NO. 1088

23 AUGUST 2019

**NATIONAL AGRICULTURAL MARKETING COUNCIL
MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED
(ACT No. 47 OF 1996)**

**REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES IN THE SOUTH
AFRICAN MILK INDUSTRY (REGISTRATION AND RECORDS & RETURNS) IN TERMS
OF THE MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996 (ACT NO 47 OF
1996), AS AMENDED**

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No.47 of 1996) (MAP Act), that the Minister of Agriculture, Land Reform and Rural Development has received a request from the milk industry for the continuation of statutory measures, relating to registrations and the keeping of records and rendering returns. The applicant for the proposed statutory measures is the Milk Producers' Organisation (MPO), on behalf of the directly affected groups in the milk industry. The MPO is a voluntary producer organisation and is a non-profit company in terms of the Companies Act. It has the required capacity in terms of personnel, infrastructure and skills to administer the statutory measures. The current statutory measures in the milk industry will lapse on 1 November 2019. The MPO requested ministerial approval for the continuation of these statutory measures for a new period of four years, until 1 November 2023. The statutory measures will relate to milk which is defined in the Agricultural Product Standards Act as "the normal secretion of the mammary glands of bovines, goats and sheep".

The purpose and aim of the statutory measure relating to registration is to compel the milk producers of the Republic of South Africa to register with the MPO. The registration of milk producers will assist the industry to liaise with them regarding matters of concern such as legislation, training courses and technology transfer. This will also facilitate the maintenance of a national data base which is a prerequisite for the publication of reliable industry statistics.

The purpose and aim of the statutory measure relating to records & returns is to provide a statutory mechanism for milk producers to keep records and furnish returns to the MPO. It will be expected from each milk producer, within 15 days after 31 October of each year, to furnish accurate returns to the MPO. This is deemed necessary to ensure that continuous, timeous and accurate statistics and information relating to the dairy farming industry is made available to all role-players. Recordkeeping of the dairy cattle population will create statistics

per province and districts of the number of cows, bulls, heifers and breeds. It will then be possible to follow changing population trends per province in order for the industry to predict milk production trends. The monitoring of trends of herd sizes and dairy breeds as well as the location thereof will assist the industry in the steering of its educational, research, extension and health programmes.

According to the applicant (MPO), the proposed continuation of the statutory measures will further the objectives of the MAP Act as stipulated in section 2(2) thereof. Such establishment will also not contravene section 2(3) of the Act, namely will not be detrimental to food security, the number of employment opportunities within the economy or fair labour practices. The objectives referred to in section 2(2) of the Act are to increase market access for all market participants, to promote the efficiency of the marketing of agricultural products, to optimise export earnings from agricultural products and to enhance the viability of the agricultural sector.

The National Agricultural Marketing Council took cognisance that the proposed continuation of the statutory measures relating to registration and the keeping of records and the rendering of returns in the milk industry as requested by the MPO, is consistent with the objectives of the MAP Act. The request is currently being investigated by the NAMC and recommendations in this regard will be made to the Minister in the near future.

Directly affected groups in the milk industry are kindly requested to submit any comments regarding the proposed continuation of statutory measures, to the NAMC on or before 6 September 2019, to enable the Council to finalise its recommendation to the Minister in regard. Submissions should be in writing and be addressed to:

1. Scope of applicability of this General Discharge Authorisation

- 1.1. This General Discharge Authorisation is applicable to discharges of effluent from land-based sources into coastal waters of the Republic, except for those areas set out in Annexure 1.
- 1.2. The General Discharge Authorisation also applies to the ports listed in Annexure 3.

2. Description of General Discharge Authorisation

A General Discharge Authorisation in terms of section 69(2) of the Act is hereby granted to any person discharging effluent into coastal waters from a land-based source where the effluent meets **ALL** of the following requirements.

2.1. The effluent will be neutrally-buoyant or positively-buoyant with respect to the coastal waters into which the effluent is being discharged.

2.2. In Table 1—

2.2.1. for offshore discharges, the effluent's constituents do not exceed the General Limits specified in that table; and

2.2.2. in respect of discharges into coastal waters other than the offshore environment, the effluent does not exceed the Special Limits specified in that table.

2.3. Where the volume of effluent being discharged exceeds—

(a) 10000 m³ per day in the case of an offshore discharge; or

(b) 2000 m³ per day in the case of discharges into coastal waters other than the offshore environment,

in addition to 2.2 above, the General Limits for an offshore discharge, and the Special Limits for a discharge other than an offshore discharge, specified in Table 2, apply.

2.4. Where the influent water's constituents exceed the General Limits and the Special Limits of Table 1, and where applicable, Table 2, the difference between the constituent quantities of the influent water, and that of the effluent, must not exceed the General Limits and the Special Limits in Table 1, and where applicable, Table 2.

2.5. In addition to the requirements in 2.1 to 2.4, a discharge of effluent into coastal waters will only be lawful under this General Discharge Authorisation if the provisions of sections 3, 4 and 5 are complied with.

3. Obligation to notify in writing

3.1. No person may discharge effluent in terms of this General Discharge Authorisation unless that person has notified the Department in writing of the intended discharge in compliance with 3.2.

3.2. A notification in terms of 3.1 must contain the following information:

- 3.2.1. the full name of the person or legal entity responsible for the discharge;
 - 3.2.2. the name of a contactable person and their contact details;
 - 3.2.3. a description of the facility and the process which is undertaken at the facility;
 - 3.2.4. GPS coordinates of the land-based operation (facility responsible for the generation of the effluent being discharged);
 - 3.2.5. GPS coordinates of the points of location of the discharge into coastal waters;
 - 3.2.6. the volume per day of effluent being discharged;
 - 3.2.7. the province and the municipal area in which the discharge occurs; and
 - 3.2.8. confirmation as to whether or not the discharge is continuous, a once-off or an intermittent discharge.
- 3.3. The notification must be dated and signed by the person notifying the Department or a representative, if a legal entity is undertaking the notification.

4. Discharges not authorised in terms of this General Discharge Authorisation

Discharges of effluent into the receiving environments listed below are not authorised in terms of this General Discharge Authorisation:

- 4.1. the bays set out in Annexure 2;
- 4.2. estuaries, except for those estuaries inside a port as set out in Annexure 3;
- 4.3. marine protected areas declared in terms of the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003); and
- 4.4. special management areas declared in terms of section 23 of the Act.

5. Monitoring requirements

- 5.1. All analysis of effluent samples must be screened for the constituents listed in Table 1 and where applicable, Table 2.
- 5.2. The analysis of all effluent samples must be undertaken at a SANAS accredited laboratory.

- 5.3. In respect of a once-off discharge, the person responsible for the discharge must, within 15 calendar days after the date of the discharge, submit a once-off analysis report to the Department of samples taken of the effluent discharged.
- 5.4. For discharges other than a once-off discharge, the quality of the effluent discharged into coastal waters must be monitored and sent to the laboratory for analysis in accordance with 5.1 on a quarterly basis by taking effluent samples of the effluent at a location-point prior to its discharge into coastal waters, for the first year only. Those analysis reports must be sent to the Department every quarter. After the first year, the person responsible for the discharge must continue to take effluent samples at a location-point prior its discharge into coastal waters and have those samples analysed at the laboratory once every six months. These analysis reports must be sent to the Department bi-annually.
- 5.5. In addition, the person in charge of a discharge must submit a report setting out the quantity of effluent discharged into coastal waters together with each effluent analysis report submitted in accordance with the requirements set out above.
- 5.6. All reports must be submitted to the Department by hand, by post or by email, to the following address:

INDEPENDENT COMMUNICATIONS AUTHORITY OF SOUTH AFRICA

NO. 1096

23 AUGUST 2019

REVIEW OF

THE PRICE CAP REGULATIONS FOR RESERVED POSTAL SERVICES

I, Dr. Keabetswe Modimoeng, Acting Chairperson of the Independent Communications Authority of South Africa (“the Authority”), hereby publish the attached notice of intention to review the Price Cap Regulations for Reserved Postal Services, 2013 (“ the Regulations”) in terms of sections 2 (a), 8(a) and 30 of the Postal Services Act 124 of the 1998 (“PSA”) and regulation 10 of the Regulations.

Dr. Keabetswe Modimoeng
Acting Chairperson

NOTICE OF INTENTION TO REVIEW THE PRICE CAP REGULATIONS FOR RESERVED POSTAL SERVICES

1. Introduction

- 1.1. The Independent Communications Authority of South Africa (“the Authority”) hereby gives notice of its intention to review the Price Cap Regulations for Reserved Postal Services, 2013 (“ the Regulations”) in terms of sections 2(a), 8(a) and 30(2) of the Postal Services Act 124 of the 1998 (“PSA”) and regulation 10 of the Regulations.
- 1.2. The review follows the conclusion of the Regulatory Impact Assessment (“RIA”) on the Regulations to determine whether or not the imposition of price controls is still relevant and propose an alternative form(s) of regulation, if necessary. The RIA found that a new regulatory framework is urgently needed, as the current price control obligation is no longer effective or proportionate. It should be noted that a regulatory impact assessment is not a requirement in terms of the PSA but is viewed as regulatory best practice.

2. Legal Basis for the Review

- 2.1. The Authority is the regulator for postal services in terms of the PSA and in terms of section 8(1)(a) the PSA the Authority is mandated to "... exercise regulatory functions in respect of the reserved and unreserved postal services".
- 2.2. Additionally, the primary objects of the PSA are to, among others;
 - 2.2.1. ... promote the universal and affordable provision of postal services...
 - 2.2.2. ...encourage investment and innovation in the postal industry...
 - 2.2.3. ...promote the development of postal services that are responsive to the needs of users and consumers...
 - 2.2.4. ...ensure fair competition within the postal industry...and
 - 2.2.5. ...protect the interests of postal users and consumers.
- 2.3. The Authority, as the regulator of reserved postal services, is required to regulate in accordance with the objectives of the PSA.
- 2.4. Finally, in terms of Section 30(1) of the PSA, the Authority is empowered, subject to the approval of the Minister of Communications and Digital Technologies, and in consultation with South African Post Office ("SAPO"), to determine the fees and charges in respect of reserved postal services.

3. The Purpose of the Review

- 3.1. The purpose of this review is to impose effective price controls in the reserved postal services and ensure that regulation of the reserved services space remains appropriate and sufficient to secure the efficient and financially sustainable provision of the reserved postal services ..

4. The Review Process

- 4.1. The Authority will conduct the review of the Regulations in a series of phases as follows.

4.1.1. Phase 1 (commencement of the review and publication of questionnaire)

- (a) The Authority will publish a questionnaire or request for information and opinions from market participants and stakeholders.

- (c) Stakeholders will be invited to submit written responses to the questionnaire within thirty (30) working days from the date of publication for the attention of the Chairperson (Price Cap Regulations Review Council Committee) at PCRreview@icasa.org.za.
- (d) The Authority may request one-on-one meetings in relation to information submitted by a stakeholder where necessary to clarify information that is submitted. The Authority will inform the relevant stakeholder in advance of the information to be clarified and will give adequate notice to stakeholders of the proposed meetings.

4.1.2. Phase 2 (Discussion Document)

- (a) The Authority will publish in the *Gazette* a Discussion Document, which will be informed by the information submitted by stakeholders in the context of Phase 1 and any other research or benchmarking exercises to be conducted by the Authority.
- (b) The Discussion Document will be published for public comments for a period of 45 working days.

- (a) The Authority **may** hold public hearings on the responses to the Discussion Document, **if deemed necessary**.
- (b) The Authority will, if it deems it necessary to hold public hearings, notify stakeholders of the date, time and the venue of the public hearings.

4.1.4. Phase 4 (Draft Findings Document)

- (a) The Authority may publish draft Findings Document, which will be informed by the information submitted in the context of Phase 1 to Phase 3.
- (b) The draft Findings Document will be published for public comment for a period of thirty (30) working days.
- (c) The Authority will not hold public hearings on the responses to the draft Findings Document.

4.2. Confidentiality

4.2.1. A stakeholder may request confidentiality on the information submitted in terms of section 4D of the ICASA Act. The request for confidentiality must be accompanied by a written statement explaining why the specific information should be treated as confidential in terms of section 4D(4)(a) to (e) of the ICASA Act. The Authority may determine that such representations or any portion thereof is to be treated as confidential in terms of section 4D of the ICASA Act. Where the request for confidentiality is refused, the person who made the request will be granted an opportunity to withdraw such representations or portion(s) thereof.

- 4.3. The Authority may introduce additional phases or steps, where necessary as the review unfolds.
- 4.4. The Authority may conduct industry workshops or public briefing sessions in relation to matters of process.

5. Timelines

- 5.1. The Authority aims to finalise this review in the 2020/2021 financial year.

6. Queries

- 6.1. All communications relating to this review must be directed to the Chairperson (Price Cap Regulations Review Council Committee) at PCRreview@icasa.org.za.

These amounts reflect the maximum balance of interest-bearing debt the entity may have as at the end of the relevant financial years and takes into account Umgeni Water's existing outstanding interest-bearing debt. DEPARTMENT OF TRADE AND INDUSTRY**NOTICE 449 OF 2019****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF
SOUTH AFRICA****NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED
CIRCUMVENTION THROUGH COUNTRY HOPPING FROM SAUDI ARABIA AND THE
UNITED ARAB EMIRATES TO EGYPT OF CLEAR FLOAT GLASS**

The International Trade Administration Commission of South Africa (the Commission) received an application alleging that circumvention through country hopping from Saudi Arabia (Saudi) and the United Arab Emirates (UAE) to Egypt of clear float glass with a thickness of 3mm to 6mm. Section 60.8 of the Anti-Dumping Regulation (ADR) states that “Country hopping shall be deemed to take place if imports, following the imposition of anti-dumping duties or provisional payment or the initiation of an anti-dumping investigation, switch to a supplier related to the supplier against which an anti-dumping investigation has been or is being conducted and that is based in another country or customs territory.”

THE APPLICANT

The Application was lodged by PFG Building Glass (Pty) Ltd (Applicant), the sole producer of subject products in Southern African Customs Union (SACU).

THE PRODUCT

The product allegedly being circumvented is clear float glass of a thickness of 3mm to 6mm originating in or imported from Egypt, classifiable under tariff subheading 7005.29.17, 7005.29.23, 7005.29.25 and 7005.29.35. Based on the information submitted by the Applicant, the Commission decided that the SACU products and the imported products are “like products”, for purposes of comparison, in terms of the ADR.

THE ALLEGATION OF CIRCUMVENTION (COUNTRY HOPPING)

The Applicant alleged that subsequent to the imposition of the provisional anti-dumping duties on imports of clear float glass of a thickness of 3mm to 6mm originating in or imported from Saudi and the UAE, Guardian Africa who was identified as a major importer in the original investigation, have shifted sourcing of the subject products from Saudi Guardian International Float Glass Co, Ltd in Saudi and Guardian Zoujaj International Float Glass Co. LLC in the UAE to its related company in Egypt.

On this basis, the Commission found that there was *prima facie* evidence to indicate that country hopping, in terms of ADR 60.8, is taking place.

THE ALLEGATION OF DUMPING

The allegation of dumping is based on the comparison between the normal values that was verified at the exporter in the UAE in accordance with ADR 62.3, and the export price derived from the import statistics obtained from South African Revenue Services (SARS). On this basis, the Commission found that there was *prima facie* evidence of dumping.

THE ALLEGATION OF MATERIAL INJURY

The Applicant alleges and submitted sufficient evidence from original investigation, that the SACU industry is experiencing material injury and a threat of material injury with regard to the subject products. On this basis the Commission found that there was *prima facie* proof that material injury, or threat of material injury, and casual link in the original investigation that was considered for purposes of this application in line with ADR62.2.

PERIOD OF INVESTIGATION

The investigation period for dumping is from 01 April 2019 to 30 June 2019.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters and known representative associations. The trade representatives of the exporting countries have also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential

version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- X reasons for such confidentiality;
- X a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration.

The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the ITA Act and the ADR. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit a non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting information in the format required, are urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submissions only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing must provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information is not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Should you have any queries, please do not hesitate to contact the investigating officers Mr Zuko Ntsangani at +27 12 394 3662 and Mr Thabelo Tshikomba at +27 12 394 3638 and fax number +27 12 394 0518.
