2. Equal Pay for Work of Equal Value Criteria

These Regulations are published to prescribe the criteria and methodology for assessing work of equal value contemplated in section 6(4) of the Act.

3. Eliminating unfair discrimination

- (1) An employer must, in order to eliminate unfair discrimination, take steps to eliminate differences in terms and conditions of employment, including remuneration of employees who perform work

of equal value if those differences are directly or indirectly based on a listed ground or any arbitrary ground that is prohibited by section 6(1) of the Act.

- (2) Without limiting sub-regulation (1), an employer must ensure that employees are not paid different remuneration for work of equal value based on race, gender or disability.

4. Meaning of work of equal value

For the purpose of these Regulations, the work performed by an employee –

- (1) is the same as the work of another employee of the same employer, if their work is identical or interchangeable;
- (2) is substantially the same as the work of another employee employed by that employer, if the work performed by the employees is sufficiently similar that they can reasonably be considered to be performing the same job, even if their work is not identical or interchangeable;
- (3) is of the same value as the work of another employee of the same employer in a different job, if their respective occupations are accorded the same value in accordance with regulations 5 to 7.

5. Methodology

When, applying section 6(4) of the Act –

- (1) it must first be established
 - (a) whether the work concerned is of equal value in accordance with regulation 6; and
 - (b) whether there is a difference in terms and conditions of employment, including remuneration.
- (2) it must then be established whether any difference in terms of sub-regulation (1)(b) constitutes unfair discrimination, applying the provisions of section 11 of the Act.

6. Assessing whether work is of equal value

- (1) In considering whether work is of equal value, the relevant jobs must be objectively assessed taking into account the following criteria:
 - (a) the responsibility demanded of the work, including responsibility for people, finances and material;
 - (b) the skills, qualifications, including prior learning and experience required to perform the work, whether formal or informal;
 - (c) physical, mental and emotional effort required to perform the work; and
 - (d) to the extent that it is relevant, the conditions under which work is performed, including physical environment, psychological conditions, time when and geographic location where the work is performed.
- (2) In addition to the criteria specified in sub-regulation (1) any other factor indicating the value of the work may be taken into account in evaluating work, provided the employer shows that the factor is relevant to assessing the value of the work.

- (3) The assessment undertaken in terms of sub-regulations (1) and (2) must be conducted in a manner that is free from bias on grounds of race, gender or disability, any other listed ground or any arbitrary ground that is prohibited in terms of section 6(1) of the Act.
- (4) Despite sub-regulations (1) and (2), an employer may justify the value assigned to an employee's work by reference to the classification of a relevant job in terms of a sectoral determination made by the Minister of Labour in terms of section 55 of the Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997) which applies to the employer.

7. Factors justifying differentiation in terms and conditions of employment

- (1) If employees perform work that is of equal value, a difference in terms and conditions of employment, including remuneration, is not unfair discrimination if the difference is fair and rational and is based on any one or a combination of the following grounds:
 - (a) the individuals' respective seniority or length of service;
 - (b) the individuals' respective qualifications, ability, competence or potential above the minimum acceptable levels required for the performance of the job;
 - (c) the individuals' respective performance, quantity or quality of work, provided that employees are equally subject to the employer's performance evaluation system, that the performance evaluation system is consistently applied;
 - (d) where an employee is demoted as a result of organisational restructuring or for any other legitimate reason without a reduction in pay and fixing the employee's salary at this level until the remuneration of employees in the same job category reaches this level;
 - (e) where an individual is employed temporarily in a position for purposes of gaining experience or training and as a result receives different remuneration or enjoys different terms and conditions of employment;
 - (f) the existence of a shortage of relevant skill, or the market value in a particular job classification; and
 - (g) any other relevant factor that is not unfairly discriminatory in terms of section 6(1) of the Act.
- (2) A differentiation in terms and conditions of employment based on one or more grounds listed in sub-regulation (1) will be fair and rational if it is established, in accordance with section 11 of the Act, that –
 - (a) its application is not biased against an employee or group of employees based on race, gender or disability or any other ground listed in section 6(1) of the Act; and
 - (b) it is applied in a proportionate manner.

DEMOGRAPHIC PROFILE OF THE NATIONAL AND REGIONAL ECONOMICALLY ACTIVE POPULATION

WHERE TO FIND INFORMATION ABOUT THE ECONOMICALLY ACTIVE POPULATION (EAP)?

Statistics South Africa provides demographic data using Quarterly Labour Force Surveys (QLFS) from time to time. The Quarterly Labour Force Surveys provide statistics on the national and provincial Economically Active Population (EAP) in terms of race and gender. Employers can access this information directly from Statistics South Africa. This information must be used by employers when consulting with employees, conducting an analysis and when preparing and implementing Employment Equity Plans.

This information is reviewed annually, and also made available in the Commission for Employment Equity (CEE) Annual Reports, which may be accessed from the Department of Labour website www.labour.gov.za.

OCCUPATIONAL LEVELS

WHAT IS THE PURPOSE OF THIS ANNEXURE?

Job evaluation or grading systems are used by many organisations to measure jobs according to their content and establish the comparative worth between jobs.

This annexure provides a table of equivalent occupational levels that may be used by employers when completing the EEA2 and EEA4 forms.

INSTRUCTIONS

The table below indicates the occupational levels within organisations as developed through the use of different job evaluation or grading systems. The table provides equivalent levels from each of these job evaluation systems.

Organisations that do not have job evaluation and grading systems should use the table below for guidance to determine the occupational levels in their organisations.
