SOUTH AFRICAN HERITAGE RESOURCES AGENCY

DECLARATION OF THE MENDI MEMORIAL AS NATIONAL HERITAGE SITES

By virtue of the powers vested in the South African Heritage Resources Agency, in terms of section 27 (5) of the National Heritage Resources Act (No. 25 of 1999) SAHRA hereby declares the Mendi Memorial, University of Cape Town Sport's Fields, Rosebank, Cape Town as a National Heritage Site.

Statement of Significance

The Mendi Memorial, located at the southeast corner of the University of Cape Town's soccer fields, is a symbolic reminder of the South African lives lost on the steamship *Mendi* in 1917 and of the long-ignored and forgotten history of the South African Native Labour Corps. It is a reminder of the role played by black South Africans in World War I and of the links these events have to the Liberation Struggle in South Africa. The University of Cape Town soccer fields were formerly the Rosebank Showgrounds which were used during World War I as the national assembly camp and depot for the South African Native Labour Corps. It was at this camp that all the men enlisted in the corps from all over South Africa and Botswana, Swaziland and Lesotho assembled, were kitted out and received their basic training, and from which they departed to Cape Town harbour to take ship to France. For many of the men on the *Mendi*, this was where they spent their last night on South African soil.

SOUTH AFRICAN HERITAGE RESOURCES AGENCY

DECLARATION OF THE SHARPEVILLE MASSACRE SITES AS NATIONAL HERITAGE SITES

By virtue of the powers vested in the South African Heritage Resources Agency, in terms of section 27 (5) of the National Heritage Resources Act (No. 25 of 1999) SAHRA hereby declares three of the Sharpeville Massacre Sites namely the Memorial Garden located on Erf 9172, the Police Station on Erf 9175 and the graves of the 69 people killed at the massacre located in the Phelindaba Cemetery, Theunis Kruger Street Vereeniging, as National Heritage Sites.

Statement of Significance

The 21st March 1960 marked a critical turning point in the history of South Africa when police opened fire on a peaceful march led by the Pan Africanist Congress in protest against the pass laws. Marches were organised in both Sharpeville (Gauteng) and Langa (Cape Town). This display of police brutality in which 69 people died, was to become known as the Sharpeville Massacre. Demonstrations and riots broke out across the country in reaction to the police response to both protests in Sharpeville and Langa. This led to the first declaration of a State of Emergency under Apartheid, and saw the banning of the ANC and Pan Africanist Congress (PAC). This brutal response from the State was the catalyst for the move away from passive resistance to armed struggle. The massacre inspired the painting of the "Black Priest" by Ronald Harrison (itself an important Struggle artwork that raised funds for Defence and Aid Movement). As testimony to the brutal force used to enforce the racial policies of the Apartheid administration, the Sharpeville Police Station, the Memorial Garden and the graves of the victims commemorate and honour those who bravely marched in protest against the forced relocation and restricted movements imposed by the Pass Laws and lost their lives on 21st March 1960.

3. Air traffic service charges

- 3.1 There are three air traffic service charges:
- (a) An Aerodrome Charge, payable for ATM services, specific to aerodrome airspace and maneuvering area, provided by the Company in respect of a flight that takes off from or lands at an ACSA airport;
 - (b) a TMA Access Charge, payable for ATM services, specific to terminal airspace, provided by the Company in respect of a flight that departs from or arrives at ACSA TMA airspace, where the airport of origin or destination is within that ACSA TMA airspace;
 - (c) an Area Charge, payable for ATM services specific to area (*en route*) airspace provided by the Company in respect of a flight undertaken within a flight information region established by the Commissioner for Civil Aviation in terms of the Civil Aviation Regulations.

4. Cost components

- 4.1 Charges consist of the following cost components:
- (a) A variable cost component (VC);
 - (b) a business sustaining cost component (BSC); and
 - (c) a fixed cost component (FC).
- 4.2 VCs are treated as follows:
- (a) VCs are charged for each flight undertaken at a standard rate per movement;
 - (b) VCs are the same for Aerodrome Charges, TMA Access Charges and Area Charges.

4.3 BSCs are treated as follows:

- (a) BSCs are charged for each movement undertaken in relation to the MCM of an aircraft;
- (b) BSCs are the same for Aerodrome Charges, TMA Access Charges and Area Charges.

4.4 FCs are treated as follows:

- (a) FCs are charged for each movement undertaken in relation to the MCM of an aircraft, and for Area Charges, also in relation to d within Company managed airspace;
- (b) Aerodrome Charges, TMA Access Charges and Area Charges each have a unique FC.

5. Independent variables

For purposes of charging, the independent variables of the tariff formulas set out in the Appendix are the following:

- (a) Published MCM expressed in kilograms;
- (b) “d”, measured on the basis of the great circle distance in nautical miles (rounded to the nearest nautical mile) along that portion of the flight path of an aircraft, which is within the boundaries of the South African flight information region, from the take-off airport or gateway to the landing airport or gateway. It excludes distance flown in the ACSA TMA airspace above the take-off or landing airport or the TMA airspace above FAKN or FARB, which TMA airspace is for charging purposes a radius of 35 nautical miles around the airport, irrespective of the actual radius.

6. Mass categories

6.1 Subject to the exceptions described in rules 6.2 and 6.3 below, the following aircraft mass categories apply:

- (a) Aircraft with a MCM of 15 000 kilograms or less are charged as follows:
 - (i) VC per movement;
 - (ii) BSC based on MCM; and
 - (iii) FC based on MCM, and for Area Charge, also based on d, but no Area Charge is levied if d equals zero;
- (b) aircraft with a MCM of more than 15 000 kilograms are charged as follows:
 - (i) VC per movement;

- (ii) BSC based on the square root of MCM; and
- (iii) FC based on the square root of MCM, and for Area Charge, also based on d, but no Area Charge is levied if d equals zero.

6.2 Charges for aircraft with a MCM of 5 000 kilograms or less are zero-rated with respect to –

- (a) Area Charges; and
- (b) Aerodrome Charges or TMA Access Charges at ACSA airports or ACSA TMA airspace other than FAOR subject to the operators of such aircraft adhering to operating procedures around non-FAOR airports as the Company may establish from time to time.

6.3 For aircraft with a MCM of 5 000 kilograms or less at FAOR, the FC components that would otherwise have applied, are replaced with –

- (a) a minimum FC in the calculation of the Aerodrome Charge; and
- (b) a minimum FC in the calculation of the TMA Access Charge.

7. **Formulas and coefficients**

Subject to these Rules, the tariff formulas and tariff coefficients are set out in the Appendix attached.

8. **Payment of air traffic service charges and security deposits**

8.1 Any document produced by the Company on which it is recorded that an ATM service was provided is deemed to be sufficient evidence that the ATM service was indeed provided.

8.2 The operator of an aircraft which is engaged in a flight in respect of which the operator is liable to pay an air traffic service charge in terms of these Rules and in the case where the flight –

- (a) terminates at an ACSA airport, must pay the air traffic service charge to the Company representative at that ACSA airport before that aircraft is to take off from that ACSA airport;
- (b) commences at an ACSA airport and terminates at an airport other than an ACSA airport, must pay the air traffic service charge to the Company representative at that ACSA airport before that aircraft is to take off from that ACSA airport;
- (c) commences and terminates at airports other than ACSA airports, must pay the air traffic service charge to the Company within 30 days of receipt of an invoice from the Company in respect of the air traffic service charge,

unless the operator has previously entered into an agreement with the Company for payment.

- 8.3 The operator of an aircraft shall –
- (a) deposit with the Company an amount, or
 - (b) provide the Company with a letter of guarantee by a financial institution in a format acceptable to the Company that an amount has been set aside,
- as security against the risk of default on payment.
- 8.4 The Company shall determine the amount referred to in section 8.3 with reference to the actual or expected invoices of an operator, which amount shall be limited to the maximum amount of two months' invoicing.
- 8.5 The Company may annually revise and an operator may annually apply for a revision of the amount in section 0, with reference to actual or expected invoicing.
- 8.6 No interest is payable by the Company on any deposit or letter of guarantee held by it in terms of these Rules.
- 8.7 The Company may charge interest on an outstanding invoice as provided for in the Standard Terms and Conditions.
- 8.8 The Company is not obliged to withdraw, modify or reissue an invoice after six months from the date of the invoice.

9. General rules, exemptions and exceptions

- 9.1 The tariffs set out in these Rules, including the Appendix, are exclusive of Value-Added Tax and are therefore subject to the appropriate rate applicable to any specific tariff.
- 9.2 Air traffic service charges are payable by the operator of an aircraft to the Company.
- 9.3 Air traffic service charges are payable in respect of South African and foreign state aircraft, unless other provision has been made by means of an agreement with the Company.
- 9.4 Air traffic service charges are payable in respect of helicopters, except at FAOR where no TMA Access Charge is levied.

- 9.5 No air traffic service charge is payable in respect of an aircraft engaged in any flight for the calibration of any air navigation infrastructure.
- 9.6 Air traffic service charges are payable in respect of an aircraft engaged in emergency medical service operations, unless exempted on a case-by-case basis by means of an agreement with the Company.
- 9.7 Subject to rule 9.9 below, no air traffic service charge is payable in respect of an aircraft requisitioned for and engaged in search and rescue operations in terms of the South African Maritime and Aeronautical Search and Rescue Act.
- 9.8 Air traffic service charges are payable in respect of an aircraft engaged in search and rescue operations, which aircraft has not been requisitioned in terms of the South African Maritime and Aeronautical Search and Rescue Act, unless exempted on a case-by-case basis by means of an agreement with the Company.
- 9.9 Search mission co-ordination services are payable by the relevant authority or any operator at a rate of **R1 413,10** per hour or part thereof, where these services fall outside of the normal scope of alerting services and assistance to agencies involved in search and rescue operations, in particular where services are activated due to negligence in canceling service requests.
- 9.10 (a) Aerodrome Charges and TMA Access Charges are payable in respect of Aerodrome and TMA Access movements solely for the purpose of air crew training at a discount of 70% of the applicable standard Aerodrome Charge or standard TMA Access Charge.
- (b) Training movements attract charges as follows:
- (i) An Aerodrome Charge is levied for each training movement upon take-off and upon landing from or at an ACSA airport, discounted as described in rule 9.10(a) above;
 - (ii) for a training movement that does not exit the aerodrome airspace, one Aerodrome Charge is levied for each circuit flown, discounted as described in rule 9.10(a) above; and
 - (iii) for a training movement that exits the aerodrome airspace into TMA airspace, rule 9.10(b)(i) above applies for each take-off and each landing, and a TMA Access Charge is levied for each circuit flown within the TMA airspace.
- (c) For the purposes of this rule, the words “take-off” and “landing” are construed to include the use of ATM services required for take-off and landing.

- 9.11 For oceanic flights over the Indian Ocean or the Atlantic Ocean within the South African flight information region, including those to and from Antarctica, the FC component of the Area Charge is 50% of the standard Area Charge.
- 9.12 Extended air traffic service charges at a rate of **R2 826,20** per hour or part thereof, are payable by an operator for the extension of existing air traffic services beyond the normal negotiated and planned service amendments as documented in the Integrated Aeronautical Information Package (IAIP).
- 9.13 No Area Charge is payable in respect of any aircraft engaged in a flight that takes off and lands at the same airport.
- 9.14 The Company reserves the right to exempt the operator of an aircraft from payment of, or discount, any of the air traffic service charges if the Company is satisfied that the application of these Rules would amount to an unfair repetition of the same charge.

10. Withholding of services

The Company may withhold services –

- (a) until such time that the operator provides evidence to the Company that the deposit or guarantee referred to in section 8.3 has been provided, or
- (b) if the operator has failed to settle an invoice as per the Standard Terms and Conditions.
