HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

EXTRAORDINARY GAZETTES

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.
5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat / Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.
6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.
7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.
8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.
 - 8.1. Each of the following documents must be attached to the email as a separate attachment:
 - 8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.
 - 8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form
 - 8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.
 - 8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. (*Please see Quotation section below for further details*)
 - 8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order. **Non-Government Printing Works** account customer needs to submit the proof of payment for the notice
 - 8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. (*Please see the Copy Section below, for the specifications*).
 - 8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.
10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE**.
11. Notices brought to **GPW** by “walk-in” customers on electronic media can only be submitted in *Adobe* electronic form format. All “walk-in” customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.
12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.
 - 13.1. **Take note:** **GPW**'s annual tariff increase takes place on **1 April** therefore any quotations issued, accepted and submitted for publication up to **31 March** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.
14. Each quotation has a unique number.
15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.
 - 15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.
 - 15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.
16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS:**
 - 16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.
 - 16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.
 - 16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).
17. **APPLICABLE ONLY TO CASH CUSTOMERS:**
 - 17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.
18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).
19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.
 - 19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES**COPY (SEPARATE NOTICE CONTENT DOCUMENT)**

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03
- 20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.
- The content document should contain only one notice. (You may include the different translations of the same notice in the same document).
- 20.2. The notice should be set on an A4 page, with margins and fonts set as follows:
- Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm;
Use font size: Arial or Helvetica 10pt with 11pt line spacing;
- Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm;
Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.
22. Requests for cancellation must be sent by the original sender of the notice and must be accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:
- 24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.
- 24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.
- 24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.
- 24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**APPROVAL OF NOTICES**

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.
26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—
 - 27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;
 - 27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;
 - 27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre **ONLY**.
30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.
32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.
33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.
34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.
35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.
36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.
37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.
39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

Definitions

1. In these regulations, any word or expression to which a meaning has been assigned in the Act, shall have that meaning and unless the context otherwise indicates -

"air cell" means the air filled space occurring between the inner and outer shell membranes of an egg and which is normally located at the broad end of the egg;

"assignee" means a person, undertaking, body, institution, association or board designated under section 2(3) of the Agricultural Product Standards Act, 1990 (Act No. 119 of 1990);

"barn eggs" means eggs which are produced by poultry as set out in regulation 8(3);

"best before" or **"best quality before date"** means the date which signifies the end of period under any stated storage conditions during which the unopened product will remain fully marketable and will retain any specific qualities for which implied or express claims have been made, however, beyond the date the food may still be acceptable for consumption;

"blood ring" means a line or ring that is visible at a certain stage of development in a fertilised egg when such egg is broken open or candled;

"blood spot" means a concentration of blood or oxidised blood;

"broad end" means the end of the egg that is rounder and is not pointed, and in which the air cell is normally located;

"bubbly air cell" means an air cell with small air bubbles floating in the immediate vicinity of such an air cell;

"cage eggs" means eggs which are produced by poultry as set out in regulation 8(4);

"candling" means examining the interior condition of an egg by rotating or causing the egg to rotate in front of or over a light source that illuminates the contents of the egg;

"clean" with regard to the cleanliness of the shell of an egg, means a shell that is free of visible foreign matter, stains or discolourations to such a degree that the general clean appearance thereof is not detrimentally affected;

"consignment" means a quantity of eggs belonging to the same supplier, which is delivered at any one time under cover of the same invoice, consignment note, delivery note or receipt note, or is delivered by the same vehicle, or if such a quantity is sub-sorted into different batches, grades or size groups, each quantity of each of the different batches, grades or size groups;

"container" means the wrapper in which a maximum of 60 eggs are packed for sale;

"controlled heat treatment process" means a standardised process where the time and temperature parameters were determined by heat penetration tests using temperature probes measuring the internal temperatures in the centre/core of the eggs, using the Z-value and Lethal rate (L) calculation to ensure that at least a 5 logarithmic reduction is obtained for the target organism (*Salmonella spp.* in this case) in the coldest egg: Provided that a logarithmic reduction of 4 may be used for the coldest egg if a validated *Salmonella spp.* management system is in place along the entire value chain;

"depth" with regard to an air cell, means the greatest distance between the outer surface of the shell of the egg and the lower meniscus of the air cell, measured vertically with such meniscus;

"diffused blood" means blood that has passed through to the egg white and the egg yolk;

"D-value" means the Decimal Reduction Time, i.e. the time in minutes for the population of micro-organisms to be reduced by one log (i.e. 90%) at a specified temperature (Tx);

"**eggs**" means the eggs of the species *Gallus gallus domesticus* (domesticated fowls), *Meleagrus gallapavo* (turkeys) and *Anas platyrhynchos* (ducks and muscovies);

"**Executive Officer**" means the officer designated under section 2(1) of the Act;

"**foreign matter**" means poultry faeces, blood, body fluids, feathers or parts of feathers, egg yolk, egg white, poultry feedstuffs, soil or any other matter, excluding ink and mineral oil of food grade which were applied to the shell of the egg for a specific purpose;

"**free range eggs**" means eggs which are produced by poultry as set out in regulation 8(2);

"**germ development**" means a circular dark area near the centre of the yolk shadow, but if blood is visible the egg is at a decay stage;

"**graded eggs**" means eggs which are sorted into lots having similar characteristics as to quality and weight as set out in this regulation: Provided that mixed sized eggs which complies with the quality standards prescribed in this regulation shall be regarded as graded eggs;

"**Haugh value**" means a value as determined in accordance with regulation 16, that indicates the firmness of the egg white;

"**inspector**" means the executive officer of the Act or an officer under his or her control, or an assignee or an employee of an assignee;

"**Lethal rate (L)**" means the formula $L = (10^{(T-T_x)/Z})/D$ used to calculate the equivalent lethality (i.e. equivalent log reduction) at different egg core temperatures in the pasteurisation process at one minute (60 second) intervals as measured using appropriate instruments. The sum of the Lethal rates gives the cumulative lethality (Total log reduction) over the entire temperature profile, where --
L = Lethal rate (equivalent log reduction calculated at 1 minute intervals)
T = Temperature (°C) under consideration (i.e. the actual pasteurisation temperature measured at a given point of time in the core of the egg)
T_x = Reference Temperature (°C) (i.e. 57.2°C)
Z = Z-value (i.e. 3.3)
D = D-value (i.e. 1.9 minutes);

"**logarithmic reduction**" means the reduction of the number of surviving spores of the target organism by a factor of 10 (i.e. a 90% reduction in the population);

"**loose eggs**" means eggs that are displayed for sale in loose quantities or in a container that is not covered or boxed;

"**meat spot**" means a severed ovary or other foreign tissue that is not a normal constituent of the egg yolk or egg white and that detrimentally affects the appearance of an egg;

"**mould**" means any fungus or mouldy growth occurring in an egg or on the shell thereof;

"**outer container**" means a container in which more than one container of eggs is packed;

"**pack station**" means any premises where eggs are packed for sale to the retail trade;

"**packer**" means a person dealing in the course of trade with eggs by packing them for sale, and also a person on behalf of whom such product is packed for sale and, in the case of such product that is imported into the Republic in the containers in which the eggs are to be sold in the retail trade, the person importing such eggs for sale;

"**pasteurised eggs**" means eggs which have been treated as set out in regulation 8(5);

"**person**" means any individual, partnership, corporation, association, recognized legal entity or other business unit;

"**poultry**" means the species *Gallus gallus domesticus* (domesticated fowls), *Meleagrus gallapavo* (turkeys) and *Anas platyrhynchos* (ducks and muscovies);

"**reasonably clean**" with regard to the cleanliness of the shell of an egg, means that not more than six per cent of the total surface area of the shell may be covered with foreign matter, stains or discolourations, and that no individual occurrence of foreign matter or a stain or discolouration covers more than three per cent of the total surface area of the shell;

"**spotted**" with regard to a yolk, means that the yolk appears mottled owing to the occurrence of spots or a developed germ cell that is not a blood spot or meat spot and which detrimentally affects the appearance of the yolk;

"**strong**" with regard to the texture of the shell of an egg, means that such shell has no cracks, soft spots or large air pores;

"**total log reduction**" means the sum of the Lethal rates (La + Lb + Lc + Ld, etc.) as calculated at one minute intervals over the entire pasteurisation process;

"**swimmer**" means an air cell that does not maintain a fixed position within an egg, but moves freely between the shell membranes when that egg is rotated;

"**the Act**" means the Agricultural Product Standards Act, 1990 (Act No. 119 of 1990);

"**trade mark**" means a trade mark as defined in the Trade Marks Act, 1993 (Act No. 194 of 1993);

"**validated *Salmonella* spp. management system**" means tests done by an independent third party throughout the value chain (i.e. at breeder, grower, layer, packer, heat treatment, distributor, wholesale and retail levels) to provide proof that the management system is working and that there is no *Salmonella* spp. contamination or re-contamination; and

"**Z-value**" means a value (Kinetic factor) providing information on the relative resistance of an organism (*Salmonella* spp. in this case) to different destructive temperatures, thus allowing for the calculation of equivalent thermal processes at different temperatures using the lethal rate (L) calculation: Provided that it is advised that the worst case scenario value be used, i.e. a Z-value of 3.3 at 57.2°C and a D-value of 1.9 (reference Lemgo D and Z-value database for food; <http://www.hs-owl.de/fb4/ldzbase/index.pl>).

Restrictions on the sale of eggs

2. (1) No person shall sell eggs for human consumption in the Republic of South Africa --
 - (a) unless those eggs are sorted according to size and grade in terms of regulations 3 and 4 respectively;
 - (b) unless those eggs comply with the standards for the grades referred to in regulation 5;
 - (c) unless those eggs, when packed, are packed in a container and an outer container in accordance with regulations 6 and 7;
 - (d) unless the container and outer container in which the eggs are packed, are marked with the particulars and in the manner set out in regulations 8 to 11;
 - (e) unless eggs sold in loose quantities are marked with the particulars and in the manner set out in regulation 12; and
 - (f) if the container or outer container in which the eggs are packed, is marked with any restricted particulars or in a manner which is prohibited in terms of regulation 13.

(2) The Executive Officer may grant written exemption, entirely or partially to any person on such condition, as he or she may deem necessary, from the provisions of sub-regulation (1).

PART I
SIZING AND GRADING OF EGGS

Sizing of eggs

3. (1) Sorting of eggs into sizes is optional: Provided that if the eggs are –
- (a) sorted into sizes, they shall be sorted according to the mass ranges set out in column 2 of Table 2, and presented for sale in accordance with the applicable size designation set out in column 1 of the said Table; or
 - (b) not sorted into sizes, they shall be presented for sale as “Mixed sizes” only.
- (2) In the case of eggs sorted into sizes, the applicable minimum mass prescribed for a particular size in Table 2 may deviate to the extent allowed for in Table 4.

Grades of eggs

4. (1) Eggs shall be graded as Grade 1, Grade 2 and Grade 3.
- (2) Eggs which do not qualify as Grade 3, or do not comply with the standards for sizes prescribed in Table 2, shall not be presented for sale.

Standards for grades

5. Eggs shall be graded as follows:
- (1) Grade 1 if -
 - (a) the standards for grades set out in column 2, of Table 3 of the Annexure, opposite the quality factor set out in column 1 of the said table, is complied with;
 - (b) the extent to which a defect may occur does not exceed the maximum percentage or quantity as set out in column 2, of Table 4 of the Annexure, opposite the nature of defect set out in column 1 of the said table; and
 - (c) the number of eggs in accordance with the maximum percentage permissible deviation as set out in Table 5 of the Annexure is not exceeded.
 - (2) Grade 2 if -
 - (a) the standards for grades set out in column 3, of Table 3 of the Annexure, opposite the quality factor set out in column 1 of the said table, is complied with;
 - (b) the extent to which a defect may occur does not exceed the maximum percentage or quantity set out in column 3, of Table 4 of the Annexure, opposite the nature of the defect set out in column 1 of the said table; and
 - (c) the number of eggs in accordance with the maximum percentage permissible deviation as set out in Table 5 of the Annexure is not exceeded.
 - (3) Grade 3 if -
 - (a) the standards for grades set out in column 4, of Table 3 of the Annexure, opposite the quality factor set out in column 1 of the said table, is complied with;

- (b) the extent to which a defect may occur does not exceed the maximum percentage or quantity set out in column 4, of Table 4 of the Annexure, opposite the nature of defect set out in column 1 of the said table; and
- (c) the number of eggs in accordance with the maximum percentage permissible deviation as set out in Table 5 of the Annexure is not exceeded.

PART II CONTAINERS AND OUTER CONTAINERS

Requirements for containers and outer containers

6. (1) A container and an outer container --
- (a) shall be intact and be made from material that --
 - (i) is suitable for the purpose; and
 - (ii) does not impart any taste or odour to the eggs packed therein;
 - (b) shall be so strong that it protects the eggs during normal handling or transport practices, to such an extent that the eggs packed therein shall not be damaged;
 - (c) shall not absorb an excessive quantity of moisture during cooling to the extent that the packaging deviates from its intended form;
 - (d) shall be free from any matter other than the eggs packed therein and the packing material in which such eggs are customarily packed: Provided that advertising material is permitted on or in the container or outer container or on the eggs;
 - (e) may be new or recycled: Provided that if a recycled container or outer container is used, it shall be cleaned thoroughly before eggs are packed therein and all the previous marks and labels shall be removed or be covered by new labels; and
 - (f) shall be closed properly in a manner allowed by the nature thereof.
- (2) Containers, including any other packaging material used to contain and/or protect the eggs, shall --
- (a) by design be compatible with the outer containers; and
 - (b) fit snugly into the outer containers and leave no unused space, ullage or gaps.

Packing requirements

7. (1) Each container and outer container shall, with due regard to the packing material used therein, be packed with eggs to the full capacity thereof.
- (2) Eggs of different grades shall not be packed together in the same container or outer container.
- (3) Subject to regulation 10(2)(b), eggs of different sizes shall not be packed together in the same container or outer container.

PART III MARKING REQUIREMENTS

Marking of containers and outer containers

8. (1) Containers and outer containers shall be marked at least in English with the following particulars and in the following manner: Provided that, if so preferred, the containers and outer containers may, in addition to English, also be marked in any other official language of the Republic of South Africa, or in the case of imported eggs, in the language of the country of origin:
- (a) The size and grade of eggs, as set out in regulation 10, shall be indicated on the front or top panel of the container or outer container: Provided that where the aforementioned information is indicated on the outer container, a list of the sizes and/or grades with boxes next to them that can be ticked may be used: Provided further that the boxes ticked shall correspond with the actual size and/or grade of the eggs packed in such outer containers.
 - (b) The expression “eggs” shall be indicated on the front or top panel: Provided that the following information may precede or follow the expression “eggs” in letters of the same size, font and colour:
 - (i) The specific production methods, namely “cage”, “barn” or “free range”: Provided further that the production method indicated shall at least comply with the applicable definition in regulation 1.
 - (ii) The particulars referred to in paragraphs (a), (c) and (e).
 - (iii) Registered trademarks which include any reference related to a particular feed ingredient such as but not limited to “grain fed” and “canola”, and which has been registered for use on eggs and/or allowed for on eggs prior to 15 April 2016 (i.e. the date of publication of the egg amendment regulations in the Government Gazette in 2016).
 - (iv) Registered trademarks or brand names which include the name of a farm, name/surname of the owner/packer/producer, the name of the registered company or closed corporation, or any other names which does not make any health or nutrition claims and which has been registered for use on eggs and/or allowed for on eggs prior to 15 April 2016 (i.e. the date of publication of the egg amendment regulations in the Government Gazette in 2016).
 - (c) The expression “Pasteurised” shall be indicated on the front or top panel if the eggs have been pasteurized: Provided that the standards set out in regulation 8(5) have been complied with.
 - (d) Details about the packer, as set out in regulation 11, shall be indicated on any panel.
 - (e) If the eggs were not obtained from the species *Gallus gallus domesticus*, the name of the species from which the eggs were obtained shall be indicated on the front or top panel.
 - (f) The “best before” or “best quality before” date shall be indicated on any panel: Provided that such date shall –
 - (i) in the case of unpasteurised eggs not exceed 40 days from the date of lay of the eggs; or
 - (ii) in the case of pasteurised eggs not exceed 56 days from the date of lay of the eggs;

- (iii) be preceded by the expression “best before” or the abbreviation “BB”, or “best quality before”, as the case may be;
 - (iv) be indicated in the sequence “day-month-year” (i.e. “dd/mm/yyyy”) when numbers only are used: Provided that in the case of imported products where an altered date sequence is used, the month shall be indicated in letters, either written out in full or abbreviated, and the year shall be written out in full; and
 - (v) not be removed or altered by any person.
- (g) The expression “oiled” shall be indicated on the front or top panel if the eggs have been coated with food grade mineral oil.
- (h) (i) Other descriptions, statements, expressions, markings or claims which implies a message of eggs being healthy or healthier, additive-free, or energy and/or nutritionally enhanced or improved by any method, including agricultural practices, shall comply with the requirements of the regulations published under the Foodstuffs, Cosmetics and Disinfectants Act, 1972 (Act No. 54 of 1972).
- (ii) The producer, packer or retailer shall upon request provide the Executive Officer with the necessary scientific based evidence justifying the use of these claims.
- (2) (a) Eggs shall only be marked with the expression “free range” if such eggs are produced by poultry which --
- (i) are not caged and are housed in a shed/ barn with a stocking density not exceeding 10 adult hens per square meter of available floor space; and
 - (ii) have daily access to an outdoor range area not exceeding 5 adult hens per square meter: Provided that –
 - (aa) such outdoor range shall –
 - (aaa) be accessible through openings in the side of the shed/ barn;
 - (bbb) be maintained in a manner that allows for a minimum of 50% living vegetation present at all times; and
 - (ccc) have adequate shade by way of trees or artificial structures at the rate of 4 square meters per 1000 adult hens; and
 - (bb) egg producers may during the high risk period for Highly Pathogenic Avian Influenza (HPAI) or during an outbreak of Virulent Newcastle disease (vND), house free range flocks indoors for a maximum continuous period of 24 weeks during a year: Provided further that –
 - (aaa) the commencement of the 24 week period shall start on the date on which the flock concerned is confined to the shed/barn;
 - (bbb) the producers shall on or before the first day of commencement inform the designated assignee that the flock is/will be confined indoors; and

- (ccc) each producer shall keep accurate records about the dates on which the flock is confined to the shed/barn and allowed to roam outdoors again.
 - (b) If the 24 week confinement period referred to paragraph (a)(ii)(bb) above is exceeded, all eggs produced thereafter shall be marked and presented for sale as “barn eggs”.
 - (c) Egg producers shall, on or before the first day of commencement of confinement, inform the channels of distribution used and their customers, that the flock concerned is being confined to the shed/barn under veterinary instruction, and shall advise their distribution channels and their customers to display notices advising the consumers of the confinement of the flock.
- (3) Eggs shall only be marked with the expression “barn eggs” if such eggs are produced by poultry that are not caged but are confined to a shed/ barn indoors, with a stocking density not exceeding 10 adult hens per square meter of available floor space.
- (4) Eggs shall only be marked with the expression “cage eggs” if such eggs are produced by poultry that are kept in cages throughout their laying period: Provided that –
- (a) cages shall be within a shed and may include a nest box, perch and a dust bath; and
 - (b) birds shall have adequate space to feed and lay.
- (5) Eggs shall only be marked with the expression “pasteurised” if such eggs were exposed to a controlled heat treatment process (e.g. irradiation, microwave, hot air and/or hot water) to ensure a minimum of 5 logarithmic reduction (5 log) of the target organism (*Salmonella spp.* in this case) in the coldest egg: Provided that –
- (a) producers shall have the following requirements in place:
 - (i) Sorting of eggs by weight (5g tolerance, i.e. 2.5g deviation both sides of the target weight) and removal of cracked eggs since the pasteurisation process (heat treatment) require uniform eggs sizes and uncracked eggs to be effective.
 - (ii) Microbiological tests of pasteurised eggs as part of a Quality Management System.
 - (iii) Good Manufacturing Practices (GMP) to ensure that adequate separation of unprocessed eggs and pasteurised eggs occurs inside the packing station and that the same workers do not handle unpasteurised and pasteurised eggs.
 - (iv) Regular screening of chicken flocks in the egg production units for *Salmonella spp.*
 - (v) Traceability of the eggs.
 - (vi) Record keeping of all processes.
 - (b) a logarithmic reduction of 4 may apply for the coldest egg if a validated *Salmonella spp.* management system is in place along the entire value chain; and
 - (c) the following egg quality related aspects shall be kept in mind:
 - (i) The egg whites may be slightly opaque but no gelling, coagulation and lumps may be present.

- (ii) The pasteurisation temperature may vary between 54°C and 59°C, but it is advised that the eggs should not be kept for long at the higher temperatures or go above 59°C since the eggs whites may become unacceptable from a quality viewpoint.
 - (iii) The thick white part of the eggs shall be reasonably firm with a Haugh Value of at least 65 units and maintain a value of more than 60 after 56 days.
- (6) The provisions of this regulation shall also apply to –
 - (a) particulars that are marked on a notice board displayed at or in the immediate vicinity of eggs; and
 - (b) all advertisements and any other promotional material related to the sale of eggs.
- (7) Any information appearing on any container or outer container, in terms of these regulations, shall be marked in letters and figures that –
 - (a) appear on a contrasting background;
 - (b) are clearly legible; and
 - (c) comply with the minimum vertical heights stipulated in columns 2 and 3 of Table 1 of the Annexure, opposite the corresponding nature of indication set out in column 1 of the said table.
- (8) If eggs have been imported into the Republic of South Africa –
 - (a) in containers in which such eggs will be sold, the name of the country of origin thereof, preceded by the expression “Imported from” shall be indicated on each such container and outer container together with the particulars referred to in regulation 11; or
 - (b) in bulk for the purpose of repacking into containers, the expression “Imported from” followed by the expression “Packed by” shall be indicated on such container and outer container together with the particulars referred to in regulation 11;
 - (c) the outer containers and containers shall be marked with the expression “eggs have been refrigerated”, or any other expression having a similar meaning, on the top or front panel;
 - (d) the outer containers and containers shall, for the purpose of traceability, be marked with the name of the farm in the country of origin; and
 - (e) the importer shall ensure that the requirements set out in the “Prohibition regarding the removal of imported regulated agricultural products intended for the sale in the Republic of South Africa from the prescribed ports of entry” published in terms of the Act have been met.
- (9) The vertical height of the letters and figures used to indicate the applicable size and grade designation referred to in sub-regulation (1), shall not be less than any letter or figure, excluding a letter or figure used in the trade mark or brand name of the packer, or in the expressions “Eggs”, “Free Range Eggs” or “Barn Eggs”, that appears on the container or outer container into which the eggs are packed.

Additional particulars on containers

9. (1) The expression “fresh” may be marked on a container: Provided that –

- (a) the eggs marked as such shall at any stage during the shelf life comply with the Haugh Value as set out in item 11 of Table 3 for Grade 1;
 - (b) pasteurised eggs and Grade 2 and Grade 3 eggs shall not be labelled as “fresh”; and
 - (c) the letter size of the largest letter shall not exceed 5 mm in height.
- (2) The expression “heat treated” may only be marked on a container containing pasteurised eggs.

Indication of the size and grade designations

10. (1) The designations of the size and grade into which eggs have been sorted and classified shall be marked conspicuously on the container and outer container in which those eggs are packed.
- (2) A designation referred to in sub-regulation (1) shall –
- (a) in the case of a size designation, consist of the applicable expression set out in column 1 of Table 2 in the Annexure;
 - (b) in the case of different sizes packed in the same container or outer container, be marked with the expression “mixed sizes”; and
 - (c) in the case of a grade designation, consist of the applicable expression referred to in regulation 4.

Indication of the packer

11. (1) The initials and surname, or trade name of the packer shall appear on each container and outer container used.
- (2) The address of the packer shall be marked on the containers and outer containers, and shall –
- (a) consist of the physical address of the premises in the Republic where that product is packed by such packer, or where the ordinary place of business of such packer is situated, followed by the name of the town, suburb, city or magisterial district in which that premises is situated, or the postal address together with the telephone number; and
 - (b) be marked on such container and outer container following the particulars referred to in sub-regulation (1).
- (3) If the eggs have been packed on behalf of a person –
- (a) the initials and surname or trade name of the persons on whose behalf the eggs have been packed shall be substituted for the particulars referred to in sub-regulation (1);
 - (b) the physical address of the premises in the Republic where the ordinary place of business of such person is situated, followed by the name of the town, suburb, city or magisterial district in which that premises is situated, or the postal address together with the telephone number, shall be substituted for the particulars referred to in paragraph (a) of sub-regulation (2);
 - (c) such address shall be marked on the container and outer container following the particulars referred to in paragraph (a); and

- (d) the person on whose behalf the eggs have been packed, must at all times be able to inform the Executive Officer who the supplier of the eggs is, i.e. eggs shall at all times be traceable to the farm from which they originate.

Indications when eggs are presented for sale in loose quantities

12. When eggs are kept or displayed for sale in loose quantities –

- (a) eggs of different grades, types (i.e. pasteurised or unpasteurised), sizes, origin and type of production system, except in the case of mixed sizes, shall be kept or displayed separately; and
- (b) the following information shall be prominently marked on a notice board in the immediate vicinity of the eggs in clear legible letters and figures with a vertical height of at least 10 mm in height:
 - (i) The size designation of the eggs concerned or the expression “mixed sizes”, whichever is applicable.
 - (ii) The grade designation of the eggs concerned.
 - (iii) The country of origin.
 - (iv) The name of the packer only.
 - (v) The best before date.
 - (vi) The expression “pasteurised” if the eggs have been pasteurised.

Restricted particulars on containers and outer containers

13. (1) (a) No name, mark or any other method of expression using the following words or wording shall be indicated on a container or outer container containing eggs:
- (i) The words “super” and “extra” (including any translation thereof), except when used as an indication of the size designation of the eggs.
 - (ii) A message of veterinary medicine-free or which indicates the more humane treatment or rearing of poultry or which creates an impression that the eggs are safer or that poultry was fed a special diet such as, but not limited to, “antibiotic free”, “fed a diet free of hormones”, “cage free”, “furnished cage”, “safe”, “pure”, “grass fed”, “pasture fed”, “forage fed”, “canola fed”, “grain fed”, “mixed grain”, “organic”, etc.
 - (iii) Any other wording not addressed in sub-paragraphs (i) and (ii) above that constitutes a misrepresentation or either directly or by implication creates or may create a misleading impression regarding the contents, quality, origin, grade, size group, production method or diet.
- (b) No illustration, depiction, logo or other method of visual expression that constitutes a misrepresentation, or either directly or by implication creates or may create a misleading impression regarding the contents, quality, origin, grade, size group, production method or diet shall be indicated on a container or outer container containing eggs.
- (c) Only production methods addressed and defined in these regulations shall be permitted on any container or outer container containing eggs.

PART IV
SAMPLING AND EXAMINATION

Sampling

14. For the purpose of inspection for quality control an inspector shall take such samples of a product, material, substance or other article in question as he or she may deem necessary.

Methods of examination

15. (1) The methods to be employed when a sample referred to in regulation 14, is examined in order to determine the extent to which eggs, with a defect referred to in regulation 5 are present in the quantity of eggs from which that sample is taken shall be as follows:

- (a) Subject to the provisions of sub-regulation (2) –
 - (i) each egg in the sample shall be numbered;
 - (ii) each egg in that sample shall be examined visually in terms of external defects and where applicable by means of a suitable candling device with which internal defects can be observed; and
 - (iii) the depth of the air cell of an egg shall be determined as follows:
 - (aa) A calibrated measuring plate shall be placed on the broad end of the egg while it is held vertically against the candling device with the broad end at the top.
 - (bb) The value on the calibrated measuring plate shall be read off opposite the lower meniscus of the air cell.
 - (cc) Such reading shall represent the depth of the air cell of the egg concerned; or
 - (dd) The inspector inspecting the eggs may choose to use the Haugh value determined in accordance with the method set out in regulation 16 instead.
- (b) Eggs with defects shall –
 - (i) be removed from the sample if the egg is examined individually and thereafter replaced into its numbered place;
 - (ii) not be replaced into its numbered place after it has been broken open; and
 - (iii) each separate number of eggs with each deviation shall be determined separately.
- (c) Each number thus determined shall be expressed as a percentage of the number of eggs thus inspected.
- (d) Such percentage shall represent the percentage of eggs in the quantity concerned in which a defect of the type concerned occurs.

(2) If it appears from an examination in terms of sub-regulation (1) that an egg thus examined has a particular internal defect, that egg may be broken open in order to verify the occurrence of the defect concerned.

Determination of Haugh value

16. The Haugh value of the white of an egg that is graded in terms of regulation 5 shall be determined as follows:

- (a) The mass of the egg shall be determined.
- (b) A Haugh meter or micro meter shall be set up in accordance with the manufacturer's directions for use thereof on a level glass or stainless steel surface, the operation thereof shall be tested, and if necessary, shall be calibrated.
- (c) The temperature of the egg concerned shall be increased or decreased to between 7°C and 15°C.
- (d) The egg shall be broken open carefully so that the thick white is not ruptured and the contents of the egg are carefully placed on the glass or stainless steel surface.
- (e) Adjust the reading on the scale of the Haugh Value conversion table/ chart to reflect the mass, as determined in paragraph (a), of the egg concerned.
- (f) The Haugh meter or micro meter shall be moved into position over the broken egg so that the measuring rod thereof, when lowered, will touch the white approximately 10 mm away from the edge of the yolk.
- (g) The measuring rod of the Haugh meter or micro meter shall be lowered carefully until the lower end thereof just touches the white, and the reading on the meter shall then be taken.
- (h) Such reading shall represent the Haugh Value of the white of the egg concerned. If a micro meter is used, the Haugh Value is read off from the Haugh Value conversion table/ chart.

PART V**VALIDITY PERIOD FOR PRODUCTION METHOD REQUIREMENTS**

17. The minimum production method requirements prescribed in these regulations for “barn eggs”, “cage eggs” and “free range eggs” shall only be applicable until the regulations for management control systems addressing these production methods have been promulgated.

PART VI**OFFENCES AND PENALTIES*****Offences and penalties***

18. Any person who contravenes or fails to comply with a provision of these regulations, shall be guilty of an offence and on conviction be liable to a fine or to imprisonment in accordance with section 11 of the Act.
