to Mangaung in July 2016 to enable it to continue to implement ongoing infrastructure projects.

These transfers to pre-election municipalities and the proportional reductions to the allocations for the corresponding post-election municipalities are contained in Part 2 of this notice.

All other conditional grants will not make transfers to municipalities impacted by major re-demarcations until after 31 August 2016. In some cases, pre-election municipalities will incur expenditure on grant-funded programmes during July and August 2016. In such cases they will pay for these costs from their own funds and will then be able to offset these amounts against the transfers that their successor (post-election) municipality receives.
