Explanatory Memorandum to the Allocations set out in the attached Schedule

This *Gazette* is published in terms Section 26 of the Division of Revenue Act, 2016 (Act No. 3 of 2016) (DoRA), as amended by the Division of Revenue Amendment Act, 2016 (Act No.11 of 2016). Section 26 provides that any transfers not listed in the Schedules may only be made in terms of Section 6(3) which provides that additional allocations to provinces or municipalities may only be made in an adjustments budget and must comply with such monitoring and reporting requirements determined by the National Treasury. Further, Section 26 also requires that the National Treasury must publish such allocations in the *Gazette*, prior to the transfer of any funds to a province or municipality.

Changes to provincial allocations

National health insurance grant

1. Schedule 6, part A of the Division of Revenue Act provides for allocations in-kind to provinces for designated programmes, where the relevant national department delivers goods and services on behalf of provinces.
2. For the 2016/17, R1.261 billion was allocated to the National Health Insurance Indirect Grant. The purpose of the grant is To address capacity constraints in the provinces and to create an alternate track to speed up infrastructure delivery; to develop and pilot innovative models for purchasing services from health practitioners and other service providers in National Health Insurance pilot districts; to improve spending, performance, monitoring and evaluation on National Health Insurance pilots and infrastructure projects; to fund the introduction of the Human Papillomavirus vaccination programme in schools; to enable the health sector to address deficiencies in the primary health care facilities systematically to yield big fast results; to fund development and roll-out of new health information systems in preparation for National Health Insurance.
3. The grant comprises of different components that respond to the purpose of the grant. These components and the allocations are per province and is detailed in the annexures that form part of the Division of Revenue Act, although gazetted separately. If any changes to the allocations are required, a gazette must be published to effect the change.
4. In November 2016, the national department of Health wrote to the National Treasury requesting a change to the components. The department requested for R96 million to be moved from the Health Facility Revitalisation component to the Health Professionals Contracting component. The move was requested because the infrastructure component was not performing adequately, while the Health Professionals Contracting was experiencing budget pressures. The department gave assurances that the no infrastructure component will be adversely affected.
5. This gazette formalises the movement of funds between the two components.

Changes to local government allocations

Roll-over of funds for the municipal demarcation transition grant

6. An amount of R27.9 million is rolled-over for the municipal demarcation transition grant for funds converted to an indirect grant allocation at the end of the 2015/16 national financial year. These are funds that were allocated for the preparation for

major re-demarcations (including the merging of municipalities) for boundary changes that were announced by the Municipal Demarcation Board in 2013.

7. Funds from this grant were transferred to municipalities in Gauteng that were merging, but in the case of KwaZulu-Natal National Treasury was requested to convert the grant allocations to indirect grant allocations so that the national department of Cooperative Governance (DCoG) could use the provincial department of Cooperative Governance and Traditional Affairs in KwaZulu-Natal to implement preparatory work on behalf of the affected municipalities.
8. While the funds were committed by the end of 2015/16 the projects were not spent by the end of the financial year and hence a roll-over was needed in order for the funds to be able to be spent in 2016/17 instead. Further allocations for the direct grant have been made for these municipalities, and for major boundary redeterminations announced in 2015, in the Division of Revenue Act, 2016.

Additional allocation to support drought relief

9. The allocation for the indirect water services infrastructure grant will be increased by R50.6 million in 2016/17 to fund the provision of emergency water supplies to drought affected communities. The support provided includes water tankers providing water to communities and the provision of storage tanks that can be filled by water tankers.
10. These allocations will support drought relief in four provinces, namely the Eastern Cape, Free State, KwaZulu-Natal and North West. Most of the relief funded through this allocation was already provided in the early months of 2016/17, but in some areas relief is expected to continue to be provided until December 2016. Water tanking is not intended to be a long-term response to drought. Other grant allocations have also been reprioritised (within municipalities) to repair and refurbish leaking infrastructure and drill boreholes to augment water supplies as more sustainable solutions to supply constraints.

Additional allocation for bucket eradication

11. The allocation for the bucket eradication programme grant is increased by R72 million to allow the department of Water and Sanitation (DWS) to complete bucket eradication projects that the department had already identified and committed to implementing. This increase is funded through the reprioritisation of funds from compensation of employees and goods and services funds on the budget vote of the department. The changes to the allocations per municipality reflected in Annexure 4 of the Bill also include reallocations from some existing projects to ensure that other projects can be completed.
12. The bucket eradication programme grant is an indirect grant to local government that was introduced in 2014/15 to fund the eradication of bucket sanitation systems in formal residential areas. The grant was due to end in 2015/16 but was extended into 2016/17 to allow the DWS to complete outstanding projects. The eradication of bucket sanitation in informal settlements is funded through the urban settlements development grant and the municipal infrastructure grant.

Stopping of Grants

13. Section 19 of DoRA stipulates that National Treasury may in its discretion or at the request of a transferring national officer stop the transfer for schedules 4 and 5 pertaining to anticipated under-spending on programmes or allocations in the financial year by the municipality.
14. The Neighbourhood Development Partnership Grant (NDPG) is being re-allocated to nine municipalities due to slow procurement processes and significant under spending of the 2016/17 grant allocation. These funds will be re-allocated to

- municipalities that have fast tracked the implementation of their projects and have accelerated expenditure against their original allocations.
15. The department of Energy (DoE) is re-allocating funds between municipalities, under the Integrated National Electrification Programme (INEP) grant due to under performance by municipalities against their 2016/17 allocations.
 16. The Infrastructure Skills Development Grant (ISDG) is stopping from Vhembe District Municipality (DM) an amount of R2.9 million and re-allocating it to eThekweni Metropolitan municipality due to non-performance by Vhembe DM.
 17. The DWS is stopping and re-allocating funds between municipalities for the two newly introduced grants, namely: the Water Services Infrastructure Grant (WSIG) which aims to accelerate the delivery of clean portable water and sanitation facilities to communities that do not have access to basic water and sanitation services, and the Regional Bulk Infrastructure Grant (RBIG) which is used to implement bulk water infrastructure projects and develop, refurbish, upgrade and replace old infrastructure. The reason for the stopping is due to underperformance by municipalities on the RBIG direct grant (Schedule 5B) and DWS anticipating underspending against the RBIG indirect grant' allocation (Schedule 6B).
 18. The department of Transport (DoT) is also stopping and re-allocating funds from the Public Transport Network Grant (PTNG) and the Rural Roads Asset Management Systems (RRAMS) grant. With respect of PTNG, an amount of R50 million is being stopped from Ekurhuleni Metropolitan Municipality and re-allocated to George Local Municipality (LM) as a result of non-commitment which resulted in the completion of the IPTN station at Ekurhuleni Metropolitan municipality. In terms of the RRAMS grant, an amount of R2.5 million is being re-allocated from Umkhanyakude District Municipality and R2.8 million from O.R. Tambo District Municipality.
 19. The DCoG is re-allocating an amount of R29.5 million from pre-election to post-election municipalities on the 2016/17 Municipal Demarcation Transition Grant (MDTG) allocations. The MDTG grant aims to fund additional administrative costs arising from boundary changes as a result of the 2016 Local Government Elections that took place on 3 August 2016. These funds could not be transferred by 3 August 2016 (when the pre-election municipalities ceased to exist) to the affected pre-election municipalities due to non-compliance issues, hence the funds now need to be re-allocated and re-gazetted to the post-election municipalities, which are the successors in law of all assets and liabilities of the pre-election municipalities

Transfers from schedule 6B grants

20. Further, the DWS and National Treasury would like to re-allocate the funds for indirect grants between municipalities. These Schedule 6B programme grants are RBIG 6B administered by DWS and NPDG 6B administered by National Treasury. This indicates that the stopping and re-allocation will not affect the budgeting of the affected municipalities because funds allocated under schedule 6B are not transferred directly into the primary bank accounts of municipalities, but are spent on behalf of benefitting municipalities by the national departments.

Reversal of the municipal infrastructure grant conversion

21. The DCoG requested National Treasury to convert MIG allocation of three municipalities that have consistently underspent and misused the MIG allocation. The department through their Director-General requested National Treasury to convert allocations for the affected municipalities so that services delivery may not

be hampered as a result of Municipal challenges. The three municipalities are Ngaka Modiri Molema DM, Mopani DM and Mafube Local Municipality (LM).

22. The conversion of the MIG allocation was done according to section 21 of the 2016 DoRA and approved by Minister National Treasury through government gazette No.40351 dated 14 October 2016 (see Annexure C). Two months following the publishing of the conversion in the gazette and 2016/17 original MIG payment schedule was amended, DCoG backtracked on their initial request.
23. National Treasury received a letter from DCoG dated 15 December 2016 (Annexure D) whereby the department asked National Treasury to reverse the decision to convert the MIG allocation to the three affected municipalities. The department indicated that the reason for backtracking is because they cannot incur expenditure on the 2016/17 converted funds due to technical challenges, accounting treatment and audit risks identified.
24. The decision to backtrack on the original conversion is of particular concern to Intergovernmental Relations (IGR) division because DCoG did not divulge on the reasons why the conversion was proposed in the first place. Further, the department did not indicate how they are going to mitigate the challenges faced by those respective municipalities. The reality is that monies allocated to the three affected municipalities would either revert to the National Revenue Fund, re-allocated or be rolled over due to lack of decisiveness of the department.
25. National Treasury in a quest to support these municipalities proposes to reverse the decision for purposes of making the converted funds available to these municipalities. Especially in instances where work has already been done, NT believes money should be made available to pay the service providers for work done. Secondly to find amicable ways to protect the fiscus, but also ensuring that service delivery in the affected municipalities is not hampered.

Changes to gazetted framework

Municipal infrastructure grant framework

26. The *municipal infrastructure grant* framework requires that municipalities allocated ring-fenced funds for sports projects "must make use of transversal contracts approved by the department of Sport and Recreation South Africa (SRSA) when implementing projects funded from this allocation." This condition omits to allow for the possibility of exemptions to this clause for cases where municipalities are able to procure infrastructure timeously and cost effectively outside of a transversal contract approved by SRSA. This omission will be corrected through the addition of the phrase, "unless an exemption from this requirement is approved by SRSA" at the end of this condition.

WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.

To confirm the legitimacy of purchase orders, please contact:
