DEPARTMENT OF LABOUR  
NOTICE 188 OF 2020

**AMBULANCE  
GAZETTE  
2020.**

**COMPENSATION FOR OCCUPATIONAL INJURIES AND DISEASES ACT, 1993 (ACT NO.130 OF 1993), AS AMENDED****ANNUAL INCREASE IN MEDICAL TARIFFS FOR MEDICAL SERVICES PROVIDERS.**

1. I, Thembelani Waltermade Nxesi, Minister of Employment and Labour, hereby give notice that, after consultation with the Compensation Board and acting under powers vested in me by section 97 of the Compensation for Occupational Injuries and Diseases Act, 1993 (Act No.130 of 1993), prescribe the scale of "Fees for Medical Aid" payable under section 76, inclusive of the General Rule applicable thereto, appearing in the Schedule, with effect from **1 April 2020**.
2. Medical Tariffs increase for **2020** is **5.6%**
3. The fees appearing in the Schedule are applicable in respect of services rendered on or after **1 April 2020** and **Exclude 15% Vat**.

**MR TW NXESI, MP**  
**MINISTER OF EMPLOYMENT AND LABOUR**  
DATE: 17/01/2020

## GENERAL INFORMATION

### THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER

**The employee is permitted to freely choose his own service provider e.g. doctor, pharmacy, physiotherapist, hospital, etc.** and no interference with this privilege is permitted, as long as it is exercised reasonably and without prejudice to the employee or to the Compensation Fund. The only exception to this rule is in case where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — section 78 of the Compensation for Occupational Injuries and Diseases Act refers.

In terms of section 42 of the Compensation for Occupational Injuries and Diseases Act, the Compensation Fund may refer an injured employee to a specialist medical practitioner designated by the Director General for a medical examination and report. Special fees are payable when this service is requested.

In terms of section 76,3(b) of the Compensation for Occupational Injuries and Diseases Act, no amount in respect of medical expenses shall be recoverable from the employee.

In the event of a change of medical practitioner attending to a case, the first doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal. **To avoid disputes regarding the payment for services rendered, medical practitioners should refrain from treating an employee already under treatment by another doctor without consulting / informing the first doctor.** As a general rule, changes of doctor are not favoured by the Compensation Fund, unless sufficient reasons exist.

According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a medical service provider should not request the Compensation Fund to authorise such treatment before the claim has been submitted to and accepted by the Compensation Fund. **Pre-authorisation of treatment is not possible and no medical expense will be approved if liability for the claim has not been accepted by the Compensation Fund.**

An employee seeks medical advice at his own risk. If an employee represented to a medical service provider that he is entitled to treatment in terms of the Compensation for Occupational Injuries and Diseases Act, and yet failed to inform the Compensation Commissioner or his employer of any possible grounds for a claim, the Compensation Fund cannot accept responsibility for medical expenses incurred. The Compensation Commissioner could also have reasons not to accept a claim lodged against the Compensation Fund. In such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.

**Please note that from 1 January 2004 a certified copy of an employee's identity document will be required in order for a claim to be registered with the Compensation Fund.** If a copy of the identity document is not submitted the claim will not be registered but will be returned to the employer for attachment of a certified copy of the employee's identity document. Furthermore, all supporting documentation submitted to the Compensation Fund must reflect the identity number of the employee. If the identity number is not included such documents can not be processed but will be returned to the sender to add the ID number.

The tariff amounts published in the tariff guides to medical services rendered in terms of the Compensation for Occupational Injuries and Diseases Act do not include VAT. All accounts for services rendered will be assessed without VAT. Only if it is indicated that the service provider is registered as a VAT vendor and a VAT registration number is provided, will VAT be calculated and added to the payment, without being rounded off.

The only exception is the "per diem" tariffs for Private Hospitals that already include VAT.

Please note that there are VAT exempted codes in the private ambulance tariff structure.

#### **CLAIMS WITH THE COMPENSATION FUND ARE PROCESSED AS FOLLOWS**

1. New claims are registered by the Employers and the Compensation Fund and **the employer views the claim number allocated online.** The allocation of a claim number by the Compensation Fund, does not constitute acceptance of liability for a claim, but means that the injury on duty has been reported to and registered by the Compensation Commissioner. Enquiries regarding claim numbers should be directed to the employer and not to the Compensation Fund. The employer will be in the position to provide the claim number for the employee as well as indicate whether the claim has been accepted by the Compensation Fund
2. If a claim is **accepted** as a COIDA claim, **reasonable medical expenses** will be paid by the Compensation Commissioner.
3. If a claim is **rejected (repudiated)**, medical expenses for services rendered will not be paid by the Compensation Commissioner. The employer and the employee will be informed of this decision and the injured employee will be liable for payment.
4. If **no decision** can be made regarding acceptance of a claim due to inadequate information, the outstanding information will be requested and upon receipt, the claim will again be adjudicated on. Depending on the outcome, the invoices from the service provider will be dealt with as set out in 2 and 3. Please note that there are claims on which a decision might never be taken due to lack of forthcoming information.

## BILLING PROCEDURE

1. All service providers should be registered on the Compensation Fund claims system in order to capture invoices and medical reports.
  - 1.1 Medical reports should always have a clear and detailed clinical description of injury and related ICD 10 Code.
  - 1.2 In a case where a surgical procedure is done, an operation report is required
  - 1.3 Only one medical report is required when multiple procedures are done on the same service date
  - 1.4 A medical report is required for every invoice submitted covering every date of service.
  - 1.5 Referrals to another medical service provider should be indicated on the medical report.
  - 1.6 Medical reports, referral letters and all necessary documents should be uploaded on the Compensation Fund claims system.

**NOTE: Service providers are required to keep original documents (i.e medical reports, invoices) and these should be made available to the Compensation Commissioner on request.**

2. Medical invoices should be switched to the Compensation Fund using the attached format. - Annexure D.
  - 2.1. Subsequent invoice must be electronically switched. It is important that all requirements for the submission of invoice, including supporting information, are submitted.
  - 2.2. Manual documents for medical refunds should be submitted to the nearest labour centre.
  - 2.3 Service providers may capture and submit medical invoices directly on the Compensation Fund system online application.
3. The status of invoices /claims can be viewed on the Compensation Fund claims system. If invoices are still outstanding after 60 days following submission, the service provider should complete an enquiry form, W.Cl 20, and submit it ONCE to the Provincial office/Labour Centre. All relevant details regarding Labour Centres are available on the website [www.labour.gov.za](http://www.labour.gov.za) .
4. If an invoice has been partially paid with no reason indicated on the remittance advice, an enquiry should be made with the nearest processing labour centre. The service provider should complete an enquiry form, W.Cl 20, and submit it ONCE to the Provincial office/Labour Centre. All relevant details regarding Labour Centres are available on the website [www.labour.gov.za](http://www.labour.gov.za) .

5. Details of the employee's medical aid and the practice number of the referring practitioner must not be included in the invoice.
  - If a medical service provider claims an amount less than the published tariff amount for a code, the Compensation Fund will only pay the claimed amount and the short fall will not be paid.
6. Service providers should not generate the following:
  - a. Multiple invoices for services rendered on the same date i.e. one invoice for medication and a second invoices for other services.
  - b. Cumulative invoices – Submit a separate invoice for every month.

**\* Examples of the new forms (W.Cl 4 / W.Cl 5 / W.Cl 5F) are available on the website [www.labour.gov.za](http://www.labour.gov.za) •**

**MINIMUM REQUIREMENTS FOR INVOICE RENDERED****Minimum information to be indicated on invoices submitted to the Compensation Fund**

- Name of employee and ID number
- Name of employer and registration number if available
- Compensation Fund claim number
- DATE OF ACCIDENT (not only the service date)
- Service provider's **invoice number**
- The practice number (changes of address should be reported to BHF)
- VAT registration number (VAT will not be paid if a VAT registration number is not supplied on the account)
- Date of service (the actual service date must be indicated: the invoice date is not acceptable)
- Item codes according to the officially published tariff guides
- Amount claimed per item code and total of account
- It is important that all requirements for the submission of invoices are met, including supporting information, e.g:
  - All pharmacy or medication accounts must be accompanied by the original scripts
  - The referral letter from the treating practitioner must accompany the medical service providers' invoice.

**COMPENSATION FUND MEDICAL SERVICE PROVIDERS REGISTRATION REQUIREMENTS**

Medical service providers treating COIDA patients must comply with the following requirements before submitting medical invoices to the Compensation Fund:

- Medical Service Providers must register with the Compensation Fund as a Medical Service Provider.
- Medical Service Providers must register with the Compensation Fund as a system user for loading of medical invoices and medical reports.
- Render medical treatment to patients in terms of COIDA Section 76 (3) (b).
- Submit Proof of registration with the Board of Healthcare Funders of South Africa.
- Submit SARS Vat registration number document on registration.
- A certified copy of the MSP's Identity document not older than three months.
- Proof of address not older than three months.
- Submit medical invoices with gazetted COIDA medical tariffs, relevant ICD10 codes and additional medical tariffs specified by the Fund when submitting medical invoices.
- All medical invoices must be submitted with invoice numbers exclude duplicates.
- Submit medical reports and medical invoices through the Compensation Fund Medical service provider application on or before submission/switching of medical invoices.
- Provide medical reports and invoices within a specified time frame on request by the Compensation Fund in terms of Section 74 (1) and (2).
- The name of the switching house that submit invoices on behalf of the medical service provider must be indicated on Medical service provider letterhead. The Fund must be notified in writing when changing from one switching house to another.

All medical service providers will be subjected to the Compensation Fund vetting processes.

**The Compensation Fund will reject all invoices that do not comply with billing requirements as published in the Government Gazette.**

## **REQUIREMENTS FOR SWITCHING MEDICAL INVOICES WITH THE COMPENSATION FUND**

The switching provider must comply with the following requirements:

1. Registration requirements as an employer with the Compensation Fund.
2. Host a secure FTP server to ensure encrypted connectivity with the Fund.
3. Submit and complete a successful test file before switching the invoices.
4. Validate medical service providers' registration with the Board of Healthcare Funders of South Africa.
5. Ensure elimination of duplicate medical invoices before switching to the Fund.
6. Invoices submitted to the Compensation Fund must have Gazetted COIDA Tariffs that are published annually and comply with minimum requirements for submission of medical invoices and billing requirements.
7. File must be switched in a gazetted documented file format published annually with COIDA tariffs.
8. Single batch submitted must have a maximum of 100 medical invoices.
9. File name must include a sequential batch number in the file naming convention.
10. File names to include sequential number to determine order of processing.
11. Medical Service Providers will be subjected to Compensation Fund vetting processes.
12. Provide any information requested by the Fund.
13. Third parties must submit power of attorney.

**Failure to comply with the above requirements will result in deregistration of the switching house.**

**-+COIDA TARIFF SCHEDULE FOR PRIVATE AMBULANCE SERVICES  
EFFECTIVE FROM 1 APRIL 2020**

**GENERAL RULES**

- 001 Road ambulances: Long distance claims (items 111, 129 and 141) will be rejected **unless the distance travelled with the patient** is reflected. Long distance charges may not include item codes 102, 125 or 131.
- 002 No after hours fees may be charged.
- 003 Road ambulances: Item code 151 (resuscitation) may only be charged for services provided by a second vehicle (either ambulance or response vehicle) and shall be accompanied by a motivation. Disposables and drugs used are included unless specified as additional cost items (see below).
- 004 A **BLS** (Basic Life Support) practice (Pr. No. starting with 13) may **not** charge for ILS (Intermediate Life Support) or ALS (Advanced Life Support); an **ILS** practice (Pr. No. starting with 11) may **not** charge for ALS. An **ALS** practice (Pr. No. starting with 09) may **charge for all codes**.
- 005 A second patient is transferred at 50% reduction of the basic call cost.  
Rule 005 **MUST** be quoted if a second patient is transported in any vehicle or aircraft in addition to another patient.
- 006 Guidelines for information required on each COIDA ambulance account:  
**Road and air ambulance accounts**
- Name and ID number of the employee
  - Diagnosis of the employee's condition
  - Summary of all equipment used if not covered in the basic tariff
  - Name and HPCSA registration number of the care providers
  - Name, practice number and HPCSA registration number of the medical doctor
  - Response vehicle: details of the vehicle driver and the intervention undertaken on patient
  - Place and time of departure and arrival at the destination as well as the exact distance travelled (Air ambulance: exact time travelled from base to scene, scene to hospital and back to base)
  - Details of the trip sheet should be captured in a medical report provided for on the COIDA system.

**Definitions of Ambulance Patient Transfer**

**Basic Life Support** - A callout where the patient assessment, treatment administration, interventions undertaken and subsequent monitoring fall within the scope of practice of a registered Basic Ambulance Assistant whilst the patient is in transit.

**Intermediate Life Support** - A callout where the patient assessment, treatment administration, interventions undertaken and subsequent monitoring fall within the scope of practice of a registered Ambulance Emergency Assistant (AEA), e.g. initiating IV therapy, nebulisation etc. whilst the patient is in transit.

**Advanced Life Support** - A callout where the patient assessment, treatment administration, interventions undertaken and subsequent monitoring fall within the scope of practice of a registered paramedic (CCA and NDIP) whilst the patient is in transit.

## NOTES

- If a hospital or doctor requires a paramedic to accompany the patient on a transfer in the event of the patient needing ALS / ILS intervention, the doctor requesting the paramedic must write a detailed motivational letter in order for ALS / ILS fees to be charged for the transfer of the patient.
- In order to bill an Advanced Life Support call, a registered Advanced Life Support provider must have examined, treated and monitored the patient whilst in transit to the hospital.
- In order to bill an Intermediate Life Support call, a registered Intermediate Life Support provider must have examined, treated and monitored the patient whilst in transit to the hospital.
- When an ALS provider is in attendance at a callout but does not do any interventions on the patient at an ALS level, the billing should be based on a lesser level, dependent on the care given to the patient. (E.g. if a paramedic sites an IV line or nebulises the patient with a B-agonist which falls within the scope of practice of an AEA, the call is to be billed as an ILS call and not an ALS call.)
- Where the management undertaken by a paramedic or AEA falls within the scope of practice of a BAA the call must be billed at a BLS level.

### Please Note

- The amounts reflected in the COIDA Tariff Schedule for each level of care are inclusive of any disposables (except for pacing pads, Heimlich valves, high capacity giving sets, dial-a-flow and intra-osseous needles) and drugs used in the management of the patient, as per the attached nationally approved medication protocols.
- Haemaccel and colloid solution may be charged for separately.
- **An ambulance is regarded by the Compensation Fund as an emergency vehicle that administers emergency care and transport to those employees with acute injuries and only such emergency care and transport will be paid for by the Compensation Fund. A medical emergency is any condition where death or irreparable harm to the patient will result if there are undue delays in receiving appropriate medical treatment.**
- **Claims for transfers between hospitals or other service providers must be accompanied by a motivation from the attending doctor who requested such transport. The motivation should clearly state the medical reasons for the transfer. Motivation must also be provided if ILS or ALS is needed and it should be indicated what specific medical assistance is required on route. This is also applicable for air ambulances.**
- **Transportation of an employee from his home to a service provider, this includes outpatients between two service providers, if not in an emergency situation, is not payable. In emergency cases such transport should be motivated for and the attending doctor should indicate what specific medical assistance is required on route.**
- **Claims for the transport of a patient discharged home will only be accepted if accompanied by a written motivation from the attending doctor who requested such transport, clearly stating the medical reasons why an ambulance is required for such transport. It should be indicated what**

**specific medical assistance the patient requires on route. If such a request is approved only BLS fees will be payable. Transport of a patient for any other reason than a MEDICAL reason, (e.g. closer to home, do not have own transport) will not be entertained.**

### **RESPONSE VEHICLES**

#### **Response vehicles only - Advance Life Support (ALS)**

**A clear distinction must be drawn between an acute primary response and a booked call.**

1. An Acute Primary Response is defined as a response to a call that is received for medical assistance to an employee injured at work or in a public area e.g. motor vehicle accident. If a **response vehicle** is dispatched to the scene of the emergency and the patient is in need of advanced life support and such support is rendered by the ALS Personnel e.g. CCA or National Diploma, the response vehicle service provider shall be entitled to bill item 131 for such service. However, the same or any other ambulance service provider which is then **transporting** the patient shall not be able to levy a bill as the cost of transportation is included in the ALS fee under item 131. Furthermore, the ALS response vehicle personnel must accompany the patient to the hospital to entitle the original response vehicle service provider to bill for the ALS services rendered.
2. In the event of an response vehicle service provider rendering ALS and not having its own ambulance available in which to transport the patient to a medical facility, and makes use of another ambulance service provider, only the bill for the response vehicle service may be levied as the ALS bill under items 131. Since the ALS tariff already includes transportation, the response vehicle service provider is responsible for the bill for the other ambulance service provider, which will be levied at a BLS rate. This ensures that there is **only one bill levied per patient**.
3. Should a response vehicle go to a scene and not render any ALS treatment then a bill may not be levied for the said response vehicle.
4. Notwithstanding 3, item 151 applies to all ALS resuscitation as per the notes in this schedule.

#### **Response vehicle only - Intermediate Life Support (ILS)**

**A clear definition must be drawn between the acute primary response and a booked call.**

1. An Acute Primary Response is defined as a response to a call that is received for medical assistance to an employee injured at work or in a public area e.g. motor vehicle accident. If an ILS **response vehicle** is dispatched to the scene of the emergency and the patient is in need of intermediate life support and such support is rendered by the ILS Personnel e.g. AEA, the response vehicle service provider shall be entitled to bill item 125 for such service. However, the same or any other ambulance service provider which is then **transporting** the patient shall not be able to levy a bill as the cost of transportation is included in the ILS fee under item 125. Furthermore, the ILS response vehicle personnel must accompany the patient to the hospital to entitle the original response vehicle service provider to bill for the ILS services rendered.
2. In the event of an response vehicle service provider rendering ILS and not having its own ambulance available in which to transport the patient to a medical facility, and makes use of another ambulance service provider, only the bill for the response vehicle service may be levied as the ILS bill under item 125. Since the ILS tariff already includes transportation, the response

vehicle service provider is responsible for the bill for the other ambulance service provider, which will be levied at a BLS rate. This ensures that there is **only one bill levied per patient**.

3. Should a response vehicle go to a scene and not render any ILS treatment then a bill may not be levied for the said response vehicle.

4. **NATIONALLY APPROVED MEDICATION WHICH MAY BE ADMINISTERED BY HPCSA-REGISTERED AMBULANCE PERSONNEL ACCORDING TO HPCSA-APPROVED PROTOCOLS**

**Registered Basic Ambulance Assistant Qualification**

- Oxygen
- Entonox
- Oral Glucose
- Activated charcoal

**Registered Ambulance Emergency Assistant Qualification**

As above, plus

- Intravenous fluid therapy
- Intravenous dextrose 50%
- B2 stimulant nebuliser inhalant solutions (Hexoprenaline, Fenoterol, Sulbutamol)
- Ipratropium bromide inhalant solution
- Soluble Aspirin

**Registered Paramedic Qualification**

As above, plus

- Oral Glyceryl Trinitrate
- Clopidogrol
- Endotracheal Adrenaline and Atropine
- Intravenous Adrenaline, Atropine, Calcium, Corticosteroids, Hydrocortisone, Lignocaine, Naloxone, Sodium Bicarbonate 8,5%, Metaclopramide
- Intravenous Diazepam, Flumazenil, Furosemide, Glucagon, Lorazepam, Magnesium, Midazolam, Thiamine, Morphine, Promethazine
- Pacing and synchronised cardioversion

***\*PLEASE NOTE: VAT cannot be added on the following codes: 102, 103, 111, 125, 127, 129, 131, 133 and 141.***

***VAT will only be paid with confirmation of a VAT registration number on the account.***

**AEROMEDICAL TRANSFERS****ROTOR WING RATES****DEFINITIONS:**

1. Helicopter rates are determined according to the aircraft type.
2. Daylight operations are defined from sunrise to sunset (and night operations from sunset to sunrise).
3. If flying time is mostly in night time (as per definition above), then night time operation rates (type C) should be billed.
4. The call out charge includes the basic call cost plus other flying time incurred. Staff and consumables cost can only be charged if a patient were treated.
5. Should a response aircraft respond to a scene (at own risk) and not render any treatment, a bill may not be levied for the said response.
6. Flying time is billed per minute but a minimum of 30 minutes applies to the payment.
7. A second patient is transferred at 50% reduction of the basic call and flight costs, but staff and consumables costs remain billed per patient, only if the aircraft capability allows for multiple patients. Rule 005 must be quoted on the account.
8. Rates are calculated according to time; from throttle open, to throttle closed.
9. Group A - C must fall within the Cat 138 Ops as determined by the Civil Aviation Authority.
10. Hot loads are restricted to 8 minutes ground time and must be indicated and billed for separately with the indicated code (time NOT to be included in actual flying time).
11. **All published tariffs exclude VAT. VAT can be charged on air ambulances if a VAT registration number is supplied.**

**AIRCRAFT TYPE A: (typically a single engine aircraft)**

HB206L, HB204 / 205, HB407, AS360, EC120, MD600, AS350, A119

**AIRCRAFT TYPE B & Ca (DAY OPERATIONS): (typically a twin engine aircraft)**

BO105, 206CT, AS355, A109

**AIRCRAFT TYPE Cb (NIGHT OPERATIONS): (typically a specially equipped craft for night flying)**

HB222, HB212 / 412, AS365, S76, HB427, MD900, BK117, EC135, BO105

**AIRCRAFT TYPE D (RESCUE)**

H500, HB206B, AS350, AS315, FH1100, EC 130, S316

**FIXED WING TARIFFS:****DEFINITIONS:**

1. Group A must fall within the Cat 138 Ops as determined by the Civil Aviation Authority.
2. Please note that no fee structure has been provided for Group B, as emergency charters could include any form of aircraft. It would be impossible to specify costs over such a broad range. As these would only be used during emergencies when no Group A aircraft are available, no staff or equipment fee should be charged.

3. **All published tariffs exclude VAT. VAT can be charged on air ambulances only if a VAT registration number is supplied on the account.**
4. Staff and consumables cost can only be charged if a patient were treated.
5. A second patient is transferred at 50% reduction of the basic call and flight cost, but staff and consumables costs remain billed per patient, only if the aircraft capability allows for multiple patients. Rule 005 must be quoted on the account.

### **GROUP B – EMERGENCY CHARTERS**

1. No staff and equipment fee are allowed.
2. Cost will be reviewed per case.
3. Payment of emergency transport will only be allowed if a Group A aircraft is not available within an optimal time period for transportation and stabilisation of the patient.

Field	Description	Max length	Data Type
<b>BATCH HEADER</b>			
1	Header identifier = 1	1	Numeric
2	Switch internal Medical aid reference number	5	Alpha
3	Transaction type = M	1	Alpha
4	Switch administrator number	3	Numeric
5	Batch number	9	Numeric
6	Batch date (CCYYMMDD)	8	Date
7	Scheme name	40	Alpha
8	Switch internal	1	Numeric
<b>DETAIL LINES</b>			
1	Transaction identifier = M	1	Alpha
2	Batch sequence number	10	Numeric
3	Switch transaction number	10	Numeric
4	Switch internal	3	Numeric
5	CF Claim number	20	Alpha
6	Employee surname	20	Alpha
7	Employee initials	4	Alpha
8	Employee Names	20	Alpha
9	BHF Practice number	15	Alpha
10	Switch ID	3	Numeric
11	Patient reference number (account number)	10	Alpha
12	Type of service	1	Alpha
13	Service date (CCYYMMDD)	8	Date
14	Quantity / Time in minutes	7	Decimal
15	Service amount	15	Decimal
16	Discount amount	15	Decimal
17	Description	30	Alpha
18	Tariff	10	Alpha
Field	Description	Max length	Data Type
19	Service fee	1	Numeric
20	Modifier 1	5	Alpha
21	Modifier 2	5	Alpha
22	Modifier 3	5	Alpha
23	Modifier 4	5	Alpha
24	Invoice Number	10	Alpha
25	Practice name	40	Alpha
26	Referring doctor's BHF practice number	15	Alpha
27	Medicine code (NAPPI CODE)	15	Alpha
28	Doctor practice number -sReferredTo	30	Numeric
29	Date of birth / ID number	13	Numeric
30	Service Switch transaction number – batch number	20	Alpha
31	Hospital indicator	1	Alpha
32	Authorisation number	21	Alpha
33	Resubmission flag	5	Alpha
34	Diagnostic codes	64	Alpha

35	Treating Doctor BHF practice number	9	Alpha
36	Dosage duration (for medicine)	4	Alpha
37	Tooth numbers		Alpha
38	Gender (M ,F )	1	Alpha
39	HPCSA number	15	Alpha
40	Diagnostic code type	1	Alpha
41	Tariff code type	1	Alpha
42	CPT code / CDT code	8	Numeric
43	Free Text	250	Alpha
44	Place of service	2	Numeric
45	Batch number	10	Numeric
46	Switch Medical scheme identifier	5	Alpha
47	Referring Doctor's HPCSA number	15	Alpha
48	Tracking number	15	Alpha
49	Optometry: Reading additions	12	Alpha
50	Optometry: Lens	34	Alpha
51	Optometry: Density of tint	6	Alpha
52	Discipline code	7	Numeric
53	Employer name	40	Alpha
54	Employee number	15	Alpha

Field	Description	Max length	Data Type
55	Date of Injury (CCYYMMDD)	8	Date
56	IOD reference number	15	Alpha
57	Single Exit Price (Inclusive of VAT)	15	Numeric
