# **WARNING!!!**

## **To all suppliers and potential suppliers of goods to the Government Printing Works**

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.

To confirm the legitimacy of purchase orders, please contact:

The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.
6. Each notice submission should be sent as a single email. The email should contain **all documentation relating to a particular notice submission**, each as a separate attachment:
  - 6.1. Electronically completed *Adobe* form, specific to the type of notice that is to be placed.
    - 6.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form
    - 6.1.2. The notice content (body copy) **MUST** be a separate attachment.
  - 6.2. Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order. **Non-Government Printing Works** account customer needs to submit the proof of payment for the notice
  - 6.3. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should also be attached as a separate attachment. (See specifications below, point 11).
  - 6.4. Any additional notice information if applicable.
7. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.
8. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE**.
9. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.
10. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

**GOVERNMENT PRINTING WORKS - BUSINESS RULES****COPY (SEPARATE NOTICE CONTENT DOCUMENT)**

11. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03
  - 11.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).
  - 11.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm;  
Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm;  
Use font size: Arial or Helvetica 10pt with 11pt line spacing;

**CANCELLATIONS**

12. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.
13. Requests for cancellation must be sent by the original sender of the notice and must be accompanied by the relevant notice reference number (N-) in the email body.

**AMENDMENTS TO NOTICES**

14. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

**REJECTIONS**

15. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email [info.egazette@gpw.gov.za](mailto:info.egazette@gpw.gov.za)). Reasons for rejections include the following:
  - 15.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.
  - 15.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.
  - 15.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.
  - 15.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

**GOVERNMENT PRINTING WORKS - BUSINESS RULES****APPROVAL OF NOTICES**

16. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.
17. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

**GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY**

18. The Government Printer will assume no liability in respect of—
  - 18.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;
  - 18.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;
  - 18.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

**LIABILITY OF ADVERTISER**

19. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

**CUSTOMER INQUIRIES**

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

**GPW** has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

20. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.
21. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

## GOVERNMENT PRINTING WORKS - BUSINESS RULES

### PAYMENT OF COST

22. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.
23. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.
24. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: [info.egazette@gpw.gov.za](mailto:info.egazette@gpw.gov.za) before publication.
25. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.
26. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.
27. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

### PROOF OF PUBLICATION

28. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website [www.gpwonline.co.za](http://www.gpwonline.co.za) free of charge, should a proof of publication be required.
29. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette(s)*.

**MEAT SAFETY ACT, 2000  
(ACT NO. 40 OF 2000)****EXEMPTION FROM SECTION 11(1)(I) OF THE MEAT SAFETY ACT, 2000 (ACT NO. 40 OF 2000) FOR THE SLAUGHTER OF GAME ANIMALS**

The Minister of Agriculture, Forestry and Fisheries intends, in terms of section 11(3)(e) of the Meat Safety Act, 2000 (Act No. 40 of 2000), to exempt game animals from a portion of the provisions of section 11(1)(i) of the Meat Safety Act, 2000 (Act No. 40 of 2000).

In terms of section 11(1)(i), no dead animal or animal suffering from a condition that may render the meat unsafe for human and animal consumption may be presented at an abattoir for slaughter;

The exemption is intended to allow game animals that have been shot outside an abattoir to be presented at an abattoir for dressing.

Interested persons are invited to submit written comments or representations on the proposed exemption to the Director-General, Department of Agriculture, Private Bag x138, Pretoria, 0001; Fax no (012) 319 7699; e-mail [VPH@daff.gov.za](mailto:VPH@daff.gov.za) within 30 days of the date of publication of the notice.

**PART I**  
**GENERAL**

**Definitions**

1. In these regulations any word or expression to which a meaning has been assigned in the Act shall have that meaning and unless the context otherwise indicates –

**“Act”** means the Meat Safety Act, 2000 (Act No. 40 of 2000);

**“approved product”** means a product that has been passed by a registered inspector according to the standards of meat inspection as prescribed in the regulations. Any product which may be considered for human consumption and not ordinarily considered as meat (e.g., testicles) must be handled under a protocol approved by the National Executive officer.

**“carcass”**- means the body of any slaughtered game animal after bleeding and dressing;

**“clean area”** include the dressing room, areas where dressed game carcasses and red offal are handled, chilled and dispatched, as well as the ablution and eating facilities of personnel working in these areas and where provided, washing facilities for meat transport trucks, laundry, offices and laboratory. This area is named as such because of the degree of risk of contamination as compared to the dirty area;

**“condemned products”** means an animal or parts of an animal inspected and judged, or otherwise determined, to be unacceptable for human or animal consumption;

**“condemned products area or room”** means an area or room dedicated to keeping condemned products as indicated in paragraph 6(q)(ii);

**“contamination”** occurrence of any undesirable matter in food or in the food environment from a contaminating source which can be physical, chemical, biological or allergenic;

**“cutting”** means, in the context of the Act, deboning or portioning of game carcasses and other edible products at the abattoir and cutting plants handled under the Act;

**“critical limit”** means a criterion which separates acceptability from unacceptability;

**“depot”** means a facility as contemplated in regulations 24 and 25, at which harvested game is eviscerated and meat examination is conducted on partially dressed game carcasses before transfer to an abattoir;

**“detain”** means the holding of a harvested game, partially dressed game carcass, game carcass, organs or parts thereof suspected by the trained person (limited to harvested game) or registered inspector during harvesting or meat examination, to be unacceptable for human consumption and held for further inspection;

**“dressing”** means the progressive separation of an animal into a carcass or sides, other edible parts and inedible products;

**“dressing room”** means a room or area where a game carcass is dressed;

**“dirty area”** includes the harvesting depot, an offloading area for harvested game and washing facilities for vehicles, chillers where skin-on game carcasses are held, areas where inedible products, condemned products and rough offal are handled as well as the ablution and dining facilities of personnel working in these areas. This area is named as such because of the degree of risk of contamination as compared to the clean area;

**“eviscerate”** means the removal of the contents of the thoracic and abdominal cavities;

**“food safety”** comprises conditions and measures necessary for the production, processing, storage and distribution of food designed to promote a safe, sound, wholesome product fit for human consumption;

**“game” or “game animal”** means those animals mentioned in Schedule 1 of the Act;

**“harvesting” or “harvest”** means all the activities involved in the shooting, killing, bleeding and harvesting inspection of game animals to obtain partially dressed game carcasses;

*DRAFT - May 2016*

3

**“harvested game”** means a game animal immediately after being shot until it becomes a partially dressed game carcass as defined;

**“harvesting inspection”** means the verification, by a trained person, of proper shooting, bleeding times, hygienic harvesting and transport procedures as well as identifying abnormal conditions in live and harvested game and procedures and subsequent alerting of the registered inspector at the depot or game abattoir;

**“hazard”** means a biological, chemical or physical agent in, or condition of, game meat with the potential to cause an adverse health effect;

**“in contact material”** means any material that makes direct contact with game carcasses and any other edible product;

**“inedible products”** means products that have been determined by a registered inspector to be unfit for human consumption but not requiring destruction;

**“meat inspection service”** means the performance of ante-mortem, primary, secondary meat inspections, verification of the food safety management system and regulatory control and reporting to the PEO by a registered inspector as approved by the PEO.

**“NEO”** means the National Executive Officer designated as such in terms of section 2(1)(a) of the Act;

**“partially dressed game carcass”** means the body of a game animal of which the skin or hide has not been removed and which has been eviscerated: Provided that the head and feet may have been removed;

**“passed”** means, when used in relation to the inspection of game meat, that such meat has been approved for human or animal consumption and is stamped with a stamp bearing the word “PASSED”;

**“PEO”** means the relevant Provincial Executive Officer designated as such in terms of section 5(2)(a) of the Act;

**“primary meat inspection”** means the inspection, by a registered inspector, of a partially dressed game carcass, carcass and organs in terms of Part VI.

**“processing”** means, in the context of this regulations, altering of the meat, other than cutting and portioning, dicing and mincing to enhance the meat;

**“protocol”** means particular procedures or measures intended to minimise risk in a specific situation, that have been agreed to by the parties concerned and approved under these regulations by the PEO;

**“red offal”** means the lungs, heart, liver, diaphragm, spleen, tongue, kidneys, thymus and demasked head of a slaughtered game animal;

**“registered inspector”** means a person contemplated in section 11(1)(d) of the Act who is registered by the PEO under regulation 101 to do game meat inspection at an abattoir, cutting plant or in a harvesting situation;

**“risk”** means a probability of a hazard in food having an adverse health effect and the severity of that effect;

**“rough offal,”** means the stomach, intestines, feet and skin-on head of the slaughtered game animal except in the case of warthogs, feral pigs and bush pigs where the head and feet are part of the carcass;

**“secondary meat inspection”** means the inspection, by a registered inspector who is a veterinarian, of a carcass and organs detained during primary meat inspection in terms of Part VI C;

**“trained person”** means a person registered by the PEO under regulation 102 who is or accompanies a harvester to verify proper shooting, bleeding times, hygienic harvesting and transportation procedures as prescribed, as well as identifying abnormal conditions in live and harvested game and deviations from procedures and in such cases alerting the registered inspector at the depot or game abattoir. A registered inspector may perform the responsibilities of a trained person;

**“unit”** means a quantity standard for determining throughput of a game meat slaughter facility where one unit is equal to one category B game animal or six category C game animals and where category A animals may be handled only according to a protocol approved by the PEO for a specific abattoir. Game animals for slaughter are classified into the following categories:

**DRAFT - May 2016**

4

- (a) Category A or large game (larger than domestic cattle, e.g., giraffe, elephant and hippopotamus);
- (b) Category B or medium game (comparable to domestic cattle, e.g., buffalo, kudu, eland or zebra);
- (c) Category C or small game (comparable to domestic sheep and goats, e.g. springbuck, impala or blesbuck).

**Application for registration of a slaughter facility** [Section 8(1)]

- 2. (1) Before an abattoir is erected or the existing structure of an abattoir is altered, the design drawings must be submitted to the NEO for evaluation and approval.
- (2) Documents of approval from other relevant regulatory authorities may be required by the NEO and it is the applicant's responsibility to comply with the requirements of other regulatory authorities.
- (3) An application for registration of an abattoir must be submitted by the owner of the abattoir to the NEO and must be accompanied by
  - (a) a properly completed application form obtainable from the NEO; and
  - (b) a complete set of design drawings of the facility, if not a structure as contemplated in regulation 2(1).
- (4) If the application is approved the NEO must issue a certificate of registration as an abattoir to the applicant.
- (5) The registration number reflected on the certificate of registration will serve as an official identification number for that abattoir.

**The manner of serving instruction** [Section 10(2)(b)]

- 3. The manner in which an instruction must be served on the owner of an abattoir as contemplated in section 10(2)(b) of the Act is –
  - (a) to hand it to the owner personally;
  - (b) to post it, by registered post, to the postal address of the owner; or
  - (c) to mail, e-mail, fax or by other electronic means to the owner provided that the original document is delivered to the owner within 7 days of sending the notification.

## PART II

## REQUIREMENTS FOR THE REGISTRATION OF SLAUGHTER FACILITIES

[Section 11(1)(a)]

## A Throughput and other requirements for grades

## (1) Requirements for rural game abattoirs

4. Considering the requirements set out in Part II B (1), for an abattoir to be graded as a rural game abattoir –
- (a) the throughput may not exceed 6 units per day, provided that the PEO may determine a lower maximum throughput for an abattoir on grounds of the hourly throughput potential relative to available equipment and facilities including hanging space, chiller capacity;
  - (b) the abattoir premises must be fenced and provided with a gate to control access of people, vehicles and animals;
  - (c) it must consist of a room equipped with hanging facilities where harvested game carcasses or partially dressed game carcasses are dressed and such room must have an air temperature of not more than 12°C when chilled game carcasses are handled, provided that if chilled carcasses are handled so that its temperature does not rise more than 2°C during dressing, subject to the approval of the provincial executive officer, the temperature of this room need not be maintained at 12°C or less;
  - (d) a room adjacent to the dressing room must be provided for the handling, washing and keeping of rough offal intended for human consumption;
  - (e) a room or curbed and drained area adjacent to the abattoir building must be provided to hold containers with inedible products prior to removal;
  - (f) the rooms mentioned in paragraphs (d) and (e) must –
    - (i) be separate and adjacent to the dressing room and interconnected by means of a hatch, door or walkway; and
    - (ii) have exterior doors for the removal of those products and in the case of paunches and intestines from game animals that were eviscerated in the field, they must be received for inspection purposes through this exterior door;
  - (g) doors must be provided –
    - (i) where harvested game or partially dressed game carcasses are offloaded into the abattoir;
    - (ii) where dressed or partially dressed game carcasses and red offal are dispatched, provided that this door may be the same door as contemplated in subparagraph (i) above, if these functions are separated by time and approved by the PEO; and
    - (iii) for entrance of personnel into the abattoir, provided that the door referred to in subparagraph (ii) above may be used, under the approval of the PEO, for this purpose if it does not pose a risk of contamination of the products inside when opened;
  - (h) hand washing facilities must be provided in the abattoir;
  - (i) a steriliser adjacent to a hand wash basin must be provided;
  - (j) toilet with hand wash facilities must be provided;
  - (k) facilities to store items needed in the daily process must be provided;
  - (l) dining facilities must be provided with tables and chairs or benches and must be situated so that personnel do not sit or lie on the ground or soil their protective clothing during rest periods. With the approval of a PEO through a protocol, a dining facility may be omitted if there is provision for personnel to rest and have their meals without the need of such facility,

**DRAFT - May 2016**

6

e.g., where the allocated daily throughput can be handled within a short period of time or personnel are transported to an adjacent facility away from the abattoir to have their meals;

- (m) the design of the abattoir must allow for future upgrading of thereof;
- (n) chilling facilities must be provided for –
  - (i) partially dressed game carcasses but this is not applicable when harvested game and partially dressed game carcasses are transported directly from harvesting for immediate dressing in an abattoir;
  - (ii) game carcasses and red offal; and
  - (iii) rough offal;

Provided that the chilling facilities need not be attached to the abattoir building, but their proximity to the abattoir must be such as not to compromise hygiene standards and must be approved by the PEO;

- (o) the chilling facility referred to in paragraph (n)(i) may be substituted with a mobile chiller where the transfer from this chiller to the abattoir does not compromise food safety;
- (p) the chilling facility referred to in paragraph (n)(iii) may be omitted if rough offal is removed from the abattoir on a continuous basis but within four hours after evisceration, provided that the PEO may determine a shorter period; and
- (q) where freezing facilities are not provided for treatment of conditionally passed game carcasses affected by parasitic intermediate stages (e.g. cysticercosis) at the abattoir, such facilities may be arranged elsewhere with the approval of the PEO.

**(2) Requirements for low throughput game abattoirs**

5. Considering the requirements set out in Parts II B (1) and (2), for an abattoir to be graded as a low throughput game abattoir –
- (a) a maximum throughput of 20 units per day may not be exceeded, provided that the PEO may determine a lower maximum throughput for an abattoir on grounds of the capacity of the receiving area, hourly throughput potential relative to available equipment and facilities, including hanging space and chiller capacity;
  - (b) the premises must be fenced and provided with a gate to control access of people, vehicles and animals;
  - (c) a door equipped with docking seals or similar facilities intended to minimize exposure of the product to the external environment must be provided for offloading harvested game or partially dressed game carcasses and red offal;
  - (d) a facility where transport vehicles must be sanitized after offloading must be provided;
  - (e) a receiving area with hanging facilities to accommodate at least 20% of throughput of game carcasses of different categories and red offal must be provided and such area must have an air temperature of not more than 12°C when chilled game carcasses are handled: Provided that, subject to the approval of the PEO, the temperature of this room need not be maintained at 12°C or less and the temperature of the game carcasses does not rise by more than 2°C;
  - (f) a hoist for the hanging of category B game must be provided;
  - (g) separate holding chillers must be provided to accommodate partially dressed game carcasses received prior to dressing if flaying is not carried out immediately;
  - (h) the chillers referred to in paragraph (g) may be substituted with a mobile chiller vehicle connected to the receiving area by docking seals or similar facilities as contemplated in paragraph (c) ;
  - (i) a room equipped with a dressing rail and red offal hanging facilities must be provided where harvested game or partially dressed game carcasses are dressed and such room must have an air temperature of not more than 12°C when chilled game carcasses are handled;
  - (j) a side rail or hooks for game carcasses and containers for offal, must be provided for condemned or detained game carcasses and organs requiring secondary meat inspection;

**DRAFT - May 2016**

7

- (k) a room must be provided where hides, skins, heads, feet and inedible products are kept prior to removal, unless these parts are removed on a continuous basis;
- (l) a room where paunches and intestines are emptied, washed and kept must be provided;
- (m) the rooms mentioned in paragraphs (k) and (l) must –
  - (i) be separate and adjacent to the dressing room and interconnected by means of a hatch, door or walkway; and
  - (ii) have exterior doors for the removal of those products and in the case of paunches and intestines from game animals that were eviscerated in the field it must be received for inspection purposes through this exterior door;
- (n) separate chillers must be provided for the daily throughput of –
  - (i) game carcasses and red offal, provided that the red offal may be removed from the abattoir on a continuous basis but within four hours after a game animal has been eviscerated; and
  - (ii) skin-on heads, feet and washed rough offal, unless these products are removed from the abattoir within four hours after harvesting or receiving;
- (o) where freezing facilities are not provided for treatment of conditionally passed game carcasses affected by parasitic intermediate stages (e.g. cysticercosis) at the abattoir, such facilities must be arranged elsewhere with the approval of the PEO;
- (p) a dispatch area equipped to quarter, sort and mark game carcasses and red offal must be provided;
- (q) a door equipped with docking seals or similar facilities intended to minimize exposure of the product to the external environment must be provided for the dispatching of game carcasses and red offal;
- (r) personnel entrances to the low risk contaminatory activities areas of the abattoir must be provided and be designed as an ante-chamber for cleaning purposes and must be provided with hand wash-basins, soap dispensers, hand drying facilities, a boot wash, hooks for hanging aprons and a refuse container; Provided that, and with the approval of the PEO, personnel entrances to other areas of the abattoir need not be provided with an ante-chamber but must be provided with conveniently placed boot wash and hand wash facilities at the entrance to such areas;
- (s) change rooms, showers, toilets as well as hand wash facilities must be provided on the premises for persons working at the abattoir;
- (t) a room with tables, chairs, benches, fly proof food storage facilities and hand wash basins must be provided to serve as a dining facility, and must be situated so that personnel do not sit or lie on the ground or soil their protective clothing during rest periods;
- (u) a storage facility for items needed in the daily process must be provided;
- (v) rooms or facilities must be provided for the –
  - (i) storage of cleaning equipment and materials;
  - (ii) cleaning and sterilization of movable equipment; and
- (w) if required, a separate room must be provided as an office.
- (x) a facility where meat transport vehicles must be sanitized must be provided

**(3) Requirements for high-throughput game abattoirs**

6. Considering the requirements set out in Parts II B (1) and (2), for an abattoir to be graded as a high throughput game abattoir –
- (a) it must have a maximum throughput which the PEO may determine on grounds of the hourly throughput potential relative to available equipment and facilities including hanging space, chiller capacity as well as rough offal handling and chilling capacity;
  - (b) the abattoir premises must be fenced to control access of people, vehicles and animals;

**DRAFT - May 2016**

8

- (c) the abattoir and premises thereof must be designed to separate dirty and clean areas and functions;
- (d) a door equipped with a docking system, which allows the doors of the vehicle to be opened only after docking, and a receiving area for offloading partially dressed game carcasses must be provided to accommodate at least 20% of throughput and such area must have an air temperature of not more than 12°C when chilled game carcasses are handled;
- (e) a separate entrance must be provided for the offloading of harvested game;
- (f) a facility where transport vehicles must be sanitized after offloading must be provided;
- (g) inspection facilities to inspect received game carcasses and correlating red offal must be provided and must include a room for condemned or detained game carcasses and red offal;
- (h) holding chillers must be provided to accommodate partially dressed game carcasses received prior to dressing;
- (i) the chillers referred to in paragraph (h) may be substituted with a mobile chiller vehicle connected to the receiving area by a docking system;
- (j) a dressing room equipped with a dressing rail must be provided where harvested game or partially dressed game carcasses are dressed and such room must have an air temperature of not more than 12°C when chilled game carcasses are handled;
- (k) inspection facilities to inspect game carcasses and offal must be provided;
- (l) separate rooms must be provided for –
  - (i) handling and holding of hides, skins, hair and inedible products prior to removal;
  - (ii) handling and holding of skin-on heads and feet;
- (m) a room where paunches and intestines are emptied, washed and kept must be provided;
- (n) the rooms referred to in paragraphs (l) and (m) must –
  - (i) be separate but adjacent to the dressing room and interconnected by a closable hatch only; and
  - (ii) have an exterior door for the removal of those products and in the case of paunches and intestines from game animals that were eviscerated in the field, it must be received for inspection purposes through this exterior door;
- (o) separate chillers must be provided for the daily throughput of –
  - (i) game carcasses and red offal, provided that the red offal may be removed from the abattoir on a continuous basis but within four hours after a game animal has been eviscerated; and
  - (ii) skin-on heads, feet and washed rough offal, unless these products are removed from the abattoir within four hours after harvesting or receiving;
- (p) where freezing facilities are not provided for treatment of conditionally passed game carcasses affected by specific conditions requiring such treatment, such facilities must be arranged elsewhere with the approval of the PEO;
- (q) separate equipped rooms must be provided to –
  - (i) handle and keep detained game carcasses, portions and organs;
  - (ii) keep condemned products (including condemned game carcasses) before removal from the abattoir, provided that if condemned products is removed on a continuous basis during slaughter or a dedicated chiller is available for condemned products, such a room is not required; and
  - (iii) provide hand, boot and apron wash facilities directly connected to the room mentioned in subparagraph (ii) for persons who handle condemned products;
- (r) a dispatch area must be provided, equipped –
  - (i) to quarter, sort and mark game carcasses and red offal;
  - (ii) with a door for dispatch which is such that the doors of vehicles can only be opened after docking; and
  - (iii) to ensure that the air temperature in this area is not more than 12°C when game carcasses are handled and dispatched;

**DRAFT - May 2016**

9

- (s) personnel entrances to the low risk contaminatory activities areas of the abattoir must be provided and be designed as an ante-chamber for cleaning purposes and must be provided with hand washbasins, soap dispensers, hand drying facilities, a boot wash, hooks for hanging aprons and a refuse container: Provided that, and with the approval of the PEO, personnel entrances to other areas of the abattoir need not be provided with an ante-chamber but must be provided with conveniently placed boot wash and hand wash facilities at the entrance to such areas;
  - (t) change rooms, showers, toilets and hand wash facilities must be provided on the premises for persons working at the abattoir and separate facilities must be provided for high and low risk contaminatory activities areas;
  - (u) separate rooms must be provided to serve as a dining facility, for high and low risk contaminatory activities areas, with tables, chairs or benches, fly proof food storage facilities and hand wash basins and must be situated so that personnel do not sit or lie on the ground or soil their protective clothing during rest periods;
  - (v) office accommodation and ablution facilities must be available for meat inspection personnel;
  - (w) office facilities must be separate from the dressing area;
  - (x) a store room must be provided for items needed in the daily slaughter process;
  - (y) suitably equipped rooms and facilities must be provided to sterilise movable equipment;
  - (z) a room or rooms for storage of cleaning equipment and chemicals must be provided;
  - (aa) facilities for wrapping, packing and cartoning must be provided where applicable;
  - (bb) separate storage facilities must be provided for wrapping and packing material, if both materials are kept; and
  - (cc) a facility where meat transport vehicles must be sanitized must be provided.
- (4) Requirements for cutting plants attached to abattoirs and those producing for export market.**  
[Also see Part II C (2)]
7. Considering the requirements set out in Parts II B (1) and (2), to be graded as a cutting plant.–
- (a) the PEO may determine the production capacity on grounds of the capacity of the holding chillers, hourly throughput potential relating to available equipment and facilities as well as chiller or freezer capacity;
  - (b) the premises must be fenced and provided with a gate to control access of people, vehicles and animals;
  - (c) separate doors equipped with a docking system, which allow the doors of the vehicle to be opened only after docking, must be provided for receiving and dispatch of game carcasses and meat and such area must have an air temperature of not more than 12°C when game carcasses and meat are handled;
  - (d) Despite paragraph (c), the same door may be used for dispatch and receiving of game carcasses and meat, subject to the approval of the PEO;
  - (e) If the cutting plant is part or an extension of the abattoir building and all the products handled in the cutting plant are from the same abattoir, a door interconnecting the abattoir and the cutting plant may serve the purpose of a receiving door as contemplated in paragraph (c);
  - (f) an area for receiving of unwrapped game carcasses and meat intended for cutting must be provided;
  - (g) separate equipped rooms, where applicable and subject to approval by the PEO, must be provided for –
    - (i) receiving of game meat in cartons;
    - (ii) removal of game meat from cartons;
    - (iii) unwrapping and thawing where applicable, at an air temperature not exceeding 12°C;
    - (iv) cutting and wrapping at an air temperature not exceeding 12°C;
    - (v) packing, marking and labelling at an air temperature not exceeding 12°C;

**DRAFT - May 2016**

10

- (vi) making up of new packaging material used for packing game meat;
- (vii) dispatch of wrapped and packed game meat at an air temperature not exceeding 12°C;
- (viii) dispatch of unwrapped game meat at an air temperature not exceeding 12°C; and
- (ix) washing and sterilizing of equipment;
- (h) Subject to the approval of the PEO, the rooms contemplated in paragraphs (g)(i) and (g)(ii) above may be combined and substituted by areas separated by an appropriate distance to avoid cross contamination;
- (i) separate bulk storage facilities or rooms must be provided for –
  - (i) wrapping material; and
  - (ii) packaging material;
- (j) separate storage facilities or rooms must be provided for items in daily use, such as–
  - (i) hand equipment;
  - (ii) wrapping material;
  - (iii) packaging material;
  - (iv) clean protective clothing; and
  - (v) cleaning materials and chemicals;
- (k) separate chillers or freezers must be available for –
  - (i) unwrapped game carcasses and game meat;
  - (ii) packed game meat;
  - (iii) holding frozen game meat if required; and
  - (iv) blast freezing game meat if required;
- (l) ablution facilities and toilets must be provided and the access routes to the cutting room must be under roof;
- (m) a personnel entrance to the cutting and meat handling areas of the plant must be provided and must be designed as an ante-chamber for cleaning purposes and must be provided with hand wash-basins, soap dispensers, hand drying facilities, a boot wash, hooks for aprons and a refuse container;
- (n) sterilization of hand-held equipment must comply with the requirements referred to in regulation 14;
- (o) hand wash- basins complying with requirements referred to in regulation 15 must be provided;
- (p) where applicable, extraction facilities for vapour control must be provided; and
- (q) if game meat is intended for sale to the public on the premises, a separate infrastructure or room with separate access control must be provided, subject to the approval of the PEO.

**DRAFT - May 2016****B. Structural requirements**

- (1) ***Abattoirs, as well as cutting plants attached to abattoirs and those producing for the export market.***

**General**

8. Premises and facilities of an abattoir must be of such design, construction and finish and must be so equipped, in such condition and so located that they can be used at all times for the purpose for which they were designed, equipped and designated –
- (a) without creating a health hazard; and
  - (b) in such a manner that game meat –
    - (i) can be handled hygienically on these premises and facilities; and
    - (ii) can be protected by the best available method against contamination or spoilage by poisons, offensive gasses, vapours, odours, smoke, soot deposits, dust, moisture, insects or other vectors or by other physical, chemical or biological contamination or pollution.

**Premises**

9. (1) All areas on the premises must be rendered dust and mud free.
- (2) Provision must be made for storm water drainage.
- (3) The abattoir or cutting plant must be equipped with an enclosed drainage system for the disposal of effluent and sewerage, but sewerage from toilets must not share the same drainage system within the abattoir or cutting plant building.
- (4) Vehicle loading and offloading areas for dispatching and receiving of harvested game, partially dressed game carcasses, and game meat must be curbed, paved, drained and roofed.
- (5) Ablution, toilets and dining facilities must be provided with roofed and paved access routes if not directly attached to the abattoir or cutting plant.

**Cross flow**

10. The premises and buildings of an abattoir must be designed to ensure that –
- (a) clean and dirty areas and functions are separated;
  - (b) no cross flow between clean and dirty areas and functions occurs;
  - (c) inedible or condemned products can easily be removed on a continuous basis from areas where edible products is handled; and
  - (d) detained game meat can be kept and examined without contaminating passed game meat.

**Requirements for interior of building and rooms**

11. In abattoirs and cutting plants where game meat and game products are handled and in toilets, change rooms and dining facilities –
- (a) all rooms must be of such sizes as not to compromise food safety;
  - (b) floors and stairways must be –
    - (i) smooth, impervious, resistant to wear and corrosion and not slippery; and
    - (ii) free of cracks and open joints;
  - (c) floor drainage design and construction –
    - (i) must ensure that floors are sloped at a gradient of not less than 1:60 towards drainage points or channels;
    - (ii) must ensure that channels drain from clean to dirty areas;
    - (iii) must be such that drainage channels are smooth, impervious, washable and provided with grates or covers; and

**DRAFT - May 2016**

12

- (iv) must provide all drain inlets with solid traps as well as mechanisms to prevent access of vermin and obnoxious odours into the abattoir;
- (d) interior wall surfaces, partitions and pillars must be –
  - (i) smooth, impervious, washable and light coloured;
  - (ii) rounded at floor to wall, as well as wall to wall, junctions with a minimum radius of 50mm; and
  - (iii) rounded on top in case of walls and partitions which are not ceiling height;
- (e) interior roof structures or ceilings, must be smooth, impervious, light coloured and washable;
- (f) doors and doorframes must be smooth, impervious, vermin proof, light coloured and corrosion resistant;
- (g) personnel entrances must have self-closing doors and be provided with hand wash-basins, boot wash and apron wash facilities and apron hooks;
- (h) hatches, where provided, must have an inclined bottom edge sloping towards the dirtier side, and self closing flaps must be provided when applicable;
- (i) chutes must –
  - (i) be smooth, light coloured and corrosion resistant;
  - (ii) open at least 300 mm above the floor;
  - (iii) be sanitised along its entire length; and
- (iv) be separate for game meat, inedible products and condemned products, respectively;
- (j) windows –
  - (i) must have light coloured, corrosion resistant frames and must be glazed;
  - (ii) must be fitted with fly screens when used for ventilation;
  - (iii) must have window sills that slope at 45°; and
  - (iv) may not be opened if it interconnects clean and dirty areas;
- (k) all working areas must –
  - (i) be well ventilated; and
  - (ii) have artificial or natural lighting at an intensity of at least –
    - (aa) 540 lux where game meat is inspected; and
    - (bb) 220 lux in work areas;
- (l) all light fittings must be equipped with covers or splinter protectors;
- (m) all electrical fittings must be waterproof; and
- (n) all wall mounted equipment, structures and fittings must have a clearance of at least 50 mm from the wall, otherwise the equipment, structure and fittings must be sealed to the wall such that there is no space in between.

**Requirements for equipment**

- 12. (1) Equipment –
  - (a) must be corrosion resistant and non-toxic and may not taint or stain game meat;
  - (b) must have surfaces which are smooth, impervious and free of holes, cracks and sharp corners, and must be sterilisable; and
  - (c) may not contaminate game meat with lubricants.
- (2) Containers used to hold meat must comply with sub regulation (1) and if the sides and bottoms are constructed with openings they must be designed so that game meat cannot protrude through the openings or make contact with the floor, walls or any other abattoir structure.

**DRAFT - May 2016**

13

**Requirements for toilets and change rooms**

13. (1) Toilets and urinals must be situated in a separate room and may not be an integral part of a change room.
- (2) All toilets must be provided with toilet paper holders and toilet paper, hand wash-basins, soap dispensers with germicidal liquid soap and hand drying facilities.
- (3) Change rooms and toilets may not have direct access into an area or room where game meat is handled.
- (4) Workers must be provided with clothing lockers in which to store private clothes separately from protective clothing, ensuring that private clothes and clean protective work clothes do not make contact.
- (5) Workers must be provided with separate fly proof facilities in which to keep food.

**Sterilisers**

14. (1) Sterilisers must be easily accessible and must –
- (a) be placed on dressing platforms and within three meters of all other workstations, adjacent to hand wash-basins in rooms and areas where –
- (i) game carcasses are dressed;
  - (ii) game meat is detained;
  - (iii) condemned products are handled; and
  - (iv) game meat is otherwise handled.
- (b) be corrosion resistant and capable of sterilising hand utensils and equipment, such as cutters and saws, at a minimum water temperature of 82°C during slaughter, dressing and handling until dispatch; and
- (c) have an inlet, overflow and outlet and must drain through a down pipe directly into a closed drainage system or into an open channel, but such drainage water may not flow over the floor across areas where traffic occurs.
- (2) Any other method of sterilisation must be approved by the PEO.

**Hand wash-basins**

15. Hand wash-basins must be easily accessible and be –
- (a) placed on dressing platforms and within three metres of workstations in rooms and areas where –
- (i) dressing takes place;
  - (ii) game meat is detained;
  - (iii) condemned products are handled; or
  - (iv) game meat is otherwise handled;
- (b) corrosion resistant;
- (c) provided with taps that are not hand or elbow operated;
- (d) supplied with warm running water at not less than 40°C and not too hot to comfortably wash hands;
- (e) provided with an inlet, outlet and must drain through a down pipe directly into an enclosed drainage system or into an open channel, but such drainage water may not flow over the floor across areas where traffic occurs;
- (f) fitted with a dispenser for liquid germicidal soap; and
- (g) hand drying facilities, unless the drying of hands is not necessary in the area where the basin is situated.

**DRAFT - May 2016**

14

**Apron-on wash-cabinets**

16. Apron-on wash-cabinets, required in low and high throughput abattoirs, must be installed near work stations and be constructed so as to contain splashing from personnel washing their aprons while wearing it and must drain directly into a drainage system.

**Water supply**

17. (1) Water must be under pressure, and must conform to the SANS 241 standard for drinking water.
- (2) Water points must be provided with –
- (a) cold water;
  - (b) water at not less than 40°C and equipped with hose pipes for sanitizing all areas of the abattoir; and
  - (c) hose reels to store hoses away from the floor unless vertical (drop) hoses are provided.

**Facilities and areas for handling of inedible, condemned products and refuse material**

18. (1) Sufficient theft and leak proof containers with tight fitting lids, complying with regulation 12, must be provided to keep and transport condemned products and they must be clearly marked "CONDEMNED".
- (2) Containers must be provided to collect and hold inedible products until disposal.
- (3) Facilities to collect and hold blood prior to disposal must be provided where applicable.
- (4) Refuse containers must be provided for the collection of general refuse at various points on the premises.
- (5) Areas where condemned products and other waste containers are kept prior to removal must be impervious, curbed and drained and the containers must be enclosed or fitted with tight fitting lids.

**Dressing and evisceration facilities in game abattoirs**

19. (1) The minimum clearance for rails and equipment in dressing areas to avoid contact of game meat with the floor is –
- (a) for category B game dressing, from rail to floor is 3.4m; and
  - (b) for category C game dressing, from rail to floor is 2.2m.
- (2) The clearance between equipment and dressing rails must in all cases be such that game carcasses do not touch equipment and is at least 1000mm from walls.
- (3) Rails with hooks fixed to a wall must be 400 mm from the wall, and game meat hanging from such hooks may not touch the floor or wall.
- (4) Rails must be at least 700 mm from columns, pillars or the side of a doorway through which game carcasses must pass.

**Game meat inspection facilities**

20. (1) Containers, racks and platforms and any other equipment required for game meat inspection must be provided in an abattoir.
- (2) Marked, leak proof and lockable containers or other means to handle and hold condemned and inedible products prior to removal, must be provided.

**Chillers and freezers fitted with overhead rails**

21. (1) Chillers and freezers must be provided to hold at least the daily throughput.
- (2) The minimum clearance for rails –
- (a) for category B or category C game carcasses on cradles with extension rods, is 1000 mm from the wall and 900 mm between overhead carcass rails; and
  - (b) for category C game carcasses, if hung separately, is 330 mm from the wall and between overhead carcass rails.

**DRAFT - May 2016**

15

- (3) Spacing of units on the line should be such as to ensure airflow between game carcasses or sides with a minimum of 660 mm length of rail per unit.

**Dispatch areas**

22. Dispatch areas must be equipped for –
- (a) quartering, marshalling and loading of game carcasses;
  - (b) collection and transport, avoiding cross or contra flow, of used roller-hooks to the sanitation facility; and
  - (c) sterilization of saws and other cutting utensils.

**(2) Game harvesting vehicles and depots****Game harvesting vehicles**

23. (1) Vehicles used for harvesting Category C or small game must –
- (a) have a hanging frame to bleed game in a hanging position, easily cleanable and the hanging frame as well as the working space and floor must be –
    - (i) corrosion resistant and free from holes and cracks;
    - (ii) durable, non-toxic, smooth surfaced and impervious; and
    - (iii) resistant to impact;
  - (b) be equipped with facilities for cleaning and sterilising of bleeding knives with water at a minimum temperature of 82°C or any other method of sterilization as approved by the PEO;
  - (c) have a separate hand wash facility, with potable running warm water and soap, for the workers bleeding the harvested game;
  - (d) keep no equipment or loose objects, other than is required for the harvesting and bleeding of game, on the loading area of the vehicle; and
  - (e) have artificial light of at least 220 lux where harvesting takes place at night.
- (2) Vehicles used for harvesting Category B or medium game –
- (a) must comply with the requirements of (1) above, as for category C game;
  - (b) may have a hoist to facilitate loading; and
  - (c) the loading compartment must be fitted with a ramp at a downward sloping position of not less than 20° to facilitate effective bleeding during transportation.
- (3) Vehicles used for harvesting Category A or large game will be determined by the species harvested and a protocol approved by the PEO will be required to ensure an approved method of killing and handling procedures for each specie.
- (4) Transportation of trophy hunted game animals intended for human consumption on the commercial market, must meet the standards for the transportation of harvested game as provided for in this regulation.

**Transferable depots**

24. A transferable depot must be approved by the PEO and must be provided with –
- (a) a hanging frame of sufficient height to prevent heads and necks of game carcasses making contact with the ground;
  - (b) tables with sufficient capacity for the inspection of rough offal;
  - (c) adequate hooks for the inspection of heads and feet if removed as well as for red offal;
  - (d) an approved protocol regarding the accumulation and disposal of blood and waste products on the ground below the frame during dressing, with the understanding that the immediate area surrounding the transferable depot must be dust and mud free;
  - (e) sufficient closable containers that comply with regulatory requirements to accommodate –

**DRAFT - May 2016**

16

- (i) red offal;
  - (ii) rough offal;
  - (iii) inedible products; and
  - (iv) condemned products;
- (f) potable water and facilities for –
- (i) sterilizing knives and equipment at a minimum temperature of 82 °C; and
  - (ii) washing of hands and equipment;
- (g) bactericidal liquid soap;
- (h) artificial light where game is slaughtered at night –
- (i) with a minimum light intensity of 220 lux evenly distributed across the working areas or rooms for dressing; and
  - (ii) 540 Lux at the inspection point; and
- (i) toilets and associated or adjacent hand wash facilities with running water.

**Permanent depots**

25. Permanent depots must be approved by the PEO and must comply with the requirements for transferable depots referred to in regulation 24, but in addition –
- (a) the frame must be fixed on a curbed and drained concrete base;
  - (b) roadways, walkways and the immediate area surrounding the depot must be dust and mud free; and
  - (c) have an underground effluent disposal system.

**C. Food safety practises and related matters****(1) Offal handling****Red offal****Depot**

26. (1) Red offal must be protected against contamination during evisceration, meat examination and handling at the depot, transportation to an abattoir and within the abattoir.
- (2) Evisceration and inspection of red offal must only be done at the depot or abattoir.
- (3) Red offal must be protected against contamination during evisceration, game meat examination and handling at the depot, transportation to an abattoir and within the abattoir.
- (4) Red offal intended for human consumption must be transported to the abattoir and must be identifiable and correlated to the carcass of origin.
- (5) Detained red offal at the depot must be kept separate from the rest of the consignment, in marked, lockable and leak proof containers until after inspection at the abattoir.
- (6) Condemned red offal must be handled in the prescribed manner.
- (7) Red offal passed for human consumption by the registered inspector may be washed with potable running water to remove excess blood.

**DRAFT - May 2016**

17

**Abattoir**

27. (1) Red offal may be washed with potable running water, hung on hooks or placed in containers and chilled in a red offal or game carcass chiller, to reach a core temperature less than 7 °C within 16 hours of chilling, but it need not be chilled at the abattoir if dispatched on a continuous basis through a protocol approved by the PEO.
- (2) Red offal must not be stored, or come into contact, with rough offal, except in a holding freezer and the products are packaged.
- (3) Further separation, cutting and packing of red offal must be done in a separate area or room.
- (4) Heads may only be demasked on the dressing floor and defleshing must take place in the area or room mentioned in sub-regulation (3).
- (5) Where red offal is packed in cartons, containers or plastic bags for dispatch, chilling or freezing –
- (a) it may only be done in an area or room separate from the dressing area/room and equipment must be provided for this function;
- (b) storage facilities for clean empty bags or containers, for a day's use, must be provided; and
- (c) bulk storage facilities must be provided for packing material.
- (6) Cartoned offal may not be stored in the same chiller as game carcasses or uncartoned offal: Provided that the PEO may allow this per protocol in rural and low throughput abattoirs.

**Rough offal****Depot**

28. (1) Rough offal must be protected against contamination during evisceration, meat examination and handling at the depot, transportation to an abattoir and within the abattoir.
- (2) All rough offal must be made available for meat examination and correlated to the carcass of origin.
- (3) Rough offal passed by a registered inspector may be released directly for human consumption within four hours of shooting, through a protocol approved by the PEO. Rough offal from evisceration carried out outside a depot or abattoir must be condemned.
- (4) If rough offal cannot be released for human consumption at the depot within four hours of shooting, it must either be condemned or washed and frozen immediately or reach the abattoir within four hours to be handled as contemplated in regulation 29.
- (5) The paunches may be emptied at the depot in a hygienic manner and the stomach content collected at the depot must be handled and disposed off in accordance with regulation 53(k).

**Abattoir**

29. (1) Correlation of all rough offal to game carcasses of origin must be maintained until final inspection of the game carcasses has been completed.
- (2) Rough offal of harvested game that were eviscerated and inspected at the depots must be brought into the rough offal room through the rough offal room exterior door.
- (3) Rough offal, excluding heads and feet, received from depots must be washed immediately upon arrival.
- (4) Rough offal eviscerated at the abattoir must be removed from the dressing area or room to the offal room directly adjacent and connected thereto.
- (5) paunches and intestines must be –
- (a) separated and emptied of its contents;
- (b) washed with potable running water; and

**DRAFT - May 2016**

18

- (c) hung on hooks for cooling and drip drying before and during chilling.
- (6) Equipment must be provided for the emptying of paunches and intestines and the paunch and intestinal content must be removed continuously.
- (7) Where washed paunches or intestines are packed in containers or plastic bags for dispatch, chilling or freezing, a storage facility for clean bags or containers, for a day's use, must be provided.
- (8) Edible washed rough offal must be stored in a chiller at an air temperature not exceeding minus 2°C, but it need not be chilled at the abattoir if dispatched on a continuous basis through a protocol approved by the PEO.

**Additional cleaning of rough offal**

- 30.
- (1) The process as well as the equipment used to additionally clean offal must be verified by the PEO.
  - (2) A separate room, which is of sufficient size and so arranged that the hygiene of the operation is assured, must be provided.
  - (3) Separate containers must be used for washed and additionally cleaned offal.
  - (4) Additionally cleaned offal must be removed from the room mentioned in regulation 28(2) without delay.
  - (5) Where applicable, separate rooms must be provided for –
    - (a) dehairing of heads, hooves and feet; and
    - (b) skinning, defleshing and splitting of heads and the recovery and packing of brains.
  - (6) Where additionally cleaned rough offal is packed for dispatch, chilling or freezing –
    - (a) it may only be done in a separate room or area and equipment must be provided for this function; and
    - (b) a storage facility for clean bags or containers, for daily use, must be provided.
  - (7) Additionally cleaned rough offal must be stored in a chiller at an air temperature not exceeding minus 2 ° C, but it need not be chilled at the abattoir if dispatched on a continuous basis through a protocol approved by the PEO.

**(2) Cutting procedures at cutting plants attached to abattoirs and those producing for the export market**

(See also Regulation 7)

**General**

- 31.
- (1) Only game carcasses or game meat that was passed or conditionally passed, may be presented for cutting.
  - (2) All game meat received at a cutting plant must be verified by a registered inspector that –
    - (a) documentation pertaining to the origin of such meat is available;
    - (b) effective meat inspection was done on such meat and that it was passed; and
    - (c) the cold chain was maintained and that the meat core temperature is 7°C or less;
  - (3) All game meat presented for cutting must be free of contamination.
  - (4) No game meat that exhibits signs of spoilage may be cut.
  - (5) A registered inspector may at any time require any packed game meat to be re-opened for inspection, and may authorize the resealing of such opened container or carton with meat.
  - (6) A linear production flow must be followed by avoiding cross flow, backtracking and accumulation or congestion of meat at any stage of the production process.

**DRAFT - May 2016**

19

**Cutting**

32. (1) All the cutting, dicing or mincing must be so arranged that the hygiene of all the operations is assured.
- (2) Bones derived from cutting procedures must be removed regularly to a suitable room or container provided specifically for this purpose.
- (3) Game meat obtained from cutting and found unfit for human and animal consumption must be collected in properly marked containers or facilities and removed from the premises in accordance with Part VIII.
- (4) Meat that has been cut must be chilled, or freezing started, within one hour of cutting.
- (5) Game meat may be cut while warm if –
- (a) it is transferred directly from the dressing room to the cutting room in a single operation, the cutting room being in the same building or on the same premises as the dressing room;
  - (b) cutting is carried out immediately after transfer; and
  - (c) this procedure is done according to a protocol approved by the PEO.

**Wrapping**

33. (1) Wrapping materials may not be kept in a cutting room in quantities greater than the daily requirement, and must be so stored and handled as to maintain them in a clean condition up to the moment of use.
- (2) Exposed game meat may not come into contact with cartons, except where waxed cartons are used.
- (3) The owner of the establishment must ensure that in contact wrapping material is –
- (a) strong enough, when used as intended, to protect the meat;
  - (b) of such a nature that no harmful substances can leach from it into the meat; and
  - (c) clear so as not to alter the colour of the meat when viewed from outside the wrapping.

**Temperature control**

34. (1) The air temperature of a room where game meat is cut and packed, must be maintained at or below 12<sup>o</sup>C.
- (2) Cut game meat must be subjected to uninterrupted chilling to maintain a core temperature at or below 7<sup>o</sup>C.
- (3) frozen game meat may not be dispatched before a core temperature of minus 12<sup>o</sup>C has been reached.
- (4) Holding freezers must be able to provide uninterrupted core temperature of the product at minus 18<sup>o</sup>C.
- (5) Temperature capabilities must be as specified in regulation 38.

**Sanitation**

35. (1) The cleaning and sterilization procedure of portable and other equipment must comply with Part II(C)(5).
- (2) Sanitizing and sterilizing of hand and other equipment must be done during working hours.

**Processing**

36. Processing must comply with the requirements set in the Requirements for Food Premises under the Foodstuffs, Cosmetics and Disinfectants Act, 1972 (Act No. 54 of 1972).

**DRAFT - May 2016**

20

**(3) Chilling and freezing at abattoirs****Requirements**

37. (1) All chilling, freezing and cold storage facilities for game meat must comply with the structural requirements for all abattoirs contained in Part II B(1).
- (2) Chillers and freezers must be equipped with dial thermometers or continuous thermo-recorders, to give an accurate indication of the air temperature within the room.

**Temperature capability**

38. (1) A chiller used for chilling warm game meat, game carcasses, sides, quarters or portions must be capable of providing uninterrupted cooling to reduce the core temperature of the game meat and game carcasses to 7°C before dispatching.
- (2) The defrost mechanisms for freezers and chillers must –
- (a) prevent the build-up of ice on the evaporator coil surfaces to levels detrimental for temperature maintenance;
  - (b) where a chiller or freezer contains meat during a defrosting cycle, defrosting of each evaporator coil must be completed within 30 minutes; and
  - (c) drainage connections of ample size must be provided from drip trays of air cooling units and must lead to ground level outside of the room or directly into the drainage system.
- (3) A chiller or freezer must have a visible permanent notice fixed to the outside, stating –
- (a) the cubic capacity of the room;
  - (b) the type of product which may be chilled, frozen or stored in it;
  - (c) the maximum permissible product load in kilograms or number of game carcasses for that room;
  - (d) the final temperature required for the game meat in degrees Celsius and the minimum period of time, in hours, which is necessary for this temperature to be achieved; and
  - (e) in the case of a storage chiller or freezer, the maximum permissible mean temperature value at which game meat may be introduced.

**Loading practices for chillers and freezers**

39. (1) Game meat must be chilled in a hanging position ensuring air circulation or, if packed in containers, stacked so as to ensure air circulation.
- (2) No game meat may be stacked directly on the floor.
- (3) Warm game carcasses may not be loaded into a chiller containing chilled game meat.
- (4) No carcass or game meat –
- (a) which is unfit for human consumption or may have a detrimental effect on other game meat may be stored in a chiller or freezer containing edible products; and
  - (b) A carcass or game meat must be removed immediately if it deteriorates to such a state as determined by the registered inspector.
- (5) No exposed game meat may be stored in a freezer or chiller containing cartoned products.
- (6) Rough offal may not be stored in a holding freezer which contains game carcasses, game meat or red offal, unless all these products, including the rough offal, are wrapped and packaged.
- (7) No item or product other than game meat may be stored in a chiller or freezer except in the case of holding freezers, where approval has been granted by the registered inspector.

**Ice**

40. (1) The use of ice as a coolant in an abattoir is subject to prior approval of the system by the

**DRAFT - May 2016**

21

PEO.

- (2) Ice incorporated in any system or equipment which is utilized for the chilling of game meat must be made from potable water.
- (3) Equipment or systems incorporating ice as coolant for game meat must be designed and operated in such a manner that water melting off the ice will not adversely affect the product or adjacent areas.

***Sanitation and vermin control***

41. (1) Equipment used in chillers, freezers or cold storage facilities that may come into direct contact with the game meat must be kept in a clean and hygienic condition, and provision must be made for cleaning and sterilizing such utensils directly after use.
- (2) Ice formation in freezers must be prevented and freezers must be defrosted and sanitized as frequently as may be required by the registered inspector.
- (3) Freezers and chillers must be free from vermin, toxins, mould and bacterial growths.
- (4) Chillers, freezers and cold storage facilities must be free from odours which may be absorbed by game meat.
- (5) Chillers in regular use must be sanitized immediately after dispatch of all game meat.

***Records***

42. (1) Thermo-control records must be available on request by the PEO or NEO.
- (2) Checks must be done according to the requirements of the Food Safety Management System in practice.

**(4) *Loading practices for transportation of game meat***

***Loading and transport in general***

43. (1) A vehicle used for the transport of game meat must comply with the requirements set in the Requirements for Food Premises under the Foodstuffs, Cosmetics and Disinfectants Act, 1974 (Act 54 of 1974) and must be inspected by the registered inspector prior to loading.
- (2) Rough offal may not be loaded in the same loading space as game carcasses, portions or red offal, unless such rough offal is kept in clean, waterproof containers with tight fitting lids, complying with specifications for equipment as set in Part II B(1).
- (3) No cartoned or wrapped products may be loaded in the same loading space with exposed game meat.
- (4) Chilled, game carcasses, sides and quarters that are unwrapped must be suspended without touching the floor and where such chilled game meat is wrapped, it may not be stacked on the floor if this results in the deterioration of air movement in the loading space.
- (5) Unwrapped game meat may not be loaded directly onto the floor.
- (6) Where required by the PEO, the driver of a vehicle transporting game meat must provide the name, address and contact details of the owner of the vehicle.
- (7) Game meat returned to an abattoir or cold storage facility may not be accepted unless by a protocol approved by the PEO.
- (8) Loading of game meat by informal traders must be regulated by a protocol approved by the PEO but without compromising hygiene or safety standards.
- (9) Loading and transportation of game meat must comply to relevant requirements that may be set from time to time under the Animal Diseases Act, 1984 (Act 35 of 1984)

**DRAFT - May 2016**

22

**(5) Sanitation****Water and equipment**

44. (1) There must be available for sanitation purposes –
- (a) potable or drinking water;
  - (b) hot water at a minimum of 82°C in sterilisers for disinfecting hand equipment;
  - (c) water at not less than 40<sup>0</sup>C and not too hot to comfortably wash hands; and
  - (d) water at a minimum of 40°C for general cleaning purposes.
- (2) The abattoir owner must supply all the necessary sanitation equipment.

**Sanitation programmes**

45. (1) Sanitation programmes must be approved by a registered inspector.
- (2) A detailed post slaughter sanitation programme must be in place containing –
- (a) a list of all areas and rooms to be cleaned;
  - (b) the frequency of cleaning;
  - (c) step by step cleaning procedures for each area, room or equipment including ablution facilities, game meat transport vehicles;
  - (d) technical sheets of the chemicals used must be available with reference to accredited approval for use in game meat abattoirs, active ingredients, dilution rates and applications;
  - (e) results, including microbiological monitoring, to be obtained as the objective of the sanitation programme; and
  - (f) job descriptions and a training programme for all cleaners.
- (3) Programmes must be in place for continuous cleaning during –
- (a) work periods;
  - (b) breaks; and
  - (c) shift changes.
- (4) Sanitation must commence immediately after production for the day or shift has ended but, no sanitation may commence in any area before all edible game meat and game products have been removed to prevent contamination.
- (5) A new shift may not commence before all areas, rooms and equipment have been cleaned and disinfected and an effective pre-production monitoring programme must be in place to ensure cleanliness of all facilities before production commences.

**Chillers and freezers**

46. (1) Chillers must be sanitized before a fresh load of game meat is loaded.
- (2) Chillers may not be sanitized if it contains game meat.
- (3) Freezers must be defrosted and thoroughly sanitized at least once a year or more often if required by a registered inspector.

**DRAFT - May 2016**

23

**PART III****FOOD SAFETY MANAGEMENT AND EVALUATION SYSTEMS**

[Section 11(1)(e)]

***Food safety management system (FSMS/HMS)***

47. The owner of an abattoir, cutting plant or depot must –

- (a) define the scope of the Food Safety Management System (FSMS) in terms of product, processes and production;
- (b) develop, implement and maintain a documented FSMS;
- (c) continuously improve the system;
- (d) include detailed information on measures or programmes required to monitor identified control points, including the methods of monitoring or checking these control points for approval by the PEO;
- (e) provide relevant records of observations, checks, measurements or results;
- (f) provide risk based sampling programmes for laboratory analyses, as well as names of approved laboratories to do the required analyses;
- (g) provide written accounts of decisions relating to corrective actions when taken; and
- (h) assess the food hygiene status of the abattoir or depot by means of the Hygiene Assessment System (HAS) and provide results to the PEO for verification as frequently as he or she may require.

***Document management system***

48. A document management system must provide for –

- (a) the accessibility of documents relating to an identified harvest batch;
- (b) the recording of each harvest batch containing information regarding date of harvesting, species harvested, mass, quantities, identification, animal health status of farm and destination for game carcasses as well as cut game meat;
- (c) a documented game product traceability and recall procedure approved by the PEO; and
- (d) records pertaining to the system must be available for a period of five years.

***Schematic plan of abattoir and depot***

49. The owner must on request provide an updated schematic plan of the abattoir and depots, which must include details of –

- (a) all the different areas on each level;
- (b) all the different rooms in each area identified, indicating the process or operation including the capacities or rates of operation that take place in such rooms;
- (c) the flow of the game product;
- (d) ancillary structures on the premises;
- (e) the required temperature as well as the capacity of each room where temperature is controlled;
- (f) the different ablution facilities for workers in clean and dirty areas as well as the personnel entrances to the different areas;
- (g) all entrances to rooms, areas and building; and
- (h) boundaries, indicating entrances and exits to and from premises.

**DRAFT - May 2016**

24

**Flow diagram of harvesting and dressing processes**

50. The owner must on request provide a flow diagram of the harvesting as well as the dressing process which includes –
- (a) all steps involved in the process, including delays during or between steps, from harvesting, receiving of the game carcasses to placing of the end game product on the market; and
  - (b) details and technical data including equipment layout and characteristics, sequence of all steps, technical parameters of operations, flow of game products, segregation of clean and dirty areas, hygienic environment of the abattoir and harvest depots, personnel routes and hygienic practices, game product storage and distribution procedures.

**Potential hazards**

51. The owner must conduct a hazard analysis and prepare a list of all potential biological, chemical or physical hazards that may occur at each harvesting and dressing step of the process.

**Prevention of hazards**

52. (1) The owner must prepare a written hazard management programme to prevent, eliminate or reduce hazards mentioned in regulation 51 to acceptable levels and must –
- (a) ensure that management programmes for each hazard are implemented;
  - (b) establish critical limits for critical control points;
  - (c) establish procedures that will be used for monitoring or checking and verification for each critical control point ;
  - (d) prepare written corrective actions required and assign responsibility without hesitation when a deviation from a critical limit is observed and such corrective action must specify that –
    - (i) the cause of the deviation is identified and eliminated;
    - (ii) the critical control point is under control after the corrective action is taken;
    - (iii) measures to prevent recurrence are established; and
    - (iv) no game product that is injurious to health as a result of the deviation enters the game meat chain.
- (2) The registered inspector shall verify the adequacy of the hazard management programme and such verification includes reviewing the hazard management plan, critical control points records, critical limits, other records pertaining to the hazard management programme, determining the adequacy of corrective actions taken when a deviation occurred, direct observation or measurement at a critical control point, sample collection and analysis to determine that the harvested game meets all safety standards.

**Hygiene management programmes (HMP)**

53. The owner of the abattoir must develop, implement and maintain an effective –
- (a) HMP for ante-mortem inspection, including measures to –
    - (i) identify animals with diseases and conditions of which signs may not be visible during post-mortem game meat inspections;
    - (ii) identify animals with contagious diseases or diseases controlled under the Animal Diseases Act 1984 (Act No. 35 of 1984);
    - (iii) identify animals that pose a public health risk;
    - (iv) prevent the harvesting of such animals as identified above;
    - (v) ensure that all harvested game carcasses which for some reason or other cannot be processed into safe game meat are identified as being condemned and handled in accordance with Part VIII;
    - (vi) ensure that each batch of animals supplied to the abattoir has a health declaration; and

**DRAFT - May 2016**

25

- (vii) ensure that partially dressed game carcasses originate from an approved depot.
- (b) HMP for harvesting and dressing, including –
  - (i) harvesting and dressing procedures which must limit any contamination to the absolute minimum;
  - (ii) measures to ensure hygienic practices before, during and after harvesting and dressing, which must be monitored by the registered inspector;
  - (iii) control measures to ensure that no contamination of game meat and edible game products occur from –
    - (aa) the external surface of the harvested game animal;
    - (bb) wind and dust;
    - (cc) the contents of hollow organs;
    - (dd) persons working with edible game products; or
    - (ee) contact with unclean objects;
  - (iv) training of all workers in correct harvesting and dressing techniques including principles of hygiene practices; and
  - (v) a programme for the daily checking of game carcasses after dressing for soiling which must provide for regular checking of a representative sample of game carcasses throughout the game production period on a random basis and to determine the levels of contamination of game carcasses;
- (c) HMP for game meat inspection, at harvesting, at a depot and at an abattoir of which the supervisory registered inspector must monitor game meat inspection and which will include –
  - (i) written measures to ensure –
    - (aa) that game meat inspection is done according to Part VI;
    - (bb) the competency of trained persons and game meat inspection personnel;
    - (cc) the personal hygiene of the game meat inspection personnel;
    - (dd) that heads, red and rough offal are correlated to the game carcasses of origin;
    - (ee) the security of detained game carcasses and organs;
    - (ff) the security of provisionally passed game carcasses and organs;
    - (gg) the security of the stamp of approval;
    - (hh) the security of condemned products; and
  - (ii) the implementation of standard operational procedures (SOP's) to ensure the game production of safe game meat;
  - (iii) Monitoring of game meat inspection by a supervisory registered inspector;
- (d) HMP for personal hygiene of workers in terms of which –
  - (i) a general code of conduct, approved by a registered inspector, for personnel and in particular for workers who come into direct contact with game meat and edible game products, must be available;

**DRAFT - May 2016**

26

- (ii) a training programme, as well as registers of attendance, for all personnel to apply the principles of the code of conduct referred to in subparagraph (i) must be available; and
- (iii) records of surveillance and supervision including records of disciplinary action in cases of repetitive misconduct or non-compliance must be available;
- (e) HMP for medical fitness of workers in terms of which –
  - (i) records of initial medical certification that workers are fit to work with game meat and edible game products, prior to employment, must be available; and
  - (ii) records of daily fitness checks, including corrective actions applied in cases of illness and injury, must be available;
- (f) HMP for steriliser temperatures and maintenance of sterilisers in terms of which measures to ensure the continuous availability and accessibility of sterilisers in good working order at temperatures of at least 82 °C, including registers for daily checks indicating frequency of checks as well as corrective action procedures in cases of non-compliance, must be available and in cases where chemical sterilisers are used on harvesting vehicles and depots, these must be maintained as required and a register kept;
- (g) HMP for the availability of liquid soap and soap dispensers, toilet paper, and disposable towels, in terms of which measures to ensure the continuous availability and accessibility of liquid soap and soap dispensers for hand-washing purposes, toilet paper and disposable towels at pre-identified points must be available;
- (h) HMP for sanitation and continuous cleaning including a cleaning schedule providing –
  - (i) a list of all the areas to be cleaned;
  - (ii) a list of all the rooms that have to be cleaned within every area;
  - (iii) the name of the person responsible for the cleaning of each area, section or room;
  - (iv) for each room within a particular area, a detailed description of the cleaning of each structure, including –
    - (aa) the frequency of cleaning;
    - (bb) step by step methods of cleaning;
    - (cc) data of the chemicals which are used, such as registration data, safeness, dilutions, application prescriptions;
    - (dd) the correct application of the detergents such as dilution, temperatures and contact times;
    - (ee) the rinsing off of applied chemicals; and
    - (ff) the results to be obtained as an objective of the cleaning programme;
  - (v) an addendum for each room in which the cleaning of each structure must be described in detail including aspects such as method, frequency and target results;
  - (vi) for the training of cleaning teams in the execution of these programmes;
  - (vii) for control over the storage of detergents to prevent contamination of edible game products;
  - (viii) a detailed description for continuous cleaning in the meat handling areas during dressing, which must include –

**DRAFT - May 2016**

27

- (aa) a list of all the actions in this programme including the cleaning of moving equipment and crates; and
- (bb) a step by step description of each action;
- (ix) for these programmes to be approved by a registered inspector; and
- (x) for laboratory checks as control of effectiveness of the cleaning programmes to be instituted and documented;
- (i) HMP for availability and quality of water in terms of which –
  - (i) the owner of the abattoir or depots must account for the source of water supply and the status of such water;
  - (ii) the owner must be able to demonstrate the water distribution system within the abattoir or depots and provide an updated schematic plan of the water distribution on the premises;
  - (iii) a sampling programme must be followed to ensure that all outlets, including water hoses are checked on continuous basis within allotted periods of time, and the sampling procedure must be described; and
  - (iv) the owner is responsible to ensure that water used in the abattoir or depots is potable and that records of microbiological and chemical water test results are available;
- (j) HMP for vermin control in terms of which the owner of the abattoir or depot must provide a written control programme for each vermin type, and such programme must include –
  - (i) schematic drawings indicating the position of bait stations;
  - (ii) a poison register, including specifications for the use of different poisons;
  - (iii) training programmes for persons working with poisons; and
  - (iv) routine checking of bait stations;
- (k) HMP for waste disposal, including condemned products, in terms of which –
  - (i) the owner of the abattoir or depot must provide a written control programme for the removal of each different category of waste material including general refuse removal; and
  - (ii) security arrangements to prevent condemned products from entering the food chain must be described;
- (l) HMP for in-contact wrapping and packaging materials in terms of which –
  - (i) the owner of the abattoir or depot must have a written control programme addressing the suitability as well as the storage and handling of all in-contact food grade wrapping and packaging material;
  - (ii) measures to prevent contamination in store rooms must be provided; and
  - (iii) measures to prevent contamination of wrapping materials must be provided;
- (m) HMP for maintenance, providing for the owner of the abattoir or depot to provide a document addressing the routine maintenance of all equipment and structures; and
- (n) HMP for temperature control in terms of which –
  - (i) a plan must be provided that indicates the layout of all the chillers, freezers and dressing areas and rooms where temperature control of the rooms is required including –
    - (aa) each temperature controlled room or area;
    - (bb) the number of the room or area;
    - (cc) the temperature requirement of each room; and
    - (dd) the throughput of each room;

**DRAFT - May 2016**

28

- (ii) each room or chilled vehicle used to transport game carcasses from the harvesting area, must be equipped with a recording thermograph, or equivalent means of monitoring and recording must be used, that indicates the temperature measurements in the room or chilled vehicle on a continuous basis;
- (iii) the graphs or data must provide the actual time and temperature as well as the correct date;
- (iv) annual calibration and certification to this effect must be available;
- (v) records in respect of regular testing of digital thermographs and meters against a certified fluid in glass thermometer, done by the owner, must be available;
- (vi) placing of the thermo-sensors within rooms must be representative of the temperature in the room;
- (vii) if a centralized computer system is used for this purpose all the relevant temperatures must be recorded on an ongoing basis at most every 30 minutes;
- (viii) the temperature status of every room must be checked at most every 12 hours by the owner to ensure maintenance of temperatures and all deviations must be accounted for;
- (ix) checks by the owner must be recorded on the temperature control records;
- (x) any deviations from the required temperature must receive immediate corrective attention;
- (xi) the hygiene manager must be notified immediately in every case where a temperature breakdown has occurred;
- (xii) records must be available for inspection by the NEO or PEO; and
- (xiii) the hygiene manager must indicate daily control checks by way of signature on the records.

#### PART IV

#### REQUIREMENTS FOR PERSONS ENTERING ABATTOIRS

[Section 11(1)(f)]

##### *Visitors entering an abattoir*

54. All persons entering an abattoir, including management, visitors and maintenance personnel, must be issued by the owner with clean suitable protective clothing complying to regulation 57(1).

##### *Medical records of employees*

55. (1) Before employment at an abattoir or a cutting plant, a medical certification must confirm that a person is –
- (a) healthy and physically able to work as a meat handler; and
  - (b) not exhibiting visible signs and symptoms of a communicable disease.
- (2) All medical records pertaining to medical examinations and daily fitness checks must be available to the PEO or the registered inspector.

##### *Fitness checks*

56. The owner must ensure that all –

**DRAFT - May 2016**

29

- (a) personnel are examined daily, before starting work, for conditions such as suppurating abscesses, sores, cuts and abrasions which may pose a food safety risk, and persons so affected may not work with edible game products;
- (b) cuts and minor injuries must be covered with a durable waterproof dressing, surgical gloves or rubber finger guards;
- (c) personnel who were ill for three days or longer, present medical certificates to indicate that they are now fit to handle foodstuffs; and
- (d) personnel immediately report any injury to the owner.

**Protective clothing**

57. (1) Protective clothing must be light coloured, clean, in good repair and must include safety hats, hair nets, beard nets, head and shoulder capes, white gumboots and safety boots compliant with hygiene requirements and waterproof aprons as required by the work situation.
- (2) At the start of each working day or shift, the owner must provide personnel with clean protective clothing.
- (3) The owner must ensure that such clean protective clothing is stored and handled so that it does not make contact with private clothing.
- (4) Private and protective clothing must not be kept together.
- (5) Protective clothing must be changed or cleaned when it becomes contaminated by obnoxious matter or becomes dirty.
- (6) The workers in the clean and dirty areas must wear distinctive protective clothing, identifying which workers work in the respective areas.
- (7) Protective clothing must completely cover all personal clothing.
- (8) Personnel may change into protective clothing only in appropriate change rooms and items of protective clothing left in the abattoir working areas may only be placed or hung in areas designated for these items.
- (9) Personnel may not sit or lie on the ground in their protective clothing during rest periods and may never wear protective clothing outside the premises.
- (10) The abattoir owner must provide laundry facilities or make use of a laundry service and personnel must not be allowed to take protective clothing home to be washed.

**Showering and washing of hands**

58. Personnel who handle foodstuffs must –

- (a) wash their hands and fore-arms with a liquid germicidal soap and running water immediately after they become soiled or after having used a toilet or when entering a working area; and
- (c) shower when excessively soiled or as may be required by the registered inspector.

**Prohibitions**

59. (1) Jewellery, including traditional objects, may not be worn in an area where game meat is handled.
- (2) Fingernails must be short, clean and free of nail varnish.
- (3) Eating, drinking or using or handling tobacco are not allowed in any area where game meat is handled.
- (4) Drugs, liquor or any intoxicating substance may not be brought into any part of the premises and a drugged or intoxicated person may not be allowed to enter any part of harvesting area, depot or abattoir.
- (5) Personnel must refrain from any contaminatory actions.
- (6) Accommodation of personnel within the abattoir premises is prohibited.

**DRAFT - May 2016**

30

- (7) No pets are allowed at the harvesting area, depot or abattoir premises.

**Training**

60. (1) An owner of an abattoir must ensure that all his slaughter personnel participate or have participated in a training programme which emphasizes –
- (a) correct game harvesting and slaughter procedures as set out in these regulations; and
  - (b) good food safety practices for game harvesters and abattoir personnel.
- (2) Training requirements for trained persons and registered inspectors are:
- (a) All qualifications to be registered as a registered inspector as indicated in regulation 101 must be accredited by the South African Qualifications Authority (SAQA), provided that the training for a game meat examiner may be accredited by a different competent accreditation authority.
  - (b) All persons in possession of qualifications as mentioned in sub-regulation 60(2)(a) must have undergone practical training in game meat examination.

**PART V****HARVESTING AND DRESSING OF GAME**

[Section 11(1)(h)]

61. Game animals and game meat harvested from specified disease control areas must be handled according to a specific procedure as approved for the control of that particular disease by the NEO or Director of Animal Health (Animal diseases Act, 1984).

**General**

62. (1) For game carcasses that were brought directly to the abattoir and were not eviscerated at a depot, regulation 68 is applicable.
- (2) All flaying equipment making contact with game meat must be sterilised after use on each game carcass.
- (3) Opening incision lines on a hide or skin must be made with a clean sterile hand knife from the inside to the outside (spear cuts) and mechanical flaying knives must not be used for this purpose.
- (4) Contact of the exposed game meat with platforms, walls, floor, outer surface of the skin or hide and soiled equipment must be avoided at all times.
- (5) Prior permission must be sought from the registered inspector at the abattoir to shoot game animal for trophies with the intention for the meat to enter the commercial market, provided that the NEO may require prior notification for such activity.

**Shooting**

63. (1) Game must be shot by an individual who has the relevant competency as required by the Fire Arms Control Act, 2000 (Act No. 60 of 2000).
- (2) All game shot with the intention of the game meat ultimately entering the commercial food chain, including trophy hunting, must be handled, from shooting until dispatch at the abattoir, in accordance with the provisions of these regulations.
- (3) Shooting must be carried out by or under the monitoring of a registered inspector, including a trained person where applicable.
- (4) Shooting must be done humanely so that it is reliably expected to cause immediate death.
- (5) Thoracic and abdominal shots must be avoided and game carcasses with such

**DRAFT - May 2016**

31

wounds must be marked for attention of the registered inspector.

- (6) In cases of trophy animals being hunted, where head and neck shots are undesirable, a thoracic shot to the heart is accepted provided that the carcass is marked for special attention of the registered inspector at the depot or abattoir.
- (7) Game animals wounded during harvesting that are still alive must be shot dead before making the bleeding incision.
- (8) Care must be taken to avoid the shooting of heavily pregnant game animals.

**Bleeding**

64. (1) Game must be bled within 10 minutes of being shot dead.
- (2) Bleeding is done by means of severing the jugular vein and carotid artery on either side of the neck (throat slitting).
- (3) Every harvested game animal must be bled with a clean and sterilised knife.
- (4) All trophy game animals harvested with the intention of the game meat entering the commercial food chain must be bled by sticking a clean and sterilised knife through the heart from the lowest ventral point of the thorax.
- (5) The different categories must be bled in the following ways:
  - (a) Category C or small animals – in a hanging position;
  - (b) Category B or medium animals – in a hanging or downward sloping position of not less than 20°; and
  - (c) Category A or large animals – in a lying position.

**Transport of harvested game to depot or abattoir**

65. (1) Harvested game animals must be transported from the point of harvesting to a depot or abattoir within two hours after being bled.
- (2) Care must be taken to minimize contamination of the neck slit area when transporting the game carcass to the depot or abattoir.

**Receiving of partially dressed game carcasses at abattoir**

66. (1) All partially dressed game carcasses received at an abattoir must be accompanied by an inspection report from the registered inspector at the depot, except if an abattoir is situated on the game farm where harvesting is done.
- (2) Partially dressed game carcasses received at a game abattoir must –
  - (a) be offloaded and moved to the holding chillers for partially dressed game carcasses without delay; or
  - (b) if a chiller vehicle, connected to the receiving area by a docking seal, is used to hold partially dressed game carcasses before dressing, the doors of the vehicle must be kept closed when not offloading.
- (3) Flaying and final dressing of partially dressed game carcasses may only be done in an abattoir.

**Removal of heads and feet**

67. (1) Heads and feet may be removed at the depot provided that correlation with the carcass is kept until game meat inspection is completed.
- (2) In cases where heads and feet are intended for human consumption, these game products must be transported to the abattoir and be correlated to the game carcasses of origin.
- (3) Horns may be removed with part of the cranium and stored separately.

DRAFT - May 2016

32

- (4) Game carcasses may not be cleaned, wiped or dried with a brush or cloth.

**Evisceration**

68. (1) Evisceration must take place at the depot or abattoir within two hours of bleeding.
- (2) In exceptional cases where the harvested game cannot be transported to the depot or abattoir for evisceration within two hours after bleeding and bloating has occurred, evisceration must take place in the field, provided that a registered inspector or trained person, where applicable, gives permission.
- (3) If evisceration as contemplated in sub-regulation (2) is not performed in the presence of a registered inspector, a trained person must supervise the evisceration and the rough offal must be correlated to the carcass of origin and submitted to the registered inspector at the depot or abattoir for inspection.
- (4) All care must be taken to avoid contamination of the partially dressed game carcass and red offal during evisceration as contemplated in sub-regulation 2. The exposed meat must not make contact with the ground and evisceration must occur in the absence of dust.
- (5) Rough offal as contemplated in sub-regulation (3) must be condemned and disposed off in accordance with the HMP on waste management.
- (6) Game carcasses must be transferred from the harvesting vehicle to a clean slaughter frame in such a manner as to avoid contamination or soiling.
- (7) Opening incision lines on a hide or skin must be made from the inside to the outside (spear cuts) with a clean sterilised knife for each carcass.
- (8) Lactating udders must be removed with the skin on, in such a way to prevent milk contamination, leaving the *Lnn inguinalis superficialis* on either side intact on the carcass.
- (9) Lactating udders and uteri must be condemned.
- (10) Game reproductive organs and any part not utilized commercially must be handled as condemned products and placed in appropriate containers, unless otherwise approved by the PEO through a protocol.
- (11) Contact of the exposed game meat with platforms, slaughter frames, floor, outer surface of the skin or hide and soiled equipment must be avoided at all times.
- (12) Partially dressed game carcasses may not be washed and accidental soiling must be cut off.
- (13) Heads, feet, rough and red offal must at all times be identifiable with the carcass of origin until game meat inspection is complete.

**Game meat inspection at a depot**

69. Game meat inspection must be done in accordance with Part VI of these regulations.

**Chilling and freezing of partially dressed game carcasses and offal**

70. (1) Partially dressed game carcasses and offal must be chilled within 12 hours of killing but when the ambient temperature is more than 15 °C, it must be chilled within four hours of being killed.
- (2) A core temperature of 7°C must be accomplished within 24 hours after chilling commences.
- (3) Edible washed rough offal must be stored in a chiller at an air temperature not exceeding minus 2° C.

**Loading and transport of partially dressed game carcasses and offal from a depot to an abattoir**

71. (1) The freight compartment of a vehicle used for the transportation of partially dressed game carcasses and offal shall –
- (a) have an interior surface made of an easy-to-clean and smooth, rust-free, non-toxic and non-absorbent material without open joints or seams; and

**DRAFT - May 2016**

33

- (b) be dustproof.
- (2) No person shall transport partially dressed game carcasses and offal in any part of a vehicle unless that part is clean and has been cleaned to such an extent that chemical, physical or biological contamination of the game product is prevented;
- (3) Loading practices for partially dressed game carcasses and offal must be in such a manner that -
  - (a) if partially dressed game carcasses and associated offal need to be held in a chiller vehicle for periods exceeding eight hours, the chiller unit must have the potential to chill such carcass to a temperature of less than 7°C within 24 hours of having been loaded;
  - (b) partially dressed game carcasses must be hung (where applicable) away from the floor in such a way as to ensure optimal airflow within the chiller space;
  - (c) partially dressed game carcasses must be handled and hung (where applicable) in such a manner as to avoid contact between skin surfaces and exposed game meat or body cavities;
  - (d) where edible rough offal and red offal is transported in the same load space as partially dressed game carcasses, it must be packed in separate closable leak proof containers;
  - (e) dressed carcasses or game meat must not be transported in the same cargo compartment with partially dressed game carcasses; and
  - (f) no live animal or person may be transported in the same cargo compartment with a game carcass.
  - (g) No non-food items are transported together with the game products as contemplated in this regulation.

#### **Final washing**

72. (1) A game carcass may be washed with running water under moderate pressure to remove bone chips from the split sternum and vertebrae and to wash off blood after completion of game meat inspection but care must be taken to avoid any contamination of the game product from over spraying, splashing and dripping from overhead and other structures
- (2) No person may apply to any game meat or game product any insecticide, antibiotic substance, or any substance which is intended to prevent spoilage by inhibiting the activities of insects, or by preventing the development of bacteria or moulds, or for any purpose whatsoever: Provided that this does not apply to a substance which complies with the requirements of the Foodstuffs, Cosmetics and Disinfectants Act, 1972, at levels not harmful or injurious to health and through a protocol approved by the NEO.

#### **Quartering**

73. Approved game carcasses may be halved and quartered in an abattoir before or after chilling but any further cutting must be done in a cutting plant.

**PART VI****GAME MEAT INSPECTIONS**  
[Sections 11(1)(j) and 11(1)(m)]**A ANTE-MORTEM AND HARVESTING INSPECTION*****Requirements for ante-mortem and harvesting inspection***

74. A trained person must be present at harvesting to perform a visual appraisal of the live game animal at time of harvesting to ensure that no animal showing signs of injury or diseases is harvested for commercial purposes;
75. Harvesting inspection must be performed during harvesting by a registered inspector or trained person to verify proper shooting, bleeding times, hygienic harvesting and transport procedures as described, as well as identifying abnormal conditions in the live as well as harvested game and deviations from procedures and in such cases alerting the registered inspector at the depot, abattoir or the State veterinarian, as the case may be.;
76. The NEO must randomly conduct inspections or audits of game farms to –
- (a) verify the health status and history of the farm in terms of diseases outbreaks and occurrences;
  - (b) verify the control and management of remedies, pesticides and veterinary applications;
  - (c) perform a risk analyses of all raw materials used as supplements or as additional nutrition.
77. The inspection or audit reports from the NEO must form part of the procedure and health program on the farm.

***Persons harvesting for commercial purposes***

78. The responsibilities of the person harvesting game are that –
- (a) no game animals showing signs of injury or disease are harvested for commercial purposes;
  - (b) all game carcasses which exhibit abnormalities during the harvesting inspection, including those that have been wounded, are identified and clearly marked and relevant information provided to the registered inspector, at the depot or abattoir, who must refer such carcass for secondary inspection by a registered inspector, who is a veterinarian, at the abattoir;
  - (c) any additional information including observations made by the harvesting team during harvesting must be communicated to the registered inspector or trained person, who may refer such information to the registered inspector at the depot or abattoir.

***The owners of animals being harvested***

79. The responsibilities of the owner of the game animals to be harvested for commercial purposes are that –
- (a) a declaration of health and origin must be provided to the registered inspector at the depot or abattoir for all game animals by the owner of the game animals and recorded by the abattoir owner and such declaration of health must contain -
    - (i) the date of harvesting;
    - (ii) the name and address of the owner and the farm;
    - (iii) the number of game animals and specie;
    - (iv) the health status of the herd, including the mortality rate; and

**DRAFT - May 2016**

35

- (v) details of any medication given as well as withdrawal periods and dates.
  - (vi) confirmation by the local state veterinarian that the disease status of the herd or area is such that the harvested game animals do not pose any animal and zoonotic diseases risk and are not under any control or surveillance programme that would render them not to be harvested for human consumption
- (b) game animals from restricted areas as contemplated in the Animal Diseases Act, 1984 (Act No. 35 of 1984) are harvested in compliance to the relevant policies;
  - (c) the owner of the game animals to be harvested may be required by the PEO to provide information on the dates of harvesting in advance;
  - (d) game animals for which there is reasonable suspicion to have been administered with antibiotics, immobilising drugs, tranquilisers or any other substance may only be harvested if the withdrawal periods of the medication or substance used has been observed;
  - (e) no game carcass or part thereof that has been condemned are brought into any part of a depot or an abattoir containing edible game products, but the registered inspector may authorize the salvage of the hide or skin, or any part of such game animal for the sole purpose of producing trophies or curios, providing that such condemned game animal may only be handled in the condemned products room in an abattoir after the slaughter for the day has been completed; and
  - (f) he or she must acquaint him or her-self with all guidelines issued by the NEO regarding harvesting of game animals.

**B PRIMARY MEAT INSPECTION**

80. Primary meat inspection must be conducted –

- (1) on partially dressed game carcasses and offal at a depot where a depot is part of game harvesting
- (2) on carcasses and offal at an abattoir, provided that offal already inspected at a depot need not undergo further inspection, unless the registered inspector at the abattoir, on the basis of the report from the registered inspector at a depot decides otherwise.

81. The registered inspector must inspect each partially dressed game carcass and matching viscera, head and feet noting any abnormalities and in the case of a game carcass that in his or her opinion may be utilised for human consumption, an inspection report must be submitted to the registered inspector at the abattoir which should state the identification number of the carcass, time of killing and problems encountered.

82. If the registered inspector is of the opinion that a game carcass is not suitable for marketing as fit for human consumption due to abdominal shots, gross pathology, soiling or any other reason, such carcass must not be transported to the abattoir with the rest of other game carcasses in the same vehicle.

83. Primary meat inspection of rough offal may be conducted by a registered inspector on the harvesting farm (at point of kill) if the carcass cannot be transported to the depot or abattoir within the stipulated time;

84. Lockable fly-proof containers for the collection of condemned products must be used during the process and the contents must be disposed of in a method approved by the PEO.

85. Offal that has been inspected on the harvesting farm must accompany the partially dressed game carcass to the depot (where applicable) and abattoir.

86. Identification and data collection for game animal disease surveillance must be in a format as determined by the NEO.

***Provisions for game meat inspection personnel***

**DRAFT - May 2016**

36

- 87 The PEO may determine the number of registered inspectors, required at a depot or in an abattoir after having considered the design of the facility, number of inspection stations, speed of harvesting or line speed in an abattoir, structural and managerial aspects.

**General provisions regarding game meat inspection**

- 88 (1) No game carcass, part thereof, rough or red offal may be sold or dispatched from an abattoir unless inspected and approved by a registered inspector and marked with the "PASSED" mark where applicable, as contemplated in Part VII.
- (2) All relevant information, including the harvesting report and health declarations must be taken into consideration when doing a game meat inspection.
- (3) An inspection report and health declarations must be submitted to the registered inspector at the abattoir which should state the identification number of the game carcass, time of killing, condemned statistics and problems encountered.
- (4) No person may remove, cut or debone or otherwise handle any game carcass or game meat prior to inspection.
- (5) No person may remove any sign or evidence of any disease, condition, contamination or soiling by washing, trimming or any other manner prior to a game meat inspection, unless this is done under supervision of a registered inspector.
- (6) No lymph nodes may be removed prior to a game meat inspection.
- (7) Heads, feet, rough and red offal must be identifiable with the game carcass of origin until inspection is done.
- (8) A registered inspector who is not a veterinarian, may condemn any offal, part thereof or part of a game carcass if he or she deems it to be unfit for human consumption

**GAME MEAT INSPECTION PROCEDURES****Specific Inspections****Specific inspection of category C game carcass and organs, excluding warthogs and bush pigs**

89. (1) The registered inspector must examine a game carcass by means of observation, palpation, smell and, where necessary, incision and take into consideration –
- (a) its state of nutrition;
  - (b) colour;
  - (c) odour;
  - (d) symmetry;
  - (e) efficiency of bleeding;
  - (f) contamination;
  - (g) pathological conditions;
  - (h) parasitic infestation;
  - (i) injection marks;
  - (j) bruising and injuries;
  - (k) any abnormalities of muscles, bones, tendons, joints, or other tissues; and
  - (l) the species, age, and sex of the animal from which it was derived.
- (2) When examining the hindquarter, the registered inspector must examine bilaterally –
- (a) the parietal peritoneum by observation;
  - (b) the *Lnn iliaci mediales et laterales* by observation;

**DRAFT - May 2016**

37

- (c) the *Lnn inguinalis superficialis*, *Ln subiliacus*, *Ln popliteus* and *Ln analis* by palpation;
  - (d) kidneys by exposure, observation and palpation and the *Lnn. renalis* by palpation; and
  - (e) the muscular part of the diaphragm by visual inspection.
- (3) When examining the forequarter, the registered inspector must examine bilaterally –
- (a) the parietal pleura and thoracic cavity; and
  - (b) *Lnn cervicalis superficialis* by palpation.
- (4) When examining the head, the registered inspector must –
- (a) visually examine the head; and
  - (b) if required, examine the throat, mouth, tongue and retro-pharyngeal and parotid lymph nodes.
- (5) The feet must be examined by observation.
- (6) When examining the red offal, the registered inspector must examine –
- (a) the surface of the visceral pleura by observation;
  - (b) the liver by palpation and incisions into the gastric surface and the base of the caudate lobe to open the bile ducts;
  - (c) the hepatic lymph nodes by multiple incisions into the *Ln. hepaticus*;
  - (d) the lungs, oesophagus and trachea by observation and palpation;
  - (e) the bronchial and mediastinal lymph nodes by observation;
  - (f) the pericardium and the heart by an incision made lengthwise to open the ventricles;
  - (g) the spleen by observation and if necessary palpation;
  - (h) both sides of the diaphragm by observation; and
  - (i) the testes and ovaries by observation.
- (7) When examining the rough offal, the registered inspector must examine –
- (a) the visceral peritoneum and omentum by observation;
  - (b) if necessary, the inner surfaces of the stomach and intestines but this examination will only take place in the rough offal room or detention area with separate equipment; and
  - (c) the gastric and mesenteric lymph nodes (*Lnn. gastrici, mesenterici, cranialis* and *caudalis*) by observation.

**Specific inspection of warthog and bush pig game carcasses and organs**

90. (1) The registered inspector must examine a game carcass by means of observation, palpation, smell and, where necessary, incision and take the following into consideration –
- (a) its state of nutrition;
  - (b) colour;
  - (c) odour;
  - (d) symmetry;
  - (e) efficiency of bleeding;
  - (f) contamination;
  - (g) pathological conditions;
  - (h) parasitic infestation;
  - (i) injection marks;
  - (j) bruising and injuries;

## DRAFT - May 2016

38

- (k) any abnormalities of muscles, bones, tendons, joints, or other tissues; and
  - (l) the species, age, and sex of the animal from which it was derived.
- (2) When examining the hindquarter, the registered inspector must examine bilaterally –
- (a) the parietal peritoneum by observation;
  - (b) the *Lnn iliaci mediales et laterals* by multiple incisions;
  - (c) the *Lnn inguinalis superficialis* by multiple incisions;
  - (d) the muscular part of the diaphragm by making two incisions approximately 25 mm apart and removing the peritoneal layer to expose the muscle; and
  - (e) kidneys by exposure or incisions if necessary and the *Lnn. renalis* by incisions if necessary.
- (3) When examining the forequarter, the registered inspector must examine bilaterally –
- (a) the parietal pleura; and
  - (b) *M triceps brachii* by making one deep transverse incision through the distal part of the muscle.
- (4) Where the carcass has been split, the sternum, ribs, vertebrae and spinal cord must be examined.
- (5) When examining the head the registered inspector must examine bilaterally –
- (a) the *Lnn mandibulares* and *Lnn parotidei* by multiple incisions;
  - (b) the external masseters (*M. masseter*) by making two deep linear incisions parallel to the mandible and the internal masseters (*M. pterygoideus medialis*) by making a single deep linear incision; and
  - (c) observe the tongue, skin, lips, gums, hard and soft palate, eyes and nostrils.
- (6) When examining the red offal, the registered inspector must examine –
- (a) the surface of the visceral pleura by observation;
  - (b) the liver by palpation and incisions into the gastric surface and the base of the caudate lobe to open the bile ducts;
  - (c) the hepatic lymph nodes by multiple incisions into the Ln. hepaticus;
  - (d) the trachea by a lengthwise incision and the oesophagus by observation;
  - (e) the lungs by palpation and an incision in their posterior thirds perpendicular to their main axes to open the main branches of the bronchi;
  - (f) *Lnn mediastinales* by multiple incisions;
  - (g) *Lnn bronchiales* bilaterally by multiple incisions;
  - (h) the pericardium and the heart by an incision made lengthwise to cut through the interventricular septum and open the ventricles and two additional vertical cuts into the split septum;
  - (i) the spleen by visual examination and if necessary incision;
  - (j) both sides of the diaphragm by observation; and
  - (k) the testes and ovaries by observation.
- (7) When examining the rough offal, the registered inspector must examine –
- (a) the visceral peritoneum and omentum by observation;
  - (b) if necessary, the inner surfaces of the stomach and intestines but this examination will only take place in the rough offal room or detention area with separate equipment; and
  - (c) the gastric and mesenteric lymph nodes (*Lnn. gastrici, mesenterici, cranialis* and *caudalis*) by observation.

✱ **DRAFT - May 2016**

39

**Additional tests**

91. Additional tests must be carried out to determine the presence of *Trichinella* where the NEO has reasonable grounds to require this.

**Specific inspection of category B game carcass and organs, excluding zebras**

92. (1) The registered inspector must examine a game carcass by means of observation, palpation, smell and, where necessary incision and take into consideration –
- (a) its state of nutrition;
  - (b) colour;
  - (c) odour;
  - (d) symmetry;
  - (e) efficiency of bleeding;
  - (f) contamination;
  - (g) pathological conditions;
  - (h) parasitic infestation;
  - (i) injection marks;
  - (j) bruising and injuries;
  - (k) any abnormalities of muscles, bones, tendons, joints, or other tissues; and
  - (l) the species, age, and sex of the animal from which it was derived.
- (2) When examining the hindquarter, the registered inspector must examine bilaterally –
- (a) the parietal peritoneum by observation;
  - (b) the *Lnn iliaci mediales et laterales* and the *Lnn subiliacus* by multiple incisions;
  - (c) the *Lnn inguinalis superficialis* by multiple incisions;
  - (d) the muscular part of the diaphragm by making two incisions approximately 25 mm apart and removing the peritoneal layer to expose the muscle; and

  - (b) *Lnn cervicalis superficialis* by palpation; and
  - (c) *M triceps brachii* by making one deep transverse incision through the distal part of the muscle.
- (4) Game carcasses must be split and the sternum, ribs, vertebrae and spinal cord must be inspected.
- (5) When examining the head, the registered inspector must examine bilaterally –
- (a) the *Lnn mandibulares*, *Lnn parotidei* and the *Lnn retropharyngiales* by multiple incisions;
  - (b) the external masseters (*M. masseter*) by making two deep linear incisions parallel to the mandible and the internal masseters (*M. pterigoideus medialis*) by making a single deep linear incision;
  - (c) the tongue by palpation;
  - (d) the skin, the external surface of de-masked heads, lips, gums, hard and soft palate, eyes and nostrils; and
- (6) The tonsils must be removed under supervision after inspection as part of the slaughtering process and condemned.

**DRAFT - May 2016**

40

- (7) The registered inspector must examine the feet by observation.
- (8) When examining the red offal, the registered inspector must examine –
- (a) the surface of the visceral pleura by observation;
  - (b) the liver by palpation and incisions into the gastric surface and the base of the caudate lobe to open the bile ducts;
  - (c) the hepatic lymph nodes by multiple incisions into the *Ln. hepaticus*;
  - (d) the trachea by a lengthwise incision and the oesophagus by observation;
  - (e) the lungs by palpation and an incision in their posterior thirds perpendicular to their main axes to open the main branches of the bronchi;
  - (f) *Lnn mediastinales* by multiple incisions;
  - (g) *Lnn bronchiales* bilaterally by multiple incisions;
  - (h) the pericardium and the heart by an incision made lengthwise to cut through the interventricular septum and open the ventricles and two additional vertical cuts into the split septum;
  - (i) the spleen by visual examination and if necessary incision;
  - (j) the tail by observation;
  - (k) the thyroid gland by observation;
  - (l) both sides of the diaphragm by observation; and
  - (m) the testes and ovaries by observation.
- (9) When examining the rough offal, the registered inspector must examine –
- (a) the visceral peritoneum and omentum by observation;
  - (b) if necessary, the inner surfaces of the stomach and intestines but this examination will only take place in the rough offal room or detention area with separate equipment; and
  - (c) the gastric and mesenteric lymph nodes (*Lnn gastrici, mesenterici, cranialis* and *caudalis*) by observation and, if necessary by multiple incisions.

**Specific inspection of zebra game carcasses and organs**

93. (1) The registered inspector must inspect a game carcass by means of observation, palpation, smell and, where necessary incision, and must take into consideration –
- (a) its state of nutrition;
  - (b) colour;
  - (c) odour;
  - (d) symmetry;
  - (e) efficiency of bleeding;
  - (f) contamination;
  - (g) pathological conditions;
  - (h) parasitic infestation;
  - (i) injection marks;
  - (j) bruising and injuries;
  - (k) any abnormalities of muscles, bones, tendons, joints, or other tissues; and
  - (l) the age and sex of the animal from which it was derived.
- (2) When inspecting the hindquarter, the registered inspector must inspect bilaterally –
- (a) the parietal peritoneum by observation;
  - (b) the *Lnn iliaci mediales et laterales*, and the *Lnn subiliacus* by multiple incisions; and

- (c) the kidneys, by exposure or incisions if necessary and the *Lnn. renalis* by incisions if necessary.
- (3) When inspecting the forequarter, the registered inspector must inspect bilaterally –
  - (a) the parietal pleura by observation; and
  - (b) the *Lnn cervicalis superficialis* by palpation;
- (4) Game carcasses must be split after which the sternum, ribs, vertebrae and spinal cord must be inspected.
- (5) To inspect the head the registered inspector must –
  - (a) examine the head by observation;
  - (b) palpate the tongue; and
  - (c) observe the skin, lips, gums, hard and soft palate, eyes and nostrils.
- (6) The registered inspector must inspect the feet by observation.
- (7) When inspecting the red offal, the registered inspector must inspect –
  - (a) the surface of the visceral pleura, by observation;
  - (b) the liver, by palpation and incisions to open the bile ducts;
  - (c) the hepatic lymph nodes, by multiple incisions into the *Ln. hepaticus*;
  - (d) the lungs, oesophagus and trachea by observation and palpation and an incision into the trachea;
  - (e) the pericardium and the heart, by an incision made lengthwise to cut through the interventricular septum;
  - (f) the spleen, by visual inspection and if necessary by palpation;
  - (g) the tail by observation;
  - (h) both sides of the diaphragm by observation; and
  - (i) the testes, by observation.
- (8) When inspecting the rough offal, the registered inspector must inspect –
  - (a) the visceral peritoneum and omentum by observation;
  - (b) if necessary, the inner surfaces of the stomach and intestines but this examination will only take place in the rough offal room or detention area with separate equipment; and
  - (c) the gastric and mesenteric lymph nodes (*Lnn. gastrici, mesenterici, cranialis* and *caudalis*) by observation.

#### **Specific inspection of category A game**

94. The inspection of category A game will be in accordance with a protocol approved by the PEO.

#### **Parasitic intermediate stages (measles) and treatment**

95. (1) A game carcass, head and red offal found to be infested with one or more parasitic intermediate stages, which may be alive or calcified, must be detained and in category B and C animals and wild pigs, two additional incisions must be made into each *M. triceps brachii*, parallel and proximal to the original incisions.
- (2) If one or more parasitic intermediate stages are found on the majority of incision surfaces, the game carcass must be condemned.
- (3) Where the infestation does not warrant condemnation as contemplated in sub-regulation (2), the game carcass and organs may be conditionally passed subject to treatment as described in sub-regulations (6)
- (4) A conditionally passed game carcass must be identified by roller marking in red ink along its entire side with the letter "M", being a minimum of 2 cm in height.
- (5) All parts belonging to the carcass to be treated must be identified by "M" tags.

DRAFT - May 2016

42

- (6) Game carcasses and organs must be treated by freezing in accordance with a protocol approved by the PEO –
  - (a) as sides in a freezer with air temperature at minus 18 °C for 72 hours, or;
  - (b) as sides in a freezer with air temperature at minus 10 °C for 10 days, or;
  - (c) to reach a deep bone or core temperature of lower than minus 6 °C, confirmed by the registered inspector.
- (7) If measly game carcasses are deboned before treatment, in accordance with a protocol as contemplated in sub-regulation (6) –
  - (i) the container or carton in which deboned game meat is packed must be marked with the letter "M" and the date of introduction into the freezer must be indicated; and
  - (ii) the core temperature of game meat inside the container must be below minus 6 °C before it can be released by the registered inspector.
- (8) Visible parasitic intermediate stages must be removed from the meat of a game carcass that is conditionally passed for treatment as described above.
- (9) Records of core temperatures, freezer temperatures and batches of containers, game carcasses and organs introduced for freezing must be kept by the abattoir owner and must be made available for monitoring purposes.

## C SECONDARY GAME MEAT INSPECTIONS

### *General provisions regarding secondary game meat inspection*

- 96 (1) Suspect game carcasses and offal found during primary meat inspections in terms of sub part B, must be detained and must be subjected to a secondary game meat inspection by a registered inspector who is a veterinarian.
- (2) During a secondary inspection, information regarding game carcasses must be ascertained on the –
  - (a) species, age and sex;
  - (b) organ or part of the game carcass affected;
  - (c) condition or disease;
  - (d) probable cause of the condition or disease; and
  - (e) finding and the motivation therefore where applicable.
- (3) Depending on the said finding, the game carcass, organ or game meat may be –
  - (a) approved;
  - (b) conditionally approved, subject to treatment;
  - (c) partially approved by removing the condemned part; or
  - (d) totally condemned.
- (4) When a game carcass has not been passed, the owner of the game animal or abattoir may request a written condemnation certificate.

### *Additional inspection of game carcasses exhibiting abnormalities*

97. (1) The meat of game animals which was referred to a registered inspector who is a veterinarian during ante mortem inspection, as contemplated in Part VI(A), must be examined by the veterinarian who must pay specific attention to –
  - (a) the game carcass colour, blood content of intercostal veins and the small vessels beneath the serosa of the abdominal wall and in the retroperitoneal fat in the walls of the pelvis;
  - (b) all visible lymph nodes after the game carcass has been split and examine and loosen a shoulder and open an acetabulum from the medial aspect to observe the exposed connective tissue, fat, lymph nodes and articular surface; and
  - (c) the condition of the musculature and abnormal odours;
- (2) If regarded as necessary by the registered veterinarian, the game carcass or game meat must be submitted for laboratory examination in order to make a final decision.

**Records of game meat inspection**

98. (1) The results of the ante mortem inspection, primary game meat inspection and secondary game meat inspection must be recorded, and where notifiable and controlled diseases, are diagnosed, the local state veterinarian must be notified when such diagnosis are made.
- (2) The records contemplated in sub-regulation (1) and slaughter statistics must be submitted on a monthly basis to the PEO.

**Guidelines**

99. (1) A registered inspector and trained person must acquaint him- or herself with all guidelines issued by the NEO regarding game meat inspections.
- (2) The NEO or Director of Animal Health may issue guidelines for the handling and treatment of game products infested or infected with organisms that render the game product unsafe for human consumption.

**General requirements for registered inspectors and trained persons and persons doing game meat inspection**

100. The following persons are qualified to perform duties as registered inspectors:
- (a) A registered veterinarian, game meat inspector, game meat examiner or animal health technician.
- (b) A person who has an appropriate bio-scientific qualification approved by the NEO.

**Registration as registered inspector with PEO**

101. Persons contemplated in section 11(1)(d) of the Act wishing to do game meat inspection –
- (a) must be registered with the PEO as prescribed by the NEO in order to do game meat inspection; and
- (b) may be suspended or deregistered by the PEO in the event of non-conformance to these regulations or if found incompetent to perform the functions required of a registered inspector.

**Registration as trained person with PEO**

102. A trained person must be registered with the PEO in order to perform the functions of a trained person.

## PART VII

## MARKS AND MARKING

[Section 11(1)(m)]

**General**

103. (1) All approved products must be marked with a stamp of approval that has been approved by the PEO
- (2) No person may place a stamp of approval on, or remove such mark from, any game carcass, part thereof, game meat or a wrapping, packing or container, except under the supervision of a registered inspector.
- (3) The registered inspector may at any time re-inspect a game carcass or game meat, in an abattoir, notwithstanding that it may already have been passed for consumption and, if upon re inspection he or she is of the opinion that it is no longer fit for human or animal consumption, he or she must remove the stamp of approval by trimming, and such game carcass or game meat must be condemned.

**Specifications for stamps, marks and ink used**

104. (1) All stamps or roller marks used to mark any game carcass or game meat must be constructed of a non-toxic, non-corrosive material and must be so constructed as to be readily cleanable.
- (2) The following stamps are required:

(Rural)

(High throughput)

(Low throughput)

- (3) The stamps must contain –
- (a) the abattoir registration number; and
- (b) the wording shown in sub-regulation (2) which must be in at least two official languages, one of which must be English.
- (4) The minimum sizes of stamps are 60 mm in diameter for the round mark shown in sub-regulation (2).
- (5) The letters on the stamps must be readable and may not be less than 8 mm high.
- (6) Marks printed on wrapping material may be smaller than the sizes stated in sub-regulations (4) and (5) to suit specific circumstances provided they are approved by the PEO.
- (7) A purple coloured ink is required where stamps are applied to game carcasses and must be manufactured of harmless, edible ingredients approved for use on foodstuffs
- (8) The marks must be placed, in case of all game, on each quarter of the carcass

**DRAFT - May 2016**

45

**Wrapping, packing and labelling at approved cutting plants**

105. (1) All labels used on game meat must –
- (a) be printed on food grade paper or plastic printing material and treated in the same hygienic way as in contact wrapping material; and
  - (b) include the information required by regulation 104(3).
- (2) Where game products are individually wrapped, food grade wrapping material on which the mark of approval is printed or a label, printed with such mark, must be used and wrapping bearing the mark of approval may not be re-used after opening.
- (3) In the case of bulk packing, containers or cartons must be clearly marked with a facsimile of the mark of approval clearly visible and of readable size.
- (4) A container must be clearly marked on both ends with information required by the Agricultural Products Standards Act, 1990 (Act No. 119 of 1990) and –
- (a) the name, address and registration number of the establishments in which the game meat was packed;
  - (b) the net weight of the contents;
  - (c) an accurate description of the contents;
  - (d) the date packaged or a code which enables the date of packaging to be determined; and
  - (e) directions regarding the temperature at which the game product must be stored.
106. Game meat sources from areas under specific control measures in accordance with the Animal Diseases Act, 1984, must be clearly marked and identifiable to reflect origin of the meat and any special labelling requirements as according to the control measure

**Security of stamps**

107. (1) The stamp of approval must be kept and used under control of a registered inspector.
- (2) When not in use the stamp must be secured by a registered inspector and kept in safe custody.
- (3) A stamp of approval must never be used at an abattoir where the abattoir number differs from the number on the stamp.

**Use of marking equipment**

108. (1) Stamps and roller marking equipment must be cleaned and sterilised regularly during use.
- (2) All marking equipment must be kept hygienically away from the floor and dirty surfaces.
- (3) Marks must be applied in such a manner that it is clearly legible on the game carcass or game meat.

**DRAFT - May 2016**

46

**PART VIII****TREATMENT OF CONDEMNED PRODUCTS**

[Section 11(1)(r)]

***Handling of condemned products***

109. (1) Game carcasses, portions thereof or any edible game products in a depot and abattoir, which cannot be passed for human or animal consumption, must be –
- (a) portioned and placed in a theft proof container which has been clearly marked "CONDEMNED", in letters not less than 10 cm high, or conspicuously marked with a stamp bearing the word "CONDEMNED", using green ink;
  - (b) kept in a holding area or a room or dedicated chiller provided for the purpose, except if removed on a continuous basis; and
  - (c) removed from the abattoir at the end of the working day or be secured in a dedicated chiller or freezer at an air temperature of not more than minus 2 °C.
- (2) No person may remove a game carcass, part thereof or any edible game product which has been detained or condemned from an abattoir, except with the permission of a registered inspector who is a veterinarian and subject to such conditions as he or she may impose.
- (3) The abattoir owner is responsible for complying with the legal requirements or conditions relating to the safeguarding and disposal of any game carcass, part thereof or any edible game product which cannot be passed for human or animal consumption.

***Disposal of condemned products***

110. Any condemned products must be disposed of by a method that complies with the National Environmental Management Act, 1998 (Act No. 107 of 1998) and any other related legislation and must be approved by the PEO.

***Requirements for sterilizing plants***

111. (1) A sterilizing plant must comply with the general requirements for premises, structures and equipment set out in regulations 8 to 22, which apply with the necessary changes.
- (2) The premises of a sterilizing plant must be fenced and secured so as to prevent the entry of unauthorized persons, vehicles and animals, and must include-
- (a) unclean areas, comprising the rooms in which condemned products are received, stored or prepared for sterilizing as well as the entrance to the sterilizing apparatus; and
  - (b) clean areas, comprising the rooms in which the sterilized products are dried, milled or otherwise prepared, packed, stored or dispatched.
- (3) A solid wall must separate the unclean and clean areas, and there may be no direct contact between these areas.
- (4) A Sterilizing plants must comply with the requirements of the Fertilizers, Farm Feeds, Agricultural Remedies and Stock Remedies Act, 1947 (Act No. 36 of 1947)

***Vehicles for condemned products***

112. (1) A vehicle used for the transport of condemned products may not be used for any other purpose, but after cleaning and disinfection the vehicle may be used for the transport of inedible products.
- (2) A vehicle may only be used for the transport of condemned products if the –
- (a) load space is lockable, theft proof and sealable;

**DRAFT - May 2016**

47

- (b) internal surface is leak proof and constructed of durable material; and
  - (c) floor is provided at its lowest point with a drain pipe capable of being securely closed by a screw valve.
- (3) The load space of a vehicle used for transporting products to a sterilizing plant must be cleaned and disinfected to the satisfaction of a registered inspector at the end of each delivery, at a place specially constructed for the purpose.

**Specimens**

113. (1) Specimens of condemned products and animal parasites from an abattoir may be removed from an abattoir for research and teaching purposes, through a protocol approved by the PEO, which must state the following –
- (a) the name of the organisation or individual conducting the research, or making the collection;
  - (b) the name of the abattoir of origin;
  - (c) the kind and amount of products removed;
  - (d) the purpose of collection; and
  - (e) how the products must be disposed of after the intended use, where applicable.
- (2) The registered inspector must monitor the implementation of the protocol at the abattoir as contemplated in sub-regulation (1).

**PART IX****EXPORT REGULATIONS**  
[Section 14(1)(d)][Section 22(1)(h)]**Exportation of game meat**

114. (1) Game meat may only be exported from abattoirs that are graded as high throughput or, in the case of low throughput abattoirs, comply with all the requirements as required for high throughput abattoirs, and are registered as export establishments.
- (2) An abattoir may be allowed to export game meat to a country which has no restrictions on importation of game meat without a need to comply with the requirements as contemplated in sub-regulation (1).
- (3) The owner of an abattoir or plant who wants to export game meat must apply for the registration of his or her abattoir or plant as an export establishment with the NEO.
- (4) In addition to requirements as contemplated in regulations 104(8) and 105, game meat intended for export must be marked according to the requirements of the importing country.
- (5) The reefer in which game meat is to be exported must be sealed at the time of its loading with a seal bearing a unique seal number.

**PART X****IMPORT REGULATIONS**  
[Section 13][Section 22(1)(h)]**Importation of game meat**

115. (1) The manner in which an application for an import permit must be made by an importer is to complete the official application form obtainable from the NEO and to submit it to him or her together with the prescribed fee.
- (2) Any person who knowingly provides false information on an application form for an import

**DRAFT - May 2016**

48

- permit is guilty of an offence and liable for conviction to the penalties as stipulated in section 19 of the Act.
- (3) The manner in which imported game meat that has been off loaded in the Republic must be stored as contemplated in section 13(6)(d) of the Act is –
- (a) that the imported game meat must be stored in such a way as to ensure –
    - (i) that no contamination, soiling or deterioration thereof in any way may take place; and
    - (ii) such imported game meat cannot possibly contaminate other game products in the cold store;
  - (b) that security measures must be in place to prevent any part of the consignment being removed before final release thereof; and
  - (c) that all documentation relevant to a consignment must be held by the owner of the cold store for inspection by the NEO.
- (4) The veterinary procedures to be performed while the game meat is stored as contemplated in sub-regulation (3) are to –
- (a) confirm a positive link between the game meat and the import permit as well as all other documentation pertaining to the inspection;
  - (b) examine the maintenance of the temperature of the game meat during transportation;
  - (c) confirm that no soiling, contamination or deterioration of the game meat in any way took place during transportation prior to storage;
  - (d) remove samples for examination;
  - (e) examine test results pertaining to samples taken from the consignment;
  - (f) confirm that all other conditions stated on the import permit have been complied with; and
  - (g) conduct any other actions necessary to ensure that the game meat is safe and suitable for human consumption and poses no threat of transmitting a contagious animal disease.

## PART XI

### EXEMPTIONS FOR THE SLAUGHTER OF GAME ANIMALS FOR OWN CONSUMPTION

[Section 22(1)(c)]

#### ***Slaughter of game, not in an abattoir, for own consumption***

116. (1) A person may slaughter for own consumption, in a 14 day period, not more than –
- (a) one category B game animals; or
  - (b) four category C game animals;
- (2) A person may only slaughter game animals contemplated in sub-regulation (1), on land of which he or she –
- (a) is the legally registered owner;
  - (b) is the lawful tenant or occupier; or
  - (c) otherwise has the right of control, management or use.
- (3) Any other legal provisions regulating the keeping and slaughtering of animals on land referred to under sub-regulation (2), must be complied with in addition to the provisions of the Act and these regulations.
- (4) No game meat slaughtered for own consumption must be sold to any person, including indirect sale through the offering of the meat to paying guests at a game lodge or similar arrangements.
- (5) Only healthy game animals may be slaughtered.

**DRAFT - May 2016**

49

- (6) The parts of game animals slaughtered that are not utilised, must be regarded as condemned products and disposed of in accordance with applicable prescripts of Part VIII of these regulations or according to health requirements of the relevant local authority.
117. A person shooting game for own consumption, with permission, on land in respect of which he or she is not a person as contemplated in regulation 116(2), is exempt from these regulations provided that –
- (a) a person may not, in a 14 day period, shoot for own consumption more than one category B game animal or four category C game animals provided that the NEO may, at his or her discretion, give permission to increase this number;
- (b) the game meat and all edible game products made from it may not be sold.
118. A person as contemplated in regulation 116(2) –
- (a) may obtain permission from the NEO, at his or her discretion, to shoot more game animals for own use than mentioned under regulation 116(1); and
- (b) retains the right given under regulation 116(1), notwithstanding that persons contemplated in regulation 117 may also shoot game on his or her land.
119. Game meat slaughtered under this exemption may not be stored and used in contravention to the Foodstuffs, Cosmetics and Disinfectants Act, 1972 (Act No. 54 of 1972).
120. This exemption in no way distracts from any other legislation or bylaws dealing with animal diseases control, transportation, handling and processing of meat.

## PART XII

### FINAL PROVISIONS

[Section 18(2)]

#### **Appeals**

121. Any person who wants to appeal under section 18(1) of the Act, must –
- (a) clearly state the decision that is appealed against and the grounds of the appeal;
- (b) lodge the appeal with the Minister or the MEC, as the case may be, within 30 days of being informed of the decision; and
- (c) include a fee with the appeal as determined by the Minister in the *Gazette*.

NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT, 2004  
(ACT NO. 39 OF 2004)DECLARATION OF CERTAIN PRINTING INDUSTRY ACTIVITIES AS CONTROLLED EMITTERS  
AND ESTABLISHMENT OF EMISSION STANDARDS

I, Bomo Edith Edna Molewa, Minister of Environmental Affairs, hereby give notice of my intention to declare certain printing activities as controlled emitters in terms of section 23(1) read with sections 24 and 57 of the National Environmental Management: Air Quality Act, 2004 (Act No. 39 of 2004), set out in the Schedule hereto.

Members of the public are invited to submit to the Minister, within 30 days after the publication of the notice in the *Gazette*, written comments or inputs to the following addresses:

By post: The Director-General: Department of Environmental Affairs  
Attention: Mr Olebogeng Matshediso

MINISTER OF ENVIRONMENTAL AFFAIRS

**SCHEDULE***Part 1: Definitions***Definitions**

In this Notice a word or expression to which a meaning has been assigned in this Act has that meaning and, unless the context otherwise indicates:-

**“existing printing industry activity”** means any activity using an appliance that was installed before the date in which this Notice comes into effect.

**“new printing industry activity”** means any activity using an appliance that was installed after the date in which this Notice comes into effect.

**“operator or owner”** means a person that owns, manages, or controls printing industry activity.

**“printing industry activity”** means an activity using an appliance as described in paragraph 7.

*Part 2: General***Application**

2. This Notice shall apply to all printing industry activities which are operating anywhere in the country.

**Implementation**

3. An Air Quality Officer shall be responsible for coordinating matters pertaining to this Notice.

**Compliance timeframes**

4. (1) New printing industry activity must comply with the emission standards for new printing industry activity as contained in Part 3 on the date of publication of this Notice in the *Gazette*.  
(2) Existing printing industry activity must comply with emission standards for existing printing industry activity as contained in Part 3 within 5 years from the date of publication of this Notice in the *Gazette*.

**Emission Measurement**

5. (1) Emission measurements shall be carried out on vents connected to the printing industry activities.  
(2) The concentration of pollutant for which emissions standards have been set in this Notice shall be reported as the average of at least three measurements; measured over a minimum sample period of 60 minutes per sample, under normal operating conditions to obtain a representative sample.  
(3) The manner in which measurements shall be carried out must be in accordance with the standard sampling and analysis methods listed in Annexure A of this Notice.

- (4) Methods other than those contained in Annexure A may be used with the written consent of the National Air Quality Officer.
- (5) In seeking the written consent referred, an applicant must provide the National Air Quality Officer with any information that supports the equivalence of the method other than those referred.
- (6) Emission measurements required under 5(3) may be supplemented by means of mass balances or any other acceptable surrogate parameters for months between reporting periods as approved by the National Air Quality Officer.

#### Reporting requirements

6. (1) The operator or owner of a printing industry activity must –
  - (a) submit at least one emissions report per annum to the relevant Air Quality Officer in the format set out in Annexure B of this Notice;
  - (b) submit the first emissions report to the relevant Air Quality Officer within 12 months from the commencement date of this Notice;
  - (c) provide any additional emissions reports as requested by an Air Quality Officer for the implementation of this Notice; and
  - (d) produce the record of the measurement results for inspection if requested to do so by an Air Quality Officer.
- (2) The report mentioned under paragraph 6(1) must be accompanied by information on how measurements were carried out, equipment used, calibration certificates and any other information that may be required for validation of the emission results.
- (3) The operator or owner of a printing industry activity must –
  - (a) prepare a solvent consumption plan to accurately record total solvent consumption on an annual basis, in a format set out in Annexure C of this Notice.
  - (b) produce the record of the solvent consumption plan(s) for inspection if requested to do so by an Air Quality Officer.
  - (c) retain the records of the annual solvent consumption plans for five years.

## Part 3: Emission Standards

## Emission Limits

7. A printing industry activity must comply with the emission limits and requirements set out in the table below. All limit values are expressed on daily averages, at specified reference conditions.

<b>Description:</b>		Printing, coating and lamination processes using gravure, flexography, rotary screen printing, heat set lithography, varnishing and printing systems that incorporate elements of these technologies.	
<b>Application:</b>		Installations with organic solvent consumption threshold equal to or more than 25 tonnes per year.	
Substance or mixture of substances		Plant status	mgC/Nm <sup>3</sup> under normal conditions of 273 Kelvin and 101.3 kPa.
Common name	Chemical symbol		
Total Volatile Organic Compounds	N/A	New	100
		Existing	150
<b>Thermal Oxidation</b>			
			mg/Nm <sup>3</sup> under normal conditions of 273 Kelvin and 101.3 kPa.
Oxides of nitrogen	NO <sub>x</sub> expressed as NO <sub>2</sub>	New	100
		Existing	400

- (a) The following special arrangements shall apply –
- (i) Replacement of printing appliances: Existing facilities which replace printing appliances as described in paragraph 7 and do not increase their operational capacity (output of printed materials) by more than 20% will be required to comply with emission standards for existing printing industry activity limits in five years after the date on which the Notice takes effect.
  - (ii) Expansion to existing facilities: Existing facilities which increase their operational capacity by more than 20% through the installation of additional printing appliances as described in paragraph 7 will be required to comply with the new printing industry activity limits in five years after the date on which the Notice takes effect.
  - (iii) Facilities with VOC abatement must achieve a 90% availability of the abatement equipment during printing operations.

#### 4. MIGRATION OF PREMIUM RATED SERVICES

- (1) All new premium rated services assignments shall be made on the new designated numbering ranges.
- (2) Licensees providing premium rated services shall report to the Authority on a quarterly basis, on the progress of the migration.
- (3) Below is an example of a reporting format as contemplated in sub-regulation 4 (2):

Previously assigned Numbering range	Description of service	New assigned Numbering range	Date of activation of newly assigned number	Date of deactivation of previously assigned number	comments on migration

- (4) A dual provision of the premium rated service on both the previously assigned number and the new number shall occur for a period not exceeding twelve (12) months from the date these Regulations coming into force.

#### 5. PREMIUM RATED SERVICES OFFERED INDIRECTLY BY LICENSEES

- (1) A licensee must ensure that third parties providing premium rated services through the use of the licensees' network comply with the provisions as set out in these regulations and as such shall be the minimum standards for the provision of such services.

#### 6. GENERAL PROVISIONS OF PREMIUM RATED SERVICES

- (1) Premium rated services provided by means of a voice call shall have a clear announcement on the cost of the service per minute/per call at the beginning of the call.
- (2) The announcement in terms of sub-regulation (1), will be made by the licensee from which the call originates, and shall not be more than ten (10) seconds in duration, and shall comply with the following format: "Call billed at X rand per minute/or per call".

- (3) In case a premium rated service is provided by means of a Short Messaging Service/Multimedia Messaging Service (SMS/MMS) communication, or through an Unstructured Supplementary Service Data (USSD), end-users' shall be sent a notification informing them of the cost and the terms and condition associated with the service upon initiation of the service.
- (4) Subscription premium rated services shall be offered subject to a "double opt-in" process.
- (5) The SMS subscription confirmation message as contained in the double opt-in process shall include:
  - (a) Confirmation that the end-user has been subscribed to the service;
  - (b) The description and name of the service concerned;
  - (c) Contact details of the premium rate service provider;
  - (d) All costs levied against the end-user for using the service; and
  - (e) Details of how to unsubscribe and terminate communication from the service.
- (6) The contact number that a consumer is required to respond to the above confirmation SMS shall not be a premium rated number.
- (7) Consumers of premium rated services offered by means of SMS\MMS communication shall be given an option to opt-out of the service, by which they would have sent an SMS with the word STOP to the number or code provided by the premium rated service provider, effectively terminating communication and receipt of the said service.
- (8) The number or code that a consumer of a premium rated service must send an SMS to terminate communication and receipt of the said service, must not be a premium rated number or code as classified by the Numbering Plan Regulations.
- (9) Prior to the provision of a premium rated service to any end-user, the end-user shall be advised on the costs, terms and conditions to which the service is provided.

- (10) The costs for premium rated services shall be clearly conveyed to end-users and potential end-users to enable them to make informed decisions before the use of these services.
- (11) Premium rated services provided by means of a voice call shall not have a false ringing sound (including no sound at all) at the beginning of the call which might cause an end-user of the service to believe that the call has not yet started.
- (12) Premium rated services provided by means of a voice call shall not be intentionally prolonged or delayed for the purposes of extracting additional revenue from end-users.
- (13) A premium rated service shall not:
  - (a) incite violence or constitute hate speech;
  - (b) contain defamatory statements;
  - (c) cause conflicts among persons, groups or communities for racial, religious, political or any other reasons;
  - (d) encourage the use of materials that are dangerous to an end-user's health; and
  - (e) encourage or incite any person to engage in dangerous practices.
- (14) Licensees shall avail a facility to its subscribers that will enable subscribers to block access to premium rated services by blocking out communication to and from premium rated numbers.

## **7. PREMIUM RATED SERVICE NUMBER RE-USE OR MASKING**

- (1) A premium rated service shall not be replaced on the same number by another premium rated service that might be inappropriate for end-users reasonably expecting the original premium rated service.
- (2) A premium rated service shall not in addition, include an advertisement or prompt an end-user to select an alternative premium rated service.

## **8. INFORMATION ON PREMIUM RATED SERVICES**

- (1) A Licensee shall provide the Authority, on request, a list of all number blocks or numbers assigned for premium rated services together with the name of the service provider and a description of the premium rated services associated with that number or number block.
- (2) A Licensee shall make the information in terms of sub-regulation (1) readily accessible to end-users.

## **9. SUBSCRIPTION SERVICES**

- (1) Promotional material for all subscription premium rated services must prominently and explicitly identify the service as "subscription service", this includes any promotional material where a subscription is required to obtain any portion of a service, facility, or information promoted in that material.
- (2) An advertisement for a content subscription service, which includes examples of the content provided as part of that service, must have at least two (2) examples of the content clearly displayed.
- (3) For a television advertisement, the voice over must stipulate:
  - (a) confirmation that a service is a subscription service; and
  - (b) the price and frequency of the billing.
- (4) Once an end-user has subscribed to a subscription service, neither the amount, frequency of the charges nor the frequency of the service may be increased without the end-user's explicit consent.
- (5) Billing for a subscription service must indicate that the service purchased is a subscription service.
- (6) It is acceptable to use the "@" sign in place of "at" in any activation message, welcome message or similar communication. Similarly, "u" may be used in place of "you", "b" may be used in place of "be", and "r" may be used in place of "are" or other similar terminology.

## 10. CONTACT AND DATING SERVICES

- (1) Contact and dating services with an ongoing incremental cost, must, at reasonable intervals, inform the end-user of any additional costs, and shall require the end user to actively confirm their continued participation.
- (2) A premium rated service provider of a contact and dating service must warn end-users of the service of the risks involved when contact information is given out to other individuals and must give clear advice on sensible precautions to take when meeting people through such services.
- (3) A premium rated service provider shall take reasonable steps to ensure that end-user information is protected.
- (4) Promotional material for contact and dating services must make clear, any restrictions on the location, gender and age of callers to the service.
- (5) A premium rated service provider shall take reasonable steps to ensure that end-users of contact and dating services are authorised by the bill-payer to use that service.
- (6) A premium rated service provider of contact and dating services must take reasonable steps to ensure that no children use such services.
- (7) A premium rated service provider must take reasonable steps to ensure that confirmation of a user's age is obtained prior to the activation of the service.

## 11. ADULT SERVICES

- (1) A premium rated service intended for adults may only be advertised in media that is intended for persons over the age of 18 years.
- (2) Any adult service shall be clearly indicated as such in any promotional material and advertisements.
- (3) A premium rated service provider, in the provisioning of premium rated services aimed at adults, must take reasonable steps to ensure that only persons of 18 years of age or older have access to such services.

- (4) A premium rated service provider must take reasonable steps to ensure that confirmation of an end-user's age is obtained prior to the delivery of an adult content service.
- (5) Marketing messages (including commercial messages) shall not be sent to an end-user of an adult service if that end-user has not made use of the service during the preceding three months.
- (6) Adult services that are provisioned as premium rated services shall not contain references that suggest or imply the involvement/participation of children.

## 12. CHILDREN SERVICES

- (1) A premium rated service provider who provides child-oriented services, including chat-rooms, must ensure that the services and the provision of such services comply with section 24C (2) of the Films and Publication Act of 2008, as amended.
- (2) Promotional material for premium rated services aimed at children's entertainment must include a clear and prominent statement giving the maximum possible cost of the premium rated service (inclusive of VAT).
- (3) A statement in terms of sub-regulation (2) must clearly articulate that the service will only be provided in terms of an agreement concluded with the person responsible for the account.
- (4) Premium rated services:
  - (a) any promotional material aimed at children shall reasonably ensure that its contents do not exploit the children's vulnerability to the extent that it may result in harm to children; and
  - (b) aimed at children must ensure that it does not contain direct appeals to buy.
- (5) Premium rated services aimed at children shall ensure that the service does not encourage children to dial another premium rated number or the same premium rated number again.

- (6) Promotions with regard to premium rated services aimed at children shall not encourage excessive use of premium rated services.

### **13. ADVERTISING AND PROMOTIONAL MATERIALS OF PREMIUM RATED SERVICES**

- (1) All promotions and advertising of premium rated services shall comply with the Advertising Code, as prescribed by the Advertising Standards Authority of South Africa.
- (2) The following provisions relate to all forms of promotions and advertising where the intent is to either directly or indirectly, encourage the use of premium rated services:
- (a) Premium rated service providers shall take reasonable steps to ensure that promotional material does not reach those for whom the premium rated service may be deemed to be inappropriate.
- (b) Premium rated service providers shall ensure that the charge for calls to each premium rated services is clearly stated or announced in all promotions.
- (c) Pricing for premium rated services as depicted in advertisements or promotional material must not contain any hidden costs. Where applicable, pricing for content services must include the cost of the content and indicate any costs that may be associated with receiving that content.
- (d) Pricing for premium rated services as depicted in advertisements or promotional material must use one of the following generally accepted formats for prices in Rands: "Rx (per second\minute)" or "Rx.xx (per second\minute)".
- (e) A premium rated service provider shall, in disclosing the prices, terms and conditions required under paragraphs (b) and (c), and in relation to all advertisements relating to its premium rated service, observe the following:
- (i) shall not provide disclosure or advertisement in a manner that is reasonably likely to confuse or mislead in any way, whether by inaccuracy ambiguity, exaggeration, omission or otherwise:

- (ii) every disclosure and advertisement must state:
  - (a) the description of the premium rated service offered;
  - (b) the name of the premium rated service provider as registered; and
  - (c) the customer care contact number for the premium rated services provider.
  
- (f) Premium rated services and any material relating to the service shall not:
  - (i) facilitate nor encourage unlawful behaviour; or
  - (ii) contain anything which is in breach of the law or omit anything which the law requires.
  
- (g) A premium rated service and any material relating to the service, with the exception of adult services, shall not contain strong language.
  
- (h) Any promotional material for charitable and/or fundraising promotions shall:
  - (i) make clear that network operator fees and administration fees will be deducted from contributions paid;
  - (ii) specify the identity of the beneficiary;
  - (iii) make clear any restrictions or conditions attached to the contribution to be made to the beneficiary; and
  - (iv) specify the date of termination of the promotion.
  
- (i) In all mediums used where premium rated services are advertised, call charge rates for the premium rated service must be given directly after the premium rated service number.
  
- (j) In the case of premium rated services that are advertised in publications or other media which have a long shelf life, a statement must be included in the advertisement to the effect that the premium rate given is correct at the date of publication and that date must also be stated.

- (k) A premium rated service provider must engage in honest and fair dealings with their end-users in accordance with the provisions of the Consumer Protection Act, 2008 (Act No. 68 of 2008).

#### **14. END-USER INFORMATION (EUI) OBTAINED BY PREMIUM RATED SERVICE PROVIDERS**

- (1) Unless an end-user has expressly provided his\her prior consent, a premium rated service provider must ensure that it does not use his\her EUI for any purpose other than:
- (a) planning, provisioning and billing for the premium rated service requested by the end-user and provided by the premium rated service provider;
  - (b) managing bad debt and preventing fraud related to the provision of premium rated services;
  - (c) facilitating interconnection and inter-operability between premium rated service providers for the provision of premium rated services; and
  - (d) providing assistance to or complying with the requirements of any law enforcement, judicial or other government agencies.
- (2) Unless an end-user has expressly provided his\her prior consent, a premium rated service provider shall not disclose his\her EUI to any third party (including its affiliates) for any purpose whatsoever, unless it falls within any of the purposes stated in the sub-regulations 1 above.
- (3) All other personal information gathered by a premium rated service provider through the provision of its services shall be managed in accordance with the Protection of Personal Information Act, 2013 (Act No. 4 of 2013).

#### **15. BILLING OF PREMIUM RATED SERVICES**

- (1) A premium rated service provider must be treated as having charged a person for its premium rated service when a billing network operator issues a bill to such person for the service.
- (2) The billing network licensee who issues a bill to a person for payment for a premium rated service (referred to in this section as the "person

charged”), must ensure that the bill contains the following minimum information:

- (a) Date and time which the premium rate services was dialled, requested or charged (in the case of subscription services);
  - (b) The duration of the call in the case of dialled premium rated services;
  - (c) Destination number, being the premium rated number concerned; and
  - (d) the amount in rands (charge of the premium rated service) per event.
- (3) Notwithstanding the provisions of sub-regulation (2), in the event that a person charged contacts the billing network operator to dispute the charge, the billing network operator must provide reasonable assistance to assist such person to resolve the dispute with the premium rated service provider.
- (4) During any calendar month, if the total cost of any premium rated service exceeds R200 and just before it reaches the amount of R220, for that month: Premium rated service providers shall send a notification to the end-user informing them that they have reached this amount and a response is required from the end-user, confirming their acceptance of any additional costs over this amount, prior to any additional costs being billed.
- (5) During any calendar month, after the first threshold notification, when the total cost of any premium rated service reaches R200, and when it reaches any multiple of R200 thereafter, an additional notification must be sent to the end-user notifying them of the total cost incurred for that service so far.
- (6) The thresholds specified in sub regulation (4) and (5) shall:
- (a) Apply in the absence of a specified threshold by the account holder; and
  - (b) be amended in accordance with the end-user’s instructions.
- (7) A premium rated service provider providing a service must keep a record of the confirmation provided by the end-user or the notifications sent to the customer as contemplated in sub-regulations (5) and (6).

- (8) A premium rated service provider is not liable for any failure to provide a service due to circumstances that are beyond their control. Neither can premium rated service providers charge for service not received by an end-user as per the premium rated service promotion or advertisements.

## 16. COMPLAINTS PROCEDURE

- (1) A premium rated service provider must have a complaints procedure in place that will enable its end-users to lodge complaints regarding the services provided.
- (2) In the event that an end-user of a premium rate service has dispute or complaint regarding the premium rate service, the end-user should notify and file the complaint with the relevant premium rated service provider prior to approaching its network service provider.
- (3) The customer service contact number that end-users are to use for queries and/or complaints must be a South African number, as per the Numbering Plan Regulations.
- (4) The customer service contact number shall be a toll free number as defined by the relevant Numbering Plan Regulations.
- (5) A premium rated service provider shall ensure that the customer care contact number operates during normal local business hours at a minimum.
- (6) A premium rated service provider must, in addition to the customer care contact number, provide other means for end-users to reach them, such as via e-mail or fax.
- (7) A premium rated service provider shall provide the network licensee with its customer care contact number, e-mail and/or fax for its premium rated service, so as to enable the network operator, to direct end-users to these modes of contact.
- (8) A licensee must ensure that it investigates and addresses all complaints received regarding premium rated services accessed on its network within fifteen (15) working days after receiving it.
- (9) If more time is reasonably required to complete the investigation, the premium rated service provider must inform the complainant of the additional amount of time that will be required for resolution of the matter and in any case, resolve the matter with all reasonable speed.

For the avoidance of doubt, nothing herein must preclude a premium rated service provider from agreeing to resolve disputed charges within a shorter period of time in its contracts with its billing network operator.

- (10) Failure to rectify the service within the time period contemplated in sub-regulation (8), a licensee must cease and bar access to the service on its network.
- (11) A licensee must advise the originator of the complaint received, on the outcome of its investigation and where applicable the action that was taken to rectify the situation.
- (12) In all cases where a dispute arises as a result of a charge and a premium rated service provider is notified by the person charged, whether directly or through its billing network operator, the premium rated service provider must take all necessary action to carry out a full and complete investigation at its own expense on the disputed charge, including but not limited to:
  - (a) Verify that the charge is correct based on the premium rated service provider's records; and
  - (b) verify the accuracy of its records against the records of the network operator through which the premium rated service was provided.
- (13) A premium rated service provider must in relation to a person who pays a charge but who subsequently chooses to dispute the charge, afford such person the period of two (2) months starting from the date of the bill to dispute the charge.
- (14) A premium rated service provider must keep an accurate, and complete record of all complaints and disputes raised by any person in relation to its premium rated service for a period of five years (referred to in this section as the "record of complaints") containing the following information:
  - (a) particulars of the person raising the complaint or dispute;
  - (b) the date and description of the complaint or dispute; and
  - (c) description of the action taken by the premium rated service provider to address the complaint or dispute.
- (15) The Authority reserves the right to inspect and to make copies of the record of complaints at any time and the premium rated service

provider must produce the records to the Authority within 5 days of receipt of the request.

- (16) The Authority may, on its own initiative, commence an investigation against a relevant licensee where there appears to be a contravention of these regulations by such licensee or its third parties.
- (17) The Authority may at any time require a relevant licensee to provide it with any information or documents which it may require for the purposes of investigating a contravention of these regulations.
- (18) Any failure by a licensee to comply with the Authority's requests for information, or any destruction, disposal, falsification or concealment of requested documents, constitutes a contravention of these regulations.
- (19) If the information required by the Authority is subject to an existing confidentiality agreement between the licensee and any other party, such information shall be provided to the Authority in terms of section 4D of the ICASA Act.
- (20) A licensee must ensure that all information provided to the Authority, related representations or any other submissions, is complete, truthful and accurate.

## **17. TRANSITIONAL ARRANGEMENTS**

- (1) Agreements concluded before the promulgation of these Regulations must be aligned with the Regulations within six (6) months of the Regulations coming into effect.

## **18. CONTRAVENTIONS AND FINES**

- (1) A licensee who is found to be non-compliant with these regulations will be subject to:
  - (a) a fine not exceeding R1 500 000, 00 (one million and five hundred thousand Rand); and/or
  - (b) a non-monetary penalty of publication on the non-compliance of the licensees on the Authority's websites.

## 19. SHORT TITLE AND COMMENCEMENT

- (1) These Regulations are called the **“ICASA code of conduct for premium rated services”** and shall commence on the date of publication in the government gazette.

## DEPARTMENT OF RURAL DEVELOPMENT AND LAND REFORM

NO. 1377

04 NOVEMBER 2016

**GENERAL NOTICE IN TERMS OF THE RESTITUTION OF LAND RIGHTS ACT, 1994 (ACT NO. 22 OF 1994)**

Notice is hereby given in terms of Section 11 (1) of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994) ("the Restitution Act"), and in terms of the order of the Land Claims Court in the matter of Bakwena Ba Mare a Phogole v Regional Land Claims Commissioner, case number LCC 98/210, that a claim for the restitution of land rights on the following properties has been lodged with the Commission on Restitution of Land Rights, and will be investigated in accordance with the provisions of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994) in due course:

<b>Properties</b>	:	<b>See attached schedule</b>
<b>Extent of properties</b>	:	<b>See attached schedule</b>
<b>Magisterial Districts</b>	:	<b>City of Johannesburg and City of Ekurhuleni</b>
<b>Province</b>	:	<b>Gauteng</b>
<b>Current Title Deed Nos.</b>	:	<b>See attached schedule</b>
<b>Current Owners</b>	:	<b>See attached schedule</b>
<b>Claimant</b>	:	<b>Thabo Lucky Mogagabe on behalf of Bakwena Ba Mare A Phogole Tribe</b>
<b>Date claim lodged</b>	:	<b>19 May 1995</b>
<b>Reference number</b>	:	<b>V0057</b>

Any party/parties who have an interest in the above-mentioned properties is hereby invited to submit, within 60 days from the date of publication of this notice, any representations and/ or information which shall assist the Commissioner in approving compliance or non-compliance of this land claim in terms of the provisions of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994).

Should no information and/ or representations from the affected party/ parties be forthcoming within the stipulated period, the affected party/parties shall be *ipso facto* barred from further doing so and the Commission shall continue with the subsequent processes towards completion of the investigations.

The Commission is guided by the principle of the primacy of restoration unless public interest considerations suggest otherwise, in addition to the factors militating for and against restoration set out in section 33 of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994). The Commission is required to avoid major social disruptions whilst settling land claims, and therefore restoration of the already developed residential, recreational, commercial, and other properties used in the public interest therefore successful claims over such areas are settled by provision of alternative state-owned land or financial compensation.

Any comments and information should be submitted to:

**GENERAL NOTICES • ALGEMENE KENNISGEWINGS**

---

**ECONOMIC DEVELOPMENT DEPARTMENT****NOTICE 730 OF 2016****INTERNATIONAL TRADE ADMINISTRATION COMMISSION****CUSTOMS TARIFF APPLICATIONS****LIST 09/2016**

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

**CONFIDENTIAL INFORMATION**

*The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.*

*These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:*

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

*This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.*

*The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons. If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).*

*Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.*

**REASONS FOR THE AMENDMENT:**

- There are no local manufacturers of products classified under tariff subheading 8704.21.75 in the SACU region.
- The amendment to tariff subheading 8704.21.75 as published in Publication Notice No. 1007 of 2015 erroneously omitted the word “not” in the description.
- The current erroneous description of tariff subheading 8704.21.75 caters for all vehicles with an engine capacity exceeding 1 000 cm<sup>3</sup> classifiable under tariff heading 8704. As a result, it has the unintended consequence of rendering tariff subheadings 8704.21.81, 8704.21.83 and 8704.21.90 obsolete.

### INTERPRETATION, PURPOSE AND APPLICATION

#### 1. Definitions

Any word or expression to which a meaning has been assigned in the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003), has the meaning so assigned and, unless the context otherwise indicates

**“Biodiversity Act”** means the National Environmental Management: Biodiversity Act, 2004 (Act No.10 of 2004);

**“Biodiversity Stewardship programme”** means a programme that focuses on an approach to enter into agreements with private and communal landowners to protect and manage land in biodiversity priority areas, and led by conservation authorities.

**“extensive wildlife system”** means a system practiced on any piece of land which involves, and is large enough and suitable for, the management of self-sustaining wildlife populations in a natural environment with minimal human intervention;

**“Income Tax Act”** means the Income Tax Act, 1962 (Act No. 58 of 1962);

**“Municipal Property Rates Act”** means the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004);

**“private nature reserve”** means an area—

- a) which is in communal ownership or privately owned by a single land owner or multiple land owners,
- b) that has been declared, or regarded as having been declared, in terms of section 12 and 23(5) of the Act as a nature reserve; and
- c) that is designated as a private nature reserve in terms of section 25 of the Act.

**“the Act”** means the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003);

**“the Register”** means the Register of Protected Areas established in terms of section 10 of the Act.

#### 2. Legislative framework

- (1) The Minister may, in terms of section 11 of the Act, prescribe norms and standards for the achievement of any of the objectives of the Act, including the management and

development of protected areas as well as indicators to measure compliance with those norms and standards.

- (2) The Minister is required, in terms of section 10 of the Act, to maintain the Register that—
  - (a) contains a list of all protected areas,
  - (b) indicate the kind of protected area in each case, and
  - (c) contains any other information determined by the Minister.
- (3) The MEC must, in terms of section 27 of the Act, promptly forward to the Minister, a copy of each notice of declaration published under section 23, 24 or 25 of the Act.
- (4) The Register is subject to the requirements of the South African Statistical Quality Assessment Framework.
- (5) The Department is registered as the custodian of the South African Protected Areas Database by the Committee for Spatial Information, mandated in terms of the Spatial Data Infrastructure Act, 2003 (Act No. 54 of 2003).
- (6) The Register is the only legally recognised database on protected areas for South Africa.
- (7) The inclusion of private nature reserve into this database is integral to the maintenance of the Register.
- (8) The inclusion of private nature reserve in the Register is in line with the objective of the Act, contemplated in section 2(d) of the Act, to provide for a diverse and representative network of protected areas on state land, private land, communal land and marine waters.

### **3. Guiding principles**

- (1) The purposes of areas declared as protected areas are set out in section 17 of the Act. This provides the guiding principles for these norms and standards, namely –
  - (a) to protect ecologically viable areas representative of South Africa's biological diversity and its natural landscapes and seascapes in a system of protected areas;
  - (b) to preserve the ecological integrity of those areas;
  - (c) to conserve biodiversity in those areas;
  - (d) to protect areas representative of all ecosystems, habitats and species naturally occurring in South Africa;

- (e) to protect South Africa's threatened or rare species;
  - (f) to protect an area which is vulnerable or ecologically sensitive;
  - (g) to assist in ensuring the sustained supply of environmental goods and services;
  - (h) to provide for the sustainable use of natural and biological resources;
  - (i) to create or augment destinations for nature-based tourism;
  - (j) to manage the interrelationship between natural environmental biodiversity, human settlement and economic development;
  - (k) generally, to contribute to human, social, cultural, spiritual and economic development; or
  - (l) to rehabilitate and restore degraded ecosystems and promote the recovery of endangered and vulnerable species
- (2) The rights and obligations of landowner of private nature reserve includes—
- (a) the rights of private landowners to their property which is protected under section 25 of the Constitution of the Republic of South Africa;
  - (b) the right of landowners to the lawful use of existing private property; the right to a safe, undisturbed and quiet enjoyment of landowners property, which may not be restricted, deprived, unless such rights threaten the values under which the site was declared as a private nature reserve;
  - (c) the obligation to prevent any actions which would compromise the integrity of the private nature reserve;
  - (d) the obligation to ensure that reasonable measures are taken to prevent environmental degradation from occurring, continuing or recurring on their property;
  - (e) the obligation to ensure that any developmental activity be subject to the relevant legislative policies and regulations in accordance with the management plan;
  - (f) the responsibility landowners have for the maintenance of developmental activities on their property in the long term;
  - (g) the obligation landowners have to cooperate with the relevant organ of state in an open and transparent manner; and

- (h) all affected parties have an obligation to cooperate with each other in good faith and mutual understanding and seek consensus to ensure the private nature reserve is declared and is maintained accordingly;
- (3) The degradation or significant negative changes to the value or integrity of the area declared as a private nature reserve will lead to the withdrawal of a notice of declaration of the particular private nature reserve.
- (4) Where there is degradation, significant negative changes to the attributes of a protected area, or non-compliance with the purposes of the declaration of the protected area contemplated in section 17 of the Act, the Minister or the MEC may withdraw the status of the private nature reserve in terms of section 24(1) or (2) of the Act.

#### **4. Purpose of the norms and standards**

The purpose of these norms and standards is to –

- (a) verify the existence of private nature reserves in practices, not only in name;
- (b) provide for the recognition of the private nature reserves as bona fide protected areas in terms of the Act;
- (c) secure the continued integrity of private nature reserves as natural areas supporting South Africa's biological diversity and its landscapes through their management;
- (d) provide for norms for the recognition of private nature reserves into the National Protected Areas Register and into the Protected Areas Database; and
- (e) make the private nature reserves eligible for tax relief in terms of section 17 of the Municipal Property Rates Act and or section 18A of the Income Tax Act as determined in the Biodiversity Stewardship programme.

#### **5. Application of these norms and standards**

These norms and standards apply to–

- (a) land regarded as a nature reserve in terms of section 12 of the Act, or having been declared as such in terms of section 23(5); or
- (b) all private land declared as a nature reserve in terms of section 23(3) of the Act.

## CHAPTER 2

### THE PROCESS TO VERIFY THE EXISTENCE OF A PRIVATE NATURE RESERVE

#### 6. The verification process

- (1) A nature reserve declared in terms of section 23 of the Act may be designated as a private nature reserve.
- (2) A nature reserve may be designated as a private nature reserve by the Minister or the MEC if—
  - (a) proof of declaration in terms of the Act is provided, and
  - (b) there is compliance with the provisions of the Act.

#### 7. Proof of declaration

- (1) A copy of a notice of declaration of a nature reserve in respect of private land published in the *Gazette* by the MEC must be submitted to the Minister as contemplated in section 27 of the Act. This shall include—
  - (a) gazette number, and the date of publication;
  - (b) empowering provision of the Act, in terms of which the notice of declaration is published;
  - (c) name of the area;
  - (d) description of the area;
  - (e) survey diagramme; and
  - (f) endorsed title deed.

#### 8. Compliance with the requirements of the Act

- (1) A copy of a written agreement between the private landowner and the Minister or the MEC, which is required in terms of section 23(3) of the Act, must be submitted to the Minister.
- (2) The Minister or the MEC has assigned the management authority for the management of private nature reserve, as contemplated in section 38(3) of the Act.

- (3) The management authority has submitted a management plan to the Minister or the MEC for approval, in terms of section 39 of the Act.

### CHAPTER 3

#### DESIGNATION OF PRIVATE NATURE RESERVE

##### 9. Minister to designate

The Minister may designate all nature reserve in private ownership as private nature reserve in terms of section 25 of the Act, for the purpose of inclusion into the Register, and the Protected Areas Database.

##### 10. Norms for the designation of private nature reserve

- (1) A private nature reserve must comply with the requirements of section 23(2) of the Act.
- (2) The MEC must have declared the nature reserve and the process to verify its existence must be undertaken as set out in Chapter 2 of these norms and standards.
- (3) Ownership
  - (a) A private nature reserve must be privately owned, either by a single owner, a juristic person or jointly by a group of owners (such as a company or a community);
  - (b) A private nature reserve may consist of a single property or several properties managed according to a single management plan;
  - (c) In a case where a private nature reserve is an entity constituted from different properties with associated landowners a Constitution will be a requirement;
  - (d) In the case of community owned land, a trust is to be established.
- (4) Criteria for designation

A nature reserve may only be considered for designation as a private nature reserve if–

  - (a) the area promotes and preserves specific ecological processes, natural systems, natural beauty, or indigenous wildlife species;
  - (b) the area protects biological diversity in general;

- (c) the area is developed and managed in the interest of conservation, education and sustained resource utilization; or
  - (d) the area is considered an extensive wildlife system.
- (5) Size of a private nature reserve
  - (a) there is no prescribed minimum size for a private nature reserve, however, the size of the area should be in accordance with the purpose and objectives of the area.
  - (b) the area should be a contiguous and not fragmented into separate isolated areas.
- (6) Land claims
  - (a) No designation of a private nature reserve on land where a land claims has been *gazetted* will be considered until the land claim has been resolved.
  - (b) All nature reserve considered for designation as a private nature reserve must be forwarded to the Land Claims Commissioner for comment on any possible registered land claims.

## CHAPTER 4

### THE MANAGEMENT OF A PRIVATE NATURE RESERVE

#### 11. Ecological integrity maintained

- (1) A private nature reserve must be managed for the purpose for which it was declared as required in terms of section 40(1) (a) of the Act.
- (2) Review to be done by remote sensing using the latest Land Cover Database or platforms such as Google earth to ensure that
  - (a) no wide scale removal or destruction of habitat has taken place;
  - (b) no crops have been planted replacing natural habitat; or
  - (c) housing and tourism based development is restricted to less than 0, 5% of the area of the reserve.

- (3) The provincial organ of state responsible for nature conservation shall conduct site visit to
- (a) verify the remote sensing assessment;
  - (b) verify the implementation of the management plan as submitted, particularly the programme to remove alien and invasive species, in terms of section 41 of the Act and section 76 of the Biodiversity Act;
  - (c) ensure that no extra species are introduced;
  - (d) ensure that the nature reserve is not used for stud breeding especially in feedlots or controlled camps of indigenous species and of colour variants of indigenous species; and
  - (e) ensure that there is minimal management interference, especially with regard to supplementary feeding that should be seen as the exception, not the norm.

## 12. Subdivision of land

The management authority must ensure that

- (a) no subdivision of land is permitted in a private nature reserve;
- (b) any area subdivided will be excised from the nature reserve; and
- (c) share-blocks are shown in the management plan and their development footprint is restricted.

## 13. Adequate control

### (1) Access

Access to a private nature reserve will be controlled by the assigned management authority.

### (2) Fencing

Suitable fences or other appropriate structures are erected to demarcate the boundaries of the area. The type of fencing used on the perimeter of the area or within the area must

- (a) be adequate to prevent a wild animal from escaping under normal circumstances; and

- (b) where required be adequate for the purpose and objectives of the area.
- (3) Indigenous species
  - (a) only species indigenous to the area may be introduced to a private nature reserve.
  - (b) strategies to eradicate alien and invasive species must be addressed in the management plan.
- (4) Utilization of wildlife

All consumptive and non-consumptive uses of biodiversity on a private nature reserve should be in line with scientifically based conservation management objectives and practices, as outlined in the management plan of the area.
- (5) Management responsibility
  - (a) the management authority of a private nature reserve is responsible for the management, control, and maintenance of the area.
  - (b) all the above responsibilities of the management in subparagraph (a), forms part of the management plan for a private nature reserve and is the responsibility of land owner working in cooperation with state and within the limits of the law.

## CHAPTER 4

### REPORTING

#### 14. Management authorities

The management authority of a private nature reserve is responsible for the submission of all plans and reports required in terms of the Act and the Biodiversity Act.

#### 15. Provincial nature conservation authorities

The provincial nature conservation authorities must submit a list of verified private nature reserve to the Minister one month after the end of each financial year.

#### 16. Inclusion of private nature reserve into the Register

The Minister must include a list of all verified private nature reserve in the database of protected areas and the Register.

**17. Non-compliance with the norms and standards**

Any known private nature reserve that fails to comply with these norms and standards may be withdrawn by the MEC in terms of section 24(2), and will be removed from the Register but kept on the list of conservation areas maintained by the Department until otherwise determined.

Under paragraph (cc) of the definition of “the business of a bank”, in section 1(1) of the Banks Act, 1990 (Act No. 94 of 1990), I, Pravin Jamnadas Gordhan, Minister of Finance, hereby designate, for the period commencing 1 July 2016 and expiring on 30 September 2017, and subject to the conditions set out in paragraph 3 of the Schedule, an institution specified in paragraph 2 of the Schedule as an institution of which the activities do not fall within the meaning of “the business of a bank”.

**PJ GORDHAN**  
Minister of Finance

**SCHEDULE**

**1. Definitions**

In this Schedule, “the Banks Act” means the Banks Act, 1990 (Act No. 94 of 1990), as amended, and any word or expression to which a meaning has been assigned in the Banks Act or the Regulations relating to Banks shall bear the meaning so assigned thereto and, unless the context otherwise indicates-

**“KwaZulu-Natal Ithala Development Finance Corporation Act”** means the KwaZulu-Natal Ithala Development Corporation Act, 2013 (Act No. 5 of 2013);

**“Ithala Development Finance Corporation Limited”, formerly known as “KwaZulu-Finance and Investment Corporation Limited”** means the development corporation known as Ithala Development Finance Corporation Limited, referred to in section 2 of the KwaZulu-Natal Ithala Development Finance Corporation Act;

**“Ithala Corporation”** means Ithala Development Finance Corporation Limited, a public company registered in terms of the Companies Act, 2008 (Act No. 71 of 2008);

**“Ithala SOC Limited”** means Ithala SOC Limited, a wholly-owned subsidiary of Ithala Corporation, being a state-owned company registered in terms of the Companies Act, 2008 (Act No. 71 of 2008)

**“Regulations relating to Banks”** means the Regulations relating to Banks published under Government Notice No. R. 1029 of 12 December 2012 as amended from time to time.

## 2. Institution

Ithala SOC Limited.

## 3. Conditions

3.1 The activities of a Ithala SOC Limited shall, in so far as they correspond to the activities contemplated in paragraphs (a), (b), (c) and (d) of the definition of “the business of a bank” in section 1(1) of the Banks Act, be performed by virtue of the powers conferred in terms of the provisions of the KwaZulu-Natal Ithala Development Finance Corporation Act: provided that Ithala SOC Limited may not, in the performance of its activities-

3.1.1 use, or refer to itself or any of its divisions by any name, description or symbol indicating, or calculated to lead persons to infer, that it or such a division is a bank registered as such under the Banks Act;

3.1.2 in respect of itself or any of its divisions or undertakings use a name or description that includes the word “bank”, or any derivative thereof, or the words “building society”, or any derivative thereof, unless such name or description is composed of words that include the word “bank” as part of a place-name or a personal name.

3.2 The activities of Ithala SOC Limited shall be-

3.2.1 managed in such a way that the aggregate amount of qualifying common equity tier 1 capital and reserve funds, additional tier 1 capital and reserve funds and tier 2 capital and reserve funds in the Republic does not at any time amount to less than an amount that represents 15 per cent of the sum of the amounts calculated by multiplying the average amounts of such different categories of-

(i) assets; and

(ii) other risk exposures in the conduct of Ithala SOC Limited’s business, as prescribed by the Regulations relating to Banks, by risk weights expressed as percentages, as so set forth, in respect of such different categories of assets and other risk exposures;

3.2.2 performed while Ithala SOC Limited at all times holds an average daily amount of liquid assets in the Republic that shall not be less than an amount equal to 7.5 per cent of its total liabilities to the public.

3.2.3 managed in such a way that the leverage ratio, calculated as prescribed by

the Regulations relating to Banks, is not less than 5 (five) per cent.

- 3.3 Ithala Corporation maintains, at its own cost, to the satisfaction of the Registrar of Banks, the "ring-fencing" of any deposit-taking activities within a separately capitalised and limited corporation, namely Ithala SOC Limited.
- 3.4 Ithala Corporation maintains a separation between the lending activities of Ithala Corporation, in particular the current loan and advances exposures, and any current and future deposit-taking activities, which deposit-taking activities will be conducted by Ithala SOC Limited.
- 3.5 Ithala SOC Limited shall fully comply with such prudential, reporting, and other regulatory requirements that may be imposed by the Registrar of Banks, from time to time.
- 3.6 Ithala SOC Limited shall be subject to supervision and enforcement by the Registrar of Banks to ensure compliance with the provisions of Financial Intelligence Centre Act 38 of 2001, as amended.
