WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.

To confirm the legitimacy of purchase orders, please contact:

“**the Act**” means the National Environmental Management Act, 1998 (Act No. 107 of 1998).

Purpose

2. The purpose of this Standard is to regulate the development and related operation and expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good, as contemplated in section 3(1), in order to facilitate and enable exclusion of such facilities or infrastructure from the requirement to obtain an environmental authorisation in terms of the Act.

Scope

3. (1) The provisions of this Standard are applicable to the—
 - (a) development and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good, where such storage occurs in containers with a combined capacity of 80 cubic metres or more but not exceeding 500 cubic metres; and
 - (b) expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good, where the capacity of such storage facility will be expanded by more than 80 cubic metres but where the combined capacity of such storage facility will not exceed 500 cubic metres; and
 - (c) phased activities.
- (2) The provisions of this Standard are not applicable to the—
 - (a) development and related operation or expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good, where such storage occurs in containers with a combined capacity exceeding 500 cubic metres;
 - (b) decommissioning of facilities contemplated in subsection (1); or
 - (c) phased activities where the combined capacity of the facility or infrastructure exceeds 500 cubic metres;

in which case environmental authorisation in terms of the Act must be obtained, unless excluded from such requirement.

CHAPTER 2

ADMINISTRATIVE REQUIREMENTS

Notification, registration and commencement

4. (1) A proponent must submit to the competent authority—

- (a) a request to be registered, notification of intent to comply with this Standard and declaration, as set out in Appendix 1;
 - (b) a report generated by the national web-based environmental screening tool, once the tool is operational; and
 - (c) proof of written consent of the landowner or person in control of the land if the proponent is not the landowner.
- (2) The competent authority must, within 30 days, acknowledge receipt of the information contemplated in sub-section (1) and—
 - (a) if satisfied with the information provided, issue a registration number to the proponent; or
 - (b) if not satisfied with the information provided, request additional information from the proponent within a period determined by the competent authority or advise on any matter that may prejudice the success of the registration request.
- (3) The proponent may commence with the development and related operation or expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good within 2 years of receipt of the registration number contemplated in sub-section (2)(a), and must notify the competent authority, in writing, 30 days prior to such commencement.
- (4) Registration lapses if commencement does not occur within 2 years of receipt of the registration number and subsections (1), (2) and (3) will apply afresh in such instances.
- (5) The competent authority must keep a register of all registered developments and expansions of facilities or infrastructure, including as a minimum the —
 - (a) name of the proponent;
 - (b) project name and description;
 - (c) registration number;

 - (c) where the proponent or owner has a website, on such publicly accessible website; and
 - (d) where the proponent or owner is a member of a formally established industry organisation, to such organisation.

- (7) Where change of ownership of a facility or infrastructure registered in terms of subsection (2)(a) occurs, the new owner must submit the relevant declaration and details contemplated in Appendix 1 within 30 days upon finalisation of such change.

CHAPTER 3

CHAPTER 4

AUDIT REQUIREMENTS

Audit requirements

6. (1) The proponent must ensure that an environmental audit —
- (a) is undertaken by an external independent person with the relevant expertise, which provides verifiable findings, in a structured and systematic manner;
 - (b) includes an assessment of compliance with the requirements of this Standard;
 - (c) determines the level of compliance with this Standard and whether that level of compliance sufficiently provides for the avoidance, management and mitigation of environmental impacts associated with the undertaking of the activity that falls within the scope of this Standard; and
 - (d) is undertaken within 3 months of commencement of the development and related operation or expansion and related operation of the facility or infrastructure falling within the scope of this Standard, and every 3 years thereafter for as long as the facility or infrastructure remains operational; and
 - (e) is summarised in an environmental audit report.
- (2) A proponent and new owner must report any non-compliance with this Standard to the competent authority within 5 days of its occurrence.
- (3) Where change of ownership of a facility or infrastructure registered in terms of section 4(2)(a) occurs, the new owner must assume the auditing schedule undertaken by the previous owner as contemplated in subsection (1) and comply with subsections 1(a), (b), (c) and (e), and subsection (1)(d) where relevant, for as long as the facility or infrastructure remains operational.

CHAPTER 5

GENERAL MATTERS

Competent authority inspections

7. The proponent or new owner must provide the competent authority and any environmental management inspector with access to the facility, for the purposes of compliance monitoring, without prior notification.

Offences

8. (1) A proponent commits an offence if such proponent commences with the development and related operation or expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good without a registration number as contemplated in section 4(2)(a) or if such proponent contravenes or fails to comply with sections 4(1) or 6 of this Standard.
- (2) A new owner of a facility—
- (a) contemplated in this Standard commits an offence if such new owner commences with the development and related operation or expansion and related operation of facilities or infrastructure for the storage, or storage and handling, of a dangerous good without a registration number; or

I, DR A MOTSOALEDI, the Minister of Health, have determined on recommendation of the Pricing Committee, in terms of Regulation 8(1) of the Regulations relating to a Transparent Pricing System for Medicines and Scheduled Substances published in terms of the Medicines and Related Substances Act, (Act 101 of 1965), that the Single Exit Price (SEP) of Medicines and Scheduled Substances may only be submitted for the first time in 2016 from 20 May 2016 and by no later than 20 June 2016 to a maximum of **2.90 %** of the Single Exit Price that was available as at 20 May 2016; regardless of how that SEP was arrived at. The final date for resubmissions will be 30 June 2016.

All medicines and their related pack sizes approved with an effective date after 20 May 2016 are not eligible for interim SEPA 2016. An applicant may only submit once in the 2016 cycle unless a resubmission is made for not approved medicines.

An adjustment in the Single Exit Price in terms of this Notice may only be implemented by the manufacturer or importer of the relevant medicine or scheduled substance, 30 working days after the date that the manufacturer or importer has communicated the information requested by the Director-General in terms of the Notice published in terms of Regulation 21 of the Regulations Relating to a Transparent Pricing System for Medicines and Scheduled substances.

- (m) An applicant may only submit once for the 2016 interim SEPA. An applicant's portfolio may not be divided into multiple submissions.

Extra columns must be inserted for each alternate country.

3.2.3 Where the exact pack size does not exist in the international market, the closest pack size will be used e.g. if there is 30 pack size in South Africa and only 28's and 1 OO's in Spain the 28 pack size will be used as the closest pack to 30's. The related quantity refers to the quantity in which the pack size of the medicine is being sold in that country and allows for a like comparison of the South African medicine.

For the columns "Country matching pack price in Rands" this should be the

price in Rands of the relevant Country price for the related South African pack size and quantity. An example will be provided in the template for demonstration purposes. The principle is that where a 30's pack size is available in South Africa, the international price calculated in Rands should be for the equivalent 30's pack size.

For the columns "Comment on Country Price Provided" -these columns should be used to put in all comment related to the price, pack size, quantity or any other field that may affect the comparisons of the price of the South African medicine with the price of the medicine in the comparator country.

DEPARTMENT OF TRADE AND INDUSTRY
NOTICE 480 OF 2016

INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF
SOUTH AFRICA (ITAC)

**SUNSET REVIEW OF THE ANTI-DUMPING DUTY ON UNFRAMED GLASS
MIRRORS ORIGINATING IN OR IMPORTED FROM INDIA: FINAL
DETERMINATION**

In accordance with the provisions of the Anti-Dumping Regulations (ADR), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would likely lead to the continuation and/or recurrence of dumping and injury.

On 19 June 2015, the International Trade Administration Commission of South Africa (the Commission) notified the Southern African Customs Union (SACU) industry through Notice No. 588 in *Government Gazette* No. 38877, that unless a substantiated request is made by it indicating that the expiry of the anti-dumping duty against imports of unframed glass mirrors originating in or imported from India would likely lead to the continuation or recurrence of dumping and material injury, the anti-dumping duty on the subject product originating in or imported from India will expire on 03 March 2016.

A response to the Commission's sunset review questionnaire was received from PG Building Glass, a division of PG Group (Pty) Ltd (the Applicant), being the only producer for the subject product in the SACU .

The investigation was initiated after the Commission considered that *prima facie* information was submitted to indicate that the expiry of the anti-dumping duty on unframed glass mirrors originating in or imported from India would likely lead to the continuation or recurrence of dumping and the recurrence of material injury.

No properly documented responses were received from any interested party.

Using the best information available, the Commission made a final determination that the expiry of the anti-dumping duty on unframed glass mirrors originating in or imported from India would likely lead to the continuation or recurrence of dumping and the recurrence of injury.

The Commission, therefore, recommended to the Minister of Trade and Industry that the anti-dumping duty on unframed glass mirrors originating in or imported from India be maintained.

The Minister approved the Commission's recommendation. The Commission's detailed reasons for its decision are set out in Commission's Report No. 530 (Final determination report).
