## HIGH ALERT: SCAM WARNING!!!

### TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

[PROCUREMENT@GPW-GOV.ORG](mailto:PROCUREMENT@GPW-GOV.ORG)

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

*GPW* has an official email with the domain as [@gpw.gov.za](mailto:@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

*GPW* will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

*Government Printing Works* gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

## Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

### How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [www.gpwonline.co.za](http://www.gpwonline.co.za)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

#### WINE INDUSTRY

#### APPLICATION FOR THE CONTINUATION, AMENDMENT AND ESTABLISHMENT OF STATUTORY MEASURES IN THE WINE AND BRANDY INDUSTRY

---

#### NAMC REQUESTING COMMENTS / INPUTS FROM DIRECTLY AFFECTED GROUPS IN THE WINE INDUSTRY

---

On 27 May 2021, the Minister of Agriculture, Land Reform and Rural Development received a request from the wine industry, in terms of the Marketing of Agricultural Products Act (MAP Act), Act No 47 of 1996, for the continuation, amendment and the establishment of statutory measures (registration, records & returns and levies) in the wine and brandy industry. It is proposed that statutory levies be implemented for a new four-year term from date of publication (1 January 2022) to 31 December 2025.

The applicants for the proposed statutory measures are SALBA (South African Liquor Brandowners' Association), representing trade and Vinpro, representing wine grape producers, wineries and wine cellars. SALBA and Vinpro therefore, represents the payers of the proposed wine statutory levy.

The current and proposed statutory measures applicable in the wine industry (the current statutory measures will expire on 31 December 2021), are as follows:

- Registration;
- Records & Returns; and
- Levies:
  - o Brandy levy (new proposed levy);
  - o Ethical trade levy (new proposed levy);
  - o Information levy;
  - o Research and development levy (R&D levy);
  - o Wine export generic promotion levy (Export levy); and
  - o Empowerment and transformation levy (Transformation levy).

---

**Council Members:** Mr. A. Petersen (Chairperson), Ms. T. Ntshangase (Deputy Chairperson), Prof. A. Jooste, Mr. S.J. Mhlaba, Ms. F. Mkile, Ms. N. Mokose, Ms. S. Naidoo, Prof. M. Qobo, Mr. G. Schutte and Dr. S.T. Xaba.

The following non-profit companies will be responsible for the implementation of the proposed statutory measures, namely –

- 1) SABF (the South African Brandy Foundation), a non-profit organisation, for the Brandy levy;
- 2) Transformation Unit (South African Wine Industry Transformation Unit), a non-profit organisation, for the Transformation levy;
- 3) SAWIS (SA Wine Industry Information and Systems), a non-profit organisation, for the Information levy;
- 4) WIETA (The Wine and Agricultural Ethical Trading Association), a non-profit organisation, for the Ethical trade levy;
- 5) WINETECH (Wine Industry Network of Expertise and Technology), a non-profit organisation, for the R&D levy; and
- 6) WOSA (Wines of South Africa), a non-profit organisation, for the Export levy.

The purpose and objective of the statutory measures in the wine and brandy industry are as follows:

- **Registration and Records & Returns:**

To ensure that continuous, timeous and accurate information is available to all role players. Market information is deemed essential for all role players in order for them to make informed decisions. By combining compulsory registration with the keeping of information and the rendering of returns on an individual basis, market information for the whole of the industry can be processed and disseminated and will form the basis for the collection of statutory levies. SAWIS will be responsible in this regard.

- Payment of the **statutory levy amount** for the funding of the following functions in the wine and brandy industry, namely:

Brandy levy (new levy)

Currently this is part of the research levy. It is proposed that it now be established as a separate levy to be administered by SABF.

The objective of the brandy levy, is to contribute in creating a transformed and responsible value chain and focus market for brandy. An integrated approach in collaboration with the wine industry will create a larger impact on the entire value chain. This is important to empower new entrants into the category and offer support/mentorship to ensure successful launches.

The proposed brandy levy is to be used by SABF to grow the entire brandy industry and to position South African brandy as a credibly quality alternative to Cognac, locally and globally.

Ethical trade levy (*new levy*)

The objective of the ethical trade levy is to fund, maintain and further develop an ethical trade system. It will ensure rapid transitioning to a transformed, ethical, just and sustainable environment, which is a key global sourcing requirement to ensure that impacts on workers are positive and developmental rather than negative, contributing to violations, and worker abuse.

South Africa's international markets are having an increased focus on addressing their South African suppliers' readiness to address the protection of workers and their human rights.

Information levy

To fund the continued implementation, administration and enforcement of the statutory measures relating to registration and records & returns and to fund the processing, auditing, verification and dissemination of information. This levy will also be used for providing generic intelligence and facilitating market research.

R&D levy

To co-ordinate and fund research and development, innovation training, technology and knowledge transfer in the wine industry.

Export levy

To generically promote SA wines on selected export markets and to improve the efficiency of the export process.

Transformation levy

To continue to facilitate social and economic development and transformation in the wine industry through programmes such as economic empowerment and development, social development and upliftment and human resource development and training in support of broad based Black Economic Empowerment.

**A product is levied only once, for example, if grapes intended for the production of wine was levied for the information levy, it will not be levied in another format (such as packaged wine) again for the information levy.**

Furthermore, it should be noted that, on 7 May 2021, another application was received from the South African Wine Industry Development Empowerment Foundation (SAWIDEF). SAWIDEF application focusses on the continuation of the statutory levies in the wine industry. SAWIDEF is a non-profit company without members and is inclusive of black business, civil society and labour structures, with the company registration number 2020/909022/08.

SAWIDEF proposed that they will be the responsible entity and implementing agent and that they will commission or delegate assignments to its partner organisations where appropriate, and that a detailed implementation plan will be developed. SAWIDEF also indicated that they be a beneficiary and the implementer of the proposed statutory levies (e.g. the export promotion -, information -, research - and the transformation levies).

The NAMC published details of SAWIDEF's application in the Government Gazette of 21 May 2021 (No. 44593) notice 300 of 2021, requesting comments.

**The NAMC believes that the application by Vinpro and SALBA for the continuation of the proposed statutory measures is consistent with the objectives of the MAP Act (as set out in section 2 of the Act).**

**Directly affected groups (e.g. wine producers, wine traders, wine spirit producer, and exporters of drinking wine) in the wine industry are kindly requested to submit any comments, in writing, regarding the proposed statutory measures, to Mathilda van der Walt ([mathildavdw@namc.co.za](mailto:mathildavdw@namc.co.za)) on or before 2 July 2021, to enable the NAMC to finalise its recommendation to the Minister in this regard.**

- 9.11. Applicant(s) must submit in each application to ITAC a certified copy of an irrevocable purchase order and firm commitments in the form of signed Off-take Agreements of locally manufactured fabrics. Off-take Agreements should be concluded by furniture manufacturers and local manufactures of fabrics and should ensure that a minimum of the agreed Value and/or Volume of fabric is used in the manufacturing of upholstered furniture.
- 9.12. As a rebate provision is considered for the purpose of providing relief to domestic producers that may experience injurious import pressures against similar imported end products, the benefit of the rebate provision will be tied to conditions related to economic performance over time and may be reviewed after a specified period. Reciprocity commitments as set out in the application form must be addressed in each application submitted.
- 9.13. The applicant must commit, *inter alia*, to the creation of employment and provide in each permit the number of jobs it expects to create annually as a result of the rebate permit granted. The applicant must submit to ITAC an annual report on its job creation performance.
10. Rebate permits may not be transferred in any manner by the holder thereof to any other person, or be used to the benefit of any person, not named in the permits.
11. Permits in relation to these rebate provisions should be applied for and received before the goods concerned are shipped.
12. Any request for an amendment to a rebate permit must be forwarded to ITAC for consideration. Amendments will only be considered in the following instances:
- a) Error by ITAC on permit;
  - b) Error by applicant regarding the product description or tariff subheading. This will only be processed if the request is accompanied by a confirmation from SARS in this regard.

13. Should any party misplace a permit, the applicant should submit an affidavit on a company letterhead endorsed by a Commissioner of Oath, stating that the permit was lost and the circumstances surrounding loss of such permit. ITAC may, on the facts furnished, exercise its discretion to issue a new permit that replaces the lost permit. Should the lost permit be found the applicant must return such permit to ITAC.
14. Extension of the validity period from which the permit is valid may be granted. Extensions will only be granted where the relevant permit has not expired, and in the view of ITAC, good cause warrants extension of such permit. Such discretion shall lie solely with ITAC. Extensions will only be permitted for a period up to 3 months and the party applying for the extension must submit a letter and supporting documents to ITAC, furnishing reasons and good cause for the extension.

**Non-compliance to the conditions of permits:**

15. If a *prima facie* case is established that any condition of a permit issued, in terms of this rebate provision has not been complied with, the consignment in terms of which the rebate was used can be seized by ITAC and the rebate permit temporarily suspended while ITAC conducts an investigation. If it is established that non-compliance occurred, appropriate steps will be taken. These steps will be taken in terms of the International Trade Administration Act, Act 71 of 2002 and the Customs and Excise Act of 1964 that can include, criminal charges, withdrawal of the permit or permits concerned and/or the rejection of future applications for permits.
